PROXY STATEMENT FOR  
ANNUAL MEETING OF STOCKHOLDERS  
MAY 13, 2003

---

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors for the Annual Meeting of Stockholders of

Werner Enterprises, Inc. (the Company) to be held on Tuesday, May 13, 2003, at 10:00 a.m. local time, at the Embassy Suites, 555 South 10 Street, Omaha, Nebraska, and at any adjournments thereof. The meeting will be held for the purposes set forth in the notice of such meeting on the cover page hereof. The Proxy Statement, Form of Proxy, and Annual Report to Stockholders on Form 10-K are being mailed by the Company on or about April 2, 2003.

A Form of Proxy for use at the Annual Meeting of Stockholders is enclosed together with a self-addressed, postage-paid return envelope. Any stockholder who executes and delivers a proxy has the right to revoke it at any time prior to its use at the Annual Meeting. Revocation of a proxy may be effected by filing a written statement with the Secretary of the Company revoking the proxy, by executing and delivering to the Company a subsequent proxy before the meeting, or by voting in person at the meeting. A proxy, when executed and not revoked, will be voted in accordance with the authorization contained therein. Unless a stockholder specifies otherwise on the Form of Proxy, all shares represented will be voted for the election of all nominees for director and against the stockholder proposal.

The cost of soliciting proxies, including the preparation, assembly and mailing of material, will be paid by the Company. Directors, officers, and regular employees of the Company may solicit proxies by telephone, electronic communications, or personal contact, for which they will not receive any additional compensation in respect of such solicitations. The Company will also reimburse brokerage firms and others for all reasonable expenses for forwarding proxy material to beneficial owners of the Company's stock.

As a matter of policy, proxies, ballots, and voting tabulations that identify individual stockholders are kept private by the Company. Such documents are available for examination only by certain representatives associated with processing proxy cards and tabulating the vote. The vote of any stockholder is not disclosed, except as may be necessary to meet legal requirements.

#### OUTSTANDING STOCK AND VOTING RIGHTS

On March 24, 2003, the Company had 63,764,800 shares of its \$.01 par value Common Stock outstanding. At the meeting, each stockholder will be entitled to one vote, in person or by proxy, for each share of stock owned of record at the close of business on March 24, 2003. The stock transfer books of the Company will not be closed.

With respect to the election of directors, stockholders of the Company, or their proxy if one is appointed, have cumulative voting rights under the laws of the State of Nebraska. That is, stockholders, or their proxy, may vote their shares for as many directors as are to be elected, or may cumulate such shares and give one nominee as many votes as the number of directors to be elected multiplied by the number of their shares, or may distribute votes on the same principle among as many nominees as they may desire. If a stockholder desires to vote cumulatively, he or she must vote in person or

give his or her specific cumulative voting instructions to the designated proxy that the number of votes represented by his or her shares are to be cast for one or more designated nominees. A stockholder may also withhold authority to vote for any nominee (or nominees) by striking through the name (or names) of such nominees on the accompanying Form of Proxy. Directors shall be elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present.

A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote. If an executed proxy is returned by a broker holding shares in street name which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, such shares will be considered present at the meeting for purposes of determining a quorum, but will not be considered to be represented at the meeting for purposes of calculating the vote with respect to such matter.

On the date of mailing this Proxy Statement, the Board of Directors has no knowledge of any other matter which will come before the Annual Meeting other than the matters described herein. However, if any such matter is properly presented at the meeting, the proxy solicited hereby confers

discretionary authority to the proxies to vote in their sole discretion with respect to such matters, as well as other matters incident to the conduct of the meeting.

Board of Directors and Committees

The Company has established audit, option, and executive compensation committees. The option committee administers the Company's Stock Option Plan. It has the authority to determine the recipients of options and stock

appreciation rights, the number of shares subject to such options and the corresponding stock appreciation rights, the date on which these options and stock appreciation rights are to be granted and are exercisable, whether or not such options and stock appreciation rights may be exercisable in installments, and any other terms of the options and stock appreciation rights consistent with the terms of the plan. BOARD EXECUTIVE COMPENSATION COMMITTEE REPORT  
ON EXECUTIVE COMPENSATION

The Executive Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The Executive Compensation Committee annually reviews and approves the compensation for the Chairman and Chief Executive Officer (CEO) of the Company. In turn, the Chairman and CEO reviews and recommends the compensation for the Vice Chairman, Vice Chairman - Corporate Development, and the President and Chief Operating Officer. Compensation for other executive officers is reviewed and recommended by the Chairman and CEO, Vice Chairman, Vice Chairman - Corporate Development, and the President and Chief Operating Officer. The Executive Compensation Committee reviews the total compensation for the executive officers of the Company, including the

Chairman and CEO.

