2. Do you have any comments, interests or suggestions related to the Rainy River Gold Project in general?
   The land should be left the way it is, you can't go drink gold, need to think of future generations, short term work can destroy our planet.

3. Do you have any comments, interests or suggestions related to the proposed Terms of Reference for the Provincial Environmental Assessment for the Rainy River Gold Project?
   I am concerned about the void that is gonna be created, also I'm worried about water supply, is it gonna be contaminated.

   My questions in regards to water level or quality of Pinehurst River were addressed. We own property across 4 miles west of mine site and the river runs passes through our farm land.

   Like the name, why not call it the Blackhawk or Barwick or Barwick or Blackhawk Gold mine as it really is. Make there time to be something. Give it the credit that it should have now because when the good days are gone, people are going to say the hole in the ground Barwick or Blackhawk or Both.

4. Do you have any comments, interests or suggestions related to the Draft Environmental Assessment for the Rainy River Gold Project?
   Like how deep open pit and how long and how deep. For underground tunnels, like example is a mile? Total? But does not matter like more the better.
