Quorum	<p>The presence of, by person or by proxy, the holders of a majority of the total number of issued and outstanding shares of common stock that are entitled to vote at the Annual Meeting constitutes a quorum and is necessary for the transaction of business at the Annual Meeting.</p> <p>An inspector of elections will determine the presence of a quorum and tabulate the results of the voting by stockholders at the Annual Meeting. The inspector will treat valid proxies marked abstain or proxies required to be treated as broker non-votes (which occurs when a broker has not received voting instructions on a matter and either does not vote the shares on that matter or is not entitled to vote on that matter without instruction but has voted on another matter the broker is entitled to vote on) as present for purposes of determining whether there is a quorum at the Annual Meeting.</p>
Voting	<p>All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.</p>

If you are a stockholder of record and you sign, date and return the enclosed proxy card but do not specify how to vote, then your shares will be voted in accordance with the recommendations of the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion regarding any other matters properly presented for a vote at the Annual Meeting or any adjournments thereof.</p> <p>If you are a current employee of the Company, you will receive an e-mail containing instructions on how to access our proxy materials and how to vote your shares on the Internet.</p> <p><i>Beneficial Owner</i> . If you are a beneficial owner of shares held in street name and hold your shares through a broker, bank or other financial institution, and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on a particular matter. Brokers and other nominees have the discretion to vote on routine matters such as Proposal 3, but do not have the discretion to vote on non-routine matters such as Proposals 1 and 2. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal 3 and any other routine matters properly presented for a vote at the Annual Meeting.</p>
Vote Standard	<p>In uncontested elections, directors are elected if they receive a majority of the votes cast for each director at the Annual Meeting. A majority of the votes cast means that the number of votes cast "for" a director must exceed the number of votes cast "against" that director. Abstentions and broker non-votes will not be counted as votes against a director.</p> <p>Proposals 2 and 3 require the approval of a majority of the votes cast on the matter, excluding any abstentions or broker non-votes.</p>

Broker Non-Votes and Abstentions

Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as “non-routine” matters. All of the matters scheduled to be voted on at the Annual Meeting are “non-routine,” except for the proposal to ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2017.

While broker non-votes will be treated as present for purposes of determining whether there is a quorum, they will not be counted for purposes of determining the number of votes cast with respect to a particular proposal. Accordingly, a broker non-vote will be counted in order to obtain a quorum and will not be counted or otherwise affect the outcome of the vote with respect to proposals 1 and 2.

Abstentions with respect to the election of directors will not be counted as votes either “for” or “against” the director’s election. Abstentions with respect to proposals 2 and 3 will not be counted as a vote cast or otherwise affect the outcome of the vote with respect to such proposals.

Changing Your Vote

A stockholder has the power to revoke his or her proxy or change his or her vote at any time before the proxy is voted at the Annual Meeting. If your shares are held in street name by a broker, bank or other financial institution, you must contact that institution to change your vote. If you are a stockholder of record, you can revoke your proxy or change your vote in one of five ways:

- you can send a signed written notice of revocation to our corporate secretary at the address noted below to revoke your proxy;
- you can send a completed proxy card bearing a later date than your original proxy to us indicating the change in your vote;
- you can vote again on a later date on the Internet or by telephone (only your latest proxy submitted prior to the Annual Meeting will be counted);
- you can attend the Annual Meeting and vote in person, which will automatically cancel any proxy previously given; or
- you can revoke your proxy in person at the Annual Meeting, but attendance at the Annual Meeting alone will not revoke any proxy that you have given previously.

If you choose either of the first three methods, we must receive the described notice or proxy no later than the beginning of the Annual Meeting. If you choose the fourth or fifth methods, you will be asked to present documents for the purpose of establishing your identity as a NII Holdings’ stockholder. Before the Annual Meeting, any written notice of revocation should be sent to NII Holdings, Inc., 1875 Explorer Street, Suite 800, Reston, Virginia 20190, Attention: General Counsel. Any notice of revocation that is delivered at the Annual Meeting should be hand delivered to our General Counsel before a vote is taken. Once voting on a particular matter is completed at the Annual Meeting, you will not be able to revoke your proxy or change your vote as to that matter.

If you are a stockholder of record and a current employee of the Company, you will receive an e-mail containing instructions on how to access our proxy materials and how to vote your shares on the Internet.

The final voting results will be tallied by the inspector of elections and published in the Company's Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the Annual Meeting and can be accessed on the investor relations area of our website at www.nii.com .

Cost of Solicitation	The cost of soliciting proxies for the Annual Meeting will be borne by the Company. We have hired Broadridge Financial Solutions, Inc. While we do not expect to incur additional solicitation expenses, the Company may incur additional expenses in order to encourage voting on a particular matter. In addition, certain of our officers and regular employees, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies. We also reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of shares of common stock.

CORPORATE GOVERNANCE

INTRODUCTION

We are committed to effective corporate governance and high ethical standards because we believe that these values support our long-term performance. Under our current governance framework, the Board, working with senior management and our stockholders, has implemented the following corporate governance practices to support our values:

Corporate Governance

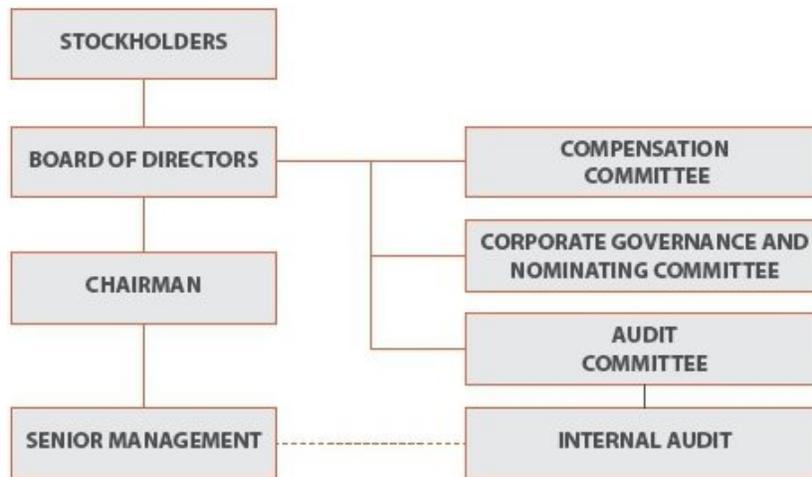

- 71% Independent Board
- Independent Chair
- Independent Audit and Compensation Committees

Stockholder Rights

- Declassified Board in 2017
- Majority Voting for Directors
- Stockholder Right to Call Special Meeting

CORPORATE GOVERNANCE FRAMEWORK

The Board is responsible for the oversight of management on behalf of our stockholders, and the Board accomplishes this function acting directly and through its committees. Directors discharge their duties at Board and committee meetings and also through telephone contact and other communications with management and others regarding matters of concern and interest to the Company. In accordance with our policies, our corporate governance is managed under the following structure, details of the roles and responsibilities of each of these elements are outlined further below:

INDEPENDENT BOARD CHAIR

We have an independent Chair of the Board who presides over meetings of the Board of Directors and annual meetings of stockholders and serves as a liaison between the Board of Directors and senior management. Our leadership structure ensures a strong role for the independent directors in the oversight of the Company and in establishing priorities and procedures for the work of the Board. The Board recognizes that there is no single generally accepted approach to providing Board leadership and that the Board's leadership structure may vary in the future as circumstances warrant.

BOARD COMMITTEES

The specific roles and responsibilities of the Board's committees are delineated in written charters adopted by the Board for each committee and are reviewed annually by the Corporate Governance and Nominating Committee in accordance with our Corporate Governance Guidelines. As provided in their charters, each committee is authorized to engage or consult from time to time, as appropriate, at our expense, with outside independent legal counsel or other experts or advisors it deems necessary, appropriate or advisable to discharge its duties.

Each member of the Audit Committee and Compensation Committee is independent in accordance with the NASDAQ Stock Market ("NASDAQ") listing rules and the Securities Exchange Act of 1934, as amended, as applicable.

