PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
MAY 10, 2005

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") for the Annual Meeting of Stockholders of Werner Enterprises, Inc. (the "Company") to be held on Tuesday, May 10, 2005, at 10:00 a.m. local time, at the Embassy Suites, 555 South 10 Street, Omaha, Nebraska, and at any adjournments thereof. The meeting will be held for the purposes set forth in the notice of such meeting on the cover page hereof. The Proxy Statement, Form of Proxy, and Annual Report to Stockholders on Form 10-K are being mailed by the Company on or about April 1, 2005.

A Form of Proxy for use at the Annual Meeting of Stockholders is enclosed together with a self-addressed, postage-paid return envelope. Alternatively, most stockholders may vote by telephone or via the Internet instead of returning the enclosed form. Stockholders should refer to the voting form or other voting instructions included with the proxy materials for information on the voting methods available.

Any stockholder who executes and delivers a proxy has the right to revoke it at any time prior to its use at the Annual Meeting. Revocation of a proxy may be effected by filing a written statement with the Secretary of the Company revoking the proxy, by executing and delivering to the Company a subsequent proxy before the meeting, or by voting in person at the meeting. A proxy, when executed and not revoked, will be voted in accordance with the authorization contained therein. Unless a stockholder specifies otherwise on the Form of Proxy, all shares represented will be voted FOR the election of all nominees for director, FOR the amendment to the Articles of Incorporation, and AGAINST the stockholder proposal.

The cost of soliciting proxies, including the preparation, assembly and mailing of material, will be paid by the Company. Directors, officers, and regular employees of the Company may solicit proxies by telephone, electronic communications, or personal contact, for which they will not receive any additional compensation in respect of such solicitations. The Company will also reimburse brokerage firms and others for all reasonable expenses for forwarding proxy material to beneficial owners of the Company's stock.

As a matter of policy, proxies, ballots, and voting tabulations that identify individual stockholders are kept private by the Company. Such documents are available for examination only by certain representatives associated with processing proxy cards and tabulating the vote. The vote of any stockholder is not disclosed, except as may be necessary to meet legal requirements.

OUTSTANDING STOCK AND VOTING RIGHTS

On March 21, 2005, the Company had 79,420,150 shares of its \$.01 par value Common Stock outstanding. At the meeting, each stockholder will be entitled to one vote, in person or by proxy, for each share of stock owned of record at the close of business on March 21, 2005. The stock transfer books of the Company will not be closed.

With respect to the election of directors, stockholders of the Company, or their proxy if one is appointed, have cumulative voting rights under the laws of the State of Nebraska. That is, stockholders, or their proxy, may vote their shares for as many directors as are to be elected, or may cumulate such shares and give one nominee as many votes as the number of directors to be elected multiplied by the number of their shares, or may distribute votes on the same principle among as many nominees as they may desire. If a stockholder desires to vote cumulatively, he or she must vote in person or give his or her specific cumulative voting instructions to the designated proxy that the number of votes represented by his or her shares are to be cast for one or more designated nominees. A stockholder may also withhold authority to vote for any nominee (or nominees) by striking through the name (or names) of such nominees on the accompanying Form of Proxy.

A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote. If an executed proxy is returned by a broker holding shares in street name which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, such shares will be considered present at the meeting for purposes of determining a quorum, but will not be considered to be represented at the meeting for purposes of calculating the vote with respect to such matter.

On the date of mailing this Proxy Statement, the Board of Directors has no knowledge of any other matter which will come before the Annual Meeting other than the matters described herein. However, if any such matter is properly presented at the meeting, the proxy solicited hereby confers discretionary authority to the proxies to vote in their sole discretion with respect to such matters, as well as other matters incident to the conduct of the meeting.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has established a process by which stockholders and other parties who wish to communicate directly with the Lead Outside Director or with the independent directors as a group may do so by writing to Lead Outside Director, c/o Corporate Secretary at the address indicated on the first page of this Proxy Statement. A majority of the Company's independent directors has approved the process for collecting and organizing stockholder communications received by the Company's Corporate Secretary on the Board's behalf.