As with all employees, compensation for the Company's executive officers, including Clarence L. Werner, Chairman and CEO, is based on individual performance and the Company's financial performance. The Company's financial performance is the result of the coordinated efforts of all employees, including executive officers, through teamwork focused on meeting the expectations of customers and stockholders. The Company strives to compensate its executive officers, including the Chairman and CEO, based upon the following key factors: (1) salary levels of executives employed by competitors in the trucking industry and other regional and national companies, (2) experience and pay history with the Company, (3) retention of key executives of the Company, (4) relationship of individual and Company financial performance to compensation increases.

Base salaries and the annual bonus are determined based on the above factors. The annual bonus plan allows executive officers to earn additional compensation depending on individual and Company financial performance. Company financial performance is evaluated by reviewing such factors as the Company's operating ratio, earnings per share, revenue growth, and size and performance relative to competitors in the trucking industry. Individual performance is evaluated by reviewing the individual's contribution to these financial performance goals as well as a review of quantitative and qualitative factors. Stock options are used as a long-term compensation incentive and are intended to retain and motivate executives and management personnel for the purpose of improving the Company's financial performance, which should, in turn, improve the Company's stock performance. Stock options are granted periodically to executives and management based on the individuals' performance and potential contribution. Stock options are granted with exercise prices equal to the prevailing market price of the Company's stock on the date of the grant. Therefore, options only have value if the market price of the Company's stock increases after the grant date.

The Committee compared the total compensation package for Mr. Clarence L. Werner and the other top four Werner executives to the total compensation packages of many of the Company's publicly-traded competitors in the truckload industry, as disclosed on each company's most recently available proxy statement. Comparisons were made on the basis of total compensation per tractor operated, total compensation as a percentage of net income, and similar factors. Both the total compensation of the Company's CEO and the average total compensation of the Company's other executives disclosed in the summary compensation table were in the middle of the range of compensation paid by many of the Company's publicly-traded competitors in the truckload industry, based on total compensation per tractor operated and as a percentage of net income.

10

The Executive Compensation Committee has determined it is unlikely that the Company would pay any amounts in the year ended December 2003 that would result in a loss of Federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended, and accordingly, has not recommended that any special actions be taken or that any plans or programs be revised at this time.

1933 or the Securities Exchange Act of 1934.

The Audit Committee of the Board of Directors is comprised of Messrs. Doll, Epstein, Timmerman, Steinbach, and Bird. All of the committee members qualify as independent members of the Audit Committee under the National Association of Securities Dealers' listing standards. The Audit Committee conducted its oversight activities for the Company in accordance with the duties and responsibilities outlined in the audit committee charter.

The Company's management is responsible for the preparation, consistency, integrity, and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal and disclosure controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. In conjunction with the preparation of the Company's 2002 audited financial statements, the Audit Committee met with both management and the Company's outside auditors to review and discuss the financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Company's outside auditors, the Committee, among other things, discussed with KPMG LLP matters relating to its independence, including written disclosures made to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

11

Based on the foregoing review and discussions, the Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

#### STOCKHOLDER PROPOSAL REGARDING DIVERSITY ON THE BOARD OF DIRECTORS

The Company has been informed that two stockholders intend to introduce the following resolution at the Annual Meeting. Upon receiving an oral or written request, the Company will furnish the names, addresses, and share ownership of the stockholders submitting the proposal. The Company takes no responsibility for the content of this proposal.

"WHEREAS we believe that the Boards of many publicly-held corporations have benefited from the perspectives brought by their many well-qualified board members who are women or members of racial minority groups;

WHEREAS Werner Enterprises currently has a distinguished Board of nine persons, all of whom are white males;

WHEREAS the company's Board does not have a nominating committee;

WHEREAS the company's Board includes four members of the Werner family;

WHEREAS we believe that the Board should take every reasonable step to ensure that women and persons from minority racial groups are in the pool from which Board nominees are chosen; therefore be it

RESOLVED that the shareholders request the Board, in connection with its search for suitable Board candidates, to make greater efforts to ensure that women and persons from minority racial groups are among those it considers for nomination to the Board.

