- 2Q homebuilding revenue totaled \$11.7 million on 28 deliveries
- Backlog rises to \$24.8 million compared to \$18.8 million one year earlier
- Community count of 10 at quarter-end 2014 compared to 5 a year earlier

RESTON, Va.--(BUSINESS WIRE)-- Comstock Holding Companies, Inc. (NASDAQ:CHCI) ("Comstock" or the "Company"), a leading homebuilding and multi-faceted real estate development and services company focused on the Washington, D.C. metropolitan area, today announced results for the second quarter ended June 30, 2014.

Chairman and CEO Christopher Clemente commented, "During the quarter, we delivered the last of the 66 units in our Eastgate community in Chantilly, VA. This community sold out ahead of schedule while also exceeding our original expectations for revenue and average sales prices. Overall new orders for the second quarter and the first half of 2014 are slightly below the same periods last year primarily as a result of the delayed opening of several new communities this year as a result of the harsh winter months. However, as a result of healthy demand for new homes in the Washington, DC region, and the year-to-date performance of our open communities, our backlog expanded in the second quarter and was approximately 32% higher in backlog revenue as of June 30<sup>th</sup> than it was a year ago."

"Further, as a result of favorable economic conditions in the Washington, DC region, demand for housing has improved significantly over the past few years," Clemente continued. "Although existing homes available for sale have increased slightly, the average days-on-market has decreased and average sales prices have been increasing. Based on current market conditions and our increased number of communities that we expect to have open by the end of 2014, we are looking forward to 2015."