DIRECTOR NOMINATION PROCESS

The Board considers candidates for Board membership suggested by its members, as well as management and stockholders. In accordance with the "Policy Regarding Director Recommendations by Stockholders", it will consider candidates recommended by one or more stockholders that have individually or as a group owned beneficially at least two percent of the Company's issued and outstanding stock for at least one year. Stockholder recommendations must be submitted in writing with the required proof of compliance with stock ownership requirements, background information, and qualifications of the candidate to the Corporate Secretary not less than 120 days prior to the first anniversary of the date of the proxy statement relating to the Company's previous annual meeting (by December 2, 2005 for the 2006 Annual Meeting of Stockholders) in order for the candidate to be evaluated and

considered as a prospective nominee.

Generally, candidates for director positions should possess:

- * Relevant business and financial expertise and experience, including an understanding of fundamental financial statements;
- * The highest character and integrity and a reputation for working constructively with others;
- * Sufficient time to devote to meetings and consultation on Board matters; and
- * Freedom from conflicts of interest that would interfere with performance as a director.

2

The Board evaluates prospective nominees against certain minimum standards and qualifications, as listed in the "Nominating Committee Directorship Guidelines and Selection Policy". These include, but are not limited to, business experience, skills, talents, and the prospective nominee's ability to contribute to the success of the Company. The Board also considers other relevant factors, including the balance of management and independent directors, the need for Audit Committee expertise, and relevant industry experience. A prospective candidate nominated by a stockholder in accordance with the "Policy Regarding Director Recommendations by Stockholders" is evaluated by the Nominating Committee in the same manner as any other prospective candidate. The Company has not engaged and has not paid any fees to a third party to assist in the nomination process.

The full text of the Company's "Policy Regarding Director Recommendations by Stockholders", including a list of information required to be submitted with the nomination by the recommending stockholder, and "Nominating Committee Directorship Guidelines and Selection Policy" may be found on the Company's website, www.werner.com. Stockholders may also request a copy of either policy by writing to the Corporate Secretary at the address indicated on the first page of this Proxy Statement.

ELECTION OF DIRECTORS AND INFORMATION REGARDING DIRECTORS

The Articles of Incorporation of the Company currently provide that there shall be up to three separate classes of directors, each consisting of not less than three directors, and as nearly equal in number as possible. On March 3, 2005, the Board of Directors authorized a resolution recommending that the stockholders consider and approve an amendment to Article X of the Company's Articles of Incorporation to provide that the Board of Directors be divided into two or three classes of not less than two, nor more than five, directors, and to be as nearly equal in number as possible. See "PROPOSAL CONCERNING AMENDMENT TO ARTICLES OF INCORPORATION" on page 14. In the event that any nominee becomes unavailable for election for any reason, the shares represented by the accompanying form of proxy will be voted for any substitute nominees designated by the Board, unless the proxy withholds authority to vote for all nominees. The Board of Directors knows of no reason why any of the persons nominated to be directors might be unable to serve if elected, and each nominee has expressed an intention to serve if elected. There are no arrangements or understandings between any of the nominees and any other person pursuant to which any of the nominees was selected as a nominee.

Assuming the presence of a quorum, directors shall be elected by a plurality of the votes cast by the stockholders of the outstanding shares of the Common Stock of the Company present in person or represented by proxy at the 2005 Annual Meeting of Stockholders and entitled to vote thereon.

Board of Directors and Committees

The Board of Directors conducts its business through meetings of the Board, actions taken by written consent in lieu of meetings, and by the actions of its Committees. The Company has established audit, option, executive compensation, and nominating committees.

