MANAGEMENT INFORMATION CIRCULAR
FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS
VOTING INFORMATION

Solicitation of Proxies

This Management Information Circular (the “Circular”) is provided in connection with the solicitation, by or on behalf of the management of Orvana Minerals Corp. (“Orvana” or the “Company”), of proxies to be used at the Company’s Annual General and Special meeting of the holders of its common shares (the “Common Shares”) to be held on February 29, 2024 (the “Meeting”) or at any adjournment thereof. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone, by directors, officers or employees of the Company without special compensation, or by the Company’s transfer agent, TSX Trust Company, at nominal cost. The cost of solicitation will be borne by the Company.

The Company is sending the Notice of Meeting and this Circular (collectively, the “Proxy-Related Materials”) directly to registered Shareholders and non-registered Shareholders who have not objected to intermediaries disclosing their beneficial ownership information and who have requested this information. The Company will pay for the cost of intermediaries to deliver the Proxy-Related Materials and voting instruction form to non-registered holders who have not objected to intermediaries disclosing their beneficial ownership information. Neither the Company nor its subsidiaries will reimburse Shareholders, nominees or agents for the cost incurred in obtaining authorization to execute forms of proxy from their principals or beneficial owners. Those Shareholders who have so requested the Company’s comparative audited consolidated financial statements as at and for the fiscal year ended September 30, 2023 and the auditor’s report thereon, and the Management Discussion & Analysis for the year ended September 30, 2023 have been sent under a separate mailing.

Virtual Meeting

Subject to the registration process outlined below, Shareholders as of the close of business on January 25, 2024 will have an equal opportunity to participate in the Meeting by webcast, regardless of geographic location.

In order to streamline the Meeting process, the Company encourages Shareholders to vote in advance of the Meeting using the voting instruction form or the form of proxy mailed to them with the Meeting materials; submission must be made by no later than 9:30 a.m. EST on February 27, 2024, the cut-off time for deposit of proxies prior to the Meeting.

For Shareholders wishing to attend the Meeting by webcast, advance registration is required by emailing the following information to proxy@orvana.com: (a) the name of the registered shareholder in which Common Shares of the Company are held; (b) the proxy control number given in respect of such Common Shares of the Company (unless the person is registering as a proxyholder); and (c) an email address and/or telephone number at which a Company representative may contact such shareholder in order to provide the Meeting ID number and passcode, or request additional information, as necessary.

The virtual Meeting coordinates will only be provided to Shareholders and proxyholders who complete the virtual meeting advance registration process using the instructions provided above.

On the date of the Meeting, we recommend that Shareholders connect via webcast twenty minutes in advance of the Meeting start time of 9:30 a.m. EST to allow ample time to check into the Meeting and

complete the registration and voting procedures.

Who Can Vote

The Company's board of directors (the "Board") has fixed January 25, 2024 as the record date for the Meeting (the "Record Date"). Any holder of Common Shares of record at the close of business on the Record Date will be entitled to vote the Common Shares held by such shareholder as at such date on each matter to be acted upon at the Meeting.

Registered Shareholders and proxyholders who have completed the Company's virtual meeting advance registration process will be able to attend the Meeting via webcast and vote. Non-registered Shareholders who appoint themselves as proxyholder through their intermediary will be permitted to attend the Meeting via webcast and vote. Non-registered Shareholders who have not duly appointed themselves as proxyholder will not be permitted to attend the Meeting. This procedure is in place to ensure that the Company can verify the identity of any voting shareholder at the Meeting. The Company does not have a record of the Company's non-registered Shareholders and, as a result, will have no knowledge of their shareholdings or entitlement to vote unless they appoint themselves as proxyholder. Please see "Appointment of Proxyholder" and "Revocation of Proxy" below.

Voting Matters

At the Meeting, Shareholders are voting on the following matters:

- the election of directors of the Company;
- the appointment of the Company's auditor for the ensuing year and the authorization of the Board, upon the recommendation of the Audit Committee, to fix the auditor's remuneration; and
- the approval of the Company's stock option plan and approval of the unallocated entitlements available thereunder for the ensuing three (3) years.

Voting Your Common Shares

All Shareholders are advised to carefully read the voting instructions below that are applicable to them.

Registered Shareholders

If you were a registered shareholder on the Record Date, you may vote at the Meeting or give another person authority to represent you and vote your shares at the Meeting, as described below under the heading "Appointment of Proxyholder".

Non-Registered Shareholders

It is possible that your Common Shares may be registered in the name of an intermediary, which is usually a trust company, securities broker or other financial institution. A substantial number of Shareholders do not hold Common Shares in their own name. If your Common Shares are registered in the name of an intermediary, you are a non-registered shareholder, which is sometimes referred to as a beneficial owner. You should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered Shareholders can be recognized and acted upon at the Meeting.

Your intermediary is entitled to vote the Common Shares held by it and beneficially owned by you on the record date. However, without specific instructions from the beneficial shareholder, a broker and its agents and nominees are prohibited from voting Common Shares for such beneficial shareholder. Therefore, if you are a beneficial shareholder rather than a registered shareholder, you should follow the instructions of your intermediary with respect to the procedures to be followed for voting. Generally,

intermediaries will provide non-registered Shareholders with either: (i) a voting instruction form for completion and execution by you, or (ii) a proxy form, executed by the intermediary and restricted to the number of Common Shares owned by you, but otherwise uncompleted. These procedures are to permit non-registered Shareholders to direct the voting of the Common Shares that they beneficially own.

Please note that if you are a non-registered shareholder and you wish to attend the Meeting, you will not be recognized at the Meeting for the purpose of voting Common Shares registered in the name of an intermediary unless you appoint yourself as a proxyholder. Accordingly, if you are a non-registered shareholder, to vote your Common Shares at the Meeting, you should take the following steps:

- appoint yourself as the proxyholder by writing your own name in the space provided on the voting instruction form or form of proxy; and
- follow the instructions of the intermediary for return of the executed form or other method of response. Do not otherwise complete the form as your vote, or your designate's vote, will be taken at the Meeting.

Appointment of Proxyholder

Each shareholder has the right to appoint as proxyholder a person (who need not be a shareholder of the Company) other than the persons designated by management of the Company in the enclosed form of proxy to attend and act on the shareholder's behalf at the Meeting or at any adjournment thereof. Such right may be exercised by inserting the name of the person in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy. If you leave the space in the proxy form blank, the persons designated in the form, who are officers of the Company, are appointed to act as your proxyholder.

The persons designated by management of the Company in the enclosed form of proxy are officers of the Company. In the case of **registered Shareholders**, the completed, dated and signed form of proxy should be sent (i) in the enclosed envelope by mail, courier or delivered in person to the Secretary of the Company c/o TSX Trust Company, Proxy Dept., P.O. Box 721, Agincourt, Ontario, M1S 0A1, or (ii) by facsimile to 416-595-9593. To be effective, a proxy must be received by TSX Trust Company not later than 9:30 a.m. EST on February 27, 2024, or in the case of any adjournment of the Meeting, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the adjourned meeting.

In the case of **non-registered Shareholders** who receive these materials through their broker or other intermediary, the shareholder should communicate his or her voting instructions in accordance with the instructions provided by the shareholder's intermediary.

Revocation of Proxy

A shareholder who has given a proxy may revoke it at any time before it is used by doing one of the following:

- by depositing an instrument in writing or another proxy form signed by the shareholder or by the shareholder's attorney, who is authorized in writing or by electronic signature, or
- by delivering or transmitting, by telephonic or electronic means, a revocation signed by electronic signature by the shareholder or by the shareholder's attorney, who is authorized in writing or by electronic signature,

in either case, to or at the registered office of the Company at 70 York Street, Suite 1710, Toronto, Ontario, M5J 1S9 by facsimile transmission to 416-595-9593 or by electronic delivery to proxy@orvana.com, in each case, at any time up to and including the last business day preceding the day of the Meeting, or in the case of any adjournment of the Meeting, the last business day preceding the day of the adjourned meeting.

Voting of Proxies

On any ballot that may be called for, the Common Shares represented by a properly executed proxy given in favour of the persons designated by management of the Company in the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions given on the proxy. If you have not specified how to vote on a particular matter, then your proxyholder can vote your Common Shares as he or she sees fit. **If neither you nor your proxyholder gives specific instructions, your Common Shares will be voted as follows:**

- **FOR** the election of each nominee as a director of the Company;
- **FOR** the appointment of PricewaterhouseCoopers LLP as the Company's auditor for the ensuing year and the authorization of the Board, upon the recommendation of the Audit Committee, to fix the auditor's remuneration; and
- **FOR** the resolution approving the Company's stock option plan and the unallocated entitlements available thereunder for the ensuing three (3) years.

Additional Matters Presented at the Meeting

The enclosed proxy form or voting instruction form confers discretionary authority upon the persons named as proxies therein with respect to any amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

If you sign and return the form of proxy and do not appoint a proxyholder by filling in a name, and any other matter is presented at the Meeting, or at any postponement or adjournment thereof, in addition to, or as an amendment or variation to, the matters described in the Notice of Meeting, the Orvana representatives named as proxies will vote in their best judgment. When this Circular was mailed to Shareholders, management of the Company was not aware of any matters to be considered at the Meeting other than the matters described in the Notice of Meeting or any amendments or variations to the matters described in such Notice of Meeting.

Voting Shares

As at the Record Date, the Company had 136,623,171 Common Shares outstanding, each carrying the right to one vote per Common Share. The presence of at least two persons present at the Meeting, each being a shareholder entitled to vote at the Meeting or a duly appointed proxyholder or representative for a shareholder entitled to vote at the Meeting, is necessary for a quorum at the Meeting. A simple majority of the votes cast at the Meeting, whether in person, by proxy or otherwise, will constitute approval of the matters that are submitted to a vote at the Meeting.

