ORVANA MINERALS CORP.

MANAGEMENT INFORMATION CIRCULAR FOR THE ANNUAL MEETING OF SHAREHOLDERS

VOTING INFORMATION

Solicitation of Proxies

This Management Information Circular (the "Circular") is provided in connection with the solicitation, by or on behalf of the management of Orvana Minerals Corp. ("Orvana" or the "Company"), of proxies to be used at the Company's annual meeting of the holders of its common shares (the "Common Shares") to be held on February 26, 2014 (the "Meeting") or at any adjournment thereof. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone, by directors, officers or employees of the Company without special compensation, or by the Company's transfer agent, Equity Financial Trust Company, at nominal cost. The cost of solicitation will be borne by the Company.

The Company is sending the Notice of Meeting, this Circular, the Company's comparative audited consolidated financial statements as at and for the fiscal year ended September 30, 2013 and the auditor's report thereon and the Management Discussion & Analysis for the year ended September 30, 2013 (collectively, the "Proxy-Related Materials") directly to registered-holders and non-registered holders of Common Shares who have not objected to intermediaries disclosing their beneficial ownership information. The Company will pay for the cost of intermediaries to deliver the Proxy-Related Materials and voting instruction form to non-registered holders who have not objected to intermediaries disclosing their beneficial ownership information. Neither the Company nor its subsidiaries will reimburse shareholders, nominees or agents for the cost incurred in obtaining authorization to execute forms of proxy from their principals or beneficial owners.

Who Can Vote

The Company's board of directors (the "Board") has fixed January 17, 2014 as the record date for the Meeting. Any holder of Common Shares of record at the close of business on the record date will be entitled to vote the Common Shares held by such shareholder as at such date on each matter to be acted upon at the Meeting.

If you are a registered holder of Common Shares, a form of proxy is enclosed that you can use to vote at the Meeting or you may attend in person and vote at the Meeting.

If you are a non-registered holder and your Common Shares are held by an intermediary (such as a broker or financial institution), you may receive either a form of proxy or voting instruction form and should follow the instructions provided with such form.

Voting Matters

At the Meeting, shareholders are voting on the following matters:

- the election of directors of the Company; and
- the appointment of the Company's auditor for the ensuing year and the authorization of the Board, upon the recommendation of the Audit Committee, to fix the auditor's remuneration.

Voting Your Common Shares

All shareholders are advised to carefully read the voting instructions below that are applicable to them.

Registered Shareholders

If you were a registered shareholder on the record date, you may vote in person at the Meeting or give another person authority to represent you and vote your shares at the Meeting, as described below under the heading "Appointment of Proxyholder".

Non-Registered Shareholders

It is possible that your Common Shares may be registered in the name of an intermediary, which is usually a trust company, securities broker or other financial institution. A substantial number of shareholders do not hold Common Shares in their own name. If your Common Shares are registered in the name of an intermediary, you are a non-registered shareholder, which is sometimes referred to as a beneficial owner. You should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting.

Your intermediary is entitled to vote the Common Shares held by it and beneficially owned by you on the record date. However, without specific instructions from the beneficial holder, a broker and its agents and nominees are prohibited from voting Common Shares for such beneficial holder. Therefore, if you are a beneficial shareholder rather than a registered shareholder, you should follow the instructions of your intermediary with respect to the procedures to be followed for voting. Generally, intermediaries will provide non-registered shareholders with either: (i) a voting instruction form for completion and execution by you, or (b) a proxy form, executed by the intermediary and restricted to the number of Common Shares owned by you, but otherwise uncompleted. These procedures are to permit non-registered shareholders to direct the voting of the Common Shares that they beneficially own.

Please note that if you are a non-registered shareholder and you wish to attend the Meeting, you will not be recognized at the Meeting for the purpose of voting Common Shares registered in the name of an intermediary unless you appoint yourself as a proxyholder. Accordingly, if you are a non-registered shareholder, to vote your Common Shares in person at the Meeting, you should take the following steps:

- appoint yourself as the proxyholder by writing your own name in the space provided on the voting instruction form or form of proxy; and
- follow the instructions of the intermediary for return of the executed form or other method of response.

Do not otherwise complete the form as your vote, or your designate's vote, will be taken at the Meeting.

Appointment of Proxyholder

Each shareholder has the right to appoint as proxyholder a person (who need not be a shareholder of the Company) other than the persons designated by management of the Company in the enclosed form of proxy to attend and act on the shareholder's behalf at the Meeting or at any adjournment thereof. Such right may be exercised by inserting the name of the person in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy. If you leave the space in the proxy form blank, the persons designated in the form, who are officers of the Company, are appointed to act as your proxyholder.

The persons designated by management of the Company in the enclosed form of proxy are officers of the Company. In the case of **registered shareholders**, the completed, dated and signed form of proxy should be sent (i) in the enclosed envelope by mail, courier or delivered in person to the Secretary of the Company c/o Equity Financial Trust Company, Proxy Dept., 200 University Avenue, Suite 400, Toronto, Ontario, M5H 4H1, or (ii) by facsimile to (416) 595-9593 (within North America). To be effective, a proxy must be received by Equity Financial Trust Company not later than 2:00 p.m. (Toronto time) on February 24, 2014, or in the case of any adjournment of the Meeting, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the adjourned meeting.

In the case of **non-registered shareholders** who receive these materials through their broker or other intermediary, the shareholder should communicate his or her voting instructions in accordance with the instructions provided by the shareholder's intermediary.

Revocation of Proxy

A shareholder who has given a proxy may revoke it at any time before it is used by doing one of the following:

- by depositing an instrument in writing or another proxy form signed by the shareholder or by the shareholder's attorney, who is authorized in writing or by electronic signature, or
- by delivering or transmitting, by telephonic or electronic means, a revocation signed by electronic signature by the shareholder or by the shareholder's attorney, who is authorized in writing or by electronic signature,

in either case, to or at the registered office of the Company at 181 University Avenue, Suite 1901, Toronto, Ontario, M5H 3M7, by facsimile transmission to (416) 369-1402 or by electronic delivery to proxy@orvana.com, in each case, at any time up to and including the last business day preceding the day of the Meeting, or in the case of any adjournment of the Meeting, the last business day preceding the day of the adjourned meeting. You may also attend the Meeting and notify the Chair of the Meeting on the day of, and prior to the start of, the Meeting or any adjourned meeting that you are revoking your proxy. You may also revoke your proxy in any other manner permitted by law.

Voting of Proxies

On any ballot that may be called for, the Common Shares represented by a properly executed proxy given in favour of the persons designated by management of the Company in the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions given on the proxy. If you have not specified how to vote on a particular matter, then your proxyholder can vote your Common Shares as he or she sees fit. **If neither you nor your proxyholder gives specific instructions, your Common Shares will be voted as follows:**

- **FOR** the election of nominees as directors of the Company; and
- **FOR** the appointment of PricewaterhouseCoopers LLP as the Company's auditor for the ensuing year and the authorization of the Board, upon the recommendation of the Audit Committee, to fix the auditor's remuneration.

Additional Matters Presented at the Meeting

The enclosed proxy form or voting instruction form confers discretionary authority upon the persons named as proxies therein with respect to any amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

If you sign and return the form of proxy and do not appoint a proxyholder by filling in a name, and any other matter is presented at the Meeting, or at any postponement or adjournment thereof, in addition to, or as an amendment or variation to, the matters described in the Notice of Meeting, the Orvana representatives named as proxies will vote in their best judgment. When this Circular was mailed to shareholders, management of the Company was not aware of any matters to be considered at the Meeting other than the matters described in the Notice of Meeting or any amendments or variations to the matters described in such Notice of Meeting.

Voting Shares

As at January 17, 2014, the Company had 136,623,171 Common Shares outstanding, each carrying the right to one vote per Common Share. The presence of at least two persons present in person, each being a shareholder entitled to vote at the Meeting or a duly appointed proxyholder or representative for a shareholder entitled to vote at the Meeting, is necessary for a quorum at the Meeting. A simple majority of the votes cast at the Meeting, whether in person, by proxy or otherwise, will constitute approval of the matters that are submitted to a vote at the Meeting.