The Audit Committee discusses the annual audit and resulting letter of comments to management, consults with the auditors and management regarding the adequacy of internal controls, reviews the Company's financial statements with management and the outside auditors prior to their issuance, discusses with management the process used to support the Chief Executive Officer and Chief Financial Officer certifications that accompany the Company's periodic filings, appoints the independent auditors for the next year, reviews and approves all audit and non-audit services pursuant to Section 10A of the Securities Exchange Act of 1934, manages the Company's internal audit department, and reviews and maintains procedures for the anonymous submission of complaints concerning accounting and auditing irregularities. The Audit Committee periodically meets in executive session with the independent auditors and with the head of the internal audit department, in each case without the presence of management. All current Audit Committee members are "independent" as defined in the applicable listing standards of the NASD. The Board of Directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Committee and has designated Mr. Jung as an audit committee financial expert as defined by the Securities and Exchange Commission ("SEC"). The Audit

Committee charter, which has been approved by the Board of Directors, is posted on the Company's website, www.werner.com.

The Option Committee administers the Company's Stock Option Plan. It has the authority to determine the recipients of options and stock appreciation rights, the number of shares subject to such options and the corresponding stock appreciation rights, the date on which these options and stock appreciation rights are to be granted and are exercisable, whether or not such options and stock appreciation rights may be exercisable in installments, and any other terms of the options and stock appreciation rights consistent with the terms of the plan.

The Executive Compensation Committee reviews and approves the compensation of all executive officers and makes recommendations to the Board of Directors with respect to the compensation of executives. All current Executive Compensation Committee members are "non-employee directors" as defined by Rule 16b-3 under the Securities Exchange Act of 1934 and are "outside directors" as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee charter is posted on the Company's website, www.werner.com.

The Nominating Committee, which was formed in 2004, assists the Board in identifying, evaluating, and recruiting qualified candidates for election to the Board and recommends for the Board's approval the director nominees for any election of directors. All current Nominating Committee members are "independent" as defined in the applicable listing standards of the NASD. The Nominating Committee charter is posted on the Company's website, www.werner.com.

The Board of Directors held six (6) meetings (including three (3) executive sessions of the independent directors without the presence of management) and acted one (1) time by unanimous written consent during the

5

year ended December 31, 2004. There were five (5) meetings of the audit committee (including five (5) executive sessions with the independent auditors and five (5) executive sessions with the manager of internal audit, all without the presence of management), two (2) meetings of the executive compensation committee, one (1) meeting of the option committee, and no meetings of the nominating committee during that period. All directors participated in 75% or more of the aggregate of the total number of Board of Directors meetings and the total number of meetings held by committees on which they served. Although the Company does not have a formal policy regarding director attendance at annual meetings, all directors attended the Company's annual meeting of stockholders in May 2004.

Directors who are not full-time employees of the Company receive a fee of \$2,000 for each meeting of the Board of Directors and for each committee meeting if not held on a day on which a meeting of the Board of Directors is held. BOARD EXECUTIVE COMPENSATION COMMITTEE REPORT
ON EXECUTIVE COMPENSATION

The following report is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the liabilities of Section 18 of the 1934 Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically requests that such information be incorporated by reference or treated as soliciting material.

The Executive Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The Executive Compensation Committee annually reviews and approves the compensation for the Chairman and Chief Executive Officer ("CEO") of the Company. In turn, the Chairman and CEO reviews and recommends the compensation for the Vice Chairman and the President and Chief Operating

Officer. Compensation for other executive officers is reviewed and recommended by the Chairman and CEO, Vice Chairman, and the President and Chief Operating Officer. The Executive Compensation Committee reviews and approves the total compensation for the executive officers of the Company, including the Chairman and CEO.