Principal Shareholders

To the knowledge of the directors and senior officers of the Company, as at the Record Date, no person beneficially owned, or controlled or directed, directly or indirectly, more than 10% of the voting rights attached to the outstanding Common Shares of the Company except as stated below:

Name	Aggregate Number of Common Shares	Percentage of Outstanding Common Shares
Fabulosa Mines Limited	70,915,027	51.9%

Notice to United States Shareholders

The solicitation of proxies by the Company is not subject to the requirements of Section 14(a) of the United States Securities Exchange Act of 1934, as amended (the "U.S. Exchange Act"), by virtue of an exemption applicable to proxy solicitations by "foreign private issuers" as defined in Rule 3b-4 promulgated under the

U.S. Exchange Act. Accordingly, this Circular has been prepared in accordance with the applicable disclosure requirements in Canada. Shareholders in the United States should be aware that such requirements are different than those of the United States applicable to proxy statements under the U.S. Exchange Act.

MATTERS TO BE ACTED UPON AT THE MEETING

The Meeting will address the following matters:

1. receiving the Company's comparative audited consolidated financial statements as at and for the fiscal year ended September 30, 2023 and the auditor's report thereon (the "2023 Financials");
2. electing directors who will hold office until the close of the next annual meeting of Shareholders of the Company;
3. appointing the auditor of the Company that will serve until the next annual meeting of Shareholders and authorizing the Board, upon the recommendation of the Audit Committee, to set the auditor's remuneration;
4. approving the Company's stock option plan and the unallocated entitlements available thereunder for the ensuing three (3) years; and
5. any such other business as may properly be brought before the Meeting.

Receiving the Financial Statements

The 2023 Financials are being mailed to the Company's registered and beneficial Shareholders who requested such financial statements. Management of the Company will review the financial results set out in the 2023 Financials at the Meeting and Shareholders and proxyholders will be given an opportunity to discuss these results with management of the Company. The 2023 Financials are available on the Company's website at www.orvana.com and on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedarplus.ca.

Election of Directors

The Company's articles provide that the Board may consist of a minimum of three and a maximum of ten directors. The Board is currently comprised of four directors. After a review of the size and composition of the Board in fiscal 2023, the Board determined that the size of the Board should be maintained at four (4) members to facilitate its effective functioning with respect to technical, financial and corporate governance expertise.

The Board has determined to nominate each of the four (4) persons listed below for election as a director of the Company at the Meeting and has fixed the size of the Board at four (4). All of the nominees are current members of the Board and have been directors of the Company since the date indicated in the table below opposite the proposed nominee's name.

Under the by-laws of the Company, directors of the Company are elected annually. Each director will hold office until the next annual meeting of the Shareholders of the Company or until the successor of such director is duly elected or appointed, unless such office is earlier vacated in accordance with the by-laws.

The Board has adopted a majority voting policy as part of its corporate governance practices pursuant to which any nominee proposed for election as a director in an uncontested election who receives, from the Common Shares voted at the Meeting in person or by proxy, a greater number of Common Shares withheld than Common Shares voted in favour of their election, must promptly tender his or her resignation to the Chair of the Board, to take effect on acceptance by the Board. The Compensation, Nominating and Corporate Governance Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board on whether to accept it. The Board will then make a final decision and announce such matter. See "Statement of Corporate Governance Practices" attached as Schedule A to this Circular.

The Board recommends that Shareholders vote FOR the election as directors of the Company of each of the four nominees set out in the Circular. Unless authority to do so with respect to one or more directors is withheld, the persons named in the accompanying form of proxy intend to vote FOR the election of each of such nominees.

Management does not contemplate that any of the proposed nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the Common Shares represented by properly executed proxies given in favour of such nominee(s) may be voted by the persons designated by management of the Company in the enclosed form of proxy, in their discretion, in favour of another nominee.

The following table sets forth information with respect to each proposed nominee for election as a director of the Company as at the date of this Circular, including the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction was exercised, by such person or the person's associates or affiliates:

Compensation Discussion and Analysis

Objectives of the Executive Compensation Program

Orvana’s executive compensation program is designed to be market competitive with a long-term view in order to attract, engage and retain high-performing talent. The objectives of Orvana’s executive compensation program is to provide compensation that is fair and reasonable to senior executives.

Orvana awards compensation based on performance against both quantitative and qualitative measures aligned with the Company’s business strategy, while ensuring that participants are rewarded at market competitive compensation levels. Orvana determines compensation with the goal of attracting and retaining executives who are highly qualified, experienced and have a proven track record of

performance, while maintaining internal pay equity such that executives in similar positions are treated equitably to motivate senior executives and managers to create value for the Company.

Under Orvana's executive compensation program, an appropriate portion of total compensation is variable and linked to performance, thus rewarding executives when they successfully achieve corporate, operation-specific, and individual performance objectives over the short and long-term. Orvana ensures that the total compensation package provided to senior executives includes a significant portion of compensation that is at-risk and tied to value creation, reinforcing the importance of achieving performance goals and the ability of senior executives to influence business outcomes and financial performance. In doing so, Orvana uses corporate financial and operational results as key performance measures to align performance metrics and compensation to the Company's business strategy.

Orvana's executive compensation program aligns the interests of employees with the interests of Shareholders through the link to long-term value creation. Orvana aligns compensation with corporate longevity and sustainability by promoting a pay-for-performance culture, providing that a significant portion of executive compensation is variable or at-risk (and therefore not guaranteed) and implementing an executive compensation program that is designed to mitigate against excessive risk-taking by employees.

Elements of Executive Compensation

The elements of the Company's executive compensation program, which include both fixed compensation and performance-based variable compensation, are: base salary, short-term incentive plan compensation, long-term incentive plan compensation and a benefits program. The sum of these compensation elements comprises the total direct compensation of the Company's executive officers. The Company does not have a Company-sponsored pension plan.

Base Salary

The base salary establishes the competitive foundation of the executive compensation program. Base salary is a fixed component of the compensation program and is used to determine other elements of compensation and benefits. Base salaries are intended to reward executives for knowledge, qualifications, experience and individual performance/behaviour required to perform their role. The assessment of base salary is discretionary and is reviewed on an annual basis. In certain cases, base salary may be set above or below the median level in the benchmark group used by the Company to recognize the high performing track record and/or developing nature of incumbents in certain roles.

Short-Term Incentive Compensation

The Company's Short-Term Incentive Plan ("STIP") generally consists of a cash bonus paid based on annual performance. The STIP provides a variable component of compensation designed to reward full-time executives for corporate, operations specific or individual achievements against challenging yet attainable objectives that contribute to shareholder value. The STIP is designed to attract, retain and motivate high quality professionals and provide competitive, performance-based opportunities aligned with the Company's business strategy and is reflective of market practice for companies of similar size, scope and complexity. Award opportunities vary by employee level, role and responsibilities and align with market practice. The STIP utilizes performance measures and targets that are both quantitative and qualitative in nature. STIP minimum, maximum and target award levels (as a percentage of base salary) are set pursuant to employment agreements or, otherwise, on an annual basis along with performance measures and weightings. To ensure a pay-for-performance culture, STIP payouts may only be made if certain minimum performance levels are met.

Long-term Incentive Compensation

The elements of the compensation program that are intended to provide long-term incentives are the grants of stock options, restricted share units and share appreciation rights, which may be granted annually or in connection with the initial appointment of certain executives. These grants of equity-linked compensation are intended to better align the interests of an executive with those of Shareholders by

connecting a significant portion of an executive's compensation to the Company's share price performance. The incremental vesting of awards over a period of time is also intended to aid in executive retention as well as to mitigate against undue risk-taking by executives.

(i) Stock Options

The Company may grant stock options in connection with the initial appointment of certain executives (including NEOs). The value of stock options is directly linked to the performance of the price of the Common Shares. The purpose of grants of stock options in connection with the initial appointment of certain executives is to assist in attracting talented executives and to align their interests with those of the Company's Shareholders from the date of their initial appointment. Grants of additional stock options may be made to an executive based on the recommendation of the Compensation, Nominating and Corporate Governance Committee (the "Compensation, Nominating and Governance Committee"), taking into account such factors as: an exceptional level of Company or individual performance, the number of stock options awarded to such executive in the past and other factors that might justify an additional grant.

2006 Stock Option Plan

Certain stock options were granted under the Company's stock option plan adopted by the Company effective on February 16, 2006 (the "2006 Stock Option Plan"). The number of Common Shares that may be issued from treasury under the 2006 Stock Option Plan and outstanding at any time shall not exceed 6,000,000 Common Shares. As of the date hereof, there are no stock options outstanding under the 2006 Stock Option Plan. The 2006 Stock Option Plan has been replaced in its entirety by the 2018 Stock Option Plan as at February 14, 2018.

2018 Stock Option Plan

The current 2018 Stock Option Plan was adopted by the Company and approved by the Shareholders effective on February 14, 2018. Subject to approval by Shareholders at the Meeting, future stock option grants will continue to be granted under the 2018 Stock Option Plan. The aggregate number of Common Shares that may be issued under the 2018 Stock Option Plan, and any other securities-based compensation arrangements of the Company shall not exceed 10% of the total number of Common Shares issued and outstanding from time to time (calculated on a non-diluted basis). As of the date hereof, the aggregate maximum number of Common Shares that may be issued pursuant to the Company's equity compensation plans is 13,016,309 Common Shares, as calculated based on 10% of the Company's 136,623,171 Common Shares outstanding. As a result, should the Company issue additional Common Shares in the future, the number of Common Shares issuable under the 2018 Stock Option Plan will increase accordingly. The 2018 Stock Option Plan is considered an "evergreen" plan, since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the 2018 Stock Option Plan and the number of options available to grant increases as the number of issued and outstanding Common Shares of the Company increases.

As of the date hereof, no options have been granted under the 2018 Stock Option Plan. The Company's annual burn rate, as described in Section 613(d) of the TSX Company Manual, under the 2018 Stock Option Plan was 0% in fiscal 2021, fiscal 2022 and fiscal 2023. Based on the previous three (3) years, Management expects that the burn rate in fiscal 2024 under the 2018 Stock Option Plan will be 0% per annum. The burn rate is subject to change from time to time, based on the number of options granted and the total number of Common Shares issued and outstanding.