Principal Shareholders

To the knowledge of the directors and senior officers of the Company, as at January 17, 2014, no person beneficially owned, or controlled or directed, directly or indirectly, more than 10% of the voting rights attached to the outstanding Common Shares of the Company except as stated below:

Name	Aggregate Number of Common Shares	Percentage of Outstanding Common Shares
Fabulosa Mines Limited ⁽¹⁾	70,915,027	51.9%

- (1) On March 12, 2012, the Company entered into an agreement with Fabulosa Mines Limited ("Fabulosa") pursuant to which, for so long as it owns at least 10% of the outstanding Common Shares, Fabulosa has the right to designate, at any shareholders' meeting at which directors are to be elected, that number of management's nominees for election as directors of the Company that is the same proportion as its ownership interest is of the Common Shares.

Notice to United States Shareholders

The solicitation of proxies by the Company is not subject to the requirements of Section 14(a) of the United States Securities Exchange Act of 1934, as amended (the "U.S. Exchange Act"), by virtue of an exemption applicable to proxy solicitations by "foreign private issuers" as defined in Rule 3b-4 promulgated under the U.S. Exchange Act. Accordingly, this Circular has been prepared in accordance with the applicable disclosure requirements in Canada. Shareholders in the United States should be aware that such requirements are different than those of the United States applicable to proxy statements under the U.S. Exchange Act.

MATTERS TO BE ACTED UPON AT THE MEETING

The Meeting will address the following matters:

1. receiving the Company's comparative audited consolidated financial statements as at and for the fiscal year ended September 30, 2013 and the auditor's report thereon (the "2013 Financials");
2. electing directors who will serve until the next annual meeting of shareholders of the Company;
3. appointing the auditor of the Company that will serve until the next annual meeting of shareholders and authorizing the Board, upon the recommendation of the Audit Committee, to set the auditor's remuneration; and
4. any such other business as may properly be brought before the Meeting.

Receiving the Financial Statements

The 2013 Financials are being mailed to the Company's registered and beneficial shareholders who requested such financial statements. Management of the Company will review the financial results set out in the 2013 Financials at the Meeting and shareholders and proxyholders will be given an opportunity to discuss these results with management of the Company. The 2013 Financials are available on the Company's website at www.orvana.com or on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.

Election of Directors

The Company's articles provide that the Board may consist of a minimum of three and a maximum of ten directors. The Board is currently comprised of six directors. After a review of the size and composition of the Board in fiscal 2013, the Board determined that the size of the Board should consist of seven members to facilitate its effective functioning. As a result, the Compensation and Nominating Committee completed a process to identify and recommend Mr. Gordon J. Bogden and Mr. Jacques McMullen as two nominees for election as directors of the Company. Following the Compensation and Nominating Committee's recommendation, the Board has determined to nominate each of the seven persons listed below for election as a director of the Company at the Meeting and has fixed the size of the Board at seven. All of the nominees, other than Messrs. Bogden and McMullen, are current members of the

Board and have been directors of the Company since the date indicated in the table below opposite the proposed nominee's name.

Under the by-laws of the Company, directors of the Company are elected annually. Each director will hold office until the next annual meeting of the shareholders of the Company or until the successor of such director is duly elected or appointed, unless such office is earlier vacated in accordance with the by-laws.

The Board has adopted a majority voting policy in its Corporate Governance Guidelines pursuant to which any nominee proposed for election as a director in an uncontested election who receives, from the Common Shares voted at the Meeting in person or by proxy, a greater number of Common Shares withheld than Common Shares voted in favour of their election, must promptly tender his or her resignation to the Chair of the Board, to take effect on acceptance by the Board. The Compensation and Nominating Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board on whether to accept it. The Board will then make a final decision and announce it. See "Statement of Corporate Governance Practices" attached as Schedule A to this Circular.

The Board recommends that shareholders vote FOR the election as directors of the Company of each of the seven nominees set out in the Circular. Unless authority to do so with respect to one or more directors is withheld, the persons named in the accompanying form of proxy intend to vote FOR the election of each of such nominees.

Management does not contemplate that any of the proposed nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the Common Shares represented by properly executed proxies given in favour of such nominee(s) may be voted by the persons designated by management of the Company in the enclosed form of proxy, in their discretion, in favour of another nominee.

The following table sets forth information with respect to each proposed nominee for election as a director of the Company, including the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction was exercised, by such person or the person's associates or affiliates as at January 17, 2014:

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 – *Corporate Governance Guidelines* of the Canadian Securities Administrators (“CSA”) sets out a series of guidelines for effective corporate governance (the “Corporate Governance Guidelines”). The Corporate Governance Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. As it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance with the Corporate Governance Guidelines, National Instrument 58-101 - *Disclosure of Corporate Governance Practices* of the CSA (“NI 58-101”) requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Corporate Governance Guidelines. The Company’s approach to corporate governance in relation to the Corporate Governance Guidelines is set out in Schedule “A” to this Circular.

Compensation Discussion and Analysis

Objectives of the Executive Compensation Program

Orvana’s executive compensation program is designed to be market competitive with a long-term view in order to attract, engage and retain high performing talent. The objectives of Orvana’s executive compensation program are:

- *To provide compensation that is fair and reasonable to senior executives*

Orvana awards compensation based on performance against both quantitative and qualitative measures aligned to the Company’s business strategy, while ensuring that participants are rewarded at market competitive compensation levels. Orvana determines compensation on an individual basis with the goal of attracting and retaining executives that are highly qualified, experienced and have a proven track record of performance, while maintaining internal pay equity such that executives in similar positions are treated equitably.

- *To motivate senior executives and managers to create value for the Company*

Under Orvana’s executive compensation program, an appropriate portion of total compensation is variable and linked to performance, thus rewarding executives when they successfully achieve corporate, mine-specific or individual performance objectives over the short and long-term. Orvana ensures that the total compensation package provided to senior executives includes a significant portion of compensation that is at risk and tied to value creation, reinforcing the importance of senior executives and their ability to influence business outcomes and financial performance. In doing so, Orvana uses corporate financial results as the main performance measures and uses operating results as secondary performance measures.

- *To align performance metrics and compensation to the Company's business strategy*

Orvana's executive compensation program aligns the interest of employees with the interests of shareholders through the link to long-term value creation. Orvana aligns compensation with corporate longevity and sustainability by promoting a pay-for-performance culture, providing that a significant portion of executive compensation is variable or at risk (and therefore not guaranteed) and implementing an executive compensation program that is designed to not encourage excessive risk-taking by employees.

Elements of Executive Compensation

The elements of the Company's executive compensation program, which include both fixed compensation and performance-based variable compensation, are: base salary, short-term incentive plan compensation, long-term incentive plan compensation and a benefits program consisting of health, dental, disability and insurance plans. The sum of these compensation elements comprises the total direct compensation of the Company's executive officers. The Company does not have a pension plan.

Base Salary

The base salary establishes the competitive foundation of the executive compensation program. Base salary is a fixed component of the compensation program and is used to determine other elements of compensation and benefits. Base salaries are intended to reward executives for knowledge, qualifications, experience and individual performance/behaviour required to perform their role. The assessment of base salary is discretionary and is reviewed and approved on an annual basis. In certain cases, base salary may be set above or below the median level in the benchmark group used by the Company to recognize the high performing track record and/or developing nature of incumbents in certain roles.

Short-Term Incentive Compensation

The Company's Short-Term Incentive Plan ("STIP") consists of a cash bonus paid based on annual performance. The STIP provides a variable component of compensation designed to reward full-time executives for corporate, mine specific or individual achievements against challenging yet attainable pre-defined annual objectives that contribute to shareholder value. The STIP is designed to attract, retain and motivate high quality professionals and provide competitive, performance-based opportunities aligned with the Company's business strategy and is reflective of market practice for organizations of similar size, scope and complexity. Award opportunities vary by employee level, role and responsibilities and align with market practice. For example, positions that have a direct impact on the direction and success of the Company, such as executives, will have a greater portion of their STIP linked to corporate objectives, whereas managers will be linked more towards mine-specific and individual objectives. The STIP utilizes performance measures and targets that are both quantitative and qualitative in nature. Under the STIP, performance measures, weightings and target award levels (as a percentage of base salary) are communicated on an annual basis. To ensure a pay-for-performance culture, STIP payouts are only made by the Company if certain minimum performance levels are met.

