Position: Drill and Blast Coordinator (Open pit and underground)  
Location: Mine site

Join Stornoway Diamond Corporation and become part of a great team that is building a world class diamond mining company based on quality Canadian diamond projects, starting with Renard, our flagship development-stage asset in Quebec.

Stornoway is recruiting for a Drill and Blast Coordinator for open pit and underground Renard mine. Reporting to the Chief Mining Engineer, the successful candidate will be responsible for designing the drilling pattern and firing sequences for the blasting of open pit and underground mine in order to get the best results such as; fragmentation, control of dilution and costs while bringing attention to the safe use of explosives in mining operations. The underground mining method is similar to a store room in large volume. The slaughter of the ore is done by long holes with large diameters. In collaboration with the planning engineers, he will provide to the surface and underground mining operation the planning of blasting locations for the month and over a period of 3 months. The candidate will be largely autonomous in determining priorities based on the daily needs of the mine in ore.

This position is based on the mine site Renard and the associated time is 7 days on site followed by 7 days off with home ports in St-Hubert and Chibougamau.

While developing the first diamond mine in Québec, we offer a great and stimulating work environment, good benefits and a competitive salary.

Requirements:

- DEC in Mineral Technology / Bachelor of Mining Engineering with a good knowledge of drilling and blasting;
- Minimum of 5 years’ experience in surface and underground mining;
- Experience in short-term mine planning;
- Knowledge of Deswik software such as Autocad, Promine, Ventsim or similar software;
- Knowledge of the following Microsoft Office software such as Excel, Power Point and Word required;
- Hold modular training for miners (1, 2, 3, 4, 5 and 7) and a general explosives permit;
- Hold a valid driver’s license;
- Excellent ability to plan, organize and execute; Ability to work in a team;
- Versatility and flexibility in the work; Autonomy and resourcefulness;
- Interest and ability to work in a multicultural work environment;
- Exemplary attitude at all-time regarding health and safety;
- Excellent written and oral communication skills in English and French required.

Stornoway is a leading Canadian diamond exploration and development company listed on the Toronto Stock Exchange under the symbol SWY. Our flagship asset is the 100% owned Renard Diamond Project, on track to becoming Quebec’s first diamond mine. Stornoway also maintains an active diamond exploration program with both advanced and grassroots programs in the most prospective regions of Canada. Stornoway is a growth oriented company with a world class asset, in one of the world’s best mining jurisdictions and in one of the world’s great mining businesses.