Directors, officers, employees and consultants of the Company or its subsidiaries are eligible to participate in the 2018 Stock Option Plan. The maximum number of Common Shares issuable to insiders of the Company at any time pursuant to options granted under the 2018 Stock Option Plan and any other securities-based compensation arrangements of the Company, shall not exceed in the aggregate 10% of the total number of Common Shares issued and outstanding from time to time (calculated on a non-diluted basis). The maximum number of Common Shares issued within any one-year period to insiders of the Company (a) upon the exercise of options granted under the 2018 Stock Option Plan; and (b) pursuant to any other securities-based compensation arrangements of the Company shall not exceed in the aggregate 10% of the total number of Common Shares issued and

outstanding from time to time (calculated on a non-diluted basis). The total number of Common Shares that may be issued to an individual participant under the 2018 Stock Option Plan upon the exercise of options granted thereunder, together with the number of Common Shares issuable to such participant under any other securities-based compensation arrangements of the Company, shall not exceed, in the aggregate, 5% of the Company's total outstanding Common Shares issued and outstanding from time to time (calculated on a non-diluted basis). Options granted under the 2018 Stock Option Plan may not be assigned by the optionholder.

The exercise price of each option granted under the 2018 Stock Option Plan shall be determined by the Board, provided that, in no instance will the exercise price be less than the volume weighted average trading price of the Common Shares on the Toronto Stock Exchange for the five trading days immediately preceding the day on which such option is granted. The schedule and dates for vesting of options granted under the 2018 Stock Option Plan shall be determined by the Board, provided that, in no event shall more than 50% of the Common Shares issuable under an option be issuable within twelve (12) months after the date the option is granted, and that, in any event, all of the Common Shares shall be issuable under the option not later than 36 months following the date the option is granted.

The term of the options granted under the 2018 Stock Option Plan shall be determined by the Board, provided that, unless the Board otherwise determines, options shall terminate and may not be exercised after the earliest to occur of a date that is no later than five years following the date of the granting of such options and if: (a) an optionholder resigns from the Company, each unvested option held by the optionholder will automatically terminate and become void immediately upon resignation, and each vested option will cease to be exercisable on the earlier of the original expiry date of the option and ninety (90) days following the effective resignation date; (b) an optionholder retires, each unvested option held by such optionholder will continue to vest for a period of twelve (12) months from the date of his or her retirement and all vested options held by such optionholder will continue to be exercisable for a period ending on the earlier of (i) the original expiry date of the option, and (ii) the date that is twenty-four (24) months following the date of the optionholder's retirement; (c) upon death of an optionholder, each unvested option held by such optionholder will vest immediately and the legal representative of the optionholder may exercise the optionholder's options for the period ending on the earlier of (i) the original expiry date of the option, and (ii) the date that is twelve (12) months following the date of the optionholder's death; (d) an optionholder ceases to be a director, executive officer, employee or consultant of the Company as a result of his or her disability, each unvested option held by such optionholder will continue to vest in accordance with the terms of grant of such option and each vested option held by such optionholder will remain exercisable until the original expiry date of the option; (e) an optionholder's service, consulting relationship, or employment with the Company or a subsidiary having been terminated for cause, each option held by the optionholder will automatically terminate and become void; and (f) an optionholder's service, consulting relationship, or employment with the Company or a subsidiary having been terminated without cause, or the optionholder resigns from his or her employment for good reason, each unvested option held by the optionholder will automatically terminate and become void on the termination date and each vested option will cease to be exercisable on the earlier of the original expiry date of the option and ninety (90) days following the termination date, unless otherwise determined by the Board, in its sole discretion.

The Board may, from time to time, amend any of the provisions of the 2018 Stock Option Plan or suspend or terminate the 2018 Stock Option Plan or amend the terms of any then outstanding options granted pursuant to the 2018 Stock Option Plan, provided that no such amendment, suspension or termination shall be made at any time to the extent that such action would materially adversely affect the existing rights of a 2018 Stock Option Plan participant with respect to any then outstanding options, other than with such participant's consent in writing.

Subject to any applicable rules of the TSX, the Board may, from time to time, in its absolute discretion and without the approval of Shareholders, make the following amendments to the 2018 Stock Option Plan or any option: (a) amend the vesting provisions of the 2018 Stock Option Plan and any stock option certificate; (b) amend the 2018 Stock Option Plan, any stock option certificate or any option as necessary to comply with applicable law or the requirements of the TSX or any other regulatory body having authority over the Company, the 2018 Stock Option Plan, or the Shareholders; (c) any amendment of a "housekeeping" nature, including, without limitation, to clarify the meaning of an existing provision of the 2018 Stock Option Plan, correct or supplement any provision of the 2018 Stock Option

Plan that is inconsistent with any other provision of the 2018 Stock Option Plan, correct any grammatical or typographical errors, or amend the definitions in the 2018 Stock Option Plan regarding administration of the plan; (d) any amendment respecting the administration of the 2018 Stock Option Plan; and (e) any other amendment that does not require approval of the shareholders under Section 3.5(4) of the 2018 Stock Option Plan (specific matters requiring shareholder approval).

In addition, the Company shall obtain shareholder approval of: (a) any amendment to the maximum number of Common Shares issuable pursuant to options granted under the 2018 Stock Option Plan (such maximum being 10% of the Company's issued and outstanding shares in the aggregate); (b) any amendment that would provide for any reduction of the exercise price of any option, cancellation and reissue of options granted, extension of the expiry date of an option or the substitution of options with cash or other awards on the terms that are more favourable to the optionholder; (c) any amendment to the insider participation limit; (d) any amendment to the amendment provisions at Subsections 3.5(3) and (4) of the 2018 Stock Option Plan; (e) any amendment to the transfer restriction provision at Section 4.6 of the 2018 Stock Option Plan; and (f) any change that would materially modify the eligibility requirements for participation in the 2018 Stock Option Plan.

Pursuant to the Company's trading guidelines, NEOs may not sell "short" or sell a "call option" on any securities of the Company or purchase a "put option" where they do not own the underlying securities.

The full text of the 2018 Stock Option Plan is attached as Schedule B to this Circular. Reference should be made to the provisions of the 2018 Stock Option Plan with respect to any particular provision described above.

(ii) Restricted Share Units

On October 1, 2008, the Company adopted the Restricted Share Unit Plan for Designated Executives (the "RSU Plan"). As described below, restricted share units (each an "RSU") are used by the Company to provide certain executive officers (including the NEOs) with long-term incentive compensation that are measured against the achievement of certain performance objectives. As RSUs are granted based on past performance, executives are not considered eligible to receive grants of RSUs until the end of the fiscal year in which they join the Company. The amount of the grant is variable from year to year in relation to performance. No securities are issued or issuable on vesting of RSUs and all RSUs are to be settled in cash.

RSUs are granted on an annual basis and make up a portion of the annual long-term incentive compensation of the NEO's compensation. The number of RSUs included in a grant is determined by dividing the value of the RSU award by the average closing price of the Common Shares on the TSX for the five trading days immediately prior to the grant date which occurs after the end of the fiscal year in which the services to which the grant relates are rendered.

RSUs vest on December 1 of the third calendar year following the end of the calendar year in which the executive provided the services to which the grant relates (where such services straddle two calendar years, the first calendar year in which the services to which the grant of such RSUs relate were rendered) or such other date as may be specified in the terms of the grant.

Pursuant to the RSU Plan, at vesting, each RSU will have a value equal to the average closing price of one Common Share for the five trading days prior to the vesting date. Executives who continue in employment with the Company or one of its affiliates on the vesting date shall receive a payment in respect of the vested RSUs. RSUs may be forfeited in the event of cessation of the executive's employment by the Company and its affiliates prior to vesting.

(iii) Stock Appreciation Rights

The Board implemented a stock appreciation rights plan (the "SAR Plan") commencing in respect of fiscal 2014. Pursuant to the SAR Plan, stock appreciation rights ("SARs") were issued to executives on an annual basis and made up a portion of the annual long-term incentive compensation package.

SARs vest in equal parts on the first, second and third anniversaries following the date of grant. After vesting, a holder of SARs is entitled to receive a cash payment equal to the excess (if any) of the fair market value of the SARs as of the exercise date over the fair market value of the SARs as of the date of grant, as such terms are defined in the SAR Plan. The exercise period for the SARs is the earlier of (i) December 24 (or such later date on or before December 31 as the Company may permit) of the first calendar year from and after the year in which the SAR vested and in which an increase in value has occurred over the fair market value of the SAR on the grant date, and (ii) the third anniversary of the date on which the SAR vested.

Subject to the terms of the SAR Plan, the Board has discretion to determine other terms or conditions governing SARs vesting and/or payout, based on factors including, without limitation, the financial performance or results of the Company and the return to Shareholders (with or without reference to other comparable companies).

Other Compensation

Benefits and perquisites are not intended to form a significant part of the overall executive compensation program. Orvana's philosophy is to reward executives primarily through a performance-driven total compensation package. The Company's NEOs do, however, receive certain benefits that the Company believes are reasonable and consistent with its overall executive compensation program. These benefits may include medical, dental, housing allowance, use of vehicle, disability, accidental death and dismemberment insurance and life insurance. These benefits vary depending on the jurisdiction and contracting arrangement with the executive.

