FORWARD-LOOKING STATEMENTS

Certain statements made in this presentation are forward-looking statements. These forward-looking statements include statements regarding our intent, belief or current expectations and are based on various assumptions. These statements involve substantial risks and uncertainties. Actual results or events could differ materially from the plans, intentions and expectations disclosed in the forward-looking statements that we make. Forward-looking statements may include, but are not limited to, statements regarding net asset value and potential trading prices. Words such as "anticipates," "believes," "expects," "estimates," "projects," "plans," "intends," "may," "will," "would," "outlook," "strategy," "targets," and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results or outcomes may differ materially from those contemplated by the forward-looking statement. Further, forward-looking statements speak only as of the date they are made, and we undertake no obligation to update or revise any forward-looking statement to reflect changed assumptions or the occurrence of unanticipated events or changes to future operating results, unless required to do so by law. Such factors include, but are not limited to, the ability of Apple Hospitality REIT, Inc. (the "Company," "Apple Hospitality," "Apple" or "APLE") to effectively acquire and dispose of properties and redeploy proceeds; the anticipated timing and frequency of shareholder distributions; the ability of the Company to fund capital obligations; the ability of the Company to successfully integrate pending transactions and implement its operating strategy; changes in general political, economic and competitive conditions and specific market conditions (including the potential effects of tariffs, inflation or a recessionary environment); reduced business and leisure travel due to geopolitical uncertainty, including terrorism and acts of war; travel-related health concerns, including widespread outbreaks of infectious or contagious diseases in the U.S.; inclement weather conditions, including natural disasters such as hurricanes, earthquakes and wildfires; government shutdowns, airline strikes or equipment failures or other disruptions; adverse changes in the real estate and real estate capital markets; financing risks; changes in interest rates; litigation risks; regulatory proceedings or inquiries; changes in laws or regulations or interpretations of current laws and regulations that impact the Company's business, assets or classification as a real estate investment trust; or other risks detailed in filings made by Apple Hospitality with the Securities and Exchange Commission ("SEC"). Although the Company believes that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore there can be no assurance that such statements included in this presentation will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the results or conditions described in such statements or the objectives and plans of the Company will be achieved.

KEY TAKEAWAYS

- Achieved third quarter 2025 Comparable Hotels RevPAR of \$124, Occupancy of 76% and ADR of \$163, ahead of industry averages on an absolute basis as reported by STR
- Adjusted strategy and reoptimized the mix of business at our hotels where there were shifts in demand segments, in many cases layering on group business
- Impacted by the government shutdown and a tough October 2024 comparison, Comparable Hotels RevPAR was approximately 3% lower in October 2025 versus October 2024, based on preliminary performance data
- Fundamentals strong with 63% of our hotels not having any new supply under construction within a five-mile radius
- Disciplined approach to capital allocation, balancing both near and long-term allocation decisions to capitalize on existing opportunities while securing the long-term relevance, stability and performance of our platform
- Acquired six hotels in 2023, two hotels in 2024 and one hotel in 2025, with four hotels under contract for purchase, and sold six hotels in 2024 and seven hotels in 2025
- On a TTM basis through September 30, 2025, the eight stabilized hotels acquired are yielding over 8.5% after CapEx, contributing to overall portfolio performance
- Since the beginning of the year through October, repurchased, under the Company's Share Repurchase Program, approximately 3.8 million common shares at a weighted-average market purchase price of approximately \$12.73 per common share, for an aggregate purchase price of approximately \$48.3 million
- Annualized distribution of \$0.96 per common share represents an annual yield of approximately 8.1%, based on November 30, 2025 closing price of \$11.89
- Maintained strength and flexibility of balance sheet with availability under revolving credit facility of approximately \$648 million

