

Quest Diagnostics To Speak At The 33rd Annual J.P. Morgan Healthcare Conference

January 6, 2015

MADISON, N.J., Jan. 6, 2015 /PRNewswire/ -- Quest Diagnostics Incorporated (NYSE: DGX), the world's leading provider of diagnostic information services, announced that it is scheduled to speak at the 33rd Annual J.P. Morgan Healthcare Conference in San Francisco. Steve Rusckowski, the company's President and CEO, will discuss the company's vision, goals and five point strategy. The presentation is scheduled for Wednesday, January 14, 2015 at 2:30 p.m. Eastern Time.

The presentation will be webcast live during the conference and will be available to registered investors on the following site: <http://jpmorgan.metameetings.com/confbook/healthcare15/directlink?p=17093> and to the public on www.QuestDiagnostics.com. In addition, the archived webcast will be available within 24 hours after the conclusion of the live event and will remain available until February 13, 2015.

About Quest Diagnostics

Quest Diagnostics is the world's leading provider of diagnostic information services needed to make better healthcare decisions. The company offers the broadest access to diagnostic testing services through its network of laboratories and patient service centers, and provides interpretive consultation through its extensive medical and scientific staff. Quest Diagnostics is a pioneer in developing innovative diagnostic tests and advanced healthcare information technology solutions that help improve patient care. Additional company information is available at QuestDiagnostics.com.
