ATLANTA, Nov. 21, 2011 /PRNewswire/ -- IntercontinentalExchange (NYSE: ICE), a leading operator of global regulated futures exchanges, clearing houses and over-the-counter (OTC) markets, today announced the launch of **33 new cleared OTC contracts** for global refined petroleum products and North American power.

(Logo: **http://photos.prnewswire.com/prnh/20090727/CL51999LOGO**)

All of the new contracts will be available for the trade date of Monday, December 5, 2011, subject to Energy Risk Committee approval and regulatory non-objection. As previously announced, **ICE Brent NX** (New Expiry) Crude Futures and Options contracts also will be introduced December 5. With the products announced today, ICE will offer over 635 cleared OTC energy contracts, including more than 545 new cleared OTC contracts since the launch of ICE Clear Europe in November 2008.

The new contracts are:

- PJM WH Real Time Same Day Option (PDS)

ICE Clear Europe enables the efficient development of new products to support the risk management needs of member firms and customers in ICE's global energy futures and OTC markets. In 2002, ICE pioneered the concept of cleared OTC energy contracts, which provide participants with access to centralized clearing and settlement arrangements while reducing bilateral credit risk and capital required for each OTC trade.