How the Company Determines Executive Compensation - Report of Executive Compensation

The Compensation, Nominating and Governance Committee reviews each component of compensation for each NEO and makes compensation recommendations to the Board. In making its recommendations, the Compensation, Nominating and Governance Committee considers, among other things: (i) recommendations made by any external compensation consultant retained by the Compensation, Nominating and Governance Committee, if any; (ii) evaluations in respect of corporate and individual performance and the recommendations of the CEO in respect of the other NEOs; (iii) data reflecting market trends and analysis of our benchmark group; (iv) self assessment by management regarding production results during the fiscal year, operational and financial highlights, variance compared to previous year, various factors influencing operational results, safety record and environmental record. In addition, approximately every three years, the Compensation, Nominating and Governance Committee retains an external compensation consultant for the purpose of verifying market conditions and ensuring that the Orvana executive compensation program remains effective and competitive within the market. The Board reviews the recommendations of the Compensation, Nominating and Governance Committee and provides final approval of the compensation of the NEOs.

As at the date of the Circular, the Compensation, Nominating and Governance Committee is comprised of Robert Metcalfe (Chair), Michael Davies and Michael Mutchler. Messrs. Metcalfe, Davies and Mutchler are independent directors of the Company (within the meaning of applicable Canadian securities laws). Each such member of the Compensation, Nominating and Governance Committee has extensive experience in the mining industry and/or managing businesses and managing executives. In such capacities, such members have addressed compensation and performance matters. The Compensation, Nominating and Governance Committee has also continued to rely on advice received from external independent compensation consultants as discussed in more detail below.

As a guiding principle in determining executive compensation, Orvana has been seeking to position base salaries and target annual and long-term incentive awards near the effective median of its competitive market, with the opportunity for an executive to earn above median total compensation for superior performance. Base salaries have been reviewed annually by the Compensation, Nominating and Governance Committee, following which a recommendation regarding base salary for the upcoming year is provided to the Board. In its annual review, the Committee considers the compensation levels in benchmark companies to ensure that the base salary of each NEO properly reflects Orvana's goal of setting compensation relative to benchmark companies as well as the NEO's expertise and performance in fulfilling their role and responsibilities.

The Compensation, Nominating and Governance Committee works with the CEO and the other NEOs to establish key performance objectives designed to reflect both the Company's short-term goals and its long-term strategic objectives and to set target amounts for short-term bonus and long-term incentive compensation of each NEO by reference to the effective median of benchmark companies. The Compensation, Nominating and Governance Committee also considers major risks that face the Company such as health, safety and environmental risks, and ensures that the objectives of the NEOs include managing such risks. The amount of incentive compensation is determined in part by the Company achieving such objectives and in part by the overall view of the executive's effectiveness and contribution to the Company.

Executive Compensation-Related Fees: During fiscal 2021, the Compensation, Nominating and Governance Committee retained Gallagher Benefit Services (Canada) Group, Inc. ("Gallagher") to obtain certain assistance in connection with its compensation mandate including the receipt of updates on (i) current mining sector compensation market information and trends affecting the approaches, levels and types of compensation provided to the Company's executives and (ii) general levels and trends to assist in the review of compensation in respect of fiscal 2023 and expected approaches to executive compensation at the end of calendar 2023, considering the Company's fiscal year end is September 30, 2023. A comparator group comprised of the following fourteen operating mining companies was generally considered in this review (collectively the "2021 Comparator Group"): Americas Gold and Silver Corporation, Amerigo Resources Ltd., Argonaut Gold Inc., Atico Mining Corp., Aura Minerals Inc., Avino Silver & Gold Mines, Calibre Mining Corp., Gran Colombia Gold, Great Panther Silver Ltd., Karora Resources Inc., Mandalay Resources Corporation, Roxgold Inc., Sierra Metals Inc. and Trevali Mining Corp. These companies were considered similar in size, production and complexity to Orvana. In addition to the use of a comparator group to assess the Company's executive compensation program, Gallagher utilized third-party surveys to provide a comparison against the comparator group data. In order to conduct accurate executive role matching analysis, Gallagher benchmarked the Company's executives relative to their peer group based on either the same or similar job titles, and in cases where sufficient market data was available based on title matches, Gallagher used position ranking matches based on the ranking of actual total direct compensation. Gallagher received a fee of \$20,865 (before applicable taxes) for fiscal 2021 in connection with such compensation consulting services. Neither Gallagher nor any of its affiliates have provided any other services to the Company. The Compensation, Nominating and Governance Committee did not retain Gallagher nor any other provider in fiscal 2023 to assist with its compensation mandate.

Compensation Decisions for the Year Ended September 30, 2023

During the 2023 fiscal year, the NEOs were (i) Mr. Juan Gavidia, the current CEO, (ii) Ms. Nuria Menendez, the current CFO and General Manager of Orovalle Minerals, S.L.; (iii) Mr. Binh Vu, the current Vice-President Legal Affairs & Corporate Secretary; and (iv) Mr. Ruben Collar, the current Director of Operations of Orovalle Minerals, S.L.

The performance objectives established for fiscal 2023 included: (i) health, safety and environment; (ii) operations, production and production quality; and (iii) financial condition, including balance sheet management, operating costs, capital expenditures. Consideration was also given to the leadership and completion of strategic projects.

Following the completion of fiscal 2023, the Compensation, Nominating and Governance Committee reviewed corporate performance in respect of fiscal 2023 and the success of each NEO in achieving the objectives and considered certain performance achievements in making its recommendations for executive compensation to the Board in respect of fiscal 2024. The Compensation, Nominating and Governance Committee also considered the challenging situation facing the management team in connection with the labour matters, global inflation, and the minimal number of senior executives managing Orvana's operations and strategic direction relative to the size and complexity of the organization and in comparison to other companies considered similar in size, production, and complexity to Orvana.

The share price valuation of gold explorers, developers and producers fluctuates with changes in the underlying commodity prices, ETF and index rebalances and other external factors. Executive compensation is not intended to directly reflect share price performance driven by such externalities. While share price is an important factor in management's target performance, the Company recognizes that management has no ability to influence commodity prices (which have a significant impact on the company's share price performance) and therefore does not place undue emphasis on share price performance in its evaluation of NEO performance. The Company's share price performance does, however, have an impact on each of the NEO's net realizable pay. A portion of NEO compensation is paid in long-term incentive plan awards, the value of which will vary depending on the share price performance of the Company since declines in the Company's share price performance have a direct impact on the value of Restricted Share Rights held by the NEO. Other factors play a more significant role in the determination of executive compensation, including the actions and decisions by management which support overall business strategy and operation of the Company's business. The

Company believes that it is essential that management focus on delivering on objectives that create long-term value for shareholders rather than short-term fluctuations in share price, and that the Company's compensation plans reflect that focus.

DIRECTORS' COMPENSATION

Cash Fees and Expenses

From October 1, 2022 to September 30, 2023, non-management directors received the fees set forth in this section. Directors received annual fees of \$75,000 for their services as a board and committee member. The Lead Independent Director and Chairman was paid an annual fee of \$135,000 for all of his services as a board member, committee member and Chairman.

All reasonable expenses incurred by directors in attending meetings of the Board, committees of the Board or Shareholders' meetings, together with all expenses reasonably incurred by directors in the conduct of the Company's business or in the discharge of directors' duties, are paid by the Company. Where round trip travel to attend meetings exceeded four hours, these directors were paid an additional fee of \$1,500 per trip, unless the travel took place on the same day as a meeting of the Board. Directors also receive a consulting fee of \$1,500 per day for any time spent consulting for the Company.

The directors of the Company may not sell "short" or sell a "call option" on any securities of the Company or purchase a "put option" where they do not own the underlying securities.

Deferred Share Units

The Company adopted its Deferred Share Unit Plan for directors ("DSU Plan") with effect from October 1, 2008, amended as of October 23, 2009, and amended and restated as of February 3, 2016. The purposes of the DSU Plan are: (i) to promote a greater alignment of interests between directors of the Company and the Shareholders of the Company; (ii) to provide a compensation system for directors that, together with the other director compensation mechanisms of the Company, is reflective of the responsibility, commitment and risk accompanying Board membership and the performance of the duties required of the various committees of the Board; (iii) to assist the Company to attract and retain individuals with experience and ability to act as directors; and (iv) to allow directors of the Company to participate in the long-term success of the Company.

Annually, each director who is not an executive of the Company receives a grant of deferred share units ("DSUs") under the DSU Plan. DSUs granted in respect of fiscal 2015 and previous fiscal years were granted after the completion of the fiscal year and fully vested upon being credited to a director's account. During fiscal 2016, the Board amended and restated the DSU Plan, on advice of the Compensation, Nominating and Governance Committee. Pursuant to the DSU Plan, DSU grants for fiscal 2016 and beyond are granted in respect of the prospective fiscal year. The award date is December 1st or such other date as determined by the Board, of the fiscal year in respect of which the grant is made and the DSUs vest in equal parts on each of the day they are awarded and the first day of the remaining quarters of the fiscal year in respect of which they are awarded, unless the Board determines a different award date or vesting schedule. No securities are issued or issuable on vesting of DSUs and all DSUs are to be settled in cash.

The number of DSUs to be credited to a director in respect of a fiscal year is calculated by dividing (A) applicable fees by (B) the average closing price for Common Shares on the TSX on the five trading days immediately prior to a determined date.

A director may elect up to two separate dates as of which either a portion (specified in whole percentages or number of DSUs on any one date) or all of the vested DSUs shall be redeemed by the director (or if the director is deceased, by his or her beneficiary), provided that no redemption date shall be prior to the date on which the director ceases to be a director of the Company or later than December 15 of the first calendar year commencing immediately after the date on which the director ceases to act as a director of the Company. Any DSUs that are unvested at the date on which the director ceases to be a director of the Company shall be forfeited. Where a director does not elect a particular date or dates for redemption of his or her DSUs, there shall be a single redemption date on December 15 of the first calendar year commencing immediately after the date on which the director ceases to act as a director of the Company. The value of each DSU redeemed by or in respect of a director shall be the average closing price for Common Shares on the TSX on the five trading days immediately prior to such redemption date and shall be paid by the Company to the director (or if the director is deceased,

to the director's beneficiary) in the form of a lump sum cash payment, less any applicable withholding taxes, as soon as practicable after such redemption date.

