Devon Energy Corporation Announces Early Tender Results and Receipt of Requisite Consents to Amend Outstanding Notes of WPX Energy, Inc.

5/24/2021

OKLAHOMA CITY, May 24, 2021 (GLOBE NEWSWIRE) -- Devon Energy Corporation (NYSE: DVN) (the "Company" or "Devon") announced today that (i) as of 5:00 p.m., New York City time, on May 21, 2021 (the "Original Early Tender Deadline"), \$1,958,718,000 in aggregate principal amount of the outstanding notes of WPX Energy, Inc., a wholly-owned, direct subsidiary of Devon, listed in the table below (the "WPX Notes"), representing approximately 97.23% of the total outstanding principal amount of the WPX Notes and at least a majority of the aggregate outstanding principal amount of each series of WPX Notes, had been validly tendered and not validly withdrawn in connection with its previously announced private exchange offers (the "Exchange Offers") and related consent solicitations (the "Consent Solicitations") with respect to the WPX Notes and (ii) the early tender deadline has been extended until 11:59 p.m., New York City time, on June 7, 2021 (the "Extended Early Tender Deadline").

As of May 21, 2021, Devon has received the requisite consents from eligible noteholders to amend the WPX Notes and related indenture under which they were issued (as supplemented, the "WPX Indenture"). WPX Notes validly tendered and not validly withdrawn and that are accepted for exchange will be exchanged for new notes issued by Devon (the "Devon Notes") on the settlement date, which is expected to be on June 9, 2021, and the applicable consideration will be paid to the holders of such WPX Notes on such date, unless the Exchange Offers and Consent Solicitations are extended or terminated.

WPX will enter into supplemental indentures to eliminate or revise certain of the restrictive covenants applicable to such series of WPX Notes, including the merger covenant, events of default other than payment-related events of default and to reduce to 3 business days the minimum period for notices of redemption and make certain other changes conforming the WPX Notes to the redemption provisions of the existing outstanding Devon Notes. The supplemental indentures will become effective upon their execution and delivery, but the amendments will not

become operative until we accept the WPX Notes for exchange and pay the applicable consideration.

Withdrawal rights for the Exchange Offers and Consent Solicitations expired at 5:00 p.m., New York City time, on May 21, 2021. Holders may no longer withdraw tendered WPX Notes or revoke consents, except as required by applicable law.

As of the Original Early Tender Deadline, the following principal amounts of each series of WPX Notes had been validly tendered and not validly withdrawn (and consents thereby validly given and not validly revoked):

CUSIP	Aggregate Principal Amount Outstanding	Title of Series of WPX Notes	WPX Notes Tendered by the Original Early Tender Deadline	
			Principal Amount	Percentage
98212BAG8	\$242,374,000	8.250% Notes due 2023	\$224,079,000	92.45%

98212BAL7	\$585,000,000	4.500% Notes due 2030	\$569,429,000	97.34%
		Total:	\$1,958,718,000	97.23 %

The Exchange Offers and Consent Solicitations are being made upon the terms and conditions set forth in the Offer to Exchange and Consent Solicitation Statement, dated May 10, 2021 (the “Offer to Exchange”). Each Exchange Offer and Consent Solicitation will expire at 11:59 p.m., New York City time, on June 7, 2021, unless such date is extended or earlier terminated (such date and time, as they may be extended, the “Expiration Date”). Devon reserves the right to terminate, withdraw, amend or extend one or more of the Exchange Offers and Consent Solicitations in its discretion, subject to the terms and conditions set forth in the Offer to Exchange.

Eligible holders who validly tender their WPX Notes by the Extended Early Tender Deadline, which is the same date as the Expiration Date, are eligible to receive, subject to the terms and conditions set forth in the Offer to Exchange, Devon Notes in the same principal amount as the WPX Notes tendered therefor plus cash consideration of \$1.00 per \$1,000 principal amount of WPX Notes tendered (the “Cash Consideration”). Interest on each Devon Note will accrue from (and including) the last interest payment date on which interest was paid on the corresponding WPX Note tendered in exchange for such Devon Note, and, accordingly, no accrued interest will be paid on the settlement date in respect of WPX Notes accepted for exchange, except as set forth in the Offer to Exchange with respect to cash paid in lieu of Devon Notes not delivered.

Subject to the terms and conditions set forth in the Offer to Exchange, each eligible noteholder exchanging WPX Notes in the Exchange Offers will be eligible to receive, in exchange for the WPX Notes validly tendered and not validly withdrawn, Devon Notes having the same interest payment and maturity dates, interest rate and, except as set forth in the Offer to Exchange, redemption provisions as the corresponding series of WPX Notes exchanged.

Devon's obligation to accept and exchange the WPX Notes validly tendered pursuant to the Exchange Offers is subject to customary conditions, as set forth in the Offer to Exchange. The Exchange Offers and Consent Solicitations are not conditioned upon the tender of any minimum aggregate principal amount of the WPX Notes or the receipt of the requisite consents in any of the Consent Solicitations.

Holders validly tendering their WPX Notes will be deemed to have delivered consents to the amendments with respect to such tendered WPX Notes. Holders will not be permitted to tender their WPX Notes without delivering consents or to deliver consents without tendering their WPX Notes.