As with all employees, compensation for the Company's executive officers, including Clarence L. Werner, Chairman and CEO, is based on individual performance and the Company's financial performance. The Company's financial performance is the result of the coordinated efforts of all employees, including executive officers, through teamwork focused on meeting the expectations of customers and stockholders. The Company strives to compensate its executive officers, including the Chairman and CEO, based upon the following key factors: (1) salary levels of executives employed by competitors in the trucking industry and other regional and national companies, (2) experience and pay history with the Company, (3) retention of key executives of the Company, and (4) relationship of individual and Company financial performance to compensation increases.

Base salaries and the annual bonus are determined based on the above factors. The annual bonus allows executive officers to earn additional compensation depending on individual and Company financial performance. Company financial performance is evaluated by reviewing such factors as the Company's operating ratio, earnings per share, revenue growth, and size and performance relative to competitors in the trucking industry. Individual performance is evaluated by reviewing the individual's contribution to these financial performance goals as well as a review of quantitative and qualitative factors. Stock options are used as a long-term compensation incentive and are intended to retain and motivate executives and management personnel for the purpose of improving the Company's financial performance, which should, in turn, improve the Company's stock performance. Stock options are granted periodically to executives and management based on the individuals' performance and potential contribution. Stock options are granted with exercise prices equal to the prevailing market price of the Company's stock on the date of the grant. Therefore, options only have value if the market price of the Company's stock increases after the grant date.

The Committee compared the total compensation package for Mr. Clarence L. Werner and the other top four Werner executives to the total compensation packages of many of the Company's publicly-traded competitors in the truckload industry, as disclosed in each company's most recently available proxy statement. Comparisons were made on the basis of total compensation per tractor operated, total compensation as a percentage of net income, and similar factors. Both the total compensation of the Company's CEO and the average total compensation of the Company's other executives disclosed in the summary compensation table were in the middle of the range of compensation paid by many of the Company's publicly-traded competitors in the truckload industry, based on total compensation per tractor operated and as a percentage of net income.

The Executive Compensation Committee has determined it is unlikely that the Company would pay any significant amounts in the year ended December 2005 that would result in a loss of Federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended, and accordingly, has not recommended that any special actions be taken or that any plans or programs be revised at this time.

REPORT OF THE AUDIT COMMITTEE

The following report is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the liabilities of Section 18 of the 1934 Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically requests that such information be incorporated by reference or treated as soliciting material.

The Audit Committee of the Board of Directors is comprised of Messrs. Jung, Doll, Timmerman, Steinbach, and Bird. Mr. Jung is chairman of the Audit Committee. All of the committee members qualify as independent members of the Audit Committee under the National Association of Securities Dealers' listing standards. The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee conducted its oversight activities for the Company in accordance with the duties and responsibilities outlined in the Audit Committee charter.

The Company's management is responsible for the preparation, consistency, integrity, and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal and disclosure controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent auditors, KPMG LLP, are responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

In conjunction with the preparation of the Company's 2004 audited financial statements, the Audit Committee met with both management and the Company's outside auditors to review and discuss the financial statements included in the Company's Annual Report on Form 10-K prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee discussed the statements with both management and the outside auditors. The Audit Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Company's outside auditors, the Audit Committee, among other things, discussed with KPMG LLP matters relating to its independence, including written disclosures made to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Based on the foregoing review and discussions, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

The Company's stock price was \$22.64 as of December 31, 2004. This was used for purposes of calculating the total return on the Company's Common Stock for the year ended December 31, 2004.

PROPOSAL CONCERNING AMENDMENT TO ARTICLES OF INCORPORATION

On March 3, 2005, the Board of Directors authorized a resolution recommending that the stockholders consider and approve an amendment (the "Proposed Amendment") to Article X of the Company's Articles of Incorporation (the "Articles") to provide that the Board of Directors be divided into two or three classes of not less than two, nor more than five, directors, and to be as nearly equal in number as possible. The Articles currently provide

14

that there shall be up to three separate classes of directors, each consisting of not less than three directors, and as nearly equal in number as possible. To be adopted, the Proposed Amendment requires the affirmative

vote of the stockholders representing a majority of the outstanding shares of the Common Stock of the Company present in person or represented by proxy at the 2005 Annual Meeting of Stockholders. The Board of Directors believes that it is in the best interests of the Company and its stockholders to amend the Articles to give effect to the Proposed Amendment.

