

## Join **Stornoway** and become part of a great team, operating Québec's first diamond mine, Renard.

<b>Position:</b>	<b>Mining Geologist</b>	<b>Posting</b>	May 31, 2018
<b>Department:</b>	Technical Services	<b>Application Deadline:</b>	June 21, 2018
<b>Location:</b>	Renard Mine Site	<b>Posting Number:</b>	SWY-AFF-2018-ST11
<b>Schedule:</b>	14/14		
<b>Homeports:</b>	Chibougamau, Rouyn-Noranda, St-Hubert and Timmins airports		

**Stornoway** is recruiting a **Mining Geologist** for the Renard Mine. Reporting to the Chief Geologist, the Mining Geologist is responsible for the assessment, extent, direction and composition of mineral resources and mineral reserves. He/she plans and coordinates the development of the mineral zones.

### Your function:

- Ensure the proper execution of the work under geological control;
- Ensure quality control of sampling, geological mapping and evaluation of surface and subsurface excavations;
- Interpret observational data to create geological maps that describe the extent and orientation of geological units, structures and ore zones;
- Calculate the tonnage and grade of ore at mining sites;
- Collaborate with the engineering department in the preparation of monthly and quarterly operating forecasts;
- Collaborate with engineering and mining operations departments to achieve minimum ore dilution during deposit development and mining;
- Respect, know and promote the company's regulations and policies, particularly with respect to health and safety;

### Skills needed:

- University degree in applied geology or geological engineering;
- Member in good standing of the Ordre des Géologues du Québec;
- Minimum 5 years of experience in geology in the underground mining sector;
- Strong computer skills including Gemcom, AutoCad, Promine and MS Office software;
- Hold the mining worker's modular training (1, 2, 3, 4, 5 and 7) as well as a general explosives permit;
- Hold a valid driver's license;
- Ability to work in a team;
- Analytical and problem solving skills;
- Excellent ability to plan, organize and execute;
- Versatility and flexibility in tasks;
- Demonstrate autonomy and resourcefulness;
- Interest and ability to work in a multicultural work environment;
- Exemplary attitude towards health and safety at all times;
- Good written and oral communication skills in French and English.

### INTERNAL application:

Please complete the internal application form and submit it to the human resources representative in your area.

### EXTERNAL application:

Send your resume and cover letter to: [hr@stornowaydiamonds.com](mailto:hr@stornowaydiamonds.com). Please **indicate the reference number in the subject line of your email** [SWY-AFF-2018-ST11 – Mining Geologist](#) and in your cover letter.

We appreciate all those who are interested in this position; however, only candidates selected for an interview will be contacted.