Options

The Company may grant stock options to directors in connection with their initial appointment to the Board and in connection with their service as the chair of one or more committees of the Board. The purpose of these awards is to assist in attracting talented directors to the Board. Currently, there are no outstanding stock options. Future stock options will be granted under the 2018 Stock Option Plan. These stock options have an exercise price of not less than the volume-weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the trading day prior to the option grant date. Such options become fully-vested not later than three years following the date on which they are granted, provided that not more than 50% of the Common Shares shall be issuable under a stock option within 12 months of the grant date. Stock options expire not later than the fifth anniversary of the date on which they are granted. Additional stock options may be granted to directors after the expiry or exercise of their initial stock options granted upon joining the Board, in recognition of (i) longevity of service to the Board, and (ii) the importance of aligning ongoing director compensation to enhance their alignment with maximizing shareholder value.

The Company did not grant options to directors during fiscal 2023.

SCHEDULE A – ORVANA MINERALS CORP.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board of Directors of the Company has adopted these corporate governance guidelines to promote the effective functioning of the Board of Directors and its committees, to promote the interests of Shareholders and to establish a common set of expectations as to how the Board, its various committees, individual directors and senior management should perform their functions. The following sets out the Company's approach to corporate governance in relation to the Corporate Governance Guidelines (terms not otherwise defined herein are defined in the Circular):

Board of Directors

Responsibilities of the Board: The business and affairs of the Company are managed by or under the supervision of the Board in accordance with applicable legislation, regulatory requirements and policies of the Canadian Securities Administrators. The responsibility of the Board is to provide direction and oversight. The Board approves the strategic direction of the Company and oversees the performance of the Company's business and senior management. The senior management of the Company is responsible for presenting strategic plans to the Board for review and approval and for implementing the Company's strategic direction.

In performing their duties, the primary responsibility of the directors is to exercise their business judgment in what they reasonably believe to be the best interests of the Company. In discharging that obligation, directors should be entitled to rely on the honesty and the integrity of the Company's senior management and outside advisors and auditors. In fulfilling its statutory mandate and discharging its duty of stewardship of the Company, the Board assumes responsibility for those matters set forth in its mandate, a copy of which is attached as Appendix 1 hereto.

Size of the Board: The size of the Board as at the date of the Circular is four members. The Board has fixed the number of directors to be elected at the Meeting at four and is recommending the four nominees set out in the Circular for election by Shareholders as directors of the Company at the Meeting.

Composition of the Board: NI 58-101 defines an "independent director" as a director who has no direct or indirect material relationship with the Company. A "material relationship" is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member's independent judgement. In determining whether a particular director is an "independent director" or a "non-independent director", the Board considers the factual circumstances of each director in the context of the Corporate Governance Guidelines.

The following sets out all of the individuals who were directors of the Company since the beginning of fiscal 2023 and whether each of them was or is "independent" within the meaning of NI 58-101 during the time each of them served as a director of the Company: George Darling (independent); Alan Edwards (independent); Alfredo Garcia (independent); Ed Guimaraes (independent); Sara Wagner (independent); Gordon Pridham (independent); Robert Metcalfe (independent); Michael Davies (independent); and Michael Mutchler (independent). During fiscal 2023, George Darling, Alan Edwards, Ed Guimaraes, Sara Wagner and Gordon Pridham served on the board of directors of the Company from October 1, 2022 to February 28, 2023; for the remainder of fiscal 2023, Robert Metcalfe, Michael Davies and Michael Mutchler served on the board of directors of the Company from February 28, 2023 to September 30, 2023; and Alfredo Garcia served on the board of directors of the Company for the entire fiscal 2023. During fiscal 2023, all of the members of the Board were "independent directors" within the meaning of NI 58-101.

The following sets out all of the individuals who are nominees set out in the Circular for election by Shareholders as directors of the Company at the Meeting and whether each of them was, is or will be "independent" within the meaning of NI 58-101 during the time each of them will serve as a director of the Company: Michael

Davies (independent); Alfredo Garcia (independent); Robert Metcalfe (independent); and Michael Mutchler (independent).

Various individuals who were directors during fiscal 2023 also served as directors of certain other public companies. The nominees for election as directors of the Company at the Meeting listed below served as directors of the following other public companies as at the date of the Circular:

Director	Director of Other Public Company
Michael Davies	None
Alfredo Garcia Gonzalez	None
Robert Metcalfe	Blue Star Gold Corp., Betterlife Pharma Inc., Pasofino Gold Limited, Strategic Minerals Europe Corp., IberAmerican Lithium Corp. and Li3 Lithium Corp.
Michael Mutchler	Lavras Gold Corp.

Selection of Directors: There are no specific written criteria for Board membership, however, the Company attempts to attract and retain directors with an understanding of the Company's business and a particular knowledge of mineral exploration and development or other areas (such as accounting and finance) which provide knowledge which would assist in guiding management of the Company. The Company also considers the composition of the Board at the time of such review with a view to ensure that the backgrounds, experiences and knowledge-base of the members of the Board are diverse and complementary. The Board is responsible for selecting the nominees for election to the Board, for appointing directors to fill vacancies and determining whether a nominee or appointee is independent. Mr. Metcalfe, who joined the Board on February 28, 2023, was appointed the new Chairman of the Board as at February 28, 2023. Mr. Garcia Gonzalez subsequently joined the Board in fiscal 2018. Messrs. Davies and Mutchler joined the Company on February 28, 2023. The nominees for election as a director of the Company as at the date of this Circular bring in-depth industry experience to the Board which will allow them to assist the achievement of the Company's strategic goals.

Election of Directors: Each director should be elected by the vote of a majority of the Common Shares represented in person or by proxy at any meeting for the election of directors. If any nominee for election as director receives, from the Common Shares voted at the meeting in person or by proxy, a greater number of votes "withheld" than votes "for" his or her election, the director will be expected to tender his or her resignation to the Chairman of the Board following the meeting, to take effect upon acceptance by the Board. The Compensation, Nominating and Governance Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board whether to accept such offer. Within 90 days of the meeting of Shareholders, the Board will make a final decision concerning the acceptance of the director's resignation. This process applies only in circumstances involving an "uncontested" election of directors - where the number of director nominees does not exceed the number of directors to be elected and where no proxy materials are circulated in support of one or more nominees who are not part of the slate supported by the Board for election at the meeting. Subject to any corporate law restrictions, where the Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of Shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the Shareholders, or call a special meeting of Shareholders to elect a new nominee to fill the vacant position.

Chairman of the Board: The Chairman is a director who is appointed by the Board. The role of the Chairman is to assume the leadership of the Board. The Chairman's responsibilities include chairing all meetings of directors, providing leadership to the Board, managing the Board, acting as a liaison between the Board and other members of management of the Company and representing the Company.

Meetings of the Board: The Board's written mandate requires the Board to hold at least two meetings per year (either regularly scheduled or unscheduled) at which management of the Company is not present, and,

at any time that the Chairman of the Board is not independent, to consider other possible steps and processes to ensure that leadership is provided to the Board's independent directors. Additionally, the Board generally holds an in-camera session at its meetings without the presence of management of the Company. In fiscal 2023 (between October 1, 2022 until September 30, 2023), the Board held 8 directors' meetings. All of the members of the Board who were directors at the time of such meetings attended all of such meetings. The independent directors do not hold regularly scheduled meetings which members of management do not attend. The independent directors do hold meetings which members of management do not attend on an as-required basis. No such exclusive independent director meetings were held in the most recently completed fiscal year as it was not required.

Board Committees

The Board has established the Audit Committee, the Compensation, Nominating and Governance Committee, and the Safety, Environmental and Technical Committee (the "Technical Committee"). The Audit Committee and the Technical Committee are each composed of members who satisfy the membership criteria set out in the relevant committee charter.

In general terms, the committee's responsibilities include (i) reviewing the compensation and performance of the CEO, (ii) determining compensation of directors and other senior officers, (iii) identifying potential candidates to become Board members, (iv) evaluating the performance of the Board, committees of the Board and individual directors, (v) periodically reviewing Orvana's corporate governance practices; (vi) evaluating each director against the independence criteria established by NI 58-101 on at least an annual basis; (vii) reviewing, in conjunction with management and prior to publication, the corporate governance disclosure for Orvana's management proxy circulars; (viii) reviewing and, if advisable approving and recommending for approval by the Board any proposed material changes to Orvana's senior management organizational structure; and (ix) monitoring conflicts of interest of both the Board and management in accordance with the Company's code of business conduct and ethics. The Board has not to date developed written position descriptions for the Chairman of the Board, the CEO and the CFO. The Board has not to date developed formal position descriptions for the Chair of each of the committees of the Board as the responsibilities of those positions are generally delineated in the charters of such committees.

Orientation and Continuing Education

While the Company currently has no formal program to orient new directors to the role of the Board, its committees and its directors and the nature and operation of the Company's business, it has been the Company's practice for new directors to be thoroughly briefed by management of the Company and to be provided the opportunity to discuss with management, both formally and informally, the Company's activities. New directors are provided with copies of relevant policies and similar materials to ensure that they are familiarized with the Company and its business as well as the procedures of the Board.

Although the Company does not have a formal program for the continuing education of directors, the Board encourages its directors to maintain the skill and knowledge necessary to meet their obligations as directors of the Company by keeping them informed of developments within the Company and of disclosure and governance requirements and standards.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics for the Company's directors, officers and employees that sets out the Board's expectations for the conduct of such persons in their dealings on behalf of the Company (the "Code"). The Board reviewed and updated the Code during the first quarter of fiscal 2023. The Company also has an Anti-Corruption Policy. The Board has established anonymous and confidential reporting procedures pursuant to the Company's Whistleblower Policy in order to encourage employees, directors and officers to raise concerns regarding various matters, including matters addressed by the Code and other policies of the Company, on a confidential basis free from discrimination, retaliation or harassment. Employees who violate the Code may face disciplinary actions, including dismissal. The Chair of the Audit Committee along with the Vice-President Legal Affairs monitor compliance with the Code and the Whistleblower Policy and review and investigate complaints, if any, made thereunder. A copy of the Code, Anti-Corruption Policy and Whistleblower Policy are available on the Company's website at www.orvana.com.