Long-term Incentive Compensation

The elements of the compensation program that are intended to provide long-term incentives are the performance-based grants of restricted share units and stock appreciation rights, which may be granted annually, and stock options. These grants of equity-linked compensation are intended to better align the interests of an executive with those of shareholders by connecting the amount of the executive's compensation to the Company's share price performance. The incremental vesting of awards over a period of time is also intended to aid in executive retention as well as to mitigate the risk of undue risk-taking, the effects of which may lag annual bonus awards.

(i) Restricted Share Units

On October 1, 2008, the Company adopted the Restricted Share Unit Plan for Designated Executives (the "RSU Plan"). As described below, restricted share units ("RSUs") are used by the Company to provide certain executive officers (including the NEOs) with long-term incentive compensation that is measured against both the achievement of annually established key performance objectives of the individual executive and a qualitative evaluation of the executive's overall effectiveness and contribution

to the Company. As RSUs are granted based on past performance, executives are not considered eligible to receive grants of RSUs until the end of the fiscal year in which they join the Company. The amount of the grant is variable from year to year in relation to the executive's performance.

RSUs are granted on an annual basis and make up a portion of the annual long-term incentive compensation (currently at least 50%). The number of RSUs included in a grant is determined by dividing the value of the RSU award by the average closing price of the Common Shares on the TSX for the five trading days immediately prior to October 1, which is the day immediately following the end of the fiscal year in which the services to which the grant relates were rendered.

RSUs vest on December 1 of the third calendar year following the end of the calendar year in which the executive provided the services to which the grant relates (where such services straddle two calendar years, the first calendar year in which the services to which the grant of such RSUs relate were rendered) or such other date as may be specified in the terms of the grant. Pursuant to the RSU Plan, at vesting, each RSU will have a value equal to the average closing price of one Common Share for the five trading days prior to the vesting date. Executives who continue in employment with the Company or one of its affiliates on the vesting date shall receive a payment in respect of the vested RSUs. RSUs may be forfeited in the event of cessation of the executive's employment by the Company and its affiliates prior to vesting.

Orvana believes that RSUs promote ownership in the Company and can serve to align the interests of executives with shareholders. The use of RSUs as a component of compensation is intended to more effectively correlate long-term incentive compensation to the Company's performance. In addition, while the value of both stock options and RSUs are tied to the Company's share price, unlike stock options, RSUs are not dilutive to shareholders' equity. The incentive, risk mitigation and retentive value of stock options can be limited in circumstances where, notwithstanding strong corporate and/or individual performance, the Company's share price is negatively impacted by external factors such that stock options have no value. In such circumstances, RSUs continue to have value, albeit reduced, and, consequently, continue to support executive retention and provide effective long-term incentive compensation. The vesting period for RSUs is intended to ensure that they act as long-term incentive compensation and provide a significant retention incentive.

(ii) Stock Options

Prior to Orvana's adoption of the RSU Plan, the Company's long-term incentive compensation for executives was solely in the form of options to purchase Common Shares. Like RSUs, the value of stock options is directly linked to the price of the Common Shares. The Company continues to grant stock options in connection with the initial appointment of certain executives, thereby bridging the period until a significant RSU holding is established. The purpose of these awards is to assist in attracting talented executives and to align their interests with those of the Company's shareholders from the date of their initial appointment and prior to their eligibility to receive grants of RSUs. Grants of additional stock options may be made to an executive based on the recommendation of the Compensation and Nominating Committee, taking into account such factors as: an exceptional level of Company or individual performance, the number of stock options awarded to such executive in the past and other factors that might justify an additional grant.

Options are granted under the Company's Stock Option Plan adopted by the Company effective on February 16, 2006 (the "Stock Option Plan"). The number of Common Shares that may be issued from treasury under the Stock Option Plan shall not exceed 6,000,000 Common Shares. Directors, officers, employees and consultants of the Company or its subsidiaries are eligible to participate in the Stock Option Plan. The number of Common Shares issuable to insiders at any time and in any one-year period under the Stock Option Plan and any other security based compensation arrangements of the Company shall not exceed in the aggregate 10 percent of the Company's total issued and outstanding Common Shares. The number of Common Shares which may be issued to a participant under the Stock Option Plan and any other security based compensation arrangements of the Company shall not exceed in the aggregate 5 percent of the Company's total issued and outstanding Common Shares. Stock options granted under the Stock Option Plan have an exercise price of not less than the volume-weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the trading day prior to the option grant date.

Such options become fully-vested not later than three years following the date on which they are granted, provided that not more than 50% of the Common Shares shall be issuable under an option within 12 months of the grant date. Stock options granted to a participant shall terminate and may not be exercised after the earliest to occur of: (i) the fifth anniversary of the date on which they are granted, (ii) 12 months from the date that the participant ceases to be employed by, or provide services to the Company or a subsidiary thereof (other than where such cessation is due to the participant being terminated for “cause”, but including without limitation where such cessation is due to retirement, long term disability or the death of the participant); and (iii) immediately in the event of a termination for “cause” of the participant. Notwithstanding (ii) above, the employment agreements of each of Mr. Winship, Ms. Dimitrov and Mr. Jacques provide that upon a termination without cause or resignation for good reason (as such term is defined in their respective employment agreements), any stock options which have been granted to these NEOs following the date of their respective employment agreements, and which have vested at the time of their termination, may continue to be exercised for 15 business days following such termination date.

From time to time, the Board of Directors may amend, suspend or terminate any of the provisions of the Stock Option Plan or amend the terms of any then outstanding option granted pursuant to the Stock Option Plan, provided, however, that: (a) such amendment, suspension or termination is in accordance with applicable laws and the results of any stock exchange on which the Common Shares are listed; (b) no such amendment, suspension or termination shall be made at any time to the extent such action would materially adversely affect the existing rights of a participant with respect to any then outstanding option without his or her consent in writing; and (c) the Company shall obtain shareholder approval for any amendment to the maximum number of shares issuable under the Stock Option Plan, any amendment that would reduce the exercise price of or extend the term of an outstanding option of an insider. The options granted under the Stock Option Plan are non-transferable.

(iii) Stock Appreciation Rights

The Board intends to finalize and approve a stock appreciation rights plan (the “SAR Plan”), on advice of the Compensation and Nominating Committee and GGA, during the second quarter of fiscal 2014. It is anticipated that pursuant to the SAR Plan, stock appreciation rights (“SARs”) will be issued to executives on an annual basis and make up a portion of the annual long-term incentive compensation package (currently 50% in respect of certain NEOs). Orvana believes that this long-term incentive vehicle will align executives with shareholders by driving growth in the share price of the Company without any dilutive effect on the Company’s shareholders due to the fact that SARs will be settled in cash. The SAR Plan is intended to help Orvana in attracting, motivating and retaining a goal driven management team through the use of a long-term incentive vehicle that is comparable to similar mining companies in the competitive marketplace. The Board intends to grant SARs to certain NEOs in respect of fiscal 2013 once the SAR Plan has been finalized and approved. See note (9) under the “Summary Compensation Table” below for more details regarding the grants of SARs the Board intends to complete with respect to fiscal 2013.

SARs will vest equally on the first, second and third anniversaries following the date of grant. The Company expects that a holder of SARs will be entitled to receive a cash payment equal to the excess (if any) of the fair market value of the SARs as of the exercise date over the fair market value of the SARs as of the date of grant, as such terms are defined in the SAR Plan. The exercise period for the SARs will be the earlier of (i) December 24 (or such later date on or before December 31 as the Company may permit) of the first calendar year from and after the year in which the SAR vested and in which an increase in value has occurred, and (ii) the third anniversary of the date on which the SAR vested.

Subject to the terms of the SAR Plan, the Board will also be entitled to determine other terms or conditions of any SARs vesting, including, without limitation, the financial performance or results of the Company and the return to shareholders (with or without reference to other comparable companies).