#### Supporting Statement

The presence of women and minority group members on a corporate Board of Directors is fortunately no longer a novelty. Surveys of companies in held in the sponsor's (a major religious institution with an endowment of more than \$300,000,000) portfolio have revealed that the overwhelming majority of its American portfolio companies have members who are women and/or minority group members on their Boards, and many have more than one such Board member.

We believe that the judgments and perspectives that women and members of minority groups bring to Board deliberations improve the quality of Board decision making. We therefore urge the corporation to enlarge its search of qualified Board members by casting a wider net.

This proposal does not require, or even request, that women or members of minority groups be appointed to the Board, but only that greater efforts be made to ensure that such persons are included among those considered for nomination to the Board. Neither does the resolution sponsor suggest that the company is actively engaged in discrimination. Rather, we believe that intentional efforts are needed to identify and recruit talented individuals who might not otherwise be considered for nomination to the Board-and all too often, such people are women and/or minority group members. Our concerns relate primarily to the process by which candidates for Board membership are selected.

If you believe that it would be advantageous for our company to make greater efforts towards the goal of a more diverse Board, please vote YES."

#### THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE STOCKHOLDER PROPOSAL

Your Board of Directors recommends a vote against the Stockholder Proposal for the following reasons: the Company offers equal employment opportunity to all persons without regard to race, color, religion, sex, national origin, age, disability, or veteran status in accordance with applicable laws. The Company's Board also recognizes that qualified Board members with diverse backgrounds and perspectives can enhance Company performance. However, the Board believes the primary criteria in selecting

an individual for Board membership should be that individual's

13

qualifications, experience, skills, talents, and the individual's ability to contribute to the success of the Company (and thereby contribute to the enhancement of stockholder value), without regard to the individual's gender, race, color, or other status. The Board has considered in the past, and will continue to consider in the future, highly qualified candidates for Board membership, as determined by their individual qualifications, abilities, and talents, including relevant industry experience.

The stockholder proposal would require the Board of Directors to commit to making greater efforts to ensure that women and persons from minority groups are among those considered for nomination to the Board. The Board believes that the Company and its stockholders are best served by a focus on the overall qualifications of Board members rather than narrow goals regarding gender, race, color, or any other category. Furthermore, while the proposal states that the sponsor(s) are not suggesting that the Company is actively engaged in discrimination, the Board wishes to avoid any implication that it has not previously considered the most qualified individuals without regard to the individual's gender, race, color, or other status. If the Board adopted the resolution contained in the proposal, the Board believes that its ability to select the most qualified candidates for Board membership could be limited. As such, the Board believes the proposal is not in the best interests of the Company and its stockholders and recommends that you vote AGAINST the proposal.

The affirmative vote of a majority of the votes cast on this matter by holders of shares present or represented at the meeting and entitled to vote thereon is required to approve this stockholder proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" THIS PROPOSAL. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED AGAINST THE PROPOSAL UNLESS STOCKHOLDERS SPECIFY A CONTRARY VOTE.

#### CERTAIN TRANSACTIONS

The Company leases certain land from the Clarence L. Werner Revocable Trust (the Trust), a related party. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. The land and related improvements consist of lodging facilities and a sporting clay range and are used by the Company for business meetings and customer promotion. The 20 year lease, which began in 1994, did not require the Company to make rental payments to the Trust in exchange for use of the property and allowed either party to terminate the lease after 10 years by providing prior written notification of its intent to do so. The terms of the lease provided that, should the Trust exercise its right to terminate the lease after 10 years, the Trust would reimburse the Company for an amount equal to the original cost of the leasehold improvements, less accumulated depreciation calculated on a straight-line basis over the term of the lease (20 years). Prior to 2001, the Company had made total leasehold improvements to the land of approximately \$1.1 million, which were completed in 1995.

