“Slippery surfaces can pose real dangers, especially when exposed to water,” said Axalta

Product Manager, Craig Dietz. “There is a demand for anti-skid coatings in the industry and I am excited that Axalta has recognized and responded to this as part of its commitment to stay at the forefront of our customers’ needs.”

The high traction detailing of Sure-Grip makes it well suited for metal decking, ramps, railings, hand tools and other exteriors where slips may be a primary concern. Sure-Grip is also ideal for applications such as manufacturing, industrial production, aviation, food and beverage processing areas, and infrastructure. Initial color offerings include: Buff, Citron, Frost and Jet. Sure-Grip delivers improved safety in slip-prone areas while maintaining durability and weatherability.
