As the first new major clearing house in London in over a century, ICE Clear Europe is enabling the efficient development of new products to support the risk management needs of member firms and customers in ICE's global energy futures and OTC markets. In 2002, ICE pioneered the concept of cleared OTC energy contracts, which provide participants with access to centralized clearing and settlement arrangements while reducing bilateral credit risk and capital required for each OTC trade.

Contract specifications and a full list of ICE's cleared OTC contracts can be found at ***www.theice.com/markets_otc.jhtml***.

About IntercontinentalExchange

IntercontinentalExchange(R) (NYSE: ICE) operates leading regulated exchanges, trading platforms and clearing houses serving the global markets for agricultural, credit, currency, emissions, energy and equity index markets. ICE Futures Europe(R) hosts trade in half of the world's crude and refined oil futures. ICE Futures U.S.(R) and ICE Futures Canada(R) list agricultural, currency and Russell Index markets.
