FORWARD-LOOKING STATEMENTS

Certain statements made in this presentation are forward-looking statements. These forward-looking statements include statements regarding our intent, belief or current expectations and are based on various assumptions. These statements involve substantial risks and uncertainties. Actual results or events could differ materially from the plans, intentions and expectations disclosed in the forward-looking statements that we make. Forward-looking statements may include, but are not limited to, statements regarding net asset value and potential trading prices. Words such as “anticipates,” “believes,” “expects,” “estimates,” “projects,” “plans,” “intends,” “may,” “will,” “would,” “outlook,” “strategy,” “targets,” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results or outcomes may differ materially from those contemplated by the forward-looking statement. Further, forward-looking statements speak only as of the date they are made, and we undertake no obligation to update or revise any forward-looking statement to reflect changed assumptions or the occurrence of unanticipated events or changes to future operating results, unless required to do so by law. Such factors include, but are not limited to, the ability of Apple Hospitality REIT, Inc. (the “Company,” “Apple Hospitality,” “Apple” or “APLE”) to effectively acquire and dispose of properties and redeploy proceeds; the anticipated timing and frequency of shareholder distributions; the ability of the Company to fund capital obligations; the ability of the Company to successfully integrate pending transactions and implement its operating strategy; changes in general political, economic and competitive conditions and specific market conditions (including the potential effects of inflation or a recessionary environment); reduced business and leisure travel due to geopolitical uncertainty, including terrorism and acts of war; travel-related health concerns, including widespread outbreaks of infectious or contagious diseases in the U.S.; inclement weather conditions, including natural disasters such as hurricanes, earthquakes and wildfires; government shutdowns, airline strikes or equipment failures or other disruptions; adverse changes in the real estate and real estate capital markets; financing risks; changes in interest rates; litigation risks; regulatory proceedings or inquiries; changes in laws or regulations or interpretations of current laws and regulations that impact the Company’s business, assets or classification as a real estate investment trust; or other risks detailed in filings made by Apple Hospitality with the Securities and Exchange Commission (“SEC”). Although the Company believes that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore there can be no assurance that such statements included in this presentation will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the results or conditions described in such statements or the objectives and plans of the Company will be achieved.

Apple Hospitality is a publicly traded real estate investment trust that owns one of the largest and most diverse portfolios of upscale, rooms-focused hotels in the United States.

PORTFOLIO POISED FOR CONTINUED OUTPERFORMANCE

- **Well positioned to benefit from increasing business transient demand**
- Select-service hotels franchised with industry-leading brands provide strong value proposition and have proven appeal with broadest group of customers
- Broad geographic diversification provides exposure to wide variety of markets and demand generators
- **Limited near-term portfolio impact from new supply**
- Positioned to benefit from market compression as large group business returns
- **Strong rate growth and operational efficiencies create partial offset to inflationary pressures**
- Data-driven asset management team and industry-leading operators maximize property-level performance
- Scale ownership of rooms-focused hotels minimizes G&A load per key and provides fixed cost efficiencies
- **Well-maintained, institutional-quality portfolio with substantial long-term value**
- Acquisition and disposition activity since start of pandemic has lowered the average age of assets, reduced near-term CapEx and increased exposure to markets anticipated to outperform over the next cycle while maintaining a strong and flexible balance sheet
- Balance sheet strength and liquidity position the Company to continue to pursue accretive acquisitions and optimize portfolio

BROAD GEOGRAPHIC DIVERSIFICATION

Diversification across 87 markets helps drive strong, consistent performance

- ✓ Broad geographic diversification provides exposure to wide variety of demand generators
- ✓ Markets benefit from a mix of business and leisure demand
- ✓ Portfolio benefits from both large corporate negotiated and small and midmarket local negotiated business demand
- ✓ Low dependence on inbound international travel
- ✓ Unparalleled exposure to business-friendly markets leading the recovery and benefitting from population shifts

Highlighted markets represent largest markets in Apple Hospitality's portfolio based on Comparable Hotels Adjusted Hotel EBITDA contribution for the year ended December 31, 2023. Comparable Hotels Adjusted Hotel EBITDA contribution by location type based on the year ended December 31, 2023. Market and location categorizations based on STR designations.