PORTFOLIO POISED FOR CONTINUED OUTPERFORMANCE

- **Balanced exposure to business, leisure and group**
- Select-service hotels franchised with industry-leading brands provide strong value proposition and have proven appeal with broadest group of customers
- Broad geographic diversification provides exposure to wide variety of markets and demand generators
- **Limited near-term portfolio impact from new supply**
- Continue to see strength from small group demand and are positioned in many markets to benefit from compression from large group business
- Data-driven asset management team and industry-leading operators maximize property-level performance
- Scale ownership of rooms-focused hotels minimizes G&A load per key and provides fixed cost efficiencies
- **Well-maintained, institutional-quality portfolio with substantial long-term value**
- Acquisition and disposition activity over the past five years has lowered the average age of assets, reduced near-term CapEx and increased exposure to markets anticipated to outperform over the next cycle while maintaining a strong and flexible balance sheet
- Balance sheet strength and liquidity position the Company to continue to pursue accretive acquisitions and optimize portfolio

STRONG OPERATING MARGINS

APPLE has a proven record of maximizing operating margins across economic cycles.

APPLE is well positioned to maximize efficiencies and drive profitability:

- Broad consumer appeal allows for optimization of business mix to drive ADR and RevPAR growth
- Rooms-focused hotels are inherently efficient
- Higher margins amplify bottom-line impact of top-line growth
- Unparalleled access to performance data allows benchmarking to identify and share best practices
- Flexible labor and in place labor management systems (with centralized reporting) provide opportunity to maximize productivity
- Investments in hotel associates and training lower turnover and reduce reliance on contract labor over time

LIMITED NEAR-TERM IMPACT FROM NEW SUPPLY

Supply growth well below historical average for our portfolio

New construction starts have meaningfully decreased since onset of pandemic with anticipated delays in completion

63% of our hotels do not have any exposure to new projects currently under construction within a five-mile radius

National supply growth over the next four quarters of 0.8%, more than 27% below long run average⁽¹⁾

Portfolio Exposure to New Supply

Strategic Asset Management Approach

- Analytical, data-driven asset management to maximize property-level performance
- Scale to negotiate attractive national contracts
- Strategic revenue management to optimize mix of business and maximize bottom-line performance
- Strong regional and national third-party operators with readily terminable contracts and flexibility to align performance goals
- Optionality to consolidate hotels under select third-party managers in multi-property markets to leverage regional expertise, gain operating efficiencies, and enhance overall portfolio performance

Best-in-Class Operators

- 100% of Apple Hospitality's portfolio operated by third-party property managers
- 94% of hotels independent of brand management
- 16 operating companies provide a platform for comparative analytics and shared best practices
- 24% of operators' portfolios represented by Apple Hospitality on average, excluding brands

PROPRIETARY MANAGEMENT AGREEMENT STRUCTURE

Our unique management company contract structure better aligns owner and operator to maximize performance in all market environments.

APPLE's Management Company Contract Structure

Variable Management Fee

2.5% - 3.5% of revenues based on property's balanced scorecard performance

Balanced Scorecard Metrics:

- Gross operating profit budget variance
- STR market target index growth and target rank
- Guest satisfaction/online review scores
- Flex/flow percent versus budgeted gross operating profit

More than 80% of our hotels operate under this structure.
Contract terms average two years and are terminable upon sale.
APPLE originally implemented this contract structure in 2016.

BALANCE SHEET POISED FOR FUTURE GROWTH

- Positive corporate cash flow early in the pandemic recovery preserved strength of balance sheet and equity value
- Conservative capital structure with staggered maturities lowers capital costs
- As of September 30, 2025, 68% of outstanding debt fixed or hedged and 208 hotels unencumbered
- In July 2025, the Company entered into a new term loan facility with a principal amount of \$385 million and a maturity date of July 31, 2030, repaying all amounts outstanding under its \$225 million term loan facility at closing, resulting in an additional \$160 million funded at closing which was used to repay the balance outstanding under the Company's revolving credit facility
- Maintained strength and flexibility of balance sheet with availability under revolving credit facility of approximately \$648 million following the closing of the \$385 million term loan facility in July 2025
- Reauthorized and extended ATM Program in Q1 2024, providing availability for the issuance of common shares up to \$500 million
- Poised to be acquisitive and optimize portfolio through opportunistic transactions