One member of the Corporate Governance and Nominating Committee is not independent. The Board considered the relationship with RK Partners Assessoria Financeira e Gestão de Recursos Ltda ("RK Partners") described below in "Certain Relationships and Related Transactions" and determined that Mr. Knoepfelmacher does not meet the independence standards of the NASDAQ listing rules and the Securities Exchange Act of 1934, as amended. Nonetheless, the Board, relying on the exception included in NASDAQ listing rule 5605(e)(3) as well as on the Corporate Governance and Nominating Committee charter, considered Mr. Knoepfelmacher's background and experience and determined that, given Mr. Knoepfelmacher's ability to provide substantial insight and guidance on potential director nominees and succession planning, his membership on the Corporate Governance and Nominating Committee is required in the best interests of the Company and its stockholders.

Below is a summary of the primary responsibilities of each committee.

<i>Audit:</i>	<ul style="list-style-type: none">• Oversight of the quality and integrity of our financial statements and related disclosures, and our accounting, auditing, and reporting practices.• Review of our processes to manage financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements.• Appointment, replacement, compensation and oversight of the independent registered public accounting firm engaged to prepare and issue audit reports on our financial statements.• Oversight of our internal audit function.
<i>Compensation:</i>	<ul style="list-style-type: none">• Review and approve our annual executive compensation and executive compensation program and philosophy.• Oversee the administration of our equity-based compensation and other benefit plans and the compensation programs and philosophy for non-executive employees.• Approve grants of stock options and stock awards to directors, officers and employees under our stock plan.
<i>Corporate Governance and Nominating:</i>	<ul style="list-style-type: none">• Promote the effective and efficient governance of the Company, including the development and periodic assessment of ethics and corporate governance policies.• Assist the Board in the oversight of management succession planning.• Oversee the Board and committee annual evaluation process.• Develop qualifications for director candidates and recommend to the Board persons to serve as directors and as members of the Board's committees.

CORPORATE GOVERNANCE POLICIES AND PRACTICES

We manage our business and affairs in accordance with the Delaware General Corporation Law and a number of key governance documents, including our Corporate Governance Guidelines, Amended and Restated Certificate, Fifth Amended and Restated Bylaws, Code of Conduct and Business Ethics, and Board Committee Charters. Our Board reevaluates our policies and practices on an ongoing basis to ensure high standards of business conduct that facilitate the Board's execution of its responsibilities. Additional information is provided below regarding key corporate governance and ethics policies and practices that we believe enable us to manage our business in accordance with the highest standards of business practices and in the best interest of our stockholders.

DIRECTOR INDEPENDENCE

In accordance with our Corporate Governance Guidelines, a majority of our Board must be independent as defined by the NASDAQ listing rules and the Securities Exchange Act of 1934, as amended. On March 7, 2017, the Board determined that the following five of its seven current members (71%) are independent: Kevin L. Beebe (Chair), James V. Continenza, Howard S. Hoffmann, Christopher T. Rogers and Robert A. Schriesheim. In making that determination, the Board considered Mr. Shindler's employment as chief executive officer of the Company and the relationship between Mr. Knoepfmacher and RK Partners described below in "Certain Relationships and Related Transactions." The Audit Committee and the Compensation Committee are comprised entirely of independent directors.

RISK OVERSIGHT

Our Board has an active role, as a whole and also at the committee level, in overseeing the management of the risks that the Company faces in its business. Our Corporate Governance Guidelines set forth the responsibilities of our Board, including the Board's oversight of the Company's risk assessment and risk audit functions and provides for specific actions to mitigate certain risks. The Board regularly reviews information regarding the Company's results of operations and any related trends and other factors contributing to or affecting those results, long range strategy, financial reporting systems and processes, and access to capital and liquidity, as well as the risks associated with these aspects of the Company's business. The Company's Code of Conduct and Business Ethics establishes standards of conduct for employees that are designed to mitigate risks associated with the Company's and its employees' compliance with legal requirements, foster ethical conduct by employees in dealing with the Company and others, and protect company assets. The Company requires that all employees receive annual training relating to the Code of Conduct and Business Ethics and related policies in order to ensure that employees are familiar with those standards of conduct and to mitigate the risks associated with employees' failure to meet those standards.

In addition, each of the committees of the Board is involved in the assessment of risks relevant to their area of responsibility and the implementation of actions designed to address or mitigate those risks. The types of risks that are considered by the committees and some of the actions taken to address those risks include:

<i>Audit:</i>	<ul style="list-style-type: none">• Risks related to the Company's tax, accounting, financial reporting systems and processes, internal controls, and its legal and regulatory compliance.• The committee holds regular meetings with our independent registered public accounting firm, principal accounting officer, vice president of internal audit, chief financial officer, general counsel and management to discuss the risks faced by the Company and the actions being taken to mitigate those risks.
<i>Compensation:</i>	<ul style="list-style-type: none">• Risks relating to the Company's compensation and benefit programs.• Historically, the committee retains an independent compensation consultant to assist it in satisfying its oversight responsibilities and to ensure that the compensation and benefit programs are designed in a manner that aligns the compensation of executives and other employees with the interests of the Company and its stockholders. In 2016, the Compensation Committee did not utilize the services of an independent compensation consultant given the determination that no changes would be made to executive officer compensation for 2016 and no equity grants would be provided.
<i>Corporate Governance and Nominating:</i>	<ul style="list-style-type: none">• Risks related to the Company's corporate governance and management.• The committee reviews, and implements changes to, the Company's policies relating to corporate governance, ethics and related processes; assists the Board in management succession planning; and selects and recommends individuals nominated to our Board in an effort to ensure that a majority of the members of the Board are independent and have appropriate time, skills and experiences necessary to assist the Board in its oversight role.

In addition, the Company's internal audit group, which reports directly to the chairman of the Audit Committee through the vice president of internal audit, prepares an annual risk assessment that includes a review of risks related to the Company's operations and processes, market and business environment, as well as risks relating to the availability and reliability of information used by management in its decision making. Based on this risk assessment, the internal audit group makes a

recommendation to the Audit Committee concerning an annual internal audit plan that identifies the business activities and processes that will be reviewed and analyzed by the internal audit group during the year. The Audit Committee approves the risk assessment and annual internal audit plan to be carried out by the internal audit group and receives detailed reports concerning the results of each review, including recommendations made to address risks that are identified and actions taken by management with respect to those recommendations. The Audit Committee also receives quarterly updates concerning the status and outcome of the reviews conducted by the internal audit group pursuant to the annual review plan and the status of actions taken by management to mitigate risks identified in the reviews.

While each of the committees of our Board is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through management and committee reports about risks, our risk assessment and the internal audit group's annual review plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Corporate Governance Guidelines require that the Audit Committee review and approve or ratify transactions involving the Company and related persons (such as the Company's officers, directors, family members of the officers and directors and other related parties) in accordance with the requirements of NASDAQ. In determining whether to approve or ratify a related party transaction, the Audit Committee evaluates whether the transaction is in the best interests of the Company taking into consideration all relevant factors, including, as applicable, the Company's business rationale for entering into the transaction and the fairness of the transaction to the Company. The Audit Committee generally seeks to consider and approve these transactions in advance where practicable, but may also ratify them after the transactions are entered into, particularly in instances where the transactions are entered into in the ordinary course of business or if the transaction is on terms that are consistent with a policy previously approved by the Audit Committee or the Board. In instances where the transaction is subject to renewal or if the Company has the right to terminate the relationship, the Audit Committee expects to periodically monitor the transaction to ensure that there are no changed circumstances that would render it advisable for the Company to amend or terminate the transaction.

The Audit Committee has reviewed and approved an agreement dated October 27, 2016 between the Company's subsidiary, Nextel Telecomunicações Ltda ("Nextel Brazil") and RK Partners, a financial and operational restructuring advisory firm for which Ricardo Knoepfelmacher, a director of the Company, serves as the Managing Partner, for advice relating to the restructuring of the Company's outstanding debt. In 2016, Nextel Brazil paid RK Partners an engagement fee (the "Engagement Fee") of R\$1,027,367, or \$294,366 based on the average exchange rate of 3.4901 Brazilian Reals to 1.00 U.S. Dollar for the year ended December 31, 2016 (the "Average Exchange Rate"). The agreement provides for fixed monthly payments of R\$330,000, or \$94,553 based on the Average Exchange Rate (the "Retainer Fee"), and Retainer Fees of R\$339,031, or \$97,141 based on the Average Exchange Rate, were paid to RK Partners in connection with this agreement in 2016. RK Partners is also entitled to a potential success fee in the aggregate amount of R\$12,000,000, or \$3,438,297 based on the Average Exchange Rate; provided, however, that 50% of the Engagement Fee and 50% of the Retainer Fees will be deducted from the total amount due to RK Partners in connection with any success fee. The Company expects Nextel Brazil will pay more than \$120,000 to RK Partners in 2017. Due to this transaction, the Board has determined that Mr. Knoepfelmacher does not meet the independence standards of the NASDAQ listing rules and the Securities Exchange Act of 1934, as amended.