Other Compensation

Benefits and perquisites are not intended to form a significant part of the overall executive compensation program. Orvana’s philosophy is to reward executives primarily through a performance-driven total compensation package. The Company’s NEOs do however receive benefits that the Company believes are reasonable and consistent with its overall executive compensation program. These benefits consist of medical, dental, long and short-term disability, accidental death and dismemberment and life insurance.

How the Company Determines Executive Compensation

The Compensation and Nominating Committee (the "Compensation Committee") reviews each component of compensation for each officer and makes a compensation recommendation to the Board. In making its recommendations, the Compensation Committee considers, among other things, recommendations made by any external compensation consultant retained by the Compensation Committee, self-evaluations completed by the executives and the recommendations of the CEO in respect of the other NEOs. The Board reviews the recommendations of the Compensation Committee and provides final approval of the compensation of the Company's officers.

As at the date of the Circular, the Compensation Committee is comprised of Audra Walsh (Chair), Jorge Szasz and C. John Wilson. Mr. Wilson is an independent director of the Company and Ms. Walsh and Mr. Szasz are not independent directors of the Company. Dr. Richard Garnett was the Chair of the Compensation Committee until December 15, 2012. Dr. Garnett was an independent director of the Company. Each such member of the Compensation Committee has extensive experience in the mining industry, managing businesses and managing executives. In such capacities, such members have addressed compensation and performance matters. The Compensation Committee also relied on external independent compensation consultants as discussed in more detail below.

In fiscal 2012, the Compensation Committee retained Bedford Consulting Group ("Bedford") to review and make updated recommendations regarding the Company's executive and directors' compensation. Bedford received a fee of C\$51,000 in connection with such compensation consulting services. At the recommendation of the Compensation Committee, the Board adopted certain recommendations made by Bedford related to executive salaries effective August 1, 2012 as well as recommendations related to directors' compensation effective October 1, 2012.

Services, other than those described above, provided by Bedford (or any of its affiliates) totalled C\$50,000 for fiscal 2012 and C\$149,500 for fiscal 2013 and consisted of the provision of directors and executives search services.

In fiscal 2013, the Compensation Committee retained Global Governance Advisors ("GGA"), an independent executive compensation and governance advisory firm, to conduct the following:

- Review the Compensation Committee's governance process in addressing executive compensation historically;
- Review executive employment agreements;
- Review and provide comments on each component of the Company's long-term incentive compensation;
- Review and propose a new executive compensation philosophy for the Company; and
- Review and provide recommendations on executive compensation for fiscal 2014.

At the recommendation of the Compensation Committee, the Board largely adopted the recommendations made by GGA and this formed the basis of executive compensation beginning in fiscal 2014. GGA received a fee of C\$42,930 in connection with such compensation consulting services. GGA (or any of its affiliates) has not provided any other services to the Company in the two most recently completed financial years.

To evaluate its level and manner of executive compensation and establish appropriate reference points, following discussions with GGA, the Compensation Committee established a benchmark group of comparably-sized, mid-tier mining companies based on an evaluation of the following criteria:

- Companies of similar (0.5x to 2x) size to Orvana, mostly from a total assets perspective, but also taking into account other factors such as market capitalization, revenue and number of employees;
- Companies that are similar to Orvana in their operational nature (not just exploration-stage companies);
- Companies with multiple operations sites that are either operating or exploring;
- Companies that operate mine sites in similar geographies;

- Companies that have both underground and open pit mines;
- Companies that produce similar metals to Orvana; and
- Companies that have a similar shareholding structure to Orvana.

Based on the above criteria, the following nineteen companies were included in the benchmark group: Alexco Resources Corporation, Aura Minerals Inc., Brigus Gold Corp., Claude Resources, Inc., Crocodile Gold Corp., Endeavour Silver Corp., Fortuna Silver Mines Inc., Jaguar Mining Inc., Kirkland Lake Gold Inc., Lake Shore Gold Corp., Mercator Minerals Limited, Monument Mining Limited, Richmond Mines Inc., San Gold Corporation, Sierra Metals Inc. St. Andrews Goldfields Ltd., Timmins Gold Corp., Veris Gold Corp. and Wesdome Gold Mines Ltd.

As a guiding principle in determining executive compensation, Orvana seeks to position base salaries and target annual and long-term incentive awards near the effective median of its competitive market, with the opportunity for an executive to earn above median total compensation for superior performance.

Base salaries are reviewed annually by the Compensation Committee following which a recommendation regarding base salary for the upcoming year is provided to the Board. In its annual review, the Committee considers the compensation levels in benchmark companies to ensure that the base salary of each NEO properly reflects Orvana's goal of setting compensation relative to benchmark companies as well as the NEO's expertise and performance in fulfilling their role and responsibilities.

To determine the amounts of annual bonus and long-term incentive compensation, at the commencement of each fiscal year, the Compensation Committee establishes target amounts for the annual bonus and long-term incentive compensation of each NEO. These targets are set following consultation with the executives. As with base salaries, targets for annual bonus and long-term incentive compensation amounts are determined with reference to the benchmark companies and the guiding principle that Orvana establish target annual and long-term incentive awards near the effective median of its competitive market, with the opportunity for an executive to earn above median total compensation for superior performance. In determining the annual objectives relating to such annual bonus and long-term incentive compensation, the Compensation Committee considers major risks that face the Company such as health, safety and environment risks, and ensures that the objectives of the NEOs include managing such risks.

In a given year, an executive's incentive compensation can range from 0% up to 150% of the NEO's base salary in annual performance bonus and long-term incentive compensation. At the start of each fiscal year, the Compensation Committee works with each of the executives to establish individual key performance objectives for the year. The objectives are designed to reflect both the Company's short-term goals and its long-term strategic objectives. The amount of annual bonus and long-term incentive compensation granted to an executive is determined in part by the executive's success in achieving the applicable performance objectives and in part by the overall view of the Compensation Committee of the executive's effectiveness and contribution to the Company. In determining an executive's annual incentive compensation, success in achieving the performance objectives is assigned a certain weight and the overall view of the Compensation Committee of the executive's effectiveness in reaching the objectives and contribution to the Company is assigned a certain weight. The factor determined by this evaluation is applied to the target amounts of annual bonus and long-term incentive compensation to determine both an executive's annual performance bonus and the executive's annual long-term incentive award.

The performance objectives established by the Compensation Committee for the CEO, CFO and COO for fiscal 2013 and the target weight assigned to each performance objective were as follows: (i) financial - 20% to 45%; (ii) operational - 20% to 45%; (iii) health, safety and environment - 10%; (iv) operations/office management - 0% to 10%; (v) execution of corporate strategy - 15%; (vi) investor relations - 0% to 10%; and (viii) timely and effective communications with the Board and Committees - 0% to 10%. The actual results achieved vary between 75% and 100% of the objectives established. The performance objectives were established prior to Dr. Williams' termination as President and CEO and the subsequent appointment of Mr. Winship as Interim President and CEO.

At the same time that the Compensation Committee establishes performance objectives for the coming year, it reviews the success of the executives in achieving the objectives of the prior fiscal year and determines its recommendations regarding incentive compensation in respect of the prior fiscal year. The

Compensation Committee retains full discretion with respect to any recommendation of compensation awards and the Board retains full discretion with respect to granting all compensation awarded.

The NEOs may not sell “short” or sell a “call option” on any securities of the Company or purchase a “put option” where they do not own the underlying securities.

Performance Graph

The following graph compares the yearly percentage change in the Company's cumulative total shareholder return on its Common Shares with the cumulative total return of the S&P/TSX Composite Index (the "S&P/TSX Index") for the five most recently completed fiscal years. The graph illustrates the cumulative return on a C\$100 investment in Common Shares made on September 30, 2008 as compared with the cumulative return on a C\$100 investment in the S&P/TSX Index made on the same date. The Common Share performance as set out in the graph does not necessarily indicate future price performance.

Year ended September 30	2008	2009	2010	2011	2012	2013
Orvana Minerals Corp.	\$100.00	\$153.45	\$465.52	\$263.79	\$153.45	\$77.59
S&P/TSX Composite Index	\$100.00	\$96.95	\$105.24	\$98.90	\$104.80	\$108.80

The Compensation Committee is of the view that the trend in the Company's share price shown in the performance graph is consistent with the trend in the Company's compensation to executive officers during that period, taking into account the transition of the management team and the Company into an operational phase at two major projects, as well as incentive and retention objectives.

