**HOUSTON and PONTE VEDRA, Fla. - April 15, 2019** - Waste Management, Inc. (NYSE: WM) and Advanced Disposal Services, Inc. (NYSE: ADSW) announced today that they have entered into a definitive agreement under which a subsidiary of Waste Management will acquire all outstanding shares of Advanced Disposal for \$33.15 per share in cash, representing a total enterprise value of \$4.9 billion when including approximately \$1.9 billion of Advanced Disposal's net debt. The per share price represents a premium of 22.1% to Advanced Disposal's closing share price as of April 12, 2019, the last trading day prior to today's announcement, and a premium of 20.9% to Advanced Disposal's 30-day volume weighted average price as of the same date.

Waste Management is North America's premier environmental solutions company. This acquisition grows Waste Management's footprint and allows Waste Management to deliver to Advanced Disposal customers unparalleled access to differentiated, sustainable waste management and recycling services. With 2018 revenues of \$1.56 billion, adjusted EBITDA of \$427 million and approximately 6,000 employees, Advanced Disposal serves more than 3 million residential, commercial, and industrial customers, including over 800 municipalities primarily in 16 states in the Eastern half of the United States. Advanced Disposal's solid waste network includes 94 collection operations, 73 transfer stations, 41 landfills, and 22 owned or operated recycling facilities.

“At Waste Management, we focus on creating value for all stakeholders, delivering on our commitments to employees, customers, community partners, shareholders and the environment. The acquisition of Advanced Disposal extends these commitments by adding complementary assets and operations as well as a team with a shared focus on safety, outstanding service and operational excellence,” said Jim Fish, President and Chief Executive Officer of Waste Management. “With this acquisition, we will grow our asset footprint to serve more customers and communities and generate significant growth and value creation opportunities for Waste Management’s shareholders and our combined company’s employee base. Waste Management’s disciplined capital allocation and balance sheet strength position us well to execute upon this unique opportunity to expand our scale and capabilities to serve an even broader customer base and realize the strategic and financial benefits the acquisition of Advanced Disposal creates.”

“We are pleased to have reached this milestone agreement with Waste Management to deliver an immediate cash premium to Advanced Disposal stockholders. We view Waste Management as an industry leader with one of the most respected brands in the nation,” said Richard Burke, Chief Executive Officer of Advanced Disposal. “This acquisition stands as a testament to the strength of the Advanced Disposal business and brings together two strong waste management teams with extensive environmental services expertise to better serve our customers and communities. We look forward to working with the Waste Management team to complete the transaction and ensure that we continue to deliver the highest quality service to our customers.”

### **Compelling Strategic and Financial Benefits**

The acquisition advances Waste Management’s growth strategy and aligns with the Company’s financial goals, including growth in earnings per share, margins, and cash flow. Specifically, Waste Management expects the addition of Advanced Disposal to:

- **Expand Waste Management’s Footprint and Customer Base.** This acquisition brings a high-quality, complementary asset network and customer base under Waste Management’s proven management team, who has a track record of operational excellence and a demonstrated ability to grow the margins and cash flows of the assets Waste Management has acquired.
- **Create Significant Synergies and Grow Waste Management’s Earnings and Cash Flows.** Waste Management expects the transaction to generate more than \$100 million in annual cost and capital expenditure synergies. The Advanced Disposal acquisition will be immediately accretive to Waste Management’s adjusted earnings per share and cash flow, with near-term benefits expected from core operating performance and SG&A cost savings. Incremental benefits from operating and capital efficiencies and network optimization will drive long-term margin expansion and improved free cash flow conversion.
- **Support Waste Management’s Capital Allocation Priorities.** Waste Management’s strong balance sheet and significant free cash flow generation position it well to fund the acquisition. In 2019, Waste Management’s free cash flow will be directed to dividend payments, acquisitions and share repurchases sufficient to offset dilution from stock-based compensation plans. The Advanced Disposal acquisition will enhance Waste Management’s cash flow growth and support its commitment to grow shareholder returns. Waste Management currently expects to achieve targeted leverage and return to normal run-rate share repurchases within one year of the acquisition’s close.
- **Continue a Commitment to Outstanding Customer Service and Sustainable Waste Solutions.** The acquisition will join two teams of dedicated employees who are passionate about helping to manage the environmental needs of customers and

communities with outstanding service and a commitment to safety. Waste Management expects to continue making investments in employees, technology, and capital equipment to further grow the business, and ensure superior, reliable customer service, and generate strong returns.

