INTERCONTINENTALEXCHANGE CHIEF TECHNOLOGY OFFICER NAMED TO 2009 INFOWORLD CTO 25

Released : 20 January 2009

On June 1, 2009, ICE Chief Technology Officer Edwin Marcial was named to the InfoWorld CTO 25. InfoWorld credited Marcial with guiding the development of and transition to ICE's new European clearing house, while simultaneously working on other projects including the continued build out of the core ICE derivates trading platform that operates all of ICE's exchange business to achieve industry-leading sub-3 millisecond transaction times for futures markets.