HIGH-DENSITY SUBURBAN

Properties ideally located in upscale submarkets with attractive cost structures that benefit from a broad mix of business and leisure demand generators and resilient group business. With proximity to an array of guest amenities and conveniences, these locations help drive strong, consistent performance.

URBAN

Properties located in business-friendly cities leading the recovery. Beneficiaries of demographic shifts and economic development, these urban locations are home to numerous demand generators, not heavily dependent on inbound international travel and poised for continued growth.

STRONG OPERATING MARGINS

APPLE has a proven record of maximizing operating margins across economic cycles.

APPLE is well positioned to maximize efficiencies and drive profitability:

- Broad consumer appeal allows for optimization of business mix as recovery continues to drive ADR and RevPAR growth
- Rooms-focused hotels are inherently efficient
- Higher margins amplify bottom-line impact of top-line growth
- Unparalleled access to performance data allows benchmarking to identify and share best practices
- Flexible labor and in place labor management systems (with centralized reporting) provide opportunity to increase productivity as operations stabilize
- Investments in hotel associates and training lower turnover and reduce reliance on contract labor over time

Supply growth well below historical average for our portfolio

New construction starts have meaningfully decreased since onset of pandemic with anticipated delays in completion

More than 50% of our hotels do not have any exposure to new projects currently under construction within a five-mile radius

National supply growth over the next four quarters of 0.7%, more than 46% below long run average⁽¹⁾

Portfolio Exposure to New Supply

Strategic Asset Management Approach

- Analytical, data-driven asset management to maximize property-level performance
- Scale to negotiate attractive national contracts
- Strategic revenue management to optimize mix of business and maximize bottom-line performance
- Strong regional and national third-party operators with readily terminable contracts and flexibility to align performance goals

Best-in-Class Operators

- 100% of Apple Hospitality's portfolio operated by third-party property managers
- 94% of hotels independent of brand management
- 16 operating companies provide a platform for comparative analytics and shared best practices
- 24% of operators' portfolios represented by Apple Hospitality on average, excluding brands

PROPRIETARY MANAGEMENT AGREEMENT STRUCTURE

With steady recovery in our business and more stabilized operations, we returned to a variable rate management fee structure for 2023 with payments based on a balanced scorecard to optimize performance

Our unique management company contract structure better aligns owner and operator to maximize performance in all market environments.

APPLE's Management Company Contract Structure

Industry Standard Structure

Variable Management Fee
2.5% - 3.5% of revenues based on property's balanced scorecard performance

Base Management Fee
Typically 3% of revenues

Balanced Scorecard Metrics:

- Gross operating profit budget variance
- STR market target index growth and target rank
- Guest satisfaction/online review scores
- Flex/flow percent versus budgeted gross operating profit

+

Incentive Management Fee
% of operating profit above an owner's priority return

Approximately 85% of our hotels operate under this structure. Contract terms average two years and are terminable upon sale. APPLE originally implemented this contract structure in 2016.

BALANCE SHEET POISED FOR FUTURE GROWTH

- Positive corporate cash flow early in the recovery preserved strength of balance sheet and equity value
- Conservative capital structure with staggered maturities lowers capital costs
- **Amended and restated existing \$850 million credit facility, increasing borrowing capacity to approximately \$1.2 billion, extending maturity dates and achieving improved pricing**
- Through the amended credit agreement, the Company has greater access to liquidity for strategic growth and the opportunity to reduce its already conservative secured debt exposure
- **During Q4 2023, the Company sold approximately 12.8 million shares under its ATM Program at a weighted-average market sales price of approximately \$17.05 per common share and received net proceeds of approximately \$216 million, positioning the Company to continue to pursue accretive acquisitions**
- As of December 31, 2023, 89% of outstanding debt fixed or hedged and 210 hotels unencumbered
- Poised to be acquisitive and optimize portfolio through opportunistic transactions