Subject to certain exceptions prescribed under the *Business Corporations Act* (Ontario) (the "OBCA"), a director who is a party to a material contract or proposed material contract with the Company or who is a director or officer of a party to such a contract or otherwise has a material interest in a party to such a contract must disclose the nature and extent of the director's interest to the Company and any material change in that interest. The Code and the OBCA also provides that, subject to certain exceptions prescribed under the OBCA, the interested director shall not attend any part of a meeting of directors during which the matter in which the director has a material interest is discussed and shall not vote on any resolution to approve such matter.

Compensation

The Board is responsible for, among other things, periodically reviewing and recommending for approval by the Board the appropriate levels of compensation for directors and senior management of the Company. The process by which executive compensation is established is described above under the heading "Executive Compensation - Compensation Discussion and Analysis". The Board reviews periodically the form and amount of compensation of directors, including in relation to directors of similar companies, to ensure that the compensation of the Board reflects the responsibilities, time commitment and risks involved in being an effective director of the Company.

The responsibilities, powers and operation of the Compensation, Nominating and Governance Committee is described above in this Schedule A under the heading "Compensation, Nominating and Corporate Governance Committee". As more fully described above under the heading "Executive Compensation - Compensation Discussion and Analysis", in order to ensure an objective process for determining compensation for the Company's directors and officers, the Compensation, Nominating and Governance Committee has relied in the past on advice received by third party consultants to stay updated on current mining sector compensation market information and receive objective advice relating to compensation of the Company's NEOs. The Compensation, Nominating and Governance Committee attempts to position

compensation near the effective median of its competitive market. Additionally, the Board approves all compensation decisions relating to NEOs.

Assessments

The responsibilities of the Compensation, Nominating and Governance Committee include assessing, on a periodic basis, the contributions of the Board as a whole, of each of the committees of the Board and of each of the individual directors, in order to determine their effectiveness and contribution to the Company. The process of evaluating the effectiveness of the Board, its committees, and the Chairman of the Board includes the completion of evaluation questionnaires, from time to time, by each member of the Board and committees and discussion of the responses thereto.

Director Term Limits and Other Mechanisms of Board Renewal

Of the current nominees for director, other than Mr. Alfredo Garcia Gonzalez, none have served as Director of the Company before February 28, 2023. The Board reviews its size and composition periodically and determines appropriate adjustments to its size and/or composition. The Company has not adopted term limits for its directors and has adopted a mechanism for Board renewal which takes place at the annual meeting of Shareholders of the Company. Under the by-laws of the Company, at each annual meeting of Shareholders, the directors then in office, if qualified, are eligible for re-election at that meeting.

Policies Regarding the Representation of Women on the Board

The Company has not adopted a written policy relating to the identification and nomination of women directors to the Company's Board. While the Company does not have a specific policy, diversity of race, ethnicity, gender, age, cultural background and professional experience are considered when evaluating candidates for Board membership. This commitment is evident when looking at the membership of the Board. The directors of the Company come from different cultural backgrounds, age groups and professional experiences.

Consideration of the Representation of Women in the Director Identification and Selection Process

In identifying and nominating candidates for election or re-election to the Board, the Compensation, Nominating and Governance Committee seeks appropriately qualified potential nominees. The Committee recognizes the importance of diversity with respect to cultural background, gender, age and professional experience and considers this as part of its process of selecting the most qualified directors. In light of the challenges junior companies face in attracting highly qualified director candidates, the Company believes that this approach enables it to make decisions regarding the composition of the Board based on what is in the best interests of the Company and its Shareholders.

Consideration of the Representation of Women in Executive Officer Appointments

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer

The Company has not adopted a specific target for women on the Board. The Company believes in diversity of the composition of the Board, however, the Company has determined not to choose or exclude a director nominee solely or largely because of gender. In selecting a director nominee, the Board focuses on skills, expertise, experience and background that would complement the remaining members of the Board.

ARTICLE 3 ADMINISTRATION

Section 3.1 Administration

- (1) Subject to Section 3.2, this Plan will be administered by the Board.
- (2) Subject to the terms and conditions set forth in this Plan, (including Appendix "A" hereto which is applicable to Participants whose compensation is subject to Section 409A of the United States Internal Revenue Code of 1986, as amended, despite the other provisions of this Plan) the Board is authorized

to provide for the granting, exercise and method of exercise of Options, all on such terms (which may vary between Options granted from time to time) as it determines. In addition, the Board has the authority to (i) construe and interpret this Plan and all agreements entered into under this Plan; (ii) prescribe, amend and rescind rules and regulations relating to this Plan; and (iii) make all other determinations necessary or advisable for the administration of this Plan. All determinations and interpretations made by the Board will be binding on all Participants and on their legal, personal representatives and beneficiaries.

- (3) No member of the Board will be liable for any action or determination taken or made in good faith in the administration, interpretation, construction or application of this Plan, any Option Agreement or any Option granted pursuant to this Plan.

Section 3.2 Delegation to Committee

Despite Section 3.1 or any other provision contained in this Plan, the Board has the right to delegate the administration and operation of this Plan, in whole or in part, to a committee of the Board and/or to any member of the Board. In such circumstances, all references to the Board in this Plan include reference to such committee and/or member of the Board, as applicable.

Section 3.3 Shares Reserved

- (1) Subject to Section 3.3(4), the securities that may be acquired by Participants under this Plan will consist of authorized but unissued Shares.
- (2) The Corporation will at all times during the term of this Plan ensure that it is authorized to issue such number of Shares as are sufficient to satisfy the requirements of this Plan.
- (3) The total number of Shares issuable under this Plan, and under all other Share Compensation Arrangements, is unlimited; provided, however, that the aggregate number of Shares issuable under this Plan (and under all other Share Compensation Arrangements) does not exceed 10% of the total number of Shares issued and outstanding from time to time (calculated on a non-diluted basis). Any Shares subject to an Option which has been exercised by a Participant or for any reason is cancelled or terminated without having been exercised, will again be available for grants under this Plan, and under all other Share Compensation Arrangements. Fractional shares will not be issued and will be treated as specified in Section 3.10(3).
- (4) If there is a change in the issued and outstanding Shares by reason of any stock dividend or split, recapitalization, amalgamation, consolidation, combination or exchange of shares, or other corporate change, the Board will make, with the intent that the rights of Participants under their Options are, to the extent possible, preserved despite the occurrence of such events, and subject where required to the prior approval of the Stock Exchange, appropriate substitution or adjustment in:
 - (a) the number or kind of securities of the Corporation (including Shares) reserved for issuance pursuant to this Plan; and
 - (b) the number and kind of securities of the Corporation (including Shares) subject to unexercised Options granted prior to such change and in the Exercise Price of such securities,

without any change in the total price applicable to the unexercised portion of the Option but with a corresponding adjustment in the price for each Share covered by the Option; provided, however, that no substitution or adjustment will obligate the Corporation to issue or sell fractional Shares. If the Corporation is reorganized, amalgamated with another corporation or consolidated, the Board will make

such provisions for the protection of the rights of Participants as the Board in its sole discretion deems appropriate.

Section 3.4 Limits with Respect to Insiders

- (1) The maximum number of Shares, including Shares issuable under any other Share Compensation Arrangement:
 - (a) issuable to Eligible Persons who are Insiders and their Associates at any time pursuant to the exercise of Options granted under this Plan, must not exceed 10% of the Shares issued and outstanding from time to time (calculated on a non-diluted basis); and
 - (b) that may be issued to Eligible Persons who are Insiders and their Associates within any one year period pursuant to the exercise of Options granted under this Plan, must not exceed 10% of the Shares issued and outstanding from time to time (calculated on a non-diluted basis).
- (2) The total number of Shares issuable to any one Participant (including an Insider), at any time, pursuant to the exercise of Options granted under this Plan, including Shares issuable under any other Share Compensation Arrangement, must not exceed 5% of the Shares issued and outstanding from time to time (calculated on a non-diluted basis).

Section 3.5 Amendment and Termination

- (1) The Board may suspend or terminate this Plan at any time, or from time to time amend or revise the terms of this Plan or of any Option granted under this Plan and any Stock Option Certificate relating to it, provided that no such suspension, termination, amendment or revision will be made:
 - (a) except in compliance with applicable law and with the prior approval, if required, of the Stock Exchange or any other regulatory body having authority over the Corporation, this Plan or the Shareholders; and
 - (b) in the case of an amendment or revision to this Plan or any Option Agreement, if it would materially adversely affect the rights of any Participant, without the consent of the Participant.
- (2) If this Plan is terminated, the provisions of this Plan and any administrative guidelines and other rules and regulations adopted by the Board and in force on the date of termination will continue in effect as long as any Option or any rights granted pursuant to this Plan remain outstanding and, despite the termination of this Plan, the Board may make such amendments to this Plan or to the terms of any outstanding Options as they would have been entitled to make if this Plan were still in effect.
- (3) Subject to any applicable rules of the Stock Exchange, the Board may from time to time, in its absolute discretion and without the approval of Shareholders, make the following amendments to this Plan or any Option:
 - (a) amend the vesting provisions of this Plan and any Stock Option Certificate;
 - (b) amend this Plan, any Stock Option Certificate or any Option as necessary to comply with applicable law or the requirements of the Stock Exchange or any other regulatory body having authority over the Corporation, this Plan or the Shareholders;
 - (c) any amendment of a “housekeeping” nature, including, without limitation, to clarify the meaning of an existing provision of this Plan, correct or supplement any provision of this Plan that is inconsistent with any other provision of this Plan, correct any grammatical or typographical errors or amend the definitions in this Plan regarding administration of this Plan;

- (d) any amendment respecting the administration of this Plan; and
 - (e) any other amendment that does not require the approval of Shareholders under Section 3.5(4).
- (4) Shareholder approval is required for the following amendments to this Plan:
- (a) any increase in the maximum number of Shares that may be issuable pursuant to Options granted under this Plan as set out in Section 3.3(3);
 - (b) any reduction in the Exercise Price of an Option, cancellation and reissue of Options, extension of the Expiry Date of an Option or a substitution of Options with cash or other awards on terms that are more favourable to the Participant;
 - (c) any amendment to the Insider participation limit set out in Section 3.4;
 - (d) any amendment to Section 3.5(3) and (4);
 - (e) any change that would materially modify the eligibility requirements for participation in this Plan; and
 - (f) any amendment to Section 4.6.