Article X of the Articles, as amended by the Proposed Amendment, would read as set forth below (new language is underlined):

"The Board of Directors of the Corporation may be divided into two

or three classes, each class to consist of not less than two, nor more

than five, directors, and to be as nearly equal in number as possible.

The number of classes of directors and the terms of office for directors
in each such class shall be set forth in the Bylaws of the Corporation.

Any vacancy in the office of a director shall be filled by the vote of the remaining directors, even if less than a quorum, or by the sole remaining director. The director class of any directors chosen to fill vacancies shall be designated by the Board and such directors shall hold office until the next election of directors of the class of which they are a member and until their successors shall be elected and qualified.

Any newly created directorship resulting from any increase in the number of directors may be filled by the Board of Directors, acting by a majority of the directors then in office, even if less than a quorum, or by a sole remaining director. The director class of any directors chosen to fill newly created directorships shall be designated by the Board and such directors shall hold office until the next election of directors of the class of which they are a member and until their successors shall be elected and qualified."

The Board of Directors believes that it is in the best interests of the Company and its stockholders to adopt the Proposed Amendment and is recommending that the amendment be approved by stockholders. On April 30, 2004, Mr. Curtis G. Werner, one of the three Class I directors standing for election at the 2004 Annual Meeting of Stockholders, resigned as an officer and director of the Company and did not stand for re-election. The Board of Directors has operated with a director vacancy since Mr. Werner's resignation until the next annual meeting when the Proposed Amendment could be presented for stockholder approval. On April 30, 2004, the Board of Directors adopted an amendment to the Company's Bylaws (the "Bylaws") to reduce the number of directors on the Board of Directors from nine to eight. This Bylaw amendment would become effective upon stockholder approval of the Proposed Amendment to the Articles. The Board of Directors believes the Proposed Amendment will achieve consistency between the provisions of these documents.

If the Proposed Amendment to the Articles is approved by stockholders, the Board of Directors currently intends to maintain its current composition of three classes with eight directors, as follows:

Class I:	2 directors, terms expiring 2007
Class II:	3 directors, terms expiring 2005/2008
Class III:	3 directors, terms expiring 2006

If the Proposed Amendment to the Articles is not approved by stockholders, the Board will consider the options available to it under its Articles and Bylaws.

While the Board of Directors has authority to set the number of classes and directors in such class under the Company's Bylaws, the Nebraska Business Corporation Act restricts any increase or decrease in the number of directors to no more than 30% of the number of directors last approved by the corporation's stockholders. As a result, the number of directors could not be increased or decreased from the current number of directors by more than

two directors without further stockholder approval.

15

The reduction in the number of directors in any class from three to two directors increases the number of votes needed under cumulative voting to elect a director in that class from 33-1/3% to 50%. An increase in the number of directors in any class would decrease the necessary percentage under cumulative voting to elect a director. For example, an increase from three to four directors would decrease the required percentage from 33-1/3% to 25%. The Board of Directors currently has no intent to change the number of directors from the current number of eight, if the Proposed Amendment to the Articles is approved.

Assuming the presence of a quorum, if the Proposed Amendment to the Articles is approved by the stockholders representing a majority of the outstanding shares of the Common Stock of the Company present in person or represented by proxy at the 2005 Annual Meeting of Stockholders, it will become effective upon the filing of a Certificate of Amendment to the Articles with the Secretary of State of the State of Nebraska, which is expected to be accomplished as promptly as practicable after such approval is obtained.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSED AMENDMENT TO THE ARTICLES OF INCORPORATION. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR THE PROPOSED AMENDMENT UNLESS STOCKHOLDERS SPECIFY A CONTRARY VOTE.