STRONG BALANCE SHEET & LIQUIDITY POSITION

Low debt and staggered maturities facilitate agile balance sheet strategy
Strong liquidity position for opportunistic growth

EFFECTIVE PORTFOLIO MANAGEMENT & STRATEGIC GROWTH

APPLE HOSPITALITY REIT

Opportunistic Dispositions

- Reduce exposure to lower growth markets
- Dispose of hotels where strong operating efficiencies are harder to achieve
- Optimize capital reinvestment program through dispositions that effectively manage near- and long-term CapEx needs based on return on investment

Accretive Acquisitions

- Invest in hotels and markets with greater growth potential
- Acquire assets in strong RevPAR markets with attractive cost structures that further enhance operating margins and long-term return on investment
- Grow portfolio when conditions are right

Strategic Growth

Earnings growth through portfolio optimization enhances long-term shareholder returns

CORPORATE RESPONSIBILITY INITIATIVES

We own one of the largest and most geographically diverse portfolios of rooms-focused hotels in the United States and are dedicated to making a positive impact on the many communities our hotels serve. We are mindful of our environmental footprint and committed to reducing our impact over time. We have always worked to uphold high environmental, social and governance (“ESG”) standards and believe these key areas of focus are an integral part of driving long-term value for our shareholders. We are committed to continuous improvement, and it is our expectation that we will continue to enhance and expand our ESG-related disclosures as our progress deepens and industry-wide standards evolve.

Our Corporate Responsibility Report details our ESG performance, strategy and initiatives and features our commitment to environmental sustainability, corporate employees, hotel associates and guests, communities, and other stakeholders. The Company’s 2024 Corporate Responsibility Report utilizes both the Global Reporting Initiative (“GRI”) Standards and Task Force on Climate-related Financial Disclosures (“TCFD”) to provide a comprehensive overview of the Company’s corporate responsibility performance and climate-related risk management. Apple Hospitality’s enhanced disclosures are intended to provide stakeholders with a better understanding of the Company’s strategy, policies, programs, procedures, performance and initiatives related to environmental stewardship, social responsibility, and corporate governance and resiliency. The Company’s 2024 Corporate Responsibility Report and other ESG-related materials can be found within the Corporate Responsibility section of our website.

Apple Hospitality is committed to enhancing and incorporating sustainability opportunities into our investment and asset management strategies, with a focus on minimizing our environmental impact through reductions in energy and water usage and through improvements in waste management.

Apple Hospitality Key Metrics for 2023⁽¹⁾

- Approximately **19 Million** Square Feet
- Total Energy Consumption: **378,000 MWh**
- Total Energy Intensity per Square Foot: **19.79 kWh**
- Combined Scope 1 and 2 Emissions: **112,401 metric tons of CO2 equivalents**
- Emissions Intensity per Square Foot: **5.89 kg**
- Portfolio Enrolled in ENERGY STAR® Portfolio Manager®: **100%**
- Water Withdrawal: **956,000 kgal**
- Water Intensity per Occupied Room: **0.12 kgal**
- Diversion Rate⁽²⁾: **17%**

The Company has in place an Environmental Policy and a Vendor Code of Conduct. A formal energy management program was established in 2018 to ensure that energy, water and waste management are a priority not only within the Company, but also with our management companies and brands.

With **20.18 total kWh per square foot** in 2022 as compared to an average of 26.55 total kWh per square foot reported by full-service REITs for 2022, **the rooms-focused hotels we invest in are more operationally and environmentally efficient than full-service hotels.**⁽³⁾ Additionally, Apple Hospitality's 2023 average total utility cost of \$6.02 per occupied room highlights both the Company's efforts to operate its hotels effectively and the inherent efficiency of the buildings.