CODE OF CONDUCT AND BUSINESS ETHICS

The Company's Code of Conduct and Business Ethics covers our directors, officers and employees, including the directors, officers and employees of our operating subsidiaries in Brazil. The Code of Conduct and Business Ethics addresses such topics as protection and proper use of our assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest and insider trading. The Company requires that all employees receive annual training relating to the Code of Conduct and Business Ethics and related policies in order to ensure that employees are familiar with those standards of conduct.

Only the Board or the Audit Committee may consider a waiver of the Code of Conduct and Business Ethics for an executive officer or director. If a provision of the Code of Conduct and Business Ethics is materially modified, or if a waiver of the Code of Conduct and Business Ethics is granted to a director or executive officer, we will post a notice of such action on the Investor Relations link of our website at www.nii.com. No such waivers were granted during 2016.

HEDGING, SHORT SALE AND PLEDGING POLICIES

Historically, the Company has discouraged its employees from engaging in short sales, hedging transactions, transactions involving publicly traded options and pledging involving the Company's securities. In 2012, the Board adopted a policy prohibiting all employees (including executive officers and directors) from engaging in any transaction involving our common stock that may be viewed as speculative, including buying or selling puts, calls or options, short sales, hedging transactions or purchases of our common stock on margin.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee is a current or former officer of us or any of our subsidiaries. In addition, there are no compensation committee interlocks with other entities with respect to any such member.

Our governance documents, including the charters of the Audit, Compensation, and Corporate Governance and Nominating Committees may be viewed free of charge on the Investor Relations link of our website at www.nii.com. BOARD OF DIRECTORS

GENERAL

Our Board consists of seven directors. Each of the directors of the Board was appointed in connection with our plan of reorganization, which became effective on our emergence from our Chapter 11 bankruptcy proceedings on June 26, 2015, and determined to be qualified to serve on the Board by The Capital Group Companies, Inc. (“Capital Group”), Aurelius Capital Management, LP (“Aurelius”) and the informal group of holders of notes issued by NII International Telecom (the “LuxCo Group”), the creditors who had the right to make the appointments. Pursuant to the plan of reorganization, our chief executive officer, who was a member of our board of directors and our chief executive officer when we filed a voluntary petition seeking relief under Chapter 11 of the U.S. Bankruptcy Code in September 2014, was appointed to our Board of Directors. In addition, Capital Group designated three of our directors, Aurelius designated one director and the LuxCo Group designated two of our directors that comprise our current seven-member Board. The term for all of our directors expires at the 2017 Annual Meeting of Stockholders and all directors are elected annually.

Each of our directors brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas, including:

- experience in senior executive positions in the telecommunications and other industries and service on the board of directors of other companies, including telecommunications companies;
- experience in key management and operating roles for large, complex organizations, including technology and manufacturing companies, operators of wireless networks, retailers and companies with international operations and, specifically, operations in Latin America;
- experience serving on other public company boards, including serving on audit, compensation and other committees responsible for oversight of corporate governance and related issues; and
- experience in financing, capital markets and strategic transactions, including as executives of public companies with responsibility for capital planning and fundraising; as executives of investment banks and other financial institutions, including investment funds and private equity investment firms; and as investment fund managers.

The Corporate Governance and Nominating Committee and the Board believe that these and the other skills and experiences brought to the Board by its members position the Board to be able to fulfill its oversight role and to evaluate and advise management with respect to a wide variety of matters faced by the Company in its business. We have included a brief description of the experience, qualifications, attributes and skills that led to the conclusion that each director should serve on our Board as part of the directors’ biographies below.

DIRECTOR NOMINATION PROCEDURES

In evaluating a director candidate, each of the Corporate Governance and Nominating Committee and the Board consider factors that it believes are in the best interests of the Company and its stockholders. In addition, the Corporate Governance and Nominating Committee has adopted guidelines for the evaluation of potential director nominees. These guidelines set forth standards by which potential nominees for election to our Board will be evaluated and include:

- the prospective nominee's professional skills and experience;
- the ability of the prospective nominee to represent the interests of our stockholders;
- the prospective nominee's reputation, standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee's independence from our company under the NASDAQ listing rules, and, as applicable, the standards for independence established by the SEC;
- the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties as a director, taking into account, among other things, the prospective nominee's service on other public company boards; and
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

While we do not have a formal diversity policy, the Corporate Governance and Nominating Committee considers diversity of talents, skills and expertise in evaluating potential nominees. In addition, from time to time, the Corporate Governance and Nominating Committee retains third-party search firms to identify qualified director candidates and to assist the committee in evaluating candidates that have been identified by others.

It is the policy of the Corporate Governance and Nominating Committee to consider candidates recommended by stockholders. Any stockholder who would like to suggest or recommend a person for the Board's consideration as a director candidate may do so at any time by writing to the corporate secretary at the address below. A stockholder wishing to formally nominate a person for election as a director must comply with the advance notice provisions in the Company's Fifth Amended and Restated Bylaws. Generally these provisions require that the corporate secretary receive notice of the nomination not less than 75 calendar days prior to the anniversary of the date for the preceding year's annual meeting. The notice must set forth, as to each nominee, the name, age, business and residential address, principal occupation or employment, class, series and number of securities of the Company owned by such person, the date or dates the securities were acquired, any other information relating to such person that is required to be disclosed in solicitation for proxies or election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934 and a representation that such person meets the qualifications to serve as a director of the Company. The notice must include a completed director questionnaire, which is available from the corporate secretary of the Company, and the nominee's signed consent to serve as a director if elected. The notice must also set forth, among other things, the name and address of, and the number of our common shares owned by, the stockholder giving the notice and the beneficial owner on whose behalf the nomination is made and any other stockholders believed to be supporting such nominee, and a description of any material relationships between the stockholder giving the notice and any other stockholders and the proposed nominee. Additional details regarding the process to be followed by stockholders wishing to nominate a person for election as a director are included in the Company's Fifth Amended and Restated Bylaws, which are available on the Investor Relations page of our website at www.nii.com. Stockholder recommendations and formal nominations should be sent to:

COMPENSATION OBJECTIVES AND PHILOSOPHY

Our executive compensation program is designed to provide competitive compensation that is substantially linked to our performance and aligned with long-term stockholder interests. The Compensation Committee's primary objective in designing our compensation program is to recruit and retain the high caliber executive officers and employees necessary to deliver strong and consistent performance to our stockholders, customers and communities in which we operate. Within this framework, the Compensation Committee has developed a compensation program that incorporates salary and benefits that allow us to retain and motivate our executive officers, short-term incentives that challenge our executive officers to achieve our financial and operational goals, and long-term incentives that link our executives' risks and rewards with those of our stakeholders.

2017 EXECUTIVE OFFICER COMPENSATION

In March 2017, the Compensation Committee determined that given the current state of the business and the Company's focus on liquidity, no changes other than a 3.5% cost of living increase on base salary for Mr. Freiman and Mrs. Smith would be made to executive officer compensation for 2017. In addition, in light of the Company's recent results, current stock price and available equity share pool, the Compensation Committee determined that no equity grants would be made in 2017 to current employees.

2016 TARGET TOTAL DIRECT COMPENSATION

During our Chapter 11 bankruptcy proceedings, changes to the compensation of key executives, including our named executive officers, were not permitted without the approval of the bankruptcy court and no changes were made to the compensation of our named executive officers during our bankruptcy proceedings other than the implementation of a key employee incentive plan that provided for a potential incentive bonus payment should the Company and its subsidiaries successfully emerge from bankruptcy within specified time frames and/or if a sale transaction meeting specified enterprise values was completed. In June and August 2015, following our emergence from bankruptcy and in connection with the restructuring of our executive team, the Compensation Committee approved our executive compensation program for executive officers expected to remain with the Company, which included base salary, short-term incentives and long-term emergence grants. In February 2016, the Compensation Committee decided that no changes would be made to executive officer compensation for 2016 given the tenure of most of the executive officers. Likewise, in light of the Company's results, stock price and available equity share pool, the Compensation Committee determined that no equity grants would be made to current employees in 2016. No other changes were made to our executive compensation program in 2016 in consideration of the results of the non-binding advisory stockholder vote on the compensation program for our named executive officers held at our 2016 Annual Meeting of Stockholders.

