**UNIVISION ANNOUNCES PRELIMINARY FINANCIAL DATA FOR THE
THREE MONTHS ENDED DECEMBER 31, 2011**

NEW YORK, NY, JANUARY 31, 2012 – Univision Communications Inc., (the “Company”) the premier media company serving Hispanic America, today announced preliminary financial data for the three months ended December 31, 2011. The Company currently estimates net revenue of approximately \$616.7 million for the three months ended December 31, 2011, as compared to approximately \$576.7 million for the same period in 2010, an increase of approximately 6.9%. The Company estimates that OIBDA increased in the range of 6% to 7.5% for the three months ended December 31, 2011 as compared to OIBDA for the same period in 2010.

The Company uses the key indicator of adjusted operating income before depreciation and amortization (“OIBDA”) to evaluate the Company’s operating performance and for planning and forecasting future business operations. OIBDA is commonly used as a measure of performance for broadcast companies and provides investors the opportunity to evaluate the Company’s performance as it is viewed by management. In addition, OIBDA is used by investors to measure a company’s ability to service its debt and meet its other cash needs. OIBDA as presented above is determined in accordance with the definition in the Company’s senior secured credit facilities except that it does not reflect the benefit for certain income taxes or the provision of a fixed amount reflecting a tax benefit under accounting principles generally accepted in the United States (“GAAP”) included in calculating OIBDA under the Company’s senior secured credit facilities, as amended. OIBDA is not, and should not be used as, an indicator of or alternative to operating income (loss) or net (loss) income as reflected in the Company’s consolidated financial statements. It is not a measure of financial performance under GAAP and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP. Since the definition of OIBDA may vary among companies and industries, it should not be used as a measure of performance among companies.

The above financial data are preliminary, based upon the Company’s estimates and subject to completion of its financial closing procedures. Moreover, these data have been prepared on the basis of currently available information by, and are the responsibility of, management. The Company’s independent auditors, Ernst & Young LLP, have not audited or reviewed, and do not express an opinion with respect to, these data. Management believes that such preliminary financial data have been prepared on a reasonable basis. However, because currently available information is preliminary, such estimates should not be relied on as necessarily indicative of the Company’s financial results for the three months ended December 31, 2011. This summary is not a comprehensive statement of the Company’s financial results for this period and its actual results may differ materially from these estimates due to the completion of the Company’s financial closing procedures, final adjustments and other developments that may arise between now and the time the financial results for this period are finalized. The Company plans to release its financial information for the three months ended December 31, 2011 on or about February 24, 2012.

Certain statements contained within this press release constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including statements about the Company's preliminary estimates for its revenue and OIBDA. These forward-looking statements reflect the Company's current views with respect to future events and are based on assumptions and are subject to risks and uncertainties. These statements are not guarantees of future performance and actual results could differ materially from the Company's current expectations.

Factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements include: the preliminary nature of the Company's financial and operating results for the three months ended December 31, 2011; adjustments to the Company's preliminary results arising from management's internal review of the Company's operating results; and the year-end audit process and approval of the Company's final results by our audit committee. Adjustments could also result from changes in estimates and judgments as well as from errors detected in the final audit process.

Actual results may differ materially due to these risks and uncertainties, which have been described in the Company's historic filings with the Securities and Exchange Commission and in the offering material for its notes. The Company assumes no obligation to update forward-looking information contained herein.
