PROXY STATEMENT FOR  
ANNUAL MEETING OF STOCKHOLDERS  
MAY 9, 2006

---

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") for the Annual Meeting of Stockholders of Werner Enterprises, Inc. (the "Company") to be held on Tuesday, May 9, 2006, at 10:00 a.m. local time, at the Embassy Suites, 555 South 10 Street, Omaha, Nebraska, and at any adjournments thereof. The meeting will be held for the purposes set forth in the notice of such meeting on the cover page hereof. The Proxy Statement, Form of Proxy, and Annual Report to Stockholders are being mailed by the Company on or about April 4, 2006.

A Form of Proxy for use at the Annual Meeting of Stockholders is enclosed together with a self-addressed, postage-paid return envelope. Alternatively, most stockholders may vote by telephone or via the Internet instead of returning the enclosed form. Stockholders should refer to the voting form or other voting instructions included with the proxy materials for information on the voting methods available.

Any stockholder who executes and delivers a proxy has the right to revoke it at any time prior to its use at the Annual Meeting. Revocation of a proxy may be effected by filing a written statement with the Secretary of the Company revoking the proxy, by executing and delivering to the Company a subsequent proxy before the meeting, or by voting in person at the meeting. A proxy, when executed and not revoked, will be voted in accordance with the authorization contained therein. Unless a stockholder specifies otherwise on the Form of Proxy, all shares represented will be voted FOR the election of all nominees for director.

The cost of soliciting proxies, including the preparation, assembly and mailing of material, will be paid by the Company. Directors, officers, and regular employees of the Company may solicit proxies by telephone, electronic communications, or personal contact, for which they will not receive any additional compensation in respect of such solicitations. The Company will also reimburse brokerage firms and others for all reasonable expenses for forwarding proxy material to beneficial owners of the Company's stock.

As a matter of policy, proxies, ballots, and voting tabulations that identify individual stockholders are kept private by the Company. Such documents are available for examination only by certain representatives associated with processing proxy cards and tabulating the vote. The vote of any stockholder is not disclosed, except as may be necessary to meet legal requirements.

OUTSTANDING STOCK AND VOTING RIGHTS

On March 20, 2006, the Company had 79,021,537 shares of its \$.01 par value Common Stock outstanding. At the meeting, each stockholder will be entitled to one vote, in person or by proxy, for each share of stock owned of record at the close of business on March 20, 2006. The stock transfer books of the Company will not be closed.

With respect to the election of directors, stockholders of the Company, or their proxy if one is appointed, have cumulative voting rights under the

laws of the State of Nebraska. That is, stockholders, or their proxy, may

vote their shares for as many directors as are to be elected, or may cumulate such shares and give one nominee as many votes as the number of directors to be elected multiplied by the number of their shares, or may distribute votes on the same principle among as many nominees as they may desire. If a stockholder desires to vote cumulatively, he or she must vote in person or give his or her specific cumulative voting instructions to the designated proxy that the number of votes represented by his or her shares are to be cast for one or more designated nominees. A stockholder may also withhold authority to vote for any nominee (or nominees) by striking through the name (or names) of such nominees on the accompanying Form of Proxy.

A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will not have any effect on the outcome of the proposal for the election of directors. "Broker non-votes" are shares present by proxy at the Annual Meeting and held by brokers or nominees as to which instructions to vote have not been received from the beneficial owners and the broker or nominee does not have discretionary authority as to certain shares to vote on one or more matters. Broker non-votes will be counted at the meeting for purposes of determining a quorum, but will not be counted at the meeting for purposes of calculating the vote with respect to such matter. Accordingly, a broker non-vote will not have any effect on the outcome of the voting proposal.

On the date of mailing this Proxy Statement, the Board of Directors has no knowledge of any other matter which will come before the Annual Meeting other than the matters described herein. However, if any such matter is properly presented at the meeting, the proxy solicited hereby confers discretionary authority to the proxies to vote in their sole discretion with respect to such matters, as well as other matters incident to the conduct of the meeting.

#### STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has established a process by which stockholders and other parties who wish to communicate directly with the Lead Outside Director or with the independent directors as a group may do so by writing to Lead Outside Director, c/o Corporate Secretary at the address indicated on the first page of this Proxy Statement. A majority of the Company's independent directors has approved the process for collecting and organizing stockholder communications received by the Company's Corporate Secretary on the Board's behalf.