During 2001, the Company and the Trust entered into a new 10 year lease with the term of the lease beginning June 1, 2002. The new lease provides for termination of the original lease which began in 1994. The new lease provides the Company with the option to extend the lease for two additional 5 year periods following the initial term. The Company will make annual rent payments of one dollar (\$1) to the Trust for use of the property. At any time during the term of the lease or any extensions thereof, the Company has the option to purchase the land from the Trust at its current market value, excluding the value of all leasehold improvements made by the Company. The Company also has right of first refusal to purchase the land or any part thereof if the Trust has an offer from an unrelated third party to purchase the land. The Trust has the option at any time during the lease to demand that the Company exercise its option to purchase the land at its current market value. If the Company elects not to purchase the land as demanded by the Trust, then the Company's option to purchase the land at any time during the lease is forfeited; however, the Company will still have right of first refusal related to a purchase offer from an unrelated third party. If the Company terminates the lease prior to the expiration of its 10 year term and elects not to purchase the land from the Trust, then the Trust agrees to pay the Company the cost of all leasehold improvements, less accumulated

depreciation calculated on a straight-line basis over the term of the lease (10 years). The Company has made additional leasehold improvements to the land of approximately \$5.0 million.

14

On April 17, 2000, the Company entered into an agreement with WRG Development, L.L.C. to sell 2.746 acres of land near the Company's Dallas, TX, terminal to WRG Development, L.L.C. or its nominee (WRG Dallas, L.L.C.) for \$361,330. The agreement also includes an option for WRG Dallas, L.L.C. to purchase an additional .783 acres for a price of \$119,376. The closing date for the 2.746 acres was January 10, 2001. The Clarence L. Werner Revocable Trust (the Trust), a related party, owns a one-third interest in WRG Development, L.L.C. and WRG Dallas, L.L.C. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. In a separate agreement with WRG Dallas, L.L.C. on September 27, 2000, the Company committed to rent a guaranteed number of rooms in the lodging facility to be constructed and operated on the land purchased from the Company. In April 2002 the Company and WRG Dallas, L.L.C. signed an addendum to this agreement. The terms of the addendum provide that the Company will pay for an average of 40 rooms per day per week at fixed rates depending on room size and amenities. The contract provides for an annual 10% increase in the number of rooms guaranteed by the Company and a 3% annual increase in the fixed room rates. The agreement became effective September 16, 2001 and has a five-year term. WRG Dallas, L.L.C. billed the Company \$542,393 for rooms rented during the year ended December 31, 2002. The Company believes that these transactions are on terms no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

Chairman and Chief Executive Officer Clarence L. Werner's brother, Vern Werner, is employed by the Company as Manager of Owner-Operator Conversions and received total pay of \$73,798 during 2002. Clarence L. Werner's brother, Jim Werner, is employed by the Company as Fleet Manager and received total pay of \$71,131 during 2002. Scott Robertson, son-in-law of Clarence L. Werner, is employed by the Company as Director - Aviation and received total pay of \$152,120 during 2002.

During 2002, the Company paid \$3,587,000 to Pegasus Enterprises, LLC which is owned by Clarence L. Werner's brother, Vern Werner, and sister-in-law. Pegasus Enterprises, LLC leases tractors and drivers to the Company as owner-operators. At December 31, 2002, the Company had notes receivable from Pegasus Enterprises, LLC of \$1,303,000 related to the sale of 45 used trucks. The payments to Pegasus Enterprises, LLC are based on the same compensation scale as the Company's other owner-operator contractors. The terms of the note agreements and the tractor sales prices are no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

#### PUBLIC ACCOUNTANTS

The firm of KPMG LLP is the independent public accountants of the Company. KPMG LLP billed the Company \$75,697 for audit fees, \$0 for financial information systems design and implementation fees, and \$27,922 for all other fees (which includes \$6,881 for audit related fees) for services rendered for the year ended December 31, 2002. The Audit Committee has reviewed the services provided related to the other fees billed by KPMG LLP and believes that these services are compatible with maintaining KPMG LLP's independence with regard to the audit of the Company's financial statements. It is anticipated that the Board of Directors at its Annual Meeting which is scheduled to occur immediately following the 2003 Annual Meeting of Stockholders will approve KPMG LLP as independent public accountants for the Company for the year ending December 31, 2003. Representatives of KPMG LLP will be present at the Annual Meeting of Stockholders, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

Only stockholders of record as of March 24, 2003, are entitled to bring business before the Annual Meeting or make nominations for directors.