In 2016, the elements of our executive compensation program included:

- *Base Salary* . Base salary provides a fixed source of income and allows the Company to attract and retain experienced executives.
- *Short-Term Incentives* . Short-term incentives provide variable cash compensation that allows the Company to motivate executives to achieve the Company's operating and financial objectives.

(1) Target total direct compensation is calculated as the sum of (a) base salary and (b) the target annual bonus amount for the year assuming a payout of 100%.

(2) Mr. Valim's salary, bonus and benefits are paid in Brazilian Reals. As a result, the amount of compensation approved for Mr. Valim as reflected in U.S. Dollars in the Base Salary, Target Bonus at 100% Payout and 2016 Target Total Direct Compensation columns varies based on the applicable exchange rate of the Brazilian Real relative to the U.S. Dollar. Mr. Valim's compensation as reported in U.S. Dollars can vary significantly with no actual change to the compensation paid to Mr. Valim in Brazilian currency if the exchange rates are volatile. The amounts for Mr. Valim reflected in the Base Salary, Target Bonus at 100% Payout and 2016 Target Total Direct Compensation columns in the table above are based on the average exchange rate of 3.4901 Brazilian Reals to 1.00 U.S. Dollar for the year ended December 31, 2016.

2016 BASE SALARY

Base salary is the only fixed element of our named executive officers' target total direct compensation. Base salary was determined in 2015 and was based primarily on historic base salary levels and internal pay equity and base salaries paid to executives in comparable positions at a peer group of companies. In February 2016, the Compensation Committee decided not to increase the base salaries of the named executive officers for 2016. Our named executive officers' annual base salaries and the percentage of 2016 target total direct compensation represented by the base salaries are as follows:

Name	2016 Base Salary (\$)	Percent of Target Total Direct Compensation
Steven Shindler	974,376	43.5%
Daniel Freiman	450,000	50.0%
Francisco Valim	687,659	33.3%
Shana Smith	450,000	50.0%

2016 BONUS

Our 2016 Bonus Plan rewards executive officers for performance relative to key financial and operating measures that are designed to stabilize and enhance the value of the Company. The target bonus percentage of base salary for each executive was decided in 2015 based on historic target levels and internal equity, and the comparison of annual incentive compensation targets for executives in comparable positions at a peer group of companies. In February 2016, the Compensation Committee decided not to change target bonus percentages for any employees. For 2016, the bonus payout percentage for headquarters-based executive officers was determined after the conclusion of each fiscal quarter by evaluating the Company's performance relative to pre-determined performance goals and performance "intervals" for that quarter. Performance intervals are the upper and lower boundaries of performance in which actual bonus payouts are awarded. The bonus payout percentage is designed to provide payments in a range from 200% of the target bonus, if performance greatly exceeds the Company's targets, to 0% of the target bonus, if performance fails to reach minimum threshold levels. The use of these intervals is intended to provide a greater performance incentive to participating employees by providing a more significant increase in the bonus award in instances where there is over performance in relation to our performance targets and a more significant decrease in the bonus award where there is under performance in relation to those targets.

For Mr. Valim, the achievement of the 2016 bonus payout was determined after the conclusion of each fiscal quarter by evaluating Nextel Brazil's performance relative to pre-determined performance goals.

2016 Target Bonus

The 2016 target bonus percentage as determined by the Compensation Committee in August 2015, the potential cash payout under the 2016 Bonus Plan at 100% of target and the percentage of each named executive officer's target total direct compensation represented by the target bonus at 100% payout were as follows:

	2016 Target Bonus Percentage of Base Salary	2016 Target Bonus at 100% Payout (\$)	Percent of Target Total Direct Compensation
Steven Shindler	130%	1,266,689	56.5%
Daniel Freiman	100%	450,000	50.0%
Francisco Valim	200%	1,375,319	66.7%
Shana Smith	100%	450,000	50.0%

2016 Performance Goals and Targets

The Compensation Committee reviews and determines the appropriate performance measures and weightings for our bonus plan on an annual basis. The Compensation Committee determined that quarterly payouts of earned bonus awards provided the strongest performance incentives to the Company's named executive officers and to other headquarters-based employees participating in the 2016 Bonus Plan. Each of the following performance measures and weights were selected in order to focus the Company's employees on cash utilization and value preservation and to provide balanced incentives as any actions to improve one performance measure would be expected to have a corresponding negative impact on the other performance measure.

The 2016 Bonus Plan for Messrs. Shindler and Freiman and Mrs. Smith was based 75% on Nextel Brazil's performance and 25% on cash flow at the Company's headquarters. The 2016 Bonus Plan for Mr. Valim was based 100% on Nextel Brazil's performance. For all named executive officers, Nextel Brazil's performance was measured through revenue; adjusted earnings before interest, taxes, depreciation and amortization, or adjusted EBITDA, which eliminates the impact of impairments and restructuring charges from EBITDA; and cash flow. Nextel Brazil's cash flow had to meet a minimum threshold of 90% of target in order for any payment to be awarded under the 2016 Bonus Plan. Nextel Brazil's cash flow acted as a multiplier to potential bonus payouts with every 10 basis points of achievement over 90% multiplied by the weighted results of achievement on Nextel Brazil revenue and adjusted EBITDA. A minimum threshold of 85% was also required to be met on revenue and adjusted EBITDA for any bonus to be awarded on each of those specific metrics. For Messrs. Shindler and Freiman and Mrs. Smith, 25% of the target bonus was based on headquarter cash flow, with a required minimum achievement of 80% of target for any bonus to be awarded on that metric. The payout potential for Messrs. Shindler and Freiman and Mrs. Smith ranged from zero to two times target. For Mr. Valim, payout was binary and if achieved, 100% payout was awarded each quarter.

The Compensation Committee approved the 2016 quarterly performance targets and intervals based on the Company's business plan. The performance targets and corresponding intervals are designed to drive Company performance against challenging performance standards, but are not goals that would cause our executives to take inappropriate business risks.

(2) Cash flow defined as cash earnings before interest, taxes, depreciation and amortization minus cash taxes and cash investments and does not include restructuring fees, performance bonds, debt and interest repayments or intercompany transfers between segments.

(3) Headquarters cash flow performance measure included in the 2016 Bonus Plan for Messrs. Shindler and Freiman and Mrs. Smith.

2016 Calculation of Bonus Payout

To determine bonus amounts earned by our executive officers during the 2016 Bonus Plan, the Compensation Committee met following each fiscal quarter-end to review our financial and operating performance as compared to the applicable performance measures for that quarter and to discuss performance factors and other criteria related to the bonus awards. At each quarterly meeting, the applicable targets set for each performance measure were compared to the results for the quarter in order to determine the appropriate bonus payout percentage, which for Messrs. Shindler and Freiman and Mrs. Smith could range from 0% to 200% and for Mr. Valim would be either no payout or a payout of 100% of target depending on the Company's performance relative to the performance targets.

In some instances, the Compensation Committee, upon the recommendation of management, makes adjustments to the bonus payments or, if appropriate, the methodology used to calculate the bonus target or our performance relative to the target to take into account, among other things, changes in our Company's goals and plans and changes in business conditions in the relevant bonus period if it concludes that such adjustments are appropriate and are consistent with our overall goals and strategy. The Compensation Committee adjusted the 2016 bonus targets and payments for the named executive officers to reflect: changes in the Company's business plan; deviations in timing of certain capital expenditures; the reallocation of certain costs between market and headquarters' operations; and one-time, non-operational items and strategic operational decisions made after the targets were set. These adjustments had no impact on the payouts for the named executive officers.

2016 Financial Achievement and Bonus Payouts

Based on the foregoing, the quarterly achievement and bonuses awarded to the named executive officers with respect to our performance in 2016 were as follows:

Name	Q1 ⁽¹⁾ Cumulative Achievement	Q2 Cumulative Achievement	Q3 Cumulative Achievement	2017 Cumulative Achievement	2016 Bonus Plan Payout Percentage of Target ⁽²⁾	2016 Actual Bonus Payout
Steven Shindler	230%	259%	281%	298%	200%	\$2,533,378

Francisco Valim	279%	318%	338%	356%	100%	\$1,375,319
Shana Smith	230%	259%	281%	298%	200%	\$ 900,000

(1) Targets based on a 15-month business plan that started on October 1, 2015.