#### DIRECTOR NOMINATION PROCESS

The Nominating Committee considers candidates for Board membership suggested by Board members, as well as management and stockholders. In accordance with the "Policy Regarding Director Recommendations by Stockholders", it will consider candidates recommended by one or more stockholders that have individually or as a group owned beneficially at least two percent of the Company's issued and outstanding stock for at least one year. Stockholder recommendations must be submitted in writing with the required proof of compliance with stock ownership requirements, background information, and qualifications of the candidate to the Corporate Secretary not less than 120 days prior to the first anniversary of the date of the proxy statement relating to the Company's previous annual meeting (by December 5, 2006 for the 2007 Annual Meeting of Stockholders) in order for the candidate to be evaluated and considered as a prospective nominee.

Generally, candidates for director positions should possess:

- \* Relevant business and financial expertise and experience, including an understanding of fundamental financial statements;
- \* The highest character and integrity and a reputation for working

constructively with others;

- \* Sufficient time to devote to meetings and consultation on Board matters; and
- \* Freedom from conflicts of interest that would interfere with performance as a director.

2

The Nominating Committee evaluates prospective nominees against certain minimum standards and qualifications, as listed in the "Nominating Committee Directorship Guidelines and Selection Policy". These include, but are not limited to, business experience, skills, talents, and the prospective nominee's ability to contribute to the success of the Company. The Nominating Committee also considers other relevant factors, including the balance of management and independent directors, the need for Audit Committee expertise, and relevant industry experience. A prospective candidate nominated by a stockholder in accordance with the "Policy Regarding Director Recommendations by Stockholders" is evaluated by the Nominating Committee in the same manner as any other prospective candidate. The Company has not engaged and has not paid any fees to a third party to assist in the nomination process.

The full text of the Company's "Policy Regarding Director Recommendations by Stockholders", including a list of information required to be submitted with the nomination by the recommending stockholder, and "Nominating Committee Directorship Guidelines and Selection Policy" may be found on the Company's website, [www.werner.com](http://www.werner.com). Stockholders may also request a copy of either policy by writing to the Corporate Secretary at the address indicated on the first page of this Proxy Statement.

The Audit Committee periodically meets in executive session with the independent auditors and with the head of the internal audit department, in each case without the presence of management. All current Audit Committee members are "independent" as defined in the applicable listing standards of the NASD. The Board of Directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Committee and has designated Mr. Jung as an audit committee financial expert as defined by the Securities and Exchange Commission ("SEC"). The Audit Committee charter, which has been approved by the Board of Directors, is posted on the Company's website, [www.werner.com](http://www.werner.com), and was previously filed as an appendix to the Company's 2004 proxy statement. This information is not deemed to be "soliciting material" or to be "filed" with the SEC or subject

to the liabilities of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically requests that such information be incorporated by reference or treated as soliciting material.

The Option Committee administers the Company's Stock Option Plan. It has the authority to determine the recipients of options and stock appreciation rights, the number of shares subject to such options and the corresponding stock appreciation rights, the date on which these options and stock appreciation rights are to be granted and are exercisable, whether or not such options and stock appreciation rights may be exercisable in installments, and any other terms of the options and stock appreciation rights consistent with the terms of the plan.

The Executive Compensation Committee reviews and approves the compensation of all executive officers and makes recommendations to the Board of Directors with respect to the compensation of executives. All current

5

Executive Compensation Committee members are "non-employee directors" as defined by Rule 16b-3 under the Securities Exchange Act of 1934, are "outside directors" as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, and are "independent" as defined in the applicable listing standards of the NASD. The Compensation Committee charter is posted on the Company's website, [www.werner.com](http://www.werner.com).

The Nominating Committee assists the Board in identifying, evaluating, and recruiting qualified candidates for election to the Board and recommends for the Board's approval the director nominees for any election of directors. All current Nominating Committee members are "independent" as defined in the applicable listing standards of the NASD. The Nominating Committee charter is posted on the Company's website, [www.werner.com](http://www.werner.com).

There were four (4) meetings of the audit committee (including four (4) executive sessions with the independent auditors and four (4) executive sessions with the manager of internal audit, all without the presence of management), three (3) meetings of the executive compensation committee, three (3) meetings of the option committee, and one (1) meeting of the nominating committee during that period. All directors participated in 75% or more of the aggregate of the total number of Board of Directors meetings and the total number of meetings held by committees on which they served, and the average attendance was 95%. The Company encourages directors to attend annual meetings, although it does not have a formal policy regarding director attendance at these meetings. All directors attended the Company's Annual Meeting of Stockholders in May 2005, and the Company anticipates that most, if not all, of its directors will attend the 2006 Annual Meeting of Stockholders.