Amounts included in the table as base salary represent the salary paid to Mr. Jacques as Vice President, Operations in respect of fiscal 2011 and 2012 until August 1, 2012 and as the COO thereafter. The amounts included for Mr. Jacques under "All Other Compensation" are allowances to purchase benefits comparable to those provided directly by the Company to other executives. In respect of fiscal 2013, Mr. Jacques received RSUs with a value of \$73,600 included under "Share-based awards", a bonus of \$73,600 included under "Non-equity incentive plan compensation", and a special incentive bonus of \$50,000 included under "All Other Compensation." Refer to notes (8) and (9) for information regarding Mr. Jacques' option-based awards in respect of fiscal 2013.
- (5) Mr. Fimbres was appointed as Director General of Kinbauri España S.L.U. on October 1, 2012. Mr. Fimbres' compensation was paid in Euros as salary of €175,000, bonus of €70,055 and RSUs of €70,055.
- (6) Mr. Perú was appointed as Executive Vice President of Empresa Minera Paititi S.A. on June 1, 2012 and subsequently retired from this position effective October 31, 2013. The amounts included in the above table as Mr. Perú's compensation for fiscal 2012 only represent the compensation received by Mr. Perú for the period of June 1, 2012 to September 30, 2012.
- (7) These amounts represent the amount in U.S. dollars of RSUs granted to the respective NEO. In respect of fiscal 2013, the number of RSUs granted to each executive represents the amount set out in the table converted to Canadian dollars and divided by C\$0.46 which represents the VWAP of the Common Shares on the last five trading days of fiscal 2013.

- (8) These amounts represent the U.S. dollar grant date fair value of stock options granted to the respective NEOs. The methodology used to calculate these amounts was the Black-Scholes model and the following assumptions were used: for (A) Mr. Winship in respect of (i) 125,000 options granted on March 7, 2013, volatility of 59.4%, dividend yield of nil, interest rate of 1.25%, expected life of 5 years and exercise price of \$1.02, and (ii) 25,000 options granted on March 29, 2013, volatility of 59.6%, dividend yield of nil, interest rate of 1.21%, expected life of 5 years and exercise price of \$1.05; (B) for Ms. Dimitrov in respect of (i) 125,000 options granted on March 28, 2012, volatility of 60.6%, dividend yield of nil, interest rate of 1.47%, expected life of 5 years and exercise price of C\$0.88, and (ii) 100,000 options granted effective June 1, 2012 to each of Ms. Dimitrov and Mr. Però, volatility of 60.6%, dividend yield of nil, interest rate of 1.27%, expected life of 5 years, and exercise price of C\$0.86; and (C) for Mr. Fimbres, in respect of 100,000 options granted on October 2, 2012, volatility of 59.4%, dividend yield of nil, interest rate of 1.22%, expected life of 5 years and exercise price of \$0.93. There is no difference between the Black-Scholes compensation value of the stock options and the accounting fair value for financial statements purposes.
- (9) A portion of this amount (C\$85,000 in the case of Ms. Dimitrov and Mr. Winship and \$73,600 in the case of Mr. Jacques) will be issued in the form of stock appreciation rights ("SARs") pursuant to the terms of a Stock Appreciation Right Plan ("SAR Plan") which will be finalized and approved by the Board, on advice of the Compensation Committee and a third-party compensation consultant, during the second quarter of fiscal 2014. The Company expects that the number of SARs to be issued under the SAR Plan will be calculated as follows: the applicable dollar amount allocated to the SARs portion of the NEO's long-term incentive compensation package divided by the "initial fair market value" (as such term will be defined in the SAR Plan) of the Common Shares multiplied by two. A holder of SARs will be entitled to receive a cash payment equal to the excess (if any) of the fair market value of the SARs as of the exercise date over the initial fair market value of the SARs as of the date of grant. Subject to the terms of the SAR Plan, the Board will also be entitled to determine other terms or conditions of any SARs grant, including, without limitation, the financial performance or results of the Company and the return to shareholders (with or without reference to other comparable companies). No additional vesting criteria will attach to the grants in respect of fiscal 2013. Each grant of SARs will vest in equal amounts over a three year period (33.33%). The exercise period for the SARs will be the earlier of (i) December 24 (or such later date on or before December 31 as the Company may permit) of the first calendar year from and after the year in which the SAR vested and in which an increase in value has occurred and (ii) the third anniversary of the date on which the SAR vested. Any SARs granted will terminate if not exercised by the last day of such exercise period. No assurance can be given that any SARs will, in fact, result in a cash payment to the applicable NEO. For the avoidance of doubt, any payment pursuant to the SAR Plan will be in the form of cash and, consequently, there will be no resulting dilution to shareholders. Once granted, the Company will value the SARs utilizing the Black-Scholes Merton valuation methodology as permitted by IFRS 2 Share-based Payment.

Termination and Change of Control Benefits

The Company or one of its affiliates has entered into an agreement with certain of the NEOs that sets out the terms of his or her employment, including the executive's entitlements in the event of the termination of such employment.

Each of Mr. Winship, Ms. Dimitrov and Mr. Jacques have written employment agreements with the Company. Under the terms of their respective agreements, in the event that they are unable to perform their duties for 180 days out of any consecutive 12-month period, the Company may choose to terminate their employment. In the event of such a termination, Mr. Winship, Ms. Dimitrov and Mr. Jacques will be entitled to (i) an amount equal to four months of their base salary; and (ii) an amount equal to one-third of the short term incentive compensation for the most recently completed financial year for which short term incentive compensation has been awarded.

In the event that the Company terminates the employment of Mr. Winship, Ms. Dimitrov or Mr. Jacques, without cause or in the event that either Mr. Winship, Ms. Dimitrov or Mr. Jacques resigns for good reason, the Company will be required to pay to Mr. Winship, Ms. Dimitrov and Mr. Jacques: (a) an amount equal to 24 months base salary for Mr. Winship (the last 12 months of which are subject to mitigation by Mr. Winship), 18 months base salary for Ms. Dimitrov (the last 6 months of which are subject to mitigation by Ms. Dimitrov) and 12 months base salary for Mr. Jacques; (b) a lump sum pro-rata bonus amount equal to the product of (i) one year's annual short term incentive compensation (based on the amount of short term incentive compensation awarded for the most recently completed financial year for which short term incentive compensation has been awarded), and (ii) a fraction, the numerator of which shall be the number of days Ms. Dimitrov was employed by the Corporation in the

calendar year before the termination and the denominator of which shall be 365; and (c) such amount necessary to maintain their participation in any benefit plan that they participated in immediately prior to the termination date, in the case of Mr. Winship, for a period of 24 months following termination (the last 12 months of which are subject to mitigation by Mr. Winship) and in the case of Ms. Dimitrov and Mr. Jacques, for the minimum period prescribed under the *Employment Standards Act* (Ontario). No notice or severance payment is required for a termination for cause.

In the event of either a termination due to disability or a termination without cause/resignation for good reason, any entitlements in respect of long term incentive compensation granted to Mr. Winship, Ms. Dimitrov and Mr. Jacques following the date of their respective employment agreement and which have vested as of the date of termination of employment shall continue to be exercisable for a period of 15 business days. Any entitlements in respect of long term incentive compensation granted to such executives prior to the date of their respective employment agreements will, following the date of termination, be governed by the terms of the agreements under which such grants were made. Refer to "Long-Term Incentive Compensation" for information regarding the Company's RSU Plan, Stock Option Plan and SAR Plan. Any long term incentive compensation which are unvested as at the date of termination will cease and no longer be exercisable or payable.

