This product appears in Platts Asia-Pacific/Arab Gulf Marketscan.

- NYH Heating Oil 1st Line vs Brent 1st Line Swap (HBT)
- RBOB Gasoline 1st Line vs Brent 1st Line Swap (RBR)

ICE Clear Europe enables the efficient development of new products to support the risk management needs of member firms and customers in ICE's global energy futures and OTC markets. In 2002, ICE pioneered the concept of cleared OTC energy contracts, which provide participants with access to centralized clearing and settlement arrangements while reducing bilateral credit risk and capital required for each OTC trade.

About IntercontinentalExchange

IntercontinentalExchange (NYSE: ICE) is a leading operator of regulated futures exchanges and over-the-counter markets for agricultural, credit, currency, emissions, energy and equity index contracts. ICE Futures Europe hosts trade in half of the world's crude and refined oil futures. ICE Futures U.S. and ICE Futures Canada list agricultural, currencies and Russell Index markets. ICE is also a leading operator of central clearing services for the futures and over-the-counter markets, with five regulated clearing houses across North America and Europe. ICE serves customers in more than 70 countries. **www.theice.com**