(2) The 2016 Bonus Plan payout was capped at two times target for Messrs. Shindler and Freiman and Mrs. Smith and at target for Mr. Valim.

BANKRUPTCY SALE TRANSACTION BONUS

In connection with our bankruptcy proceedings, the court approved a key employee incentive plan that provided for a potential incentive bonus payout to insiders, as defined by the federal bankruptcy code, should the Company complete a sale transaction meeting specified enterprise values in connection with its emergence from bankruptcy. The sale transaction bonus was earned at the time of the bankruptcy court's approval of a sale transaction and the amount of the bonus was calculated as 75 basis points of incremental sale value over the threshold of 120% of the plan value of those assets with the sale value representing gross consideration, including the assumption of debt after deductions for:

- all costs and expenses related to the sale;
- any corporate cash used by the entity or business being sold; and
- all holdbacks and reductions in proceeds for indemnities, which are added back on the release of proceeds.

All employees eligible to earn the sale bonus as of the date of court approval of the asset sale are entitled to any portion of the bonus subject to holdbacks upon the subsequent release of the holdbacks regardless of whether they are still in the employment of the Company or its successors as long as the employee was not terminated for cause. The bonus will not be paid until it otherwise comes due.

On April 30, 2015, we completed the sale of our operations in Mexico, which we refer to as Nextel Mexico, to New Cingular Wireless, an indirect subsidiary of AT&T. The transaction was structured as a sale of all of the outstanding stock of Nextel Mexico for a purchase price of approximately \$1.875 billion, including \$187.5 million deposited in escrow to satisfy potential indemnification claims. On June 19, 2015, the bankruptcy court entered an order approving and confirming our plan of reorganization, and on June 26, 2015, the conditions of the bankruptcy court's order and the plan of reorganization were satisfied, the plan of reorganization became effective and we emerged from bankruptcy. As of December 31, 2016, we paid \$4.2 million out of escrow to settle an indemnification claim, and in exchange, \$20.0 million of the escrow was released to us, which resulted in payment of a portion of the earned bankruptcy sale bonus. The named executive officers earned the following bonuses in connection with the sale of Nextel Mexico, and in November 2016 received the following payouts in connection with the partial release of escrowed funds:

Executive	Allocation of Total Payout ⁽¹⁾	Asset Sale Bonus (Earned in 2015) ⁽²⁾	Asset Sale Bonus (Paid November 2016)
Steven Shindler	32.34%	\$357,990	\$22,838
Daniel Freiman	5.13%	\$ 56,764	\$ 3,621
Shana Smith	5.13%	\$ 56,764	\$ 3,621

(1) The bonus pool was allocated among the eligible employees based on each employee's proportion of target quarterly cash bonus incentive payments at the time the key employee incentive plan was approved by the bankruptcy court.

(2) These amounts are subject to reduction and will not be paid until the money deposited into an escrow account to satisfy potential indemnification claims is released.

COMPENSATION FRAMEWORK

Roles and Responsibilities

The following tables summarize the roles and responsibilities of the Compensation Committee and management in connection with the development and implementation of our compensation program for our executive officers.

Compensation Committee (3 Independent Directors)	<p>Quarterly reviews and approves corporate goals and objectives with respect to our executive officers' compensation.</p> <p>Annually reviews and approves the evaluation process and compensation structures with respect to our executive officers' compensation.</p> <p>Evaluates our performance in light of the Committee's established goals and objectives.</p> <p>Approves the annual compensation for our executive officers, considering the recommendations made by the chief executive officer (for compensation other than his own) and the independent compensation consultant, when needed.</p> <p>Evaluates the performance of the chief executive officer relative to the performance goals determined by the Board.</p>
Management	<p>Recommends the compensation structure for the Company's executive officers.</p> <p>Chief executive officer recommends the level of annual compensation for the Company's executive officers (other than the chief executive officer).</p> <p>Chief executive officer evaluates each executive officer's performance of their respective business or function and their retention considerations (other than for the chief executive officer).</p> <p>Provides input to the Compensation Committee on the strategy, design and funding of our incentive compensation plans.</p> <p>Makes plan design recommendations for broad-based benefit programs in which our executive officers participate.</p>

Compensation Committee Consultant and Independence

Historically, the Compensation Committee considers the advice of an independent compensation consultant, together with information and analysis from management and its own judgment and experience, when evaluating the Company's executive compensation program. In 2016, the Compensation Committee did not utilize the services of an independent compensation consultant and did not use comparative industry data or a peer group given the determination that no changes would be made to executive officer compensation for 2016 and no equity grants would be provided.

ADDITIONAL COMPENSATION AND COMPENSATION PLANS

Benefits

In the United States, the named executive officers participate in the same benefit plans as the general employee population of the Company. International plans vary, and incremental amounts paid to executives who work outside the United States pursuant to foreign government required programs, including mandatory vacation allowances and retirement benefits, are not taken into consideration in determining base salary and are not used in calculating the annual target bonus amounts or in determining those executives' target total direct compensation. In general, benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with the Company. Benefits help keep employees focused on serving the Company and not distracted by matters related to paying for health care, saving for retirement or similar issues.

Retirement, Deferred Compensation and Pension Plans

During 2016, our U.S.-based executive officers that were eligible participated at their election in our 401(k) retirement savings plan that provides employees with an opportunity to contribute a portion of their cash compensation to the plan on a tax-deferred basis to be invested in specified investment options and distributed upon their retirement. Consistent with the 401(k) plan, we matched 100% of each employee's contributions to the 401(k) plan up to a maximum of 4% of the employee's eligible annual compensation. Our matching contribution for 2016 for named executive officers was \$31,800 in the aggregate.

We do not have any pension plans that entitle our named executive officers to additional benefits. In addition, we have not adopted a supplemental executive retirement plan or other "excess plan" that pays benefits to highly compensated executives whose salaries exceed the Internal Revenue Service's maximum allowable salary for qualified plans, and we do not have any nonqualified deferred compensation plans.

Severance Plans

We have two severance plans that provide for the payment of severance benefits to our U.S.-based employees, including our U.S.-based executive officers, if their employment is terminated in specified circumstances. One plan provides for the payment of severance benefits if the executive officer's employment is terminated without cause for certain reasons, and the other plan provides for the payment of severance benefits if, in connection with or following a change of control, the executive officer's employment is terminated without cause or if the executive officer of the Company terminates his or her employment with good reason. The two severance plans are mutually exclusive, meaning that an executive officer may be eligible to receive payments under one or the other of the plans depending on the circumstances surrounding the termination of the executive officer's employment, but it is not possible for an executive officer to receive payments under both plans. While the Compensation Committee generally does not take into account the potential payments to executive officers under our severance plans, including termination and change of control arrangements, in performing its annual evaluation of the target total direct compensation that may be realized by our executive officers, the Compensation Committee believes that the terms of these arrangements are generally consistent with those offered by similarly situated companies. A description of the terms of our severance plans, the specific circumstances that trigger payment of benefits, an estimate of benefits payable upon the occurrence of those triggering events and other information relating to such plans can be found below under the caption "Executive Compensation - Potential Payments under Severance Plans."

EXECUTIVE COMPENSATION GOVERNANCE PRACTICES

We believe that our compensation programs should ensure that our executives remain accountable for business results and take responsibility for the assets of the business and its employees. Consistent with these objectives, our Board has incorporated the following governance features into our compensation governance programs.

COMPENSATION RISK MITIGATION

The Company's executive compensation program includes features designed to discourage executives and other employees from taking unnecessary risks that could harm the financial health and viability of the Company, including balanced performance measures in the 2016 Bonus Plan. The Compensation Committee believes that the performance criteria used in our 2016 Bonus Plan strike an appropriate balance between preserving liquidity and spending for future growth and profitability and mitigate risk to the Company because actions taken to improve our performance with respect to one of the criteria would normally be expected to have a corresponding negative impact on other criteria. For example, if management were to implement promotional programs designed to aggressively pursue growth in revenue, those actions would be expected to increase expenses, resulting in a potential deterioration in operational free cash flow in the short term.