Directors who are not employees of the Company receive an annual retainer of \$10,000, paid in equal quarterly installments, and the Audit Committee Chairman receives an additional annual retainer of \$10,000, also paid quarterly. In addition, all non-employee Directors receive a fee of \$2,000 for each meeting of the Board of Directors and for each committee meeting if not held on a day on which a meeting of the Board of Directors is held. Directors are also reimbursed for travel expenses incurred to attend meetings of the Board of Directors and committee meetings. Directors who are also employees of the Company receive no additional compensation for service as a Director.

BOARD EXECUTIVE COMPENSATION COMMITTEE REPORT  
ON EXECUTIVE COMPENSATION

The following report is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically requests that such information be incorporated by reference or treated as soliciting material.

The Executive Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The Executive Compensation Committee annually reviews and approves the compensation for the Chairman and Chief Executive Officer ("CEO") of the Company. In turn, the Chairman and CEO reviews and recommends the compensation for the Vice Chairman and the President and Chief Operating

Officer. Compensation for other executive officers is reviewed and recommended by the Chairman and CEO, Vice Chairman, and the President and Chief Operating Officer. The Executive Compensation Committee reviews and approves the total compensation for the executive officers of the Company, including the Chairman and CEO.

As with all employees, compensation for the Company's executive officers, including Clarence L. Werner, Chairman and CEO, is based on individual performance and the Company's financial performance. The Company's financial performance is the result of the coordinated efforts of all employees, including executive officers, through teamwork focused on meeting the expectations of customers and stockholders. The Company strives to compensate its executive officers, including the Chairman and CEO, based upon the following key factors: (1) salary levels of executives employed by competitors in the trucking industry and other regional and national companies, (2) experience and pay history with the Company, (3) retention of key executives of the Company, and (4) relationship of individual and Company financial performance to compensation increases.

Base salaries and the annual bonus are determined based on the above factors. The annual bonus allows executive officers to earn additional compensation depending on individual and Company financial performance. Company financial performance is evaluated by reviewing such factors as the Company's operating ratio, earnings per share, revenue growth, and size and performance relative to competitors in the trucking industry. Individual performance is evaluated by reviewing the individual's contribution to these financial performance goals as well as a review of quantitative and qualitative factors. Stock options are used as a long-term compensation incentive and are intended to retain and motivate executives and management personnel for the purpose of improving the Company's financial performance, which should, in turn, improve the Company's stock performance. Stock options are granted periodically to executives and management based on the individuals' performance and potential contribution. Stock options are granted with exercise prices equal to the prevailing market price of the Company's stock on the date of the grant. Therefore, options only have value if the market price of the Company's stock increases after the grant date.

The Committee compared the total compensation package for Mr. Clarence L. Werner and the other top four Werner executives to the total compensation packages of many of the Company's publicly-traded competitors in the truckload industry, as disclosed in each company's most recently available proxy statement. Comparisons were made on the basis of total compensation per tractor operated, total compensation as a percentage of net income, and similar factors. Both the total compensation of the Company's CEO and the average total compensation of the Company's other executives disclosed in the summary compensation table were in the middle of the range of compensation paid by many of the Company's publicly-traded competitors in the truckload industry, based on total compensation per tractor operated and as a percentage of net income.

The Executive Compensation Committee has determined it is unlikely that the Company would pay any significant amounts in the year ended December 2006 that would result in a loss of Federal income tax deduction under Section

162(m) of the Internal Revenue Code of 1986, as amended, and accordingly, has not recommended that any special actions be taken or that any plans or programs be revised at this time.

Gerald H. Timmerman  
Jeffrey G. Doll  
Michael L. Steinbach  
Kenneth M. Bird  
Patrick J. Jung

The Executive Compensation Committee of the Board of Directors is comprised of Messrs. Timmerman, Doll, Steinbach, Bird, and Jung. None of the members of the Executive Compensation Committee during 2005 or as of the date of this proxy statement is or has been an officer or employee of the Company. There were no transactions between any member of the Executive Compensation Committee and the Company that occurred during 2005 which would require disclosure under Item 404 of Regulation S-K.

#### REPORT OF THE AUDIT COMMITTEE

The following report is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically requests that such information be incorporated by reference or treated as soliciting material.

The Audit Committee of the Board of Directors is comprised of Messrs. Jung, Doll, Timmerman, Steinbach, and Bird. Mr. Jung is chairman of the Audit Committee. All of the committee members qualify as independent members of the Audit Committee under the National Association of Securities Dealers' listing standards. The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee conducted its oversight activities for the Company in accordance with the duties and responsibilities outlined in the Audit Committee charter.

The Company's management is responsible for the preparation, consistency, integrity, and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal and disclosure controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent auditors, KPMG LLP, are responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

In conjunction with the preparation of the Company's 2005 audited financial statements, the Audit Committee met with both management and the Company's outside auditors to review and discuss the financial statements included in the Company's Annual Report on Form 10-K prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee discussed the statements with both management and the outside auditors. The Audit Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Company's outside auditors, the Audit Committee, among other things, discussed with KPMG LLP matters relating to its independence, including written disclosures made to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Based on the foregoing review and discussions, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission.

CERTAIN TRANSACTIONS

The Company leases certain land from the Clarence L. Werner Revocable Trust (the "Trust"), a related party. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. The land and related improvements consist of lodging facilities and a sporting clay range and are used by the Company for business meetings and customer promotion.

15

During 2001, the Company and the Trust entered into a new 10-year lease with the term of the lease beginning June 1, 2002. The new lease provides for termination of the original lease which began in 1994. The new lease provides the Company with the option to extend the lease for two additional 5-year periods following the initial term. The Company will make annual rent

payments of one dollar (\$1) to the Trust for use of the land. The Company is responsible for all real estate taxes and maintenance costs related to the land, which totaled less than \$60,000 for 2005. At any time during the term of the lease or any extensions thereof, the Company has the option to purchase the land from the Trust at its current market value, excluding the value of all leasehold improvements made by the Company. The Company also has right of first refusal to purchase the land or any part thereof if the Trust has an offer from an unrelated third party to purchase the land. The Trust has the option at any time during the lease to demand that the Company exercise its option to purchase the land at its current market value, excluding the value of all leasehold improvements made by the Company. If the Company elects not to purchase the land as demanded by the Trust, then the Company's option to purchase the land at any time during the lease is forfeited; however, the Company will still have right of first refusal related to a purchase offer from an unrelated third party. If the Company terminates the lease prior to the expiration of its 10-year term and elects not to purchase the land from the Trust, then the Trust agrees to pay the Company the cost of all leasehold improvements, less accumulated depreciation calculated on a straight-line basis over the term of the lease (10 years). If, at the termination of the initial 10-year lease term, or any of the two additional 5-year renewal periods, the Company has not exercised its option to purchase the land at its current market value, the leasehold improvements shall be the property of the Trust. However, it is the Company's current intention to exercise its option to purchase the land at its current market value prior to the completion of the initial 10-year lease period or any of the two additional 5-year renewal periods. The Company has made leasehold improvements to the land of approximately \$6.1 million since inception of the original lease in 1994.

On April 17, 2000, the Company entered into an agreement with WRG Development, L.L.C. to sell 2.746 acres of land near the Company's Dallas, TX, terminal to WRG Development, L.L.C. or its nominee (WRG Dallas, L.L.C.) for \$361,330. The closing date for the 2.746 acres was January 10, 2001. The agreement also included an option for WRG Dallas, L.L.C. to purchase approximately .783 additional acres for an approximate price of \$90,000, which was exercised on June 30, 2005. The Company realized a gain of approximately \$55,000 on the transaction. The Clarence L. Werner Revocable Trust (the "Trust"), a related party, owned a one-third interest in WRG Development, L.L.C. and WRG Dallas, L.L.C. Clarence L. Werner, Chairman of the Board and Chief Executive Officer, is the sole trustee of the Trust. On February 28, 2005, the Trust assigned its one-third ownership interests in WRG Dallas, L.L.C. and WRG Development, L.L.C. to the Company for a payment of ten dollars (\$10). The Company assumed one-third ownership in this 71-room motel that had an appraised value of \$2.6 million and outstanding notes payable of \$2.2 million. This motel had positive net income in 2004, after all expenses, including depreciation and interest expense. The Company agreed to hold Clarence L. Werner and the Clarence L. Werner Revocable Trust harmless with respect to any guarantee of debt executed prior to the date of assignment.

In a separate agreement with WRG Dallas, L.L.C. on September 27, 2000, the Company committed to rent a guaranteed number of rooms in the lodging facility constructed and operated on the land purchased from the Company. In April 2002, the Company and WRG Dallas, L.L.C. signed an addendum to this agreement. The terms of the addendum provide that the Company will pay for an average of 40 rooms per day per week at fixed rates depending on room size and amenities. The contract provides for an annual 10% increase in the number of rooms guaranteed by the Company and a 3% annual increase in the fixed room rates. The original room rental agreement became effective September 16, 2001 and has a six-year term, the duration of which was not modified by the April 2002 addendum. The Company paid WRG Dallas, L.L.C. \$944,500 during the year ended December 31, 2005 for the rental of rooms. All amounts paid by the Company in 2005 were for rooms used by the Company's employees, primarily its drivers. The Company believes that these transactions are on terms no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

The Company in the following capacities employs family members of

certain executive officers. Clarence L. Werner's brother, Vern Werner, is employed as Manager of Owner-Operator Conversions; Clarence L. Werner's

sister-in-law, Julie Downing, is employed as Assistant Director of Corporate Services; Clarence L. Werner's brother-in-law, Eric Downing, is employed as Director of Specialized Services; Clarence L. Werner's son-in-law, Scott Robertson, is employed as Director-Aviation; Gary L. Werner's brother-in-law, Daniel Matthew, is employed with Fleet Truck Sales; Gregory L. Werner's son, Clint Werner, is employed as Assistant Director of the Omaha body shop; and Daniel H. Cushman's sister, Nancy Von Esh, is employed as Account Executive. The Company compensated in excess of \$60,000 in total compensation to each of these seven individuals. The aggregate total compensation paid to these seven individuals in 2005 was \$647,632.

During 2005, the Company paid \$6,291,109 to Pegasus Enterprises, LLC which is owned by Clarence L. Werner's brother, Vern Werner, and sister-in-law and paid \$475,936 to D-W Trucking, in which Vern Werner has a 50% ownership interest. Pegasus Enterprises, LLC and D-W Trucking lease tractors and drivers to the Company as owner-operators. At December 31, 2005, the Company had notes receivable from Pegasus Enterprises, LLC of \$1,104,918 related to the sale of 32 used trucks. The payments to Pegasus Enterprises, LLC and D-W Trucking are based on the same per-mile settlement scale as the Company's other similar owner-operator contractors. The terms of the note agreements with and the tractor sales prices to Pegasus Enterprises, LLC are no less favorable to the Company than those that could be obtained from unrelated third parties, on an arm's length basis.

Clarence L. Werner utilized the Company's aircraft for non-business purposes during 2005. Mr. Werner reimbursed the Company \$107,733 representing the aggregate incremental cost associated with the personal flights, which is higher than the imputed income calculated for income tax purposes in accordance with Internal Revenue Service rules.

#### POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent public accountants. Prior to engagement of the independent public accountants for the next year's audit, management will submit to the Audit Committee for approval a list of all audit and non-audit services expected to be rendered during that year and the budgeted fees for those services. The Audit Committee pre-approves these services by category of service (audit, audit-related, tax and other) prior to commencement of the engagement. If circumstances arise where it becomes necessary to engage the independent public accountants for additional services not contemplated in the original pre-approval, the Audit Committee will approve those additional services prior to commencement of the engagement. The Audit Committee may delegate pre-approval authority to the Chair of the Audit Committee, provided that the Chair reports any such pre-approval decisions to the Audit Committee at its next scheduled meeting. The independent public accountants and management periodically report to the full Audit Committee regarding the extent of services provided by the independent public accountants in accordance with this pre-approval, and the fees for the services performed to date. None of the fees paid to the independent public accountants during 2005 and 1% of the fees paid to the independent public accountants during 2004 under the categories Audit-Related, Tax and All Other fees described above were approved by the Audit Committee after services were rendered pursuant to the de minimus exception established by the SEC.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders; provided, that stockholders are not holding shares in nominee name. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. The Company undertakes to deliver promptly upon written or oral request a separate copy of the annual report or proxy statement, as

18

applicable, to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of a proxy statement or annual report, or one who is receiving multiple copies and wishes to receive only one, should provide written notification to the broker if the shares are held in a brokerage account or the Company if the stockholder holds registered shares. Stockholders can notify the Company by sending a written request to Werner Enterprises, Inc., Corporate Secretary, P.O. Box 45308, Omaha, NE 68145 or by calling (402) 895-6640.