Section 3.6 Compliance with Legislation

- (1) This Plan, the terms of the issue or grant of, and the grant and exercise of, any Option under this Plan, and the Corporation's obligation to sell and deliver Shares upon the exercise of Options, is subject to all applicable federal, provincial and foreign laws, rules and regulations, the rules and regulations of the Stock Exchange and to such approvals by any regulatory or governmental agency as may, in the opinion of counsel to the Corporation, be required. The Corporation is not obliged by any provision of this Plan or the grant of any Option under this Plan to issue or sell Shares if, in the opinion of the Board, such action would constitute a violation by the Corporation or a Participant of any laws, rules and regulations or any condition of such approvals.
- (2) The Participant agrees to fully cooperate with the Corporation in doing all such things, including executing and delivering all such agreements, undertakings or other documents or furnishing all such information as is reasonably necessary to facilitate compliance by the Corporation with such laws, rule and requirements, including all tax withholding and remittance obligations.
- (3) No Option will be granted, and no Shares issued under this Plan, where such grant, issue or sale would require registration of this Plan or of Shares under the securities laws of any foreign jurisdiction, and any purported grant of any Option or purported issue of Shares under this plan in violation of this provision is void.
- (4) The Corporation has no obligation to issue any Shares pursuant to this Plan unless such Shares have been duly listed, upon official notice of issuance, with the Stock Exchange. Shares issued and sold to Participants pursuant to the exercise of Options may be subject to limitations on sale or resale under applicable securities laws.
- (5) If Shares cannot be issued to a Participant upon the exercise of an Option due to legal or regulatory restrictions, the obligation of the Corporation to issue such Shares will terminate and any funds paid to the Corporation in connection with the exercise of such Option will be returned to the applicable Participant as soon as practicable.

Section 3.7 Effective Date

This Plan will be effective upon the approval of this Plan by:

- (a) the Stock Exchange, and will comply with the requirements from time to time of the Stock Exchange; and
- (b) the Shareholders, by the affirmative vote of a majority of the votes attached to the Shares entitled to vote and represented and voted at an annual or special meeting of Shareholders held, among other things, to consider and approve this Plan.

Section 3.8 Proceeds from Exercise of Options

The proceeds from any sale of Shares issued upon the exercise of Options will be added to the general funds of the Corporation and afterwards will be used from time to time for such corporate purposes as the Board may determine.

Section 3.9 Tax Withholdings

- (1) Despite any other provision contained in this Plan, in connection with the exercise of an Option by a Participant from time to time, the Corporation may withhold from any amount payable to a Participant, including the issuance of Shares to a Participant upon the exercise of such Participant's options, such amounts as are required by law to be withheld or deducted as a consequence of his or her exercise of Options or other participation in this Plan ("**Withholding Obligations**"). The Corporation has the right, in its sole discretion, to satisfy any Withholding Obligations by:
 - (a) selling or causing to be sold, on behalf of any Participant, such number of Shares issued to the Participant on the exercise of Options as is sufficient to fund the Withholding Obligations;
 - (b) retaining the amount necessary to satisfy the Withholding Obligations from any amount which would otherwise be delivered, provided or paid to the Participant by the Corporation, whether under this Plan or otherwise;
 - (c) requiring the Participant, as a condition of exercise pursuant to Section 4.4 to (i) remit the amount of any such Withholding Obligations to the Corporation in advance; (ii) reimburse the Corporation for any such Withholding Obligations; or (iii) cause a broker who sells Shares acquired by the Participant on behalf of the Participant to withhold from the proceeds realized from such sale the amount required to satisfy any such Withholding Obligation and to remit such amount directly to the Corporation; and/or
 - (d) making such other arrangements as the Corporation may reasonably require.
- (2) The sale of Shares by the Corporation, or by a broker engaged by the Corporation (the "**Broker**"), under Section 3.9(1) above will be made on the Stock Exchange. The Participant consents to such sale and grants to the Corporation an irrevocable power of attorney to effect the sale of such Shares on his or her behalf and acknowledges and agrees that (i) the number of Shares sold will be, at a minimum, sufficient to fund the Withholding Obligations net of all selling costs, which costs are the responsibility of the Participant and which the Participant hereby authorizes to be deducted from the proceeds of such sale; (ii) in effecting the sale of any such Shares, the Corporation or the Broker will exercise its sole judgment as to the timing and the manner of sale and will not be obligated to seek or obtain a minimum price; and (iii) neither the Corporation nor the Broker will be liable for any loss arising out of such sale of the Shares including any loss relating to the pricing, manner or timing of the sales or any delay in transferring any Shares to a Participant or otherwise.

- (3) The Participant further acknowledges that the sale price of the Shares will fluctuate with the market price of the Shares and no assurance can be given that any particular price will be received upon any sale.

Section 3.10 Miscellaneous

- (1) Nothing contained in this Plan will prevent the Board from adopting other or additional Share Compensation Arrangements or compensation arrangements, subject to any required approval.
- (2) This Plan does not grant any Participant or any employee of the Corporation or its Affiliates the right or obligation to serve or continue to serve as a Consultant, director, officer or employee, as the case may be, of the Corporation or its Affiliates. The awarding of Options to any Eligible Person is a matter to be determined solely in the discretion of the Board. This Plan will not in any way fetter, limit, obligate, restrict or constrain the Board with regard to the allotment or issue of any Shares or any other securities in the capital of the Corporation other than as specifically provided for in this Plan. The grant of an Option to, or the exercise of an Option by, a Participant under this Plan does not create the right for such Participant to receive additional grants of Options under this Plan.
- (3) No fractional Shares will be issued upon the exercise of Options granted under this Plan and, accordingly, if a Participant would become entitled to a fractional Share upon the exercise of an Option, or from an adjustment pursuant to Section 3.3(4), such Participant will only have the right to purchase the next lowest whole number of Shares, and no payment or other adjustment will be made with respect to the fractional interest so disregarded.
- (4) The Corporation makes no representation or warranty as to the future market value of the Shares or with respect to any income tax matters affecting the Participant resulting from the grant or exercise of an Option and/or transactions in the Shares. Neither the Corporation, nor any of its directors, officers, employees, Shareholders or agents will be liable for anything done or omitted to be done by such person or any other person with respect to the price, time, quantity or other conditions and circumstances of the issuance of Shares under this Plan, with respect to any fluctuations in the market price of Shares or in any other manner related to this Plan.
- (5) The Board may adopt such rules or regulations and vary the terms of this Plan and any Option issued in accordance with this Plan as it considers necessary to address tax or other requirements of any applicable non-Canadian jurisdiction, including, without limitation, Section 409A of the Code.
- (6) Participants (and their legal personal representatives) have no legal or equitable rights, claims, or interest in any specific property or assets of the Corporation or any Affiliate. No assets of the Corporation or any Affiliate will be held in any way as collateral security for the fulfillment of the obligations of the Corporation or any Affiliate under this Plan. Any and all of the Corporation's or any Affiliate's assets are, and remain, the general unpledged, unrestricted assets of the Corporation or Affiliate. The Corporation's or any Affiliate's obligation under this Plan are merely that of an unfunded and unsecured promise of the Corporation or such Affiliate to pay money in the future, and the rights of Participants (and their legal personal representatives) are no greater than those of unsecured general creditors.
- (7) For greater certainty, no amount will be paid to, or in respect of, a Participant under this Plan or pursuant to any other arrangement, and no additional Options will be granted to such Participant to compensate for a downward fluctuation in the price of the Shares, nor will any other form of benefit be conferred upon, or in respect of, a Participant for such purpose.
- (8) This Plan is governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein.

ARTICLE 4 OPTIONS

Section 4.1 Grants of Options

- (1) An Option will be evidenced by a stock option certificate ("**Stock Option Certificate**"), signed on behalf of the Corporation, which Stock Option Certificate will be in substantially the form of Appendix "B" attached to this Plan, or such other form as the Board may approve from time to time.
- (2) Subject to the provisions of this Plan, the Board has the authority to determine the limitations, restrictions and conditions, if any, in addition to those set forth in Section 3.1(2) and Section 4.3 hereof, applicable to the exercise of an Option. An Eligible Person may receive Options on more than one occasion under this Plan and may receive separate Options on any one occasion.
- (3) The Board may from time to time, in its discretion, grant Options to any Eligible Person upon the terms, conditions and limitations set forth in this Plan and such other terms, conditions and limitations permitted by and not inconsistent with this Plan as the Board may determine, provided that Options granted to any Participant must be approved by the Shareholders if the rules of the Stock Exchange require such approval. Despite the foregoing, no Option will be granted during a black-out period or other trading restriction imposed by the Corporation (but, for greater certainty, not a cease trade order or other restriction imposed by any person other than the Corporation), or any other time when the Board or the Corporation has any material undisclosed information.

Section 4.2 Exercise Price

An Option may be exercised at a price (the "**Exercise Price**") established by the Board at the time that the Option is granted, but in no event can the Exercise Price be less than the Market Price. The Exercise Price is subject to adjustment in accordance with the provisions of Section 3.3(4) hereof.

Section 4.3 Vesting

Subject to Section 4.7, all Options granted under this Plan will vest in accordance with the terms of the Stock Option Certificate entered into in respect of such Options, provided that in no event shall more than 50% of the Options granted vest within 12 months following the date the Options are granted and that in any event, all of the Options granted shall vest not later than 36 months following the date the Options are granted.

Section 4.4 Exercise of Options

- (1) The period during which an Option may be exercised (the "**Option Period**") will be determined by the Board at the time the Option is granted and set out in the Stock Option Certificate in respect of such Option, provided that:
 - (a) all Options expire on the date (the "**Expiry Date**") set out by the Board on the date of grant and as described in the applicable Stock Option Certificate provided that no Option will be exercisable for a period exceeding five (5) years from the date the Option is granted;
 - (b) Options may not be exercised until they have vested;
 - (c) the Option Period will be automatically reduced in accordance with Section 4.7 below upon the occurrence of any of the events referred to in such section; and
 - (d) no Option in respect of which Shareholder approval is required under the rules of the Stock Exchange will be exercisable until such time as such Option has been approved by the Shareholders.

- (2) Despite any other provision of this Plan, if the Expiry Date of an Option falls on, or within nine (9) Business Days immediately following a date upon which a Participant is prohibited from exercising an Option due to a black-out period or other trading restriction imposed by the Corporation, then the Expiry Date of such Option will be automatically extended to the tenth (10th) Business Day following the date the relevant black-out period or other trading restriction imposed by the Corporation is lifted, terminated or removed. Where the Expiry Date of an Option falls immediately after a black-out period or other trading restriction imposed by the Corporation, and for greater certainty, not later than ten (10) days after the black-out period or other trading restriction imposed by the Corporation, then the Expiry Date of such Option will be automatically extended by such number of days equal to ten (10) days less the number of days after the black-out period that the Option expires.
- (3) The Exercise Price of each Share purchased under an Option must be paid in full in cash or by bank draft or certified cheque at the time of such exercise, and upon receipt of payment in full, the number of Shares in respect of which the Option is exercised will be duly issued as fully paid and non-assessable.
- (4) Upon the exercise of Options pursuant to this Section 4.3, the Corporation will immediately deliver, or cause the registrar and transfer agent of the Shares to deliver, to the relevant Participant (or his or her legal or personal representative) or to the order thereof, the number of Shares with respect to which Options have been exercised (subject to Section 3.9).
- (5) Subject to the other provisions of this Plan and any vesting limitations imposed by the Board at the time of grant, Options may be exercised, in whole or in part, at any time or from time to time, by a Participant by written notice given to the Corporation as required by the Board from time to time.

Section 4.5 Change of Control

- (1) Despite any other provision of this Plan, in the event of a Change of Control Event all unvested Options then outstanding will be substituted by or replaced with stock options of the surviving corporation (or any affiliate thereof) or the potential successor (or any affiliate thereto) (the **"continuing entity"**) on the same terms and conditions as the original Options.
- (2) If within 12 months of a Change of Control Event, a Participant's service, consulting relationship, or employment with the Corporation, an Affiliate or the continuing entity is terminated without Cause, or the Participant resigns from his or her employment for Good Reason, the vesting of all Options then held by such Participant (and, if applicable, the time during which such Options may be exercised) will, at the discretion of the Board, be accelerated in full.
- (3) If, upon a Change of Control Event, the continuing entity fails to comply with Section 4.5(1) above, the vesting of all then outstanding Options (and, if applicable, the time during which such Options may be exercised) will, at the discretion of the Board, be accelerated in full.
- (4) No fractional Shares or other security will be issued upon the exercise of any Option and accordingly, if as a result of a Change of Control Event, a Participant would become entitled to a fractional Share or other security, such Participant will have the right to acquire only the next lowest whole number of Shares or other security and no payment or other adjustment will be made with respect to the fractional interest so disregarded.
- (5) Despite anything else to the contrary in this Plan except Section 4.5(2), in the event of a potential Change of Control Event, the Board will have the power, in its sole discretion, to modify the terms of this Plan and/or the Options (including, for greater certainty, to cause the vesting of all unvested Options) to assist the Participants in tendering to a take-over bid or other transaction leading to a Change of Control Event. For greater certainty, in the event of a take-over bid or other transaction leading to a Change of Control Event, the Board has the power, in its sole discretion, to permit Participants to conditionally exercise their Options, such conditional exercise to be conditional upon the take-up by such offeror of the Shares or other securities tendered to such take-over bid in accordance

with the terms of the take-over bid (or the effectiveness of such other transaction leading to a Change of Control Event). If, however, the potential Change of Control Event referred to in this Section 4.5(5) is not completed within the time specified (as the same may be extended), then despite this Section 4.5(5) or the definition of "Change of Control Event", (i) any conditional exercise of vested Options will be deemed to be null, void and of no effect, and such conditionally exercised Options will for all purposes be deemed not to have been exercised, and (ii) Options which vested pursuant to this Section 4.5(5) will be returned by the Participant to the Corporation and reinstated as authorized but unissued Shares and the original terms applicable to such Options will be reinstated.

- (6) If the Board has, pursuant to the provisions of Section 4.5(5), permitted the conditional exercise of Options in connection with a potential Change of Control Event, then the Board will have the power, in its sole discretion, to terminate, immediately following actual completion of such Change of Control Event and on such terms as it sees fit, any Options not exercised (including all unvested Options).

Section 4.6 Transfer and Assignment

Options are not transferable or assignable by a Participant otherwise than by will or the laws of descent and distribution, and will be exercisable only by a Participant during the lifetime of the Participant and, subject to Section 4.7(1)(c), after death only by the Participant's legal representative.

Section 4.7 Termination of Service

- (1) Subject to Section 4.7(2), and except as otherwise determined by the Board in its sole discretion:
 - (a) if a Participant ceases to be an Eligible Person as a result of his or her resignation from the Corporation, each unvested Option held by the Participant will automatically terminate and become void immediately upon resignation, and each vested Option will cease to be exercisable on the earlier of the original Expiry Date of the Option and ninety (90) days following the Termination Date;
 - (b) if a Participant ceases to be an Eligible Person as a result of his or her Retirement, each unvested Option held by such Participant will continue to vest for a period of twelve (12) months from the date of his or her Retirement and all vested Options held by such Participant will continue to be exercisable for a period ending on the earlier of (i) the original Expiry Date of the Option, and (ii) the date that is twenty-four (24) months following the date of the Participant's Retirement;

Appendix “A”

SPECIAL APPENDIX to the ORVANA MINERALS CORP. Stock Option Plan Special Provisions Applicable to Eligible Persons Subject to Section 409A of the United States Internal Revenue Code

This Appendix sets forth special provisions of the Orvana Minerals Corp. Stock Option Plan (the “**Plan**”) that apply to Eligible Persons whose compensation is subject to section 409A of the United States Internal Revenue Code of 1986, as amended (the “**Code**”) and modifies the terms of the Plan with respect to those Eligible Persons who are subject to income taxation under the laws of the United States. Terms defined in the Plan and used in this Appendix and in any Option Agreement applicable to any Option issued under the Plan will have the meanings set forth in the Plan, as amended from time to time.

1. Definitions

For the purposes of this Appendix:

- (a) “**Code**” means the United States Internal revenue Code of 1986, as amended, and any applicable United States Treasury Regulations and other binding regulatory guidance thereunder;
- (b) “**Section 409A**” means section 409A of the Code;
- (c) “**Separation From Service**” has the meaning attributed thereto in United States Treasury Regulation Section 1.409A1(h);
- (d) “**US Taxpayer**” means an Eligible Person whose compensation from the Corporation or any of its Affiliates is subject to Section 409A.

2. Non-qualified stock options; Exemption from Section 409A.

(1) Options granted to US Taxpayers are not intended to satisfy the requirements of Section 422 of the Code as “incentive stock options”. Despite any provision of the Plan to the contrary, it is intended that Options granted under the Plan to US Taxpayers be exempt from Section 409A, and all provisions of the Plan will be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A.

(2) Each US Taxpayer is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or for the account of such US Taxpayer in connection with the Plan (including any taxes and penalties under Section 409A), and neither the Corporation nor any Affiliate will have any obligation to indemnify or otherwise hold such US Taxpayer (or any beneficiary) harmless from any or all of such taxes or penalties.

3. Exercise Price.

Despite any other provision of the Plan, so long as at the time of the grant of an Option the Shares are “readily tradable” (as determined under United States Treasury Regulation section 1.409A-1(b)(5)(iv)(G)), the Exercise Price will be the closing sale price of the Shares reported on the Exchange on which the Shares are listed on the last Business Day on which such Exchange is open for trading prior to the date of grant of such Option, and, if at the time of grant the Shares are not “readily tradable” (as determined under United States Treasury Regulation section 1.409A-1(b)(5)(iv)(G)), the Exercise Price will be determined by the reasonable applicable of a reasonable valuation method in accordance with United States Treasury Regulation Section 1.409A-1(b)(5)(iv)(B).

4. Expiry of Option; Trading Blackouts.

Despite any other provision of the Plan and any provisions of the Option Agreement to the contrary, Options granted to US Taxpayers may not be exercised under any circumstances following the 5th anniversary of the date of grant.

5. Use of Trust.

No trust will be established or funded with respect to Options granted to US Taxpayers if such trust would cause such Options to be treated as other than a stock right described in United States Treasury Regulation Section 1.409A-1(b)(5)(i)(A) or (B).

6. Amendment of Appendix.

The Board retains the power and authority to amend or modify this Appendix to the extent that the Board, in its sole discretion, deems necessary or advisable to comply with any guidance issued under Section 409A. Such amendments may be made without the approval of any US Taxpayer.

7. Non-transferability of Options.

Despite Section 4.6 and Section 4.7 of the Plan, except as otherwise set forth in the applicable Option Agreement, no Option or any interest or participation therein may be transferred (other than by will or by the laws of descent and distribution) if such transfer would be treated as a “modification” of such Option for the purposes of the Code.