In the event that, prior to the second anniversary following a "change of control", the Company terminates the employment of Mr. Winship, Ms. Dimitrov or Mr. Jacques without cause or in the event that Mr. Winship, Ms. Dimitrov or Mr. Jacques resign for good reason (as such term is defined in their respective employment agreements), the Company will be required to pay to Mr. Winship, Ms. Dimitrov and Mr. Jacques: (a) an amount equal to 24 months base salary; (b) two years' annual short term incentive compensation, and (c) such amount necessary to maintain their participation in any benefit plan the they participated in immediately prior to the termination date, in the case of Mr. Winship, for the 24 month period following termination (the last 12 months of which are subject to mitigation by Mr. Winship) and in the case of Ms. Dimitrov and Mr. Jacques, for the minimum period prescribed under the *Employment Standards Act* (Ontario). In addition, any entitlements in respect of long term incentive compensation which are unvested as at the date of termination shall fully vest immediately on the date of termination and all entitlements in respect of long term incentive compensation shall continue to be exercisable for a period of 15 business days following termination. For the purposes of these employment agreements, a "change of control" arises where: (i) any person, or any group of persons acting jointly or in concert, (other than Fabulosa Mines Limited or any affiliate thereof) becomes the beneficial owner, directly or indirectly, of more than 50% of Orvana's then outstanding voting securities; (ii) an amalgamation or arrangement of Orvana with or into any person, or any other corporate reorganization takes place, which results in the shareholders of Orvana prior to such amalgamation, arrangement or reorganization owning less than 50% of the outstanding voting securities of the entity resulting from the transaction; (iii) Orvana sells, leases or otherwise disposes of all or substantially all of the Company's consolidated assets, other than to an affiliated entity; or (iv) Orvana completes a going private transaction.

Mr. Fimbres has a written employment agreement with the Company. Under the terms of this agreement, in the event that Kinbauri terminates Mr. Fimbres' employment without cause, Kinbauri shall pay to Mr. Fimbres an amount equal to twelve months' salary. Mr. Fimbres' stock options and RSUs shall continue to vest during any such termination period and be exercisable in accordance with their terms. No notice or severance payment is required to be paid to Mr. Fimbres for a termination for cause and Mr. Fimbres' employment agreement does not have change of control provisions in his employment contract.

Dr. Williams, who was previously the Company's Vice President, Corporate Development and served as the Company's President and CEO from December 5, 2011 to April 6, 2013, had an employment agreement with Orvana Resources US Corp. ("Orvana US"), a wholly-owned subsidiary of the Company. Following the cessation of his employment with the Company, Dr. Williams received: (i) a severance payment equal to 12 months' salary (\$340,000) being paid in monthly instalments over the 12-month period following April 6, 2013, and (ii) other benefits which, in the aggregate, have a value of less than \$50,000. In addition, pursuant to the terms of the Company's Stock Option Plan, the options to purchase 100,000 Common Shares exercisable at C\$3.65 and the options to purchase 166,667 Common Shares exercisable at C\$1.03 which are currently held by Dr. Williams will expire on April 6, 2014 unless otherwise exercised.

Mr. Però, who previously served as the Executive Vice President of Empresa Minera Paititi S.A. from June 1, 2012 until his retirement effective October 31, 2013, had an employment agreement with the

Company. Mr. Peró did not receive any incremental payment as a result of his retirement in excess of C\$50,000. Pursuant to the terms of the Company's Stock Option Plan, the options to purchase 100,000 Common Shares exercisable at C\$0.86 which are currently held by Mr. Peró will expire on October 31, 2014 unless otherwise exercised and Mr. Peró's outstanding RSU grants will vest in December 2014 at which time he will be entitled to a payment for each outstanding RSU equal to the average closing price of one Common Share for the five trading days prior to the vesting date.

The following table provides details regarding the estimated incremental payments by the Company to the executives indicated below under the above-described agreements in the event of (i) termination without cause/resignation for good reason, and (ii) termination without cause upon a "change of control", assuming the event took place on September 30, 2013.

DIRECTORS COMPENSATION

Fees and Expenses

On October 1, 2012, following a review by Bedford of directors' compensation, a new fee structure was implemented for fiscal 2013. From October 1, 2012 to September 30, 2013, non-management directors received annual fees of \$24,265 (C\$25,000). In addition, the Chairman of the Board received annual fees of \$33,971 (\$35,000).

In addition to the annual fees, each non-management director was paid a fee of \$1,456 (C\$1,500) for each Board or committee meeting attended in person and a fee of \$970.60 (C\$1,000) for each meeting attended by telephone. The Chair of the Audit Committee was paid an additional annual fee of \$14,559 (C\$15,000), the Chair of each of the Compensation Committee and the Technical, Safety, Health,

Environment and Sustainability Committee were paid an additional annual fee of \$9,706 (C\$10,000) and the Chair of the Corporate Governance Committee was paid an additional annual fee of \$7,280 (C\$7,500) for serving in such capacity. In addition, members of the Audit Committee received an annual fee of \$7,625 (C\$7,500), members of the Compensation Committee and the Technical, Safety, Health, Environment and Sustainability Committee received an annual fee of \$5,083 (C\$5,000) and members of the Corporate Governance Committee receive an annual fee of \$3,640 (C\$3,750).

All reasonable expenses incurred by directors in attending meetings of the Board, committees of the Board or shareholders' meetings, together with all expenses reasonably incurred by directors in the conduct of the Company's business or in the discharge of directors' duties, are paid by the Company. Where round trip travel to attend meetings exceeded four hours, these directors were paid an additional fee of \$1,525 (C\$1,500) per trip, unless the travel took place on the same day as a meeting of the Board.

The directors of the Company may not sell "short" or sell a "call option" on any securities of the Company or purchase a "put option" where they do not own the underlying securities.

Deferred Share Units

The Company adopted its Deferred Share Unit Plan for Directors ("DSU Plan") with effect from October 1, 2008, and amended the DSU Plan as of October 23, 2009. The purposes of the DSU Plan are: (i) to promote a greater alignment of interests between directors of the Company and the shareholders of the Company; (ii) to provide a compensation system for directors that, together with the other director compensation mechanisms of the Company, is reflective of the responsibility, commitment and risk accompanying Board membership and the performance of the duties required of the various committees of the Board; (iii) to assist the Company to attract and retain individuals with experience and ability to act as directors; and (iv) to allow directors of the Company to participate in the long-term success of the Company.

Annually, each director who is not an executive of the Company shall receive a grant of deferred share units ("DSUs") under the DSU Plan. The number of DSUs to be credited to a director shall be the result of multiplying (i) the number determined by dividing (A) C\$12,500 (or such other amount as may be determined by the Board) by (B) the average closing price for Common Shares on the TSX on the five trading days immediately prior to October 1, by (ii) the number determined by dividing (A) the number of days the director has served on the Board since the immediately preceding October 1 and up to the applicable October 1 by (B) 365 or, in the case of a leap year, 366, which fraction, for greater certainty, cannot be greater than one. Grants of DSUs are effective on October 1 of each year and are fully vested upon being credited to a director's account.

A director may elect up to two separate dates as of which either a portion (specified in whole percentages or number of DSUs on any one date) or all of the DSUs credited to the director's account shall be redeemed by the director (or if the director is deceased, by his or her beneficiary), provided that no redemption date shall be prior to the date on which the director ceases to be a director of the Company or later than December 15 of the first calendar year commencing immediately after the date on which the director ceases to act as a director of the Company. Where a director does not elect a particular date or dates for redemption of his or her DSUs, there shall be a single redemption date six months after the date on which the director ceases to act as a director of the Company. The value of each DSU redeemed by or in respect of a director shall be the average closing price for Common Shares on the TSX on the five trading days immediately prior to such redemption date and shall be paid by the Company to the director (or if the director is deceased, to the director's beneficiary) in the form of a lump sum cash payment, less any applicable withholding taxes, as soon as practicable after such redemption date.

Options

It is the Company's policy to grant stock options to directors in connection with their initial appointment to the Board. The purpose of these awards is to assist in attracting talented directors to the Board. Stock options are granted under the 2006 Stock Option Plan and have an exercise price of not less than the volume-weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the trading day prior to the option grant date. Such options become fully-vested not later than three years following the date on which they are granted, provided that not more than 50%

of the Common Shares shall be issuable under a stock option within 12 months of the grant date. Stock options expire not later than the fifth anniversary of the date on which they are granted. Additional stock options may be granted to directors after the expiry or exercise of their initial stock options granted upon joining the Board, in recognition of (i) longevity of service to the Board, and (ii) an important component of ongoing director compensation to enhance their alignment with maximizing shareholder value.

