

17.0 AUTHORS AND ACKNOWLEDGEMENTS

This document has been prepared by AMEC Environment & Infrastructure, a division of AMEC Americas Limited (AMEC), with the considerable involvement of the Rainy River Resources / New Gold environmental and engineering team. AMEC wishes to acknowledge the support we have received and in particular from: Kyle Stanfield, Director Environment & Sustainability; Stacey Jack, Community Coordinator; and Garett Macdonald, Director, Feasibility Study & Acting Project Director.

Assistance has also been provided by Woodland Heritage Services, Unterman McPhail Associates, BBA, TBT Engineering and SanZoe Consulting which has been appreciated.