STRONG BALANCE SHEET & LIQUIDITY POSITION

Low debt and staggered maturities facilitate agile balance sheet strategy
 Strong liquidity position for opportunistic growth

Opportunistic Dispositions

- Reduce exposure to lower growth markets
- Dispose of hotels where strong operating efficiencies are harder to achieve
- Optimize capital reinvestment program through dispositions that effectively manage near- and long-term CapEx needs based on return on investment

Accretive Acquisitions

- Invest in hotels and markets with greater growth potential
- Acquire assets in strong RevPAR markets with attractive cost structures that further enhance operating margins and long-term return on investment
- Grow portfolio when conditions are right

Strategic Growth

Earnings growth through portfolio optimization enhances long-term shareholder returns

NET ACQUIRER SINCE ONSET OF PANDEMIC

Our acquisition and disposition activity since the start of the pandemic has optimized our portfolio by lowering the average age of our assets, reducing near-term CapEx and increasing exposure to markets we anticipate will outperform over the next cycle **while maintaining the strength and flexibility of our balance sheet.**

CORPORATE RESPONSIBILITY INITIATIVES

We own one of the largest and most geographically diverse portfolios of rooms-focused hotels in the United States and are dedicated to making a positive impact on the many communities our hotels serve. We are mindful of our environmental footprint and committed to reducing our impact over time. We have always worked to uphold high environmental, social and governance (“ESG”) standards and believe these key areas of focus are an integral part of driving long-term value for our shareholders. We are committed to continuous improvement, and it is our expectation that we will continue to enhance and expand our ESG-related disclosures as our progress deepens and industry-wide standards evolve.

Our Corporate Responsibility Report details our ESG performance, strategy and initiatives and features our commitment to environmental sustainability, corporate employees, hotel associates and guests, communities, and other stakeholders. The Company’s 2023 Corporate Responsibility Report utilizes both the Global Reporting Initiative (“GRI”) Standards and Task Force on Climate-related Financial Disclosures (“TCFD”) to provide a comprehensive overview of the Company’s corporate responsibility performance and climate-related risk management. Apple Hospitality’s enhanced disclosures are intended to provide stakeholders with a better understanding of the Company’s strategy, policies, programs, procedures, performance and initiatives related to environmental stewardship, social responsibility, and corporate governance and resiliency. The Company’s 2023 Corporate Responsibility Report and other ESG-related materials can be found within the Corporate Responsibility section of our website.

Apple Hospitality is committed to enhancing and incorporating sustainability opportunities into our investment and asset management strategies, with a focus on minimizing our environmental impact through reductions in energy and water usage and through improvements in waste management.

Apple Hospitality Key Metrics for 2022⁽¹⁾

- Approximately 19 Million Square Feet
- 380,000 MWh Total Energy Consumption
- 20.18 Total kWh per Square Foot
- 100% Portfolio Enrolled in ENERGY STAR® Program
- 923,000 kgal Water Withdrawal
- 14% Diversion Rate⁽²⁾

The Company has in place an Environmental Policy and a Vendor Code of Conduct. A formal energy management program was established in 2018 to ensure that energy, water and waste management are a priority not only within the Company, but also with our management companies and brands.

With 19.37 total kWh per square foot in 2021 as compared to an average of 23.83 total kWh per square foot reported by full-service REITs for 2021, **the rooms-focused hotels we invest in are more operationally and environmentally efficient than full-service hotels.**⁽³⁾ Additionally, Apple Hospitality’s 2022 average total utility cost of \$5.90 per occupied room highlights both the Company’s efforts to operate its hotels effectively and the inherent efficiency of the buildings.