During the 2013 fiscal year, the Company granted options to acquire an aggregate of 450,000 Common Shares in connection with the appointment of certain new directors to the Board. Specifically, Mr. Winship, Mr. Guimaraes and Ms. Walsh were each granted options to acquire 150,000 Common Shares.

ORVANA MINERALS CORP.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

AND BOARD OF DIRECTORS MANDATE

SCHEDULE A – ORVANA MINERALS CORP.
STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board of Directors of the Company has adopted these corporate governance guidelines to promote the effective functioning of the Board of Directors and its committees, to promote the interests of shareholders and to establish a common set of expectations as to how the Board, its various committees, individual directors and senior management should perform their functions. The following sets out the Company's approach to corporate governance in relation to the Corporate Governance Guidelines (terms not otherwise defined herein are defined in the Circular):

Board of Directors

Responsibilities of the Board: The business and affairs of the Company are managed by or under the supervision of the Board in accordance with applicable legislation, regulatory requirements and policies of the Canadian Securities Administrators. The responsibility of the Board is to provide direction and oversight. The Board approves the strategic direction of the Company and oversees the performance of the Company's business and senior management. The senior management of the Company is responsible for presenting strategic plans to the Board for review and approval and for implementing the Company's strategic direction.

In performing their duties, the primary responsibility of the directors is to exercise their business judgment in what they reasonably believe to be the best interests of the Company. In discharging that obligation, directors should be entitled to rely on the honesty and the integrity of the Company's senior management and outside advisors and auditors. In fulfilling its statutory mandate and discharging its duty of stewardship of the Company, the Board assumes responsibility for those matters set forth in its mandate, a copy of which is attached as Appendix 1 hereto.

Size of the Board: The current Board consists of six members. Mr. Jorge Sasz has advised the Board that he will not stand for re-election at the Meeting. After a review of the size and composition of the Board in fiscal 2013, the Board determined that the size of the Board should consist of seven members to facilitate its effective functioning. As a result, the Compensation and Nominating Committee completed a process to identify and recommend Mr. Gordon Bogden and Mr. Jacques McMullen as two nominees as new directors of the Company. Accordingly, the Board has fixed the number of directors to be elected at the Meeting at seven and is recommending the seven nominees set out in the Circular for election by shareholders as directors of the Company at the Meeting.

Composition of the Board: NI 58-101 defines an "independent director" as a director who has no direct or indirect material relationship with the Company. A "material relationship" is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member's independent judgement. In determining whether a particular director is an "independent director" or a "non-independent director", the Board considers the factual circumstances of each director in the context of the Corporate Governance Guidelines.

The following sets out all of the individuals who were directors of the Company during fiscal 2013 and whether each of them was or is "independent" within the meaning of NI 58-101 during the time each of them served as a director of the Company: (i) Richard Garnett (independent - ceased to be a director in December 2012); (ii) Ed Guimaraes (independent); (iii) Robert A. Mitchell (independent); (iv) Jorge Sasz (non-independent - not standing for re-election at the Meeting); (v) Audra Walsh (non-independent); (vi) Dr. William C. Williams (non-independent - ceased to be a director on April 5, 2013); (vii) C. John Wilson (independent); and (viii) Michael Winship (independent until April 8, 2013 and non-independent from April 8, 2013 on as a result of appointment as Interim President and Chief Executive Officer). At various times during fiscal 2013, a majority of the members of the Board were "independent directors" within the meaning of NI 58-101.

The Board is currently comprised of six members (Messrs. Guimaraes, Mitchell, Sasz, Wilson and Winship and Ms. Walsh), three of which are "independent directors" within the meaning of NI 58-101. The three independent directors are Messrs. Mitchell (Chairman), Wilson and Guimaraes. Mr. Winship is the

Company's President and Chief Executive Officer and therefore, is not independent. Ms. Walsh is considered to have a material relationship with the Company by virtue of her position as the President and Chief Executive Officer of Minera S.A., an affiliate of Fabulosa, the Company's major shareholder, and, therefore, is not considered to be independent. Until November 2012, Mr. Sasz was a consultant to an affiliate of Fabulosa and, therefore, is not currently considered to be independent.

Prior to Mr. Winship's appointment as Interim President and Chief Executive Officer, Mr. Winship was independent. Mr. Winship was appointed permanent President and Chief Executive Officer on December 3, 2013. The Compensation and Nominating Committee has been conducting a search with a view to, among other things, ensure that a majority of the members of the Board are "independent directors" within the meaning of NI 58-101. Both Messrs. Bogden and McMullen, the two new director nominees, are considered to be "independent directors" within the meaning of NI 58-101.

Various individuals who were directors during fiscal 2013 also served as directors of certain other public companies. The nominees for election as directors of the Company at the Meeting listed below serve as directors of the following other public companies:

Director	Director of Other Public Company
Gordon J. Bogden	Avanti Mining Inc. NexGen Energy Ltd. Royal Gold, Inc. Camino Minerals Corporation
Ed Guimaraes, CPA, CA	Aldridge Minerals Inc. Nuinsco Resources Limited Giyani Gold Corp. Karmin Exploration Inc.
Robert A. Mitchell, CPA, CA	Home Capital Group Inc. Aurvista Gold Corporation
Michael Winship, P.E.	Rubicon Minerals Corporation

Selection of Directors: The Compensation and Nominating Committee is responsible for identifying and recommending to the Board potential candidates to become directors of the Company. There are no specific written criteria for Board membership, however, the Company attempts to attract and retain directors with an understanding of the Company's business and a particular knowledge of mineral exploration and development or other areas (such as accounting and finance) which provide knowledge which would assist in guiding management of the Company. The Compensation and Nominating Committee also considers the composition of the Board at the time of such review with a view to ensure that the backgrounds, experiences and knowledge-base of the members of the Board are diverse and complementary. The Board, taking into consideration the recommendations of the Compensation and Nominating Committee, is responsible for selecting the nominees for election to the Board, for appointing directors to fill vacancies, and determining whether a nominee or appointee is independent.

Election of Directors: Each director should be elected by the vote of a majority of the Common Shares represented in person or proxy at any meeting for the election of directors. If any nominee for election as director receives, from the Common Shares voted at the meeting in person or by proxy, a greater number of votes "withheld" than votes "for" his or her election, the director will be expected to tender his or her resignation to the Chairman of the Board following the meeting, to take effect upon acceptance by the Board. The Nominating Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board whether to accept such offer. Within 90 days of the meeting of shareholders, the Board will make a final decision concerning the acceptance of the director's resignation. This process applies only in circumstances involving an "uncontested" election of directors - where the number of director nominees does not exceed the number of directors to be elected and where no proxy materials are circulated in support of one or more nominees who are not part of the slate supported by the Board for election at the meeting. Subject to any corporate law restrictions, where the

Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders to elect a new nominee to fill the vacant position.

Chairman of the Board: The Chairman is a director who is independent and not a member of senior management who is appointed by the Board. The current Chairman of the Board, Mr. Mitchell is an independent director. The role of the Chairman is to assume the leadership of the Board and, with the committees of the Board, to foster and preserve the independence of the Board. The Chairman's responsibilities include chairing all meetings of directors, providing leadership to the Board, managing the Board, acting as a liaison between the Board and management of the Company and representing the Company.

Meetings of the Board: The Board's written mandate requires the Board to hold at least two meetings per year (either regularly scheduled or unscheduled) at which management of the Company is not present, and, at any time that the Chairman of the Board is not independent, to consider other possible steps and processes to ensure that leadership is provided to the Board's independent directors. The Board generally holds an in camera session at its meetings without the presence of management of the Company and, on several other occasions, the independent directors have held informal discussions among themselves in the absence of non-independent directors and members of management. In fiscal 2013 (between October 1, 2012 until September 30, 2013), the Board held twenty directors' meetings. All of the members of the Board who were directors at the time of such meetings attended all of such meetings.

Board Committees

The Board has established the Audit Committee, the Compensation and Nominating Committee, the Technical, Safety, Health, Environment and Sustainability Committee and the Corporate Governance Committee. Each such committee will be composed of no fewer than three members, each of whom will satisfy the membership criteria set out in the relevant committee charter. Members of committees will be appointed by the Board. The Board generally will designate one member of each committee as chair of that committee.

