

**Position:** Mining and Surface Infrastructure Coordinator

**Location:** Mine site

Join **Stornoway** and become part of a great team, operating Québec's first diamond mine, Renard. We offer a stimulating work environment, good benefits and a competitive salary.

**Stornoway** is recruiting a Mining and Surface Infrastructure Coordinator. Reporting to the Projects Superintendent, the Mining Infrastructure Coordinator is involved in the development of mine infrastructure needs in conjunction with mine engineering. He will have to:

- Establish design criteria;
- Develop process diagrams;
- Write functional description, budget estimates and risk analysis;
- Design general arrangements and coordinate detail engineering;
- Draft purchasing specifications and contracts for work assigned to contractors.

He manages contractors, establishes methods for monitoring timelines and budgets and initiates quality control programs and as well as the transfer of installations to the operations.

The Mining Infrastructure Coordinator works closely with all the departments involved in the mine. The position is based at the Renard mining site on a 7-day work schedule at the site followed by 7 days off.

**Requirements:**

- Bachelor's degree in mechanical, civil or mining engineering; A technician with comparable experience would be considered;
- Member in good standing of the Ordre des ingénieurs du Québec;
- Between 5 and 10 years of experience in the design and management of projects in underground and surface mining environment;
- Hold the Modular Training of Miners (1, 2, 3, 5 and 7)
- Knowledge of Autocad, Microsoft Project, Pro-Mine;
- Good knowledge of Microsoft Office suite software such as Excel, Power Point and Word;
- Ability to work as a team;
- Excellent ability to plan, organize and execute;
- Ability to be proactive in tasks;
- Versatility and flexibility in tasks;
- Demonstrate autonomy, creativity and resourcefulness;
- Interest and ability to work in a multicultural environment;
- Have an exemplary attitude at all times towards health and safety;
- Have a valid driver's license;
- Good written and oral communication skills in French and English.