STOCKHOLDER PROPOSAL REGARDING BOARD DIVERSITY

The Company has been informed that a stockholder intends to introduce the following resolution at the Annual Meeting. Upon receiving an oral or written request, the Company will furnish the name and address of the stockholder submitting the proposal. The Company takes no responsibility for the content of this proposal.

BOARD DIVERSITY RESOLUTION

WHEREAS

Werner Enterprises currently has a distinguished board of nine persons, all of whom are white males; and

We believe that our Board should take every reasonable step to ensure that women and persons from minority racial groups are in the pool from which Board nominees are chosen; therefore be it

RESOLVED that the shareholders request the Board:

1. In connection with its search for suitable Board candidates, to ensure that women and persons from minority racial groups are among those it considers for nomination to the Board.
2. To publicly commit itself to a policy of board inclusiveness, including steps to be taken and a timeline for implementing that policy.
3. To report to shareholders, at reasonable expense (and omitting proprietary information) by September 2005:
 - a. On its efforts to encourage diversified representation on the board; and
 - b. Whether, in the nominating committee's charter or its procedures, diversity is included as a criterion in selecting

the total membership of the Board.

SUPPORTING STATEMENT

Recent corporate scandals resulted in the enactment of the Sarbanes-Oxley Act and both the stock exchanges and the SEC have taken actions to enhance the independence, accountability and responsiveness of corporate boards, including requiring greater board and committee independence.

16

We believe that in order to enhance such independence it is necessary for corporations to aggressively seek diversity by gender, age and race among their board candidates. As companies seek new board members to meet the new independence standards, there is a unique opportunity to enhance diversity on the board. Several corporations (including JPMorgan Chase, Coca-Cola, Johnson & Johnson, Pfizer, Procter & Gamble, and TimeWarner) have included their commitment to board diversity (by gender and race) in the charters for their nominating committees (both NYSE and NASDAQ now require committee charters). We believe that the judgment and perspectives offered from deliberations of a diverse board of directors improve the quality of their decision making and will enhance business performance by enabling a company to respond more effectively to the needs of customers worldwide.

We note that only a relatively small number of S&P 500 companies have all-white-male boards. We believe that many publicly-held corporations have benefited from the perspectives brought by many well-qualified board members who are women or minority group members. For that reason, some institutional investors are pressuring companies to diversify their boards. For example, the 2003 corporate governance guidelines of America's largest institutional investor (TIAA-CREF) calls for diversity of directors by experience, sex, age and race.

Similarly, in 2002 the \$20 billion Connecticut Retirement and Trust Funds launched a board diversity initiative. "My first priority as treasurer is the bottom line," said Connecticut State Treasurer Denise Nappier. "Greater diversity leads to better corporate governance, which is good for Connecticut's investments. I regard diversity as key to the functioning of an effective board. In a complex global market you need to pick from the largest pool of talent available to you," said Ms. Nappier.

We urge the Board to enlarge its search for qualified members by casting a wider net.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE STOCKHOLDER PROPOSAL FOR THE FOLLOWING REASONS:

Similar resolutions were submitted by this proponent the last two years and were defeated by the stockholders at both the 2003 and 2004 Annual Meetings. At the 2004 Annual Meeting 63,251,693 votes were cast against the proposal's adoption, representing more than 91% of the total votes cast for and against the proposal.

The Board of Directors does not believe this proposal would serve stockholder interests. The Company offers equal employment opportunity to all persons without regard to race, color, religion, sex, national origin, age, disability or veteran status in accordance with applicable laws. The Company's Board also recognizes that qualified Board members with diverse backgrounds and perspectives can enhance Company performance. However, the Board believes the primary criteria in selecting an individual for Board membership should be that individual's qualifications, experience, skills, talents and the individual's ability to contribute to the success of the Company (and thereby contribute to the enhancement of stockholder value), without regard to the individual's gender, race, color or other status.