The Compensation Committee reviewed the risk profile of our compensation policies and practices and determined that our compensation programs are not reasonably likely to have a material adverse effect on the Company.

TAX DEDUCTIBILITY UNDER SECTION 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million paid to certain named executive officers of public companies. The Compensation Committee has implemented a compensation program that links a substantial portion of each executive's compensation to performance, but has not implemented a policy that limits the amount of compensation based on the limitations of Section 162(m). We intend to qualify executive compensation for deductibility under Section 162(m) if doing so is consistent with our best interests and the interests of our stockholders.

TRADING AND DERIVATIVES POLICY

The Board has adopted a policy prohibiting our directors, officers and members of their immediate families from entering into any transactions in our securities without first obtaining pre-clearance of the transaction from our general counsel. In addition, we prohibit directors and employees from engaging in any transaction involving our common stock that may be viewed as speculative, including buying or selling puts, calls or options, short sales, hedging transactions or purchases of our common stock on margin.

EMPLOYMENT AGREEMENTS

Generally, we do not enter into employment contracts with our employees. Our foreign subsidiaries enter into employment contracts with their employees where required or customary based on local law or practice. As is customary for executives in Brazil, Nextel Telecomunicações Ltda., our Brazilian subsidiary, has entered into an employment agreement with Mr. Valim in connection with his service as president of Nextel Brazil. In accordance with his employment agreement, Mr. Valim was granted a base salary of R\$2,400,000 (\$687,659), a target bonus of R\$4,800,000 (\$1,375,319), and \$3,000,000 in equity awards, which were granted in November 2015. The agreement also provides for a payment of \$4,500,000 should Mr. Valim be terminated in connection with a change of control of NII Holdings or Nextel Telecomunicações.

NO REPRICING OPTIONS

The 2015 Incentive Compensation Plan (the “2015 Plan”) approved by our stockholders in connection with the approval of our plan of reorganization prohibits the repricing of stock options governed by the 2015 Plan.

COMPENSATION RECOURPMENT POLICY

The Compensation Committee believes that the Company’s compensation programs should provide for the reduction or recovery of certain incentive payments made to our executives in the event our financial statements were to be restated in the future in a manner that would have negatively impacted the size or payment of the award at the time of payment. Although the Compensation Committee has not adopted a formal policy in addition to remedies available under applicable law, the Compensation Committee intends to adopt a policy to recover payments in compliance with the rules issued by the Securities and Exchange Commission pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act when such rules are finalized. As described above, long-term equity incentives comprise a significant portion of our executives’ target direct compensation and when combined with our ownership guidelines, subject our executives to substantial financial risk should there be a material negative restatement of our financial results.

The Company does not offer pension benefits or a deferred compensation plan.

POTENTIAL PAYMENTS UNDER SEVERANCE PLANS

We have arrangements with each of our U.S.-based named executive officers under our Change of Control Severance Plan that provide for payments and benefits if an executive officer's employment is terminated in connection with the occurrence of certain events involving a change in control. In addition, we have an obligation to make payments and provide certain benefits to our U.S.-based named executive officers under our Severance Plan, the 2015 Plan and Separation and Release Agreements between the Company and Messrs. Shindler and Freiman and Mrs. Smith resulting from termination of employment upon the occurrence of certain events. The following is a summary of the payments that we or our successor may make under each of these arrangements.

PAYMENTS UPON TERMINATION OF EMPLOYMENT

Each of our U.S.-based named executive officers is covered by our Change of Control Severance Plan and our Severance Plan. The Change of Control Severance Plan provides for the payment of certain benefits if, in connection with a change of control, an executive officer's employment is terminated by the Company without cause or by the executive officer for good reason. No benefits are required to be paid unless the executive officer's employment is terminated. The named executive officers are also entitled to severance benefits if their employment is terminated by the Company in specified circumstances under the Severance Plan. Although the benefits under the Severance Plan apply without regard to whether any change of control has occurred or is pending, the Change of Control Severance Plan provides that employees entitled to receive amounts paid under the Change of Control Severance Plan will not be entitled to cash severance under any other severance plan, including the Severance Plan. Messrs. Shindler and Freiman and Mrs. Smith have additional severance benefits pursuant to Separation and Release Agreements that provide for the payment of one additional year of base salary in addition to the benefits provided by our Severance Plan.

Mr. Valim is an employee of Nextel Brazil and is not eligible to receive benefits under the Change of Control Severance Plan and Severance Plan. Mr. Valim's termination benefits are as set forth in his employment agreement and as required by Brazilian law. Pursuant to his employment agreement, Mr. Valim will receive separation payments if his employment is terminated in connection with a change of control.

The named executive officers have also received awards of stock options and restricted stock under the 2015 Plan, which contains provisions that may accelerate the vesting of awards made to a named executive officer if we terminate the executive officer's employment with us, or if the executive officer terminates his or her employment with us for good reason, in connection with a change of control.

Except as noted below, we otherwise have not entered into any employment agreements or other arrangements that provide for benefits in connection with a termination of employment of our named executive officers.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT

PAYMENTS UPON TERMINATION OF EMPLOYMENT

The following table shows the estimated amount of the payments to be made to each of the named executive officers upon termination of their employment in connection with a change of control under the Change of Control Severance Plan, their involuntary termination under the Severance Plan or upon their termination in connection with their death, disability or retirement. For purposes of calculating the value of the benefits for the named executive officers, we have assumed that the triggering event for payment occurred under each of the arrangements as of December 31, 2016. The footnotes to the table contain an explanation of the assumptions made by us to calculate the payments, and the discussion that follows the table provides additional details on these arrangements.

(1) The Change of Control Severance Plan and Severance Plan provide benefits for employees of NII Holdings. No payments are required to be made to any named executive officer under the Change of Control Severance Plan or the Severance Plan if the executive is terminated for cause or if the executive voluntarily terminates his employment (other than for good reason in connection with a change of control under the Change of Control Severance Plan). The Change of Control Severance Plan provides that employees entitled to receive payments under the Change of Control Severance Plan will not also be entitled to severance under the Severance Plan. Mr. Valim is an employee of Nextel Brazil and is not eligible to receive benefits under the Change of Control Severance Plan or the Severance Plan. Mr. Valim's termination benefits are as set forth in his employment agreement and as required by Brazilian law. Equity awards have been granted to the named executive officers pursuant to our 2015 Plan, and the 2015 Plan and grant agreements apply to equity awards held by all named executive officers.

(2) Amounts included in this column reflect the portion of the severance payment attributable to base salary. Amounts attributable to the target bonus are included in the Bonus column (see note 3 below). The severance payment under the Change of Control Severance Plan for U.S.-based named executive officers is 200% of the executive's annual base salary on the day immediately preceding the change of control.

The severance payment under the Severance Plan for the U.S.-based named executive officers is 100% of the named executive officer's annual base salary at the time of termination.

- (3) Amounts included in this column reflect the portion of the severance payment attributable to the target bonus. The portion of the severance payment attributable to base salary is included in the Base Salary column (see note 2 above). Under the Change of Control Severance Plan, upon termination, each U.S.-based executive is entitled to receive as part of the severance payment 200% of the executive's annual target bonus on the day immediately preceding the change of control, as well as an amount equal to the earned portion of the bonus payment for the period ending on the termination event.

The Severance Plan provides for the payment of an amount equal to a prorated portion of the actual bonus payment earned for the period ending on the termination event for each U.S.-based named executive officer, payable when bonuses are paid to all other eligible employees.

- (4) Other Payments for the U.S.-based named executive officers with respect to the Change of Control Severance Plan include 18 months of COBRA health insurance and six months of outplacement counseling assistance. The U.S.-based executive officers are also eligible for reimbursement of legal, accounting and other fees incurred by the executive in a good faith effort to obtain the benefits provided for under the Change of Control Severance Plan; no amounts have been included in the Other Payments column for these potential payments.

Mr. Valim is an employee of Nextel Brazil and is not eligible to receive benefits under the Change of Control Severance Plan. For Mr. Valim, Other Payments listed under the Change of Control Severance Plan represent an enhanced severance protection of \$4,500,000, which includes any severance or termination payment required under Brazilian law, as provided for in his employment agreement and triggered if Mr. Valim is severed in connection with a change of control of NII Holdings or Nextel Brazil.

