INVESTOR FACT SHEET

August 2020

Sherritt Overview
Sherritt has a 90-year history of growth and innovation. This experience has enabled Sherritt to emerge as a world leader in the mining and refining of nickel and cobalt from lateritic ores and become Cuba’s largest foreign investor through its Moa Joint Venture and as the country’s largest independent energy producer. As a producer of the highest purity nickel and cobalt and a continued focus on improving production efficiencies at its Moa JV, Sherritt is well positioned to capitalize on the growing demand for battery metals needed for electric vehicles.

Sherritt’s Investment Highlights
• Leader in mining and hydrometallurgical refining of nickel and cobalt from lateritic ores.
• Recently received approval for transaction to reduce debt and legacy investment in Ambatovy
• Upside leverage to improving nickel and cobalt prices.
• Well positioned to capitalize on electric vehicle battery demand.
• Low-cost producer of high purity nickel and cobalt.
• Energy assets add cash flow diversity.