The stockholder proposal would require the Board of Directors to take every reasonable step to ensure that women and persons from minority racial groups are in the pool from which Board nominees are chosen. There are numerous factors that contribute to a candidate being a suitable Director, and the Board believes that the Company and its stockholders are best served by a focus on the overall qualifications of candidates rather than narrow goals regarding gender, race, color or any other category. Furthermore, the Board wishes to avoid any implication that it has not previously considered the most qualified individuals without regard to the individual's gender, race, color or other status. Moreover, since the Company's 2004 Annual Meeting, the Board adopted a Nominating Committee Charter and approved the Nominating Committee Directorship Guidelines and Selection Policy, both of which are available to stockholders and the public on the Company's website. The Board views the nominating process and criteria set forth in the Charter and Guidelines as the best means of ensuring that individuals with appropriate qualifications serve as directors.

17

If the Board adopted the resolution contained in the proposal, the Board believes that its ability to select the most qualified candidates for Board membership could be limited. In addition, the Board does not agree that the burden, expense and time involved in preparing the requested report on diversity efforts would be beneficial to the Company's stockholders. As such, the Board believes the proposal is not in the best interests of the Company and its stockholders and recommends that you vote AGAINST the proposal.

Assuming the presence of a quorum, the affirmative vote of a majority of the votes cast on this matter by the stockholders of the outstanding shares present in person or represented by proxy at the 2005 Annual Meeting of Stockholders and entitled to vote thereon is required to approve this stockholder proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "AGAINST" THIS PROPOSAL. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED AGAINST THE PROPOSAL UNLESS STOCKHOLDERS SPECIFY A CONTRARY VOTE.

CERTAIN TRANSACTIONS

The Company leases certain land from the Clarence L. Werner Revocable Trust (the "Trust"), a related party. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. The land and related improvements consist of lodging facilities and a sporting clay range and are used by the Company for business meetings and customer promotion.

During 2001, the Company and the Trust entered into a new 10-year lease with the term of the lease beginning June 1, 2002. The new lease provides for termination of the original lease which began in 1994. The new lease provides the Company with the option to extend the lease for two additional 5-year periods following the initial term. The Company will make annual rent payments of one dollar (\$1) to the Trust for use of the property. The Company is responsible for all real estate taxes and maintenance costs related to the property. At any time during the term of the lease or any extensions thereof, the Company has the option to purchase the land from the Trust at its current market value, excluding the value of all leasehold improvements made by the Company. The Company also has right of first refusal to purchase the land or any part thereof if the Trust has an offer from an unrelated third party to purchase the land. The Trust has the option at any time during the lease to demand that the Company exercise its option to purchase the land at its current market value. If the Company elects not to purchase the land as demanded by the Trust, then the Company's option to purchase the land at any time during the lease is forfeited; however, the Company will still have right of first refusal related to a purchase offer from an unrelated third party. If the Company terminates the lease prior to

the expiration of its 10 year term and elects not to purchase the land from the Trust, then the Trust agrees to pay the Company the cost of all leasehold improvements, less accumulated depreciation calculated on a straight-line basis over the term of the lease (10 years). The Company has made leasehold improvements to the land of approximately \$6.1 million since inception of the original lease in 1994.