## **Financing**

The transaction is not subject to a financing condition. Waste Management intends to finance the transaction using a combination of bank debt and senior notes.

Following completion of the transaction, Waste Management expects to maintain a strong balance sheet and solid investment grade credit profile with a pro forma leverage ratio within the Company's long-term targeted net debt-to-EBITDA range of 2.75x to 3.0x.

## **Timing and Approvals**

The transaction, which was unanimously approved by the boards of directors of both companies, is expected to close by the first quarter of 2020, subject to the satisfaction of customary closing conditions, including regulatory approvals and approval by a majority of the holders of Advanced Disposal's outstanding common shares.

In connection with the definitive agreement, Canada Pension Plan Investment Board, which owns approximately 19% of Advanced Disposal's outstanding shares, has, under the terms of a voting agreement, agreed to vote its shares in favor of the transaction.

## **Companies Confirm 2019 Guidance and Waste Management Confirms Schedule for Upcoming First Quarter 2019 Earnings Call**

Both Waste Management and Advanced Disposal remain confident in the strength of their businesses and expect to achieve previously announced full-year guidance, excluding transaction related considerations.

As previously announced, Waste Management will release its first quarter 2019 financial results before the opening of the market on Thursday, April 25, and will hold a conference call at 10 a.m. ET. On the call, Waste Management's management team will also discuss the Advanced Disposal acquisition announcement.

Advanced Disposal will release its first quarter 2019 financial results on Tuesday, April 30, after closing of the market. In light of the pending acquisition, Advanced Disposal will no longer host its conference call on Wednesday, May 1 or attend the Macquarie Business Services Conference on Thursday, May 2 in Boston.

Words such as “expect,” “likely,” “outlook,” “forecast,” “preliminary,” “would,” “could,” “should,” “can,” “will,” “project,” “intend,” “plan,” “goal,” “guidance,” “target,” “continue,” “sustain,” “synergy,” “on track,” “believe,” “seek,” “estimate,” “anticipate,” “may,” “possible,” “assume,” and variations of such words and similar expressions are intended to identify such forward-looking statements. You should view these statements with caution and should not place undue reliance on such statements. They are based on the facts and circumstances known to Waste Management and Advanced Disposal (as the case may be) as of the date the statements are made. These forward-looking statements are subject to risks and uncertainties that could cause actual results to be materially different from those set forth in such forward-looking statements, including but not limited to, general economic and capital markets conditions; the effects that the announcement or pendency of the merger may have on Waste Management, Advanced Disposal and their respective business; inability to obtain required regulatory or government approvals or to obtain such approvals on satisfactory conditions; inability to obtain stockholder approval or satisfy other closing conditions; inability to obtain financing; the occurrence of any event, change or other circumstance that could give rise to the termination of the definitive agreement; the effects that any termination of the definitive agreement may have on Advanced Disposal or its business; legal proceedings that may be instituted related to the proposed acquisition; unexpected costs, charges or expenses; failure to successfully integrate the acquisition, realize anticipated synergies or obtain the results anticipated; and other risks and uncertainties described in Waste Management’s and Advanced Disposal’s filings with the SEC, including Part I, Item 1A of each company’s most recently filed Annual Report on Form 10-K, which are incorporated herein by reference, and in other documents that Waste Management or Advanced Disposal file or furnish with the SEC. Except to the extent required by law, neither Waste Management nor Advanced Disposal assume any obligation to update any forward-looking statement, including financial estimates and forecasts, whether as a result of future events, circumstances or developments or otherwise.

#### **NON-GAAP FINANCIAL MEASURES**

Advanced Disposal’s 2018 adjusted EBITDA is a non-GAAP measure. Please see Advanced Disposal’s press release and accompanying tables dated February 21, 2019, filed with the SEC on Form 8-K, for additional information about Advanced Disposal’s use of non-GAAP measures and a reconciliation of 2018 adjusted EBITDA to net income, the most comparable GAAP measure.

Waste Management's references to future adjusted earnings per diluted share and free cash flow are non-GAAP measures. Please see the notes to Waste Management's press release dated February 14, 2019, filed with the SEC on Form 8-K, for additional information about Waste Management's use of non-GAAP measures.

For purposes of the pro forma leverage ratio, all terms used in that calculation, including EBITDA, are defined in Waste Management's Revolving Credit Agreement filed with the SEC on Form 8-K on June 29, 2018.
