Terms of Use

Quantum Space Corporation · Effective November 20, 2026

1. Acceptance

These Terms of Use (“Terms”) govern your access to and use of quantumspaceinc.com, quantumspace.us, investors.quantumspace.us, and any other website operated by Quantum Space Corporation (“Quantum Space”, “we”, “us”) that links to these Terms (together, the “Site”). By accessing or using the Site, you agree to these Terms. If you do not agree, please do not use the Site.

2. Purpose of this website

The Site provides general information about Quantum Space and its spacecraft, technology, programs, leadership, news, and careers, together with information for investors. Content is informational and may change without notice.

3. No professional advice

Nothing on the Site constitutes legal, financial, investment, tax, engineering, or technical advice. Do not rely on Site content in place of professional advice or the terms of an executed agreement with Quantum Space. Where Site content conflicts with a signed contract between you and Quantum Space, the signed contract governs.

4. Accuracy of information

We make reasonable efforts to keep the Site current. Spacecraft specifications, performance figures, mission descriptions, schedules, launch dates, renderings, and program information reflect our understanding and our design objectives at the time of publication and are subject to change. Renderings and animations are illustrative and may not depict flight hardware. We assume no obligation to update content except where required by law.

5. Forward-looking statements

Portions of the Site contain forward-looking statements about future operations, spacecraft capabilities, missions, launch schedules, contracts, growth, and financial performance. Forward-looking statements can generally be identified by words such as “outlook,” “may,” “will,” “could,” “expects,” “anticipates,” “intends,” “plans,” “believes,” “estimates,” “projects,” and similar expressions, or by the inclusion of forecasts or projections.

Forward-looking statements are based on our current expectations and assumptions and are subject to known and unknown risks, uncertainties, and changes in circumstances. Actual results may differ materially from those expressed or implied.

Readers should not place undue reliance on forward-looking statements. Forward-looking statements speak only as of the date on which they are made. We undertake no obligation to update or revise any forward-looking statement, except as required by law.

6. Investor information and securities

Information on the Site relating to investing in Quantum Space, to our financial position, and to the proposed business combination with Inflection Point Acquisition Corp. VI is published for general information purposes. It does not constitute, and should not be construed as, an offer to sell or a solicitation of an offer to buy any securities, or a solicitation of any vote or approval, and it is not a prospectus or offering document in any jurisdiction. No securities may be offered or sold except in compliance with applicable securities laws.

The forward-looking statement notices, offer and solicitation notices, and directions to additional information published under “Important disclosures” at investors.quantumspace.us apply to that information and form part of these Terms. Where those disclosures conflict with these Terms, the disclosures govern for the information they cover.

The Site, and the information on it, is not directed at, and is not intended for distribution to or use by, any person in any jurisdiction where such distribution or use would be contrary to local law or regulation.

Investors and prospective investors should rely on documents filed with the U.S. Securities and Exchange Commission in their entirety, together with independent professional advice, and should not make any investment or voting decision on the basis of website copy, summaries, presentations, or excerpts. Materials published on the Site speak only as of their stated date. Nothing on the Site is incorporated by reference into any registration statement, prospectus, proxy statement, or report unless that document expressly says so.

7. Intellectual property

All content on the Site, including text, graphics, photography, renderings, video, logos, layout, and design, is owned by Quantum Space or its licensors and protected by applicable intellectual property law. “Quantum Space”, “Ranger”, and the Quantum Space logos are trademarks of Quantum Space. Other names and marks belong to their respective owners.

You may view and print pages for your own internal, non-commercial reference. Members of the press may quote from published news releases with attribution. Any other reproduction, distribution, modification, or commercial use requires our prior written consent. Nothing on the Site

grants you a license to any patent, trademark, copyright, or other right of Quantum Space or any third party.

8. Acceptable use

You agree not to:

- Use the Site for any unlawful purpose or in violation of these Terms;
- Attempt to gain unauthorized access to the Site, its servers, or connected systems, or probe, scan, or test their vulnerability;
- Introduce malware or other harmful code;
- Scrape, harvest, or otherwise collect email addresses or personal information from the Site for solicitation or resale;
- Use automated means to copy Site content for the purpose of training or developing software or models without our prior written consent;
- Interfere with normal operation of the Site or place unreasonable load on our infrastructure;
- Misrepresent your identity or affiliation when submitting information through the Site.

9. Information you send us

The Site is a public, unclassified website. Do not use the contact form or any other channel on the Site to send classified information, controlled unclassified information, export-controlled technical data, or anyone's confidential or proprietary information. If you need to share sensitive material with us, tell us so in general terms and we will arrange an appropriate channel.

Except for personal information, which we handle as described in our Privacy Policy, anything you send us through the Site is treated as non-confidential. If you send us unsolicited ideas, suggestions, or feedback, you agree that we may use them without restriction and without compensation to you, and that sending them does not create any confidential or other relationship between you and Quantum Space.

10. Export controls

Quantum Space's products, technology, and technical data may be subject to U.S. export control laws, including the International Traffic in Arms Regulations and the Export Administration Regulations. Content on the Site is intended for public release. You agree to comply with all export control and sanctions laws that apply to your use of the Site, and not to use the Site if you are prohibited from doing so under those laws.

11. Third-party links

The Site links to third-party websites, platforms, and portals as a convenience, including our careers portal hosted by Greenhouse, webinar and event platforms, the U.S. Securities and Exchange Commission, and news publishers. We do not control and are not responsible for their content, availability, or practices, and a link does not imply endorsement. Your use of a third-party website is governed by that website's own terms.

