As the first new major clearing house in London in over a century, ICE Clear Europe is enabling the efficient development of new products to support the risk management needs of member firms and customers in ICE's energy futures and OTC markets. In 2002, ICE pioneered the concept of cleared OTC energy contracts, which provide participants with access to centralized clearing and settlement arrangements while reducing bilateral credit risk and capital required for each OTC trade.

About IntercontinentalExchange

IntercontinentalExchange(R) (NYSE: ICE) operates regulated global futures exchanges and over-the-counter (OTC) markets for agricultural, energy, equity index and currency contracts, as well as credit derivatives. ICE(R) offers these markets to participants around the world through its technology infrastructure and trading platform, together with clearing, market data and risk management services. ICE Futures Europe(R) is ICE's regulated energy futures exchange. ICE's regulated North American exchanges, ICE Futures U.S.(R) and ICE Futures Canada(TM), offer markets for agricultural and financial contracts. Creditex, a market leader in trade execution and processing for credit derivatives, is also a wholly-owned subsidiary of ICE. A member of the Russell 1000(R) and S&P 500 indices, ICE is headquartered in Atlanta, with offices in New York, London, Chicago, Winnipeg, Calgary, Houston and Singapore. **www.theice.com**.
