VMworld 2014, the Leading Virtualization and Cloud Computing Event of the Year, Heads to San Francisco and Barcelona

PALO ALTO, CA -- (Marketwired) -- 07/16/14 -- VMware, Inc. (NYSE: VMW), the global leader in virtualization and cloud infrastructure, today announced that VMworld® 2014 U.S. makes its return to San Francisco Aug. 24-28 at Moscone Center in San Francisco, celebrating the 11th annual event in the United States. VMworld 2014 Europe will be held Oct. 14-16 at Fira Barcelona Gran Via in Barcelona. With more than 31,000 attendees expected worldwide, VMworld 2014 will spotlight VMware and the industry's commitment to helping customers succeed in the mobile-cloud era.

With the theme of "No Limits," VMworld attendees will access cutting-edge hands-on labs, informative, high-impact breakout sessions, plus gain opportunities to network with a broad set of technology and cloud partners who are shaping the new era of IT. Attendees will be able to share and acquire practical knowledge around virtualization best practices, the business impact of the software-defined data center, leveraging the hybrid cloud and enabling enterprise mobility and more.
