(a) The Total Consideration (as defined below) for Securities validly tendered prior to or at the Early Tender Date (as defined below) and accepted for purchase is calculated using the applicable Fixed Spread (as defined below) and includes the Early Tender Payment (as defined below).

(b) Per \$1,000 principal amount.

(c) Issuer: Devon OEI Operating, L.L.C.

(d) Issuer: Devon Energy Corporation.

(e) Issuer: Devon Financing Company, L.L.C.

The tender offers consist of offers to purchase for cash the Securities listed in the table above up to the aggregate maximum repurchase amount of \$1 billion (the "Aggregate Maximum Repurchase Amount"). The Company refers investors to the Offer to Purchase, dated December 5, 2016 (the "Offer to Purchase"), for the complete terms and conditions of the tender offers.

The tender offers will expire at 11:59 p.m., New York City time, on January 3, 2017, unless extended or earlier terminated (such date and time, as the same may be extended, the "Expiration Date"). Holders of Securities must validly tender and not validly withdraw their Securities prior to or at 5:00 p.m., New York City time, on December 16, 2016, unless extended or earlier terminated (such date and time, as the same may be extended, the "Early Tender Date"), to be eligible to receive the Total Consideration, which includes the early tender payment of \$30 per \$1,000 principal amount of Securities (the "Early Tender Payment"). Holders of Securities who validly tender their Securities after the Early Tender Date but prior to or at the Expiration Date will be eligible to receive an amount equal to the Total Consideration minus the Early Tender Payment.

All Securities tendered prior to or at the Early Tender Date will have priority over Securities tendered after the Early Tender Date. Subject to applicable law, the Company may increase or decrease the Aggregate Maximum Repurchase Amount in its sole discretion.

Securities may be validly withdrawn at any time prior to or at 5:00 p.m., New York City time, on December 16, 2016, unless such date and time is extended or earlier terminated by the Company, but not thereafter.

The "Total Consideration" for each \$1,000 principal amount of each series of Securities validly tendered and accepted for purchase pursuant to the applicable tender offers will be determined in the manner described in the

Offer to Purchase by reference to a fixed spread specified for such Securities (the "Fixed Spread") in the table above plus the yield to maturity based on the bid-side price of the applicable U.S. Treasury Reference Security specified in the table above at 2:00 p.m., New York City time, on December 19, 2016, unless extended or earlier terminated.

Holders will also receive accrued and unpaid interest on Securities validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the date the Company makes payment for such Securities, which date is anticipated to be (i) December 20, 2016, in the case of the Securities tendered prior to or at the Early Tender Date and accepted for purchase pursuant to a tender offer, and (ii) January 4, 2017, in the case of the Securities tendered after the Early Tender Date and accepted for purchase pursuant to a tender offer.

Devon Energy will fund the tender offers with the net proceeds from previously completed asset sales and financing transactions. The tender offers are being made to reduce the Company's outstanding debt, including the debt of its subsidiaries.

The tender offers are subject to the satisfaction or waiver of certain conditions specified in the Offer to Purchase but the tender offers are not subject to minimum tender conditions. Following the completion of the tender offers, the Company or its affiliates may purchase additional Securities in the open market, in privately negotiated transactions, through tender or exchange offers, or otherwise, or the applicable issuer may redeem Securities that the issuer is permitted to redeem pursuant to their terms. The Company is not obligated to redeem any Securities that are not tendered and accepted in the tender offers.