Audit Committee: The Board has established the Audit Committee currently comprised of three directors of the Company, Robert Mitchell (Chair), Ed Guimaraes and C. John Wilson. All of the members of the Audit Committee are financially literate for the purposes of National Instrument 52-110 - *Audit Committees* ("NI 52-110"). All of the members of the Audit Committee are independent for the purposes of NI 52-110. During fiscal 2013, all of the directors who were members of the Audit Committee were financially literate and independent for the purposes of NI 52-110. The responsibilities and operation of the Audit Committee are described in the Company's Annual Information Form dated December 19, 2013 on page 26 under the heading "Audit Committee Disclosure" and in the copy of the Audit Committee Charter attached to such Annual Information Form as Appendix A. A copy of such Annual Information Form is available under the Company's profile on SEDAR at www.sedar.com and on the Company's website at www.orvana.com.

During fiscal 2013, the Audit Committee held 13 meetings. Each of the current members of the Audit Committee has attended all of the meetings of the Audit Committee while such individual was a member of such committee.

Compensation and Nominating Committee: The Compensation and Nominating Committee is currently comprised of Audra Walsh (Chair), Jorge Szasz and C. John Wilson. Ms. Walsh and Mr. Szasz are not independent directors of the Company. In general terms, the committee's responsibilities include (i) reviewing the compensation and performance of the Chief Executive Officer, (ii) determining compensation of directors and other senior officers, (iii) identifying potential candidates to become Board members, and (iv) evaluating the performance of the Board, committees of the Board and individual directors. The Compensation and Nominating Committee operates pursuant to a written charter which has been reviewed and updated during fiscal 2013 and reconfirmed by the Board.

During fiscal 2013, the Compensation and Nominating Committee held seven meetings. Each of the current members of the Compensation and Nominating Committee has attended all of the meetings of such committee while such individual was a member of such committee.

Technical, Safety, Health, Environment and Sustainability Committee: The Board has established the Technical, Safety, Health, Environment and Sustainability Committee currently comprised of Michael Winship (Chair), Audra Walsh and C. John Wilson. The purpose of the Technical, Safety, Health, Environment and Sustainability Committee is to provide support for the Company's safety, health, environmental and sustainability programmes and to assist in reviewing the technical, safety, health, environmental and sustainability performance of the Company. This committee operates pursuant to a written charter which has been reviewed and updated during fiscal 2013 and reconfirmed by the Board.

During fiscal 2013, the Technical, Safety, Health, Environment and Sustainability Committee held four meetings. Each of the current members of the Technical, Safety, Health, Environment and Sustainability Committee has attended all of the meetings of such committee while such individual was a member of such committee.

Corporate Governance Committee: The Board has established the Corporate Governance Committee currently comprised of Ed Guimaraes (Chairman), Robert Mitchell and Jorge Szaz. The purpose of the Corporate Governance Committee is to assist the Board in developing Orvana's approach to governance. In general terms, the committee's responsibilities include: (i) periodically reviewing Orvana's corporate governance practices; (ii) evaluating each director against the independence criteria established by NI 58-101 on at least an annual basis; (iii) reviewing, in conjunction with management and prior to publication, the corporate governance disclosure for Orvana's annual reports and management proxy circulars; (iv) reviewing and, if advisable, approving and recommending for approval by the Board any proposed material changes to Orvana's organizational structure; and (v) monitoring conflicts of interest of both the Board and management in accordance with the Company's code of business conduct and ethics. The Corporate Governance Committee operates pursuant to a written charter which has been reviewed and updated during fiscal 2013 and reconfirmed by the Board. Certain of the members of the Corporate Governance Committee are members of the corporate governance committees of other public companies.

During fiscal 2013, the Corporate Governance Committee held one meeting. Each of the current members of the Compensation and Nominating Committee has attended all of the meetings of such committee while such individual was a member of such committee.

Position Descriptions

The Board has developed written position descriptions and corporate objectives for the Chairman of the Board and the President and Chief Executive Officer in order to delineate their respective roles and responsibilities. The Board has not to date developed formal position descriptions for the Chair of each of the committees of the Board as the responsibilities of those positions are generally delineated in the charters of such committees.

Orientation and Continuing Education

While the Company currently has no formal program to orient new directors to the role of the Board, its committees and its directors and the nature and operation of the Company's business, it has been the Company's practice for new directors to be thoroughly briefed by management of the Company and to be provided the opportunity to discuss with management, both formally and informally, the Company's activities. New directors are provided with copies of relevant policies and similar materials to ensure that they are familiarized with the Company and its business as well as the procedures of the Board. The Board actively encourages each director to attend at least one industry trade show or associated educational programs each year.

The Compensation and Nominating Committee, with the assistance of the Corporate Governance Committee, has responsibility for overseeing development of any orientation programs for new directors. That Committee also oversees the development of any director development programs. Although the Company does not have a formal program for the continuing education of directors, the Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors of the

Company by scheduling presentations to the Board from time to time to educate directors and keep them informed of developments within the Company and of disclosure and governance requirements and standards along with providing information relating to education programs provided by other industry and market participants such as audit and legal firms. The Company has also recently obtained a membership to the Institute of Corporate Directors (“ICD”) for all of the directors and officers of the Company. The ICD provides various directors’ educational materials and seminars.

Disclosure Policy

The Board has adopted a written disclosure policy (the “Disclosure Policy”) to provide a framework for the Company’s approach to disclosure. The Disclosure Policy is reviewed periodically by the Corporate Governance Committee and the Board. The policy extends to all employees, consultants, officers, the Board and those authorized to speak on its behalf. The Disclosure Policy addresses disclosures in documents filed with the securities regulators and written statements made in the Company’s annual and quarterly reports, press releases, letters to shareholders, presentations by senior management and information contained on the Company’s website and other electronic communications. It also extends to oral statements made in meetings and telephone conversations with members of the investment community, interviews with the media, as well as speeches and conference calls and dealings with the public generally. A committee consisting of the President and CEO, the COO, the CFO and the Director of Investor Relations has overall responsibility for overseeing the Company’s disclosure practices and meets as the circumstances dictate.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics for the Company’s directors, officers and employees that sets out the Board’s expectations for the conduct of such persons in their dealings on behalf of the Company (the “Code”). The Board reviewed and updated the Code in fiscal 2013. A copy of the Code is available on the Company’s website at www.orvana.com. The Board has also finalized an Anti-Corruption Policy. The Board has established anonymous and confidential reporting procedures pursuant to the Company’s Whistleblower Policy in order to encourage employees, directors and officers to raise concerns regarding various matters, including matters addressed by the Code, on a confidential basis free from discrimination, retaliation or harassment. Employees who violate the Code may face disciplinary actions, including dismissal.

Subject to certain exceptions prescribed under the *Business Corporations Act* (Ontario) (the “OBCA”), a director who is a party to a material contract or proposed material contract with the Company or who is a director or officer of a party to such a contract or otherwise has a material interest in a party to such a contract must disclose the nature and extent of the director’s interest to the Company and any material change in that interest. The Code and the OBCA also provides that, subject to certain exceptions prescribed under the OBCA, the interested director shall not attend any part of a meeting of directors during which the matter in which the director has a material interest is discussed and shall not vote on any resolution to approve such matter.

Compensation

The Compensation and Nominating Committee is responsible for, among other things, periodically reviewing and recommending for approval by the Board the appropriate levels of compensation for directors and senior management of the Company. The process by which executive compensation is established is described above under the heading “Executive Compensation - Compensation Discussion and Analysis”. The Compensation and Nominating Committee reviews periodically the form and amount of compensation of directors, including in relation to directors of similar companies, to ensure that the compensation of the Board reflects the responsibilities, time commitment and risks involved in being an effective director of the Company.

Assessments

The responsibilities of the Compensation and Nominating Committee include assessing, on a periodic basis, the contributions of the Board as a whole and each of the committees of the Board and each of the individual directors, in order to determine their effectiveness and contribution to the Company. The Board adopted a formal process since 2008 for annually evaluating the effectiveness of the Board, its committees, and the Chairman of the Board. This process includes the completion of evaluation questionnaires by each member of the Board and committees and discussion of the responses thereto.