12. Privacy and cookies

Our Privacy Policy explains how we collect and use personal information through the Site, and our Cookie Policy explains the cookies the Site uses and how to control them.

13. Disclaimer of warranties

The Site is provided on an "as is" and "as available" basis. To the fullest extent permitted by law, Quantum Space disclaims all warranties, express or implied, including warranties of merchantability, fitness for a particular purpose, non-infringement, accuracy, and uninterrupted or error-free operation.

14. Limitation of liability

To the fullest extent permitted by applicable law, Quantum Space and its parents, subsidiaries, affiliates, officers, directors, stockholders, employees, agents, contractors, licensors, and service providers (collectively, the "Quantum Space Parties") will not be liable for any indirect, incidental, consequential, special, exemplary, or punitive damages, or for any loss of profits, revenue, goodwill, data, business opportunity, or anticipated savings, arising out of or relating to your access to or use of, or inability to access or use, the Site or any content on it. This applies whether the claim is based in contract, tort (including negligence), strict liability, statute, or any other legal theory, and whether or not the Quantum Space Parties have been advised of the possibility of such damages.

To the fullest extent permitted by applicable law, the total aggregate liability of the Quantum Space Parties for all claims arising out of or relating to the Site or these Terms will not exceed one hundred United States dollars (US $100.00). This limitation applies in the aggregate across all claims and all causes of action, and it is not increased by the number of claims brought.

The limitations in this Section apply even if any limited remedy is found to have failed of its essential purpose. You acknowledge that these limitations reflect an agreed allocation of risk between you and Quantum Space and form a basis of the bargain on which the Site is made available to you without charge.

Nothing in these Terms excludes or limits any liability that cannot lawfully be excluded or limited, including liability for fraud or fraudulent misrepresentation, or any liability under the U.S. federal securities laws that cannot be waived. Some jurisdictions do not permit the exclusion or limitation of

certain damages, so portions of this Section may not apply to you. In those jurisdictions, the liability of the Quantum Space Parties is limited to the greatest extent permitted by law.

15. Indemnification

You agree to indemnify and hold the Quantum Space Parties harmless from any claims, losses, liabilities, and expenses, including reasonable attorneys' fees, arising from your misuse of the Site or your violation of these Terms.

16. Governing law

These Terms are governed by the laws of the State of Maryland, without regard to its conflict of laws principles. Any dispute arising from these Terms or your use of the Site will be brought exclusively in the state or federal courts located in Maryland, and you consent to their jurisdiction.

17. Changes

We may revise these Terms at any time. The effective date above reflects the current version. Continued use of the Site after changes are posted constitutes acceptance of the revised Terms.

18. Severability

If any provision of these Terms is held invalid, illegal, or unenforceable by a court or tribunal of competent jurisdiction, that provision will be modified to the minimum extent necessary to render it valid, legal, and enforceable while preserving its original intent. If modification is not possible, the provision will be severed from these Terms. Any such modification or severance will apply only within the jurisdiction in which the ruling was made and will affect only the provision in question. All remaining provisions of these Terms will continue in full force and effect.

19. Entire agreement

These Terms, together with the Privacy Policy and Cookie Policy, are the entire agreement between you and Quantum Space regarding your use of the Site and supersede any earlier terms covering the same subject.

This Section does not limit, modify, or supersede any separately executed written agreement between you and Quantum Space. Where such an agreement exists, it governs its own subject matter in accordance with Section 3 of these Terms.

20. No waiver

No failure or delay by Quantum Space in exercising any right, power, or remedy under these Terms operates as a waiver of that right, power, or remedy. No single or partial exercise of any right, power, or remedy precludes any further exercise of it or of any other right, power, or remedy.

A waiver is effective only if made in writing and signed by an authorized representative of Quantum Space, and it applies only to the specific instance and purpose for which it was given.

21. Assignment

You may not assign or transfer these Terms, or any rights or obligations under them, without Quantum Space's prior written consent. Any attempted assignment without that consent is void.

Quantum Space may assign or transfer these Terms, in whole or in part, without restriction and without notice to you, including in connection with a merger, acquisition, business combination, financing, corporate reorganization, or sale of all or substantially all of its assets. These Terms bind and benefit the parties and their permitted successors and assigns.

22. Survival

The following Sections survive any termination of these Terms or of your access to the Site: Section 3 (No professional advice), Section 4 (Accuracy of information), Section 5 (Forward-looking statements), Section 6 (Investor information and securities), Section 7 (Intellectual property), Section 9 (Information you send us), Section 10 (Export controls), Section 13 (Disclaimer of warranties), Section 14 (Limitation of liability), Section 15 (Indemnification), Section 16 (Governing law), and Sections 18 through 23. Any other provision that by its nature is intended to survive will also survive.

23. Availability and access

Quantum Space may modify, suspend, restrict, or discontinue the Site or any part of it at any time, with or without notice, and may impose limits on particular features or restrict access to portions of the Site. Quantum Space may also deny, suspend, or terminate your access to the Site at its discretion, including where Quantum Space reasonably believes you have violated these Terms or applicable law.

Quantum Space will have no liability to you or to any third party for any modification, suspension, restriction, discontinuation, or termination of access under this Section.

24. Contact

Questions about these Terms can be sent through the contact form at quantumspaceinc.com/contact or to:
