

Join **Stornoway** and become part of a great team, operating **Québec's first diamond mine, Renard.**

Position: Drill and Blast Technician

Location: Renard mine site

Schedule: 14-14

Stornoway is recruiting an underground **Drill and Blast Technician**. Reporting to the Drill and Blast Coordinator, the **Drill and Blast Technician** is responsible for the design of stope drilling plans, of explosive loading plans, blast sequences, as well as drilling and loading monitoring and quality control. The underground mining method is similar to large volume shrinkage stoping. The ore is blasted by large-diameter long holes. Working closely with the production department, the candidate must provide the necessary technical support to ensure the proper functioning of drilling and explosive loading operations.

This position is based at the Renard mine site. The work schedule is 14 days at the site followed by 14 days off with flight departure locations in St-Hubert, Rouyn-Noranda, Timmins and Chibougamau.

Stornoway operates Québec's first diamond mine and offers an exceptional and stimulating work environment, good benefits and a competitive salary.

Requirements:

- College degree in mining technology, Mine Engineering bachelor's degree or any other equivalent experience in drilling and blasting activities;
- Minimum 3 years' experience in an underground mine;
- Knowledge of Deswik, Autocad, Promine, or similar software;
- Good knowledge in the Microsoft Office pack (Excel, Word, PowerPoint);
- Completion of the Modular Mining Training (1, 2, 3, 4, 5 and 7) as well as a valid general explosive permit;
- Valid driver's license;
- Ability to work in a team;
- Excellent ability to plan, organize, execute and analyse;
- Versatile, self-sufficient, resourceful and flexible regarding tasks ,
- Comfortable working in a multicultural work environment ;
- Exemplary attitude towards health and safety at all times;
- Good written and oral communication skills in English and French.