On April 17, 2000, the Company entered into an agreement with WRG Development, L.L.C. to sell 2.746 acres of land near the Company's Dallas, TX, terminal to WRG Development, L.L.C. or its nominee (WRG Dallas, L.L.C.) for \$361,330. The closing date for the 2.746 acres was January 10, 2001. The agreement also included an option, and notice of the exercise of that option has been given by WRG Dallas, L.L.C., for WRG Dallas, L.L.C. to purchase approximately .783 additional acres for an approximate price of \$90,000. The Clarence L. Werner Revocable Trust (the "Trust"), a related party, owned a one-third interest in WRG Development, L.L.C. and WRG Dallas, L.L.C. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. In a separate agreement with WRG Dallas, L.L.C. on September 27, 2000, the Company committed to rent a guaranteed number of rooms in the lodging facility constructed and operated on the land purchased from the Company. In April 2002, the Company and WRG Dallas, L.L.C. signed an addendum to this agreement. The terms of the addendum provide that the Company will pay for an average of 40 rooms per day per week at fixed rates depending on room size and amenities. The contract provides for an annual 10% increase in the number of rooms guaranteed by the

18

Company and a 3% annual increase in the fixed room rates. The original room rental agreement became effective September 16, 2001 and has a six-year term, the duration of which was not modified by the April 2002 addendum. WRG Dallas, L.L.C. billed the Company \$840,421 for rooms rented during the year ended December 31, 2004. All amounts paid by the Company in 2004 were for rooms used by the Company's employees, primarily its drivers. The Company believes that these transactions are on terms no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

On February 28, 2005, the Trust assigned its one-third ownership interests in WRG Dallas, L.L.C. and WRG Development, L.L.C. to the Company for a payment of ten dollars (\$10). The Company assumed one-third ownership in this 71-room motel that has an appraised value of \$2.6 million and outstanding notes payable of \$2.2 million. This motel had positive net income in 2004, after all expenses, including depreciation and interest expense. The Company has agreed to hold Clarence L. Werner and the Clarence L. Werner Revocable Trust harmless with respect to any guarantee of debt executed prior to the date of assignment.

The Company in the following capacities employs members of Chairman and Chief Executive Officer Clarence L. Werner's family. Clarence L. Werner's brother, Vern Werner, is employed as Manager of Owner-Operator Conversions, Clarence L. Werner's brother, Jim Werner, is employed as Fleet Manager, and Clarence L. Werner's son-in-law, Scott Robertson, is employed as Director - Aviation. The Company compensated in excess of \$60,000 in total compensation to each of these three individuals. The aggregate total compensation paid to these three individuals in 2004 was \$318,246.

During 2004, the Company paid \$6,354,107 to Pegasus Enterprises, LLC which is owned by Clarence L. Werner's brother, Vern Werner, and sister-in-law and paid \$452,981 to D-W Trucking, in which Vern Werner has a 50% ownership interest. Pegasus Enterprises, LLC and D-W Trucking lease tractors and drivers to the Company as owner-operators. At December 31, 2004, the Company had notes receivable from Pegasus Enterprises, LLC of \$656,000 related to the sale of 35 used trucks. The payments to Pegasus Enterprises, LLC and D-W Trucking are based on the same per-mile settlement scale as the Company's other similar owner-operator contractors. The terms of the note agreements with and the tractor sales prices to Pegasus Enterprises, LLC are

no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES OF
INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent public accountants. Prior to engagement of the independent public accountants for the next year's audit, management will submit to the Audit Committee for approval a list of all audit and non-audit services expected to be rendered during that year and the budgeted fees for those services. The Audit Committee pre-approves these services by

category of service (audit, audit-related, tax and other) prior to commencement of the engagement. If circumstances arise where it becomes necessary to engage the independent public accountants for additional services not contemplated in the original pre-approval, the Audit Committee will approve those additional services prior to commencement of the engagement. The Audit Committee may delegate pre-approval authority to the Chair of the Audit Committee, provided that the Chair reports any such pre-approval decisions to the Audit Committee at its next scheduled meeting. The independent public accountants and management periodically report to the full Audit Committee regarding the extent of services provided by the independent public accountants in accordance with this pre-approval, and the fees for the services performed to date. 1% of the fees paid to the independent public accountants during fiscal 2004 and 2003 under the categories Audit-Related, Tax and All Other fees described above were approved by the Audit Committee after services were rendered pursuant to the de minimus exception established by the SEC.
