# Ten Years Running: FORTUNE Names Quest Diagnostics one of 2024 "World's Most Admired Companies"

1/31/2024

SECAUCUS, N.J., Jan. 31, 2024 /PRNewswire/ -- Quest Diagnostics (NYSE: DGX), the nation's leading provider of diagnostic information services, today announced that it has been selected as one of FORTUNE's World's Most Admired Companies in 2024 for the tenth consecutive year.

Fortune's World's Most Admired Companies recognition is based on nine criteria of corporate reputation, from innovation and quality of management and products, to social responsibility and people management.

"I'm grateful to our dedicated Quest colleagues for making this possible," said Jim Davis, Chairman, CEO and President. "They are the heart and soul of this company. Every day our colleagues bring our purpose to life, working together to create a healthier world, one life at a time. It is an honor to be named one of Fortune World's Most Admired Companies for the last decade."

The annual survey designated Quest as one of only five companies to attain Most Admired status in the "Health Care: Pharmacy and Other Services" industry. The company scored high marks in people management, use of corporate assets and social responsibility.

To determine the rankings, Fortune partnered with global organizational consulting firm Korn Ferry to survey thousands of executives, directors and analysts who rated companies in their industry based on nine criteria. The survey included a total of 660 companies from 29 countries.