Non-GAAP Financial Measures

The Company considers the following non-GAAP financial measures useful to investors as key supplemental measures of its operating performance: Funds from Operations (“FFO”); Modified FFO (“MFFO”); Earnings Before Interest, Income Taxes, Depreciation and Amortization (“EBITDA”); Earnings Before Interest, Income Taxes, Depreciation and Amortization for Real Estate (“EBITDAre”); Adjusted EBITDAre; Adjusted Hotel EBITDA; Comparable Hotels Adjusted Hotel EBITDA; and Same Store Hotels Adjusted Hotel EBITDA. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income (loss), cash flow from operations or any other operating GAAP measure. FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA are not necessarily indicative of funds available to fund the Company’s cash needs, including its ability to make cash distributions. Although FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA, as calculated by the Company, may not be comparable to FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA, as reported by other companies that do not define such terms exactly as the Company defines such terms, the Company believes these supplemental measures are useful to investors when comparing the Company’s results between periods and with other REITs.

EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA

EBITDA is a commonly used measure of performance in many industries and is defined as net income (loss) excluding interest, income taxes, depreciation and amortization. The Company believes EBITDA is useful to investors because it helps the Company and its investors evaluate the ongoing operating performance of the Company by removing the impact of its capital structure (primarily interest expense) and its asset base (primarily depreciation and amortization). In addition, certain covenants included in the agreements governing the Company’s indebtedness use EBITDA, as defined in the specific credit agreement, as a measure of financial compliance.

In addition to EBITDA, the Company also calculates and presents EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts (“Nareit”), which defines EBITDAre as EBITDA, excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), plus real estate related impairments, and adjustments to reflect the entity’s share of EBITDAre of unconsolidated affiliates. The Company presents EBITDAre because it believes that it provides further useful information to investors in comparing its operating performance between periods and between REITs that report EBITDAre using the Nareit definition.

The Company also considers the exclusion of non-cash straight-line operating ground lease expense from EBITDAre useful, as this expense does not reflect the underlying performance of the related hotels (Adjusted EBITDAre).

The Company further excludes actual corporate-level general and administrative expense for the Company as well as Adjusted EBITDAre from its non-hotel property from Adjusted EBITDAre (Adjusted Hotel EBITDA) to isolate property-level operational performance over which the Company’s hotel operators have direct control. The Company believes Adjusted Hotel EBITDA provides useful supplemental information to investors regarding operating performance and is used by management to measure the performance of the Company’s hotels and effectiveness of the operators of the hotels.

DEFINITIONS CONTINUED

FFO and MFFO

The Company calculates and presents FFO in accordance with standards established by Nareit, which defines FFO as net income (loss) (computed in accordance with generally accepted accounting principles ("GAAP")), excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), extraordinary items as defined by GAAP, and the cumulative effect of changes in accounting principles, plus real estate related depreciation, amortization and impairments, and adjustments for unconsolidated affiliates. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most real estate industry investors consider FFO to be helpful in evaluating a real estate company's operations. The Company further believes that by excluding the effects of these items, FFO is useful to investors in comparing its operating performance between periods and between REITs that report FFO using the Nareit definition. FFO as presented by the Company is applicable only to its common shareholders, but does not represent an amount that accrues directly to common shareholders.

The Company calculates MFFO by further adjusting FFO for the exclusion of amortization of finance ground lease assets, amortization of favorable and unfavorable operating leases, net and non-cash straight-line operating ground lease expense, as these expenses do not reflect the underlying performance of the related hotels. The Company presents MFFO when evaluating its performance because it believes that it provides further useful supplemental information to investors regarding its ongoing operating performance.

COMPARABLE HOTELS

Comparable Hotels is defined as the 223 hotels owned and held for use by the Company as of December 31, 2023, and excludes one non-hotel property leased to third parties. For hotels acquired during the periods noted, the Company has included, as applicable, results of those hotels for periods prior to the Company's ownership, and for dispositions and assets held for sale, results have been excluded for the Company's period of ownership. Results for periods prior to the Company's ownership have not been included in the Company's actual Consolidated Financial Statements and are included only for comparison purposes. Results included for periods prior to the Company's ownership are based on information from the prior owner of each hotel and have not been audited or adjusted.

SAME STORE HOTELS

Same Store Hotels is defined as the 215 hotels owned and held for use by the Company as of January 1, 2022, and during the entirety of the periods being compared, and excludes one non-hotel property leased to third parties. This information has not been audited.