For Messrs. Shindler and Freiman and Mrs. Smith, Other Payments under Severance Plan – Involuntary Termination include an additional 12 months of annualized base salary at the time of termination, as provided for in their Separation and Release Agreements.

Mr. Valim is an employee of Nextel Brazil and is not eligible to receive benefits under the Severance Plan. For Mr. Valim, Other Payments under the Severance Plan provides an estimate of the legal severance payment calculated using base salary, certain benefits and tenure that would be required under Brazilian law. The amount is based on the average exchange rate of 3.4901 Brazilian Reals to 1.00 U.S. Dollar for the year ended December 31, 2016.

- (5) All outstanding options had an option exercise price above the closing price of our common stock on the NASDAQ stock market of \$2.15 on December 30, 2016. Amounts included in the Equity Awards column reflect the value of restricted stock calculated using the closing price of our common stock on December 30, 2016 multiplied by the shares whose vesting or payment are prorated or accelerated upon the triggering event.

In a change of control situation, we have assumed that the surviving entity has elected not to assume, replace or convert any of the awards made under the 2015 Plan. As described in more detail below, the 2015 Plan provides for the vesting of all unvested options and restricted stock in specific circumstances following a change of control of the Company. The 2015 Plan and the grant agreements made under that plan provide for a pro rata vesting of outstanding awards if an employee is terminated without cause based on the number of days served. The 2015 Plan and the grant agreements made under that plan also provide that outstanding and unvested options and restricted stock will vest upon an employee's death, disability, and if the employee retires at or after age 65 or at an earlier age with the consent of the Compensation Committee, with vested options remaining exercisable for a period of one year after the date the employee ceases to be an employee of the Company or its subsidiary. The 2015 Plan and the grant agreements also provide for continued exercisability of vested options for a period of 90 days from the employee's date of termination in all other situations.

- (6) In addition to the amounts specified in this column, upon termination in each of the circumstances noted, the executive officer is entitled to receive base salary and cash or non-cash benefits earned prior to the date of the named executive officer's termination, including payments with respect to accrued and unused vacation time and any reimbursements for the reasonable and necessary business expenses incurred by the named executive officer prior to termination.

- (7) Change of Control Severance Plan — Termination by Executive for Good Reason or by the Company Without Cause describes the benefits payable to our U.S.-based named executive officers if the named executive officer voluntarily terminates his or her employment for good reason in connection with a change of control or if the named executive officer's employment is terminated without cause by us or the surviving entity in connection with a change of control as described below in "Change of Control Severance Plan." This section also describes the benefits provided for in our 2015 Plan and the grant agreements made under that plan that apply to all named executive officers in connection with a termination by an executive for good reason or by the Company without cause in connection with a change of control.

In cases in which a U.S.-based named executive officer's employment is terminated by us or the surviving entity in connection with a change of control, each named executive officer will be entitled to a severance payment under the Change of Control Severance Plan, but not the Severance Plan.

As an employee of Nextel Brazil, Mr. Valim is not eligible to receive benefits pursuant to the Change of Control Severance Plan, and we have included the enhanced severance payment due to Mr. Valim under his employment agreement in connection with a change of control of the Company or Nextel Brazil under the Other Payments column of this section.

- (8) Mr. Valim is an employee of Nextel Brazil and is not eligible for benefits under the Change of Control Severance Plan or the Severance Plan. Mr. Valim's termination benefits are as set forth in his employment agreement and as required by Brazilian law. Under Brazilian law, Mr. Valim may be eligible for additional benefits than those indicated based on the specific circumstances of his termination. Mr. Valim's equity awards were made pursuant to our 2015 Plan, and the terms of our 2015 Plan and the grant agreements made under that plan apply to his equity awards.

- (9) Severance Plan — Involuntary Termination describes the benefits payable to a U.S.-based named executive officer if the named executive officer's employment is terminated by us without cause other than in connection with a change of control under the circumstances described below under "Severance Plan." This section also includes the benefits provided for in our 2015 Plan and the grant agreements made under that plan that would apply to all named executive officers in connection with an involuntary termination.

As an employee of Nextel Brazil, Mr. Valim is not eligible to receive benefits pursuant to the Severance Plan. He may be eligible, depending on the circumstances of his termination, to receive benefits under Brazilian law.

Change of Control Severance Plan

The Change of Control Severance Plan provides that each U.S.-based named executive officer will receive a payment if a change of control, as defined below, occurs and either is terminated without cause or resigns for good reason. Each U.S.-based named executive officer will be entitled to receive 200% of his or her annual base salary and target bonus at the date of his or her termination upon such an event as provided in the Change of Control Severance Plan. Each named executive officer will be entitled to receive his or her payment under the Change of Control Severance Plan in a lump sum within thirty days following termination of employment.

We or the surviving entity will also pay the full premium cost of continued health care coverage for each named executive officer under the federal COBRA law in such a termination. We will make the COBRA payments up to the lesser of 18 months or the time at which the named executive officer is reemployed and is eligible to receive group health coverage benefits under another employer-provided plan. The payments may also cease for any of the reasons provided in the COBRA law.

In addition, in the event that any of the named executive officers incur any legal, accounting or other fees and expenses in a good faith effort to obtain benefits under the Change of Control Severance Plan, we or the surviving entity will reimburse the named executive officer for such reasonable expenses. In the event that any payment made under the Change of Control Severance Plan is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the named executive officer's payments will be reduced to the maximum amount that does not trigger the excise tax unless the named executive officer would be better off (on an after-tax basis) receiving all payments and paying all excise and income taxes.

A change of control will be deemed to occur under the Change of Control Severance Plan when:

- we are merged, consolidated or reorganized into or with another company, or we sell or otherwise transfer all or substantially all of our assets to another company, and, as a result of either transaction, less than a majority of the combined voting power of the then outstanding securities of the resulting company immediately after the transaction is held by the holders of our voting securities immediately prior to the transaction;
- the directors on our Board as of the effective date of the Change of Control Severance Plan or directors elected subsequent to that date and whose nomination or election was approved by a vote of at least two-thirds of the directors on the Board as of the effective date of the Change of Control Severance Plan cease to be a majority of our board;
- our stockholders approve our complete liquidation or dissolution;
- an individual, entity or group acquires beneficial ownership of 50% or more of our then outstanding shares or 50% of our then outstanding voting power to vote in an election of our directors, excluding any acquisition directly from us; or
- our Board approves a resolution stating that a change of control has occurred.

A named executive officer will receive compensation under the Change of Control Severance Plan if:

- the named executive officer is terminated without cause, as defined in the Change of Control Severance Plan, within 12 months from a change of control or prior to the change of control if the named executive officer reasonably demonstrates that the termination was at the request of a third party attempting to effect a change of control or otherwise in connection with a change of control; or
- the named executive officer voluntarily terminates his employment for good reason during the 12 months following a change of control, defined as when, after the change of control:
 - there was a material and adverse change in or reduction of the named executive officer's duties, responsibilities and authority that the named executive officer held preceding the change of control;
 - the named executive officer's principal work location was moved to a location more than 40 miles away from his prior work location;
 - the named executive officer was required to travel on business to a substantially greater extent than prior to the change of control, which results in a material adverse change in his employment conditions;
 - the named executive officer's salary, bonus or bonus potential were materially reduced or any other significant adverse financial consequences occurred;
 - the benefits provided to the named executive officer were materially reduced in the aggregate; or
 - we or any successor fail to assume or comply with any material provisions of the Change of Control Severance Plan.

Severance Plan

The Severance Plan provides payments to our U.S.-based named executive officers in the event of an involuntary termination of employment, which includes termination due to job elimination, work force reductions, lack of work, a determination by us that the executive officer's contributions no longer meet the needs of the business and any other reason determined by us. Under the Severance Plan, each of the U.S.-based named executive officers will be entitled to a payment equal to 12 months of his annualized base salary, not including any bonus, incentive payments or commission payments. Each eligible named executive officer will also receive a pro rata payment of his bonus based on the portion of the year that the named executive officer was employed by us. We will pay the bonus to the named executive officer at the same achievement level as other employees subject to the same bonus targets and when we pay bonuses to employees at the same position level following the bonus period.