(1) Represents revenue from the New York Property, which from the second half of 2023 through the first quarter of 2025 was considered lease revenue from a lease to a third-party hotel operator of the property, during which time the property was referred to as the "non-hotel property." Since the second quarter of 2025, this represents revenue consistent with hotel operations from the New York Property.

(2) Represents the Company's actual Adjusted Hotel EBITDA, which excludes Adjusted EBITDA from the New York Property from the second half of 2023 through the first quarter of 2025, due to leasing the property to a third-party hotel operator for all hotel operations. Beginning in the second quarter of 2025, Adjusted Hotel EBITDA includes hotel operations from the New York Property.

(3) Represents Adjusted Hotel EBITDA from the New York Property since the second quarter of 2025, subsequent to the Company regaining possession of the hotel from a third-party hotel operator.

Note: Comparable Hotels is defined as the 215 hotels owned and held for use by the Company as of September 30, 2025, and excludes the New York Property recovered during the second quarter 2025 from a third-party hotel operator. For hotels acquired during the periods noted, the Company has included, as applicable, results of those hotels for periods prior to the Company's ownership, and for dispositions, assets held for sale and the New York Property, results have been excluded for the Company's period of ownership. Results for periods prior to the Company's ownership have not been included in the Company's actual Consolidated Financial Statements and are included only for comparison purposes. Results included for periods prior to the Company's ownership are based on information from the prior owner of each hotel and have not been audited or adjusted. Reconciliation of net income to non-GAAP financial measures is included in the following pages.

- (1) Represents revenue from the New York Property, which from the second half of 2023 through the first quarter of 2025 was considered lease revenue from a lease to a third-party hotel operator of the property, during which time the property was referred to as the "non-hotel property." Since the second quarter of 2025, this represents revenue consistent with hotel operations from the New York Property.
- (2) Represents the Company's actual Adjusted Hotel EBITDA, which excludes Adjusted EBITDA from the New York Property from the second half of 2023 through the first quarter of 2025, due to leasing the property to a third-party hotel operator for all hotel operations. Beginning in the second quarter of 2025, Adjusted Hotel EBITDA includes hotel operations from the New York Property.
- (3) Represents Adjusted Hotel EBITDA from the New York Property since the second quarter of 2025, subsequent to the Company regaining possession of the hotel from a third-party hotel operator.

Note: Same Store Hotels is defined as the 212 hotels owned and held for use by the Company as of January 1, 2024, and during the entirety of the periods being compared, and excludes the New York Property recovered during the second quarter 2025 from a third-party hotel operator. This information has not been audited. Reconciliation of net income to non-GAAP financial measures is included in the following pages.

Non-GAAP Financial Measures

The Company considers the following non-GAAP financial measures useful to investors as key supplemental measures of its operating performance: Funds from Operations ("FFO"); Modified FFO ("MFFO"); Earnings Before Interest, Income Taxes, Depreciation and Amortization ("EBITDA"); Earnings Before Interest, Income Taxes, Depreciation and Amortization for Real Estate ("EBITDAre"); Adjusted EBITDAre; Adjusted Hotel EBITDA; Comparable Hotels Adjusted Hotel EBITDA; and Same Store Hotels Adjusted Hotel EBITDA. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income (loss), cash flow from operations or any other operating GAAP measure. FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA are not necessarily indicative of funds available to fund the Company's cash needs, including its ability to make cash distributions. Although FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA, as calculated by the Company, may not be comparable to FFO, MFFO, EBITDA, EBITDAre, Adjusted EBITDAre, Adjusted Hotel EBITDA, Comparable Hotels Adjusted Hotel EBITDA and Same Store Hotels Adjusted Hotel EBITDA, as reported by other companies that do not define such terms exactly as the Company defines such terms, the Company believes these supplemental measures are useful to investors when comparing the Company's results between periods and with other REITs.

EBITDA, EBITDAre, Adjusted EBITDAre and Adjusted Hotel EBITDA

EBITDA is a commonly used measure of performance in many industries and is defined as net income (loss) excluding interest, income taxes, depreciation and amortization. The Company believes EBITDA is useful to investors because it helps the Company and its investors evaluate the ongoing operating performance of the Company by removing the impact of its capital structure (primarily interest expense) and its asset base (primarily depreciation and amortization). In addition, certain covenants included in the agreements governing the Company's indebtedness use EBITDA, as defined in the specific credit agreement, as a measure of financial compliance.

In addition to EBITDA, the Company also calculates and presents EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts ("Nareit"), which defines EBITDAre as EBITDA, excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), plus real estate related impairments, and adjustments to reflect the entity's share of EBITDAre of unconsolidated affiliates. The Company presents EBITDAre because it believes that it provides further useful information to investors in comparing its operating performance between periods and between REITs that report EBITDAre using the Nareit definition.

The Company also considers the exclusion of non-cash straight-line operating ground lease expense from EBITDAre useful, as this expense does not reflect the underlying performance of the related hotels (Adjusted EBITDAre).

The Company further excludes actual corporate-level general and administrative expense for the Company as well as Adjusted EBITDAre from the non-hotel property (the "New York Property") from Adjusted EBITDAre (Adjusted Hotel EBITDA) to isolate property-level operational performance over which the Company's hotel operators have direct control. The Company believes Adjusted Hotel EBITDA provides useful supplemental information to investors regarding operating performance and is used by management to measure the performance of the Company's hotels and effectiveness of the operators of the hotels. In addition, Adjusted EBITDAre and Adjusted Hotel EBITDA are both components of key compensation measures of operational performance within the Company's 2025 incentive plan.

DEFINITIONS CONTINUED

FFO and MFFO

The Company calculates and presents FFO in accordance with standards established by Nareit, which defines FFO as net income (loss) (computed in accordance with generally accepted accounting principles ("GAAP")), excluding gains and losses from the sale of certain real estate assets (including gains and losses from change in control), extraordinary items as defined by GAAP, and the cumulative effect of changes in accounting principles, plus real estate related depreciation, amortization and impairments, and adjustments for unconsolidated affiliates. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most real estate industry investors consider FFO to be helpful in evaluating a real estate company's operations. The Company further believes that by excluding the effects of these items, FFO is useful to investors in comparing its operating performance between periods and between REITs that report FFO using the Nareit definition. FFO as presented by the Company is applicable only to its common shareholders, but does not represent an amount that accrues directly to common shareholders.

The Company calculates MFFO by further adjusting FFO for the exclusion of amortization of finance ground lease assets, amortization of favorable and unfavorable operating leases, net and non-cash straight-line operating ground lease expense, as these expenses do not reflect the underlying performance of the related hotels. The Company presents MFFO when evaluating its performance because it believes that it provides further useful supplemental information to investors regarding its ongoing operating performance. In addition, MFFO is a component of a key compensation measure of operational performance within the Company's 2025 incentive plan.

COMPARABLE HOTELS

Comparable Hotels is defined as the 215 hotels owned and held for use by the Company as of September 30, 2025, and excludes the Company's independent boutique hotel in New York, New York (the "New York Property") recovered during the second quarter 2025 from a third-party hotel operator. For hotels acquired during the periods noted, the Company has included, as applicable, results of those hotels for periods prior to the Company's ownership, and for dispositions, assets held for sale and the New York Property, results have been excluded for the Company's period of ownership. Results for periods prior to the Company's ownership have not been included in the Company's actual Consolidated Financial Statements and are included only for comparison purposes. Results included for periods prior to the Company's ownership are based on information from the prior owner of each hotel and have not been audited or adjusted.

SAME STORE HOTELS

Same Store Hotels is defined as the 212 hotels owned and held for use by the Company as of January 1, 2024, and during the entirety of the periods being compared, and excludes the New York Property recovered during the second quarter 2025 from a third-party hotel operator. This information has not been audited.