We expect to make a lump sum payment of the amount due under the Severance Plan, although we reserve the right to make the payments periodically for a period not to exceed 24 months. In order to receive payments under the Severance Plan, each named executive officer must return all of our property and execute a release agreement:

- acknowledging that the payments to be received represent the full amount that the named executive officer is entitled to under the Severance Plan;
- releasing any claims that the named executive officer has or may have against us; and
- in our discretion, agreeing not to compete with us for a certain period.

The release agreement will also require the named executive officer to comply with specified confidentiality, non-disparagement and non-solicitation obligations. Our obligation to make or continue severance payments to the executive officer will cease if the executive officer does not comply with those obligations.

2015 Incentive Compensation Plan

The 2015 Plan currently covers the grant of certain incentives and awards, including stock options, restricted stock, restricted stock units and cash-based incentives, to our employees, including the named executive officers. Under the 2015 Plan, if a change of control occurs and the incentives and awards granted under the 2015 Plan are not assumed by the surviving entity, or the employee is terminated within a certain period following a change of control, each outstanding award is treated as explained below. A change of control under the 2015 Plan is defined the same as in the Change of Control Severance Plan and the same events that trigger payments to the named executive officer under the Change of Control Severance Plan trigger payments under the 2015 Plan.

- *Options* . If the surviving entity assumes, replaces or converts the options and the named executive officer is terminated within 12 months under circumstances that would trigger payment, the options will become fully exercisable, vested or earned. If the options are not assumed, replaced or converted, each option shall be fully exercisable upon a change of control.
- *Restricted Stock and Restricted Stock Units* . If the surviving entity assumes, replaces or converts the stock award and the named executive officer is terminated within 12 months under circumstances that would trigger payment, the stock awards shall be vested. If the restricted stock and restricted stock unit awards are not assumed, replaced or converted, the restricted stock or restricted stock units shall be vested upon a change of control.
- *Cash-Based Incentives* . If the surviving entity assumes, replaces or converts cash-based incentives and the named executive officer is terminated within 12 months under circumstances that would trigger payment, each outstanding cash-based incentive award shall be deemed earned pro-rata based on the fraction of the performance period that has elapsed from the beginning of the performance period until termination. If the cash-based incentives are not assumed, replaced or converted, the cash-based incentives shall be deemed earned upon a change of control.

The 2015 Plan provides that the Compensation Committee, as administrator of the plan, shall determine what amounts will be payable to the named executive officer upon termination, death, disability or retirement in the agreement under which awards are made under the 2015 Plan. The award agreements relating to the 2015 emergence long-term equity grants provide for full vesting of any outstanding restricted stock and option awards covered by the agreement in connection with a named executive officer's death, disability or retirement at or after age 65. In addition, the agreements provide for vesting of a pro-rated portion of the restricted stock and option awards based on time served if the named executive officer is terminated without cause.

Employment Agreement with Mr. Valim

In accordance with his employment agreement with Nextel Telecomunicações Ltda., Mr. Valim will receive a payment of \$4,500,000 should he be terminated in connection with a change of control of NII Holdings or Nextel Telecomunicações.

Separation Agreements with Messrs. Shindler and Freiman and Mrs. Smith

We are implementing a restructuring of our U.S.-based corporate headquarters to further streamline our expenses by shifting the costs and associated responsibilities from our headquarters in Reston, Virginia to our operating subsidiary in Brazil. In connection with these changes, we entered into Separation and Release Agreements with Messrs. Shindler and Freiman and Mrs. Smith. The agreements provide for benefits consistent with our Severance Plan plus an additional payment of one times base salary. The agreement for Mr. Shindler provided for a target termination date of April 1, 2017. Mr. Shindler's employment with NII has continued beyond April 1, 2017 and a final termination date has not been determined. The agreements for Mr. Freiman and Mrs. Smith contemplate a target termination date of July 1, 2017, although the actual termination date has not been determined.

Please see “Director Biographies – Directors Standing for Re-election – To Hold Office Until 2018” on page 15 of this proxy statement for information concerning our incumbent directors standing for re-election.

If any of the nominees are unable to serve as a director, the persons named in the enclosed proxy reserve the right to vote for a substitute nominee designated by our Board, to the extent consistent with our Amended and Restated Certificate and our Fifth Amended and Restated Bylaws. The nominees listed above have consented to be nominated and to serve if elected. We do not expect any of the nominees will be unable to serve.

VOTE REQUIRED

Provided a quorum is present and it is an uncontested election, directors are elected by a majority of the votes cast for each director at the Annual Meeting. This means that the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that nominee. Abstentions and broker non-votes will have no effect on the election of directors. If a nominee who is currently serving as a director is not elected at the Annual Meeting, under Delaware law the director will continue to serve on the Board as a “holdover director.” However, in accordance with our Corporate Governance Guidelines, incumbent directors are required to submit an irrevocable, contingent resignation to the Board that becomes effective only if the director fails to receive a majority of votes cast for re-election in an uncontested election. In accordance with the Corporate Governance Guidelines, the Board will consider the director’s resignation within 90 days following the election results and will promptly disclose its decision to accept or reject the director’s conditional resignation. Since Messrs. Beebe, Continenza, Hoffmann, Knoepfelmacher, Rogers, Schriesheim and Shindler are standing for re-election, they have each submitted irrevocable, contingent resignations consistent with the requirements of our Corporate Governance Guidelines.

In the event of a contested election in accordance with our Bylaws, directors shall be elected by the vote of a plurality of the votes cast. Abstentions and broker non-votes will have no effect on the election of directors in a contested election.

Our Board recommends that the holders of common stock vote “FOR” incumbent directors Kevin Beebe, James Continenza, Howard Hoffmann, Ricardo Knoepfelmacher, Christopher Rogers, Robert Schriesheim and Steven Shindler.

PROPOSAL II ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act of 1934, we are asking our stockholders to provide advisory approval of the compensation of our named executive officers, as described in this proxy statement. While this vote is advisory, it will provide information to our Compensation Committee regarding investor sentiment about our compensation principles and objectives. We urge you to read the Compensation Discussion and Analysis beginning on page 23, and the compensation tables and related narratives appearing in this proxy statement for more information regarding the compensation of our named executive officers. The Compensation Committee develops our executive compensation strategy in furtherance of the following principal compensation objectives:

- align executive compensation with stockholders' interests;
- recognize individual initiative and achievements;
- attract, motivate and retain highly qualified executives; and
- create incentives that drive the entire executive management team to achieve challenging corporate goals that drive superior long-term performance.

The Compensation Committee fulfills our compensation objectives by setting target direct compensation at a level commensurate with the executive's and the Company's performance relative to our Peer Group utilizing individual and market measures. A substantial majority of our executives' compensation is provided in the form of variable, performance-based compensation that links our executives' compensation to our long-term performance.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the philosophy and structure of our compensation program for our named executive officers as well as the overall compensation of those officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address the concerns of stockholders.

Our Board and our Compensation Committee value the opinions of our stockholders.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this proxy statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and the other related narrative disclosure."

VOTE REQUIRED

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal II. Abstentions and broker non-votes will not impact the outcome of the vote on this proposal.

Our Board recommends that the stockholders vote "FOR" the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

PROPOSAL III RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2016, and has been selected by the Audit Committee to serve as our independent registered public accounting firm for the current fiscal year. Information concerning the fees paid to KPMG LLP is included in this proxy statement under the heading “Audit Information.” Representatives of KPMG LLP will be present at the Annual Meeting and available to respond to appropriate questions from stockholders and may make a statement if they so desire.

Although our Fifth Amended and Restated Bylaws do not require stockholder ratification or other approval of the retention of our independent registered public accounting firm, as a matter of good corporate governance, the Board is requesting that stockholders ratify the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

VOTE REQUIRED

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal IV. Abstentions and broker non-votes will not impact the outcome of the vote on this proposal.

Our Board recommends that the stockholders vote “FOR” the ratification of the appointment of KPMG LLP.

With respect to proposals in this latter category, the persons who are appointed as proxies may exercise their discretionary voting authority with respect to that proposal, if the proposal is considered at the 2018 Annual Meeting, even if stockholders have not been advised of the proposal in the proxy statement for the 2018 Annual Meeting. Any proposals submitted by stockholders must comply in all respects with the rules and regulations of the SEC then in effect and Delaware law and our Fifth Amended and Restated Bylaws. Additional details regarding the process to be followed by stockholders wishing to make a proposal are included in the Company's Fifth Amended and Restated Bylaws, which are available on the Investor Relations page of our website at www.nii.com.
