Energy
Mix

Southern Company Gas

A natural gas distribution system that includes four state-regulated local distribution companies (LDCs), serving 4.3 million customers. Gas pipeline investments include investments in six pipelines, including Southern Natural Gas. Gas marketing services complement LDCs and pipeline investments.

Southern Power

America's premier wholesale energy partner investing in clean energy solutions for customers. Southern Power is a leading U.S. wholesale energy provider meeting the electricity needs of municipalities, electric cooperatives, investor-owned utilities and other energy customers.

PowerSecure

Provides energy technologies and services to electric utilities and their large industrial, commercial, institutional and municipal customers. Customer solutions include distributed generation systems, utility infrastructure solutions and energy efficiency products and services.

Net Zero Carbon Goal

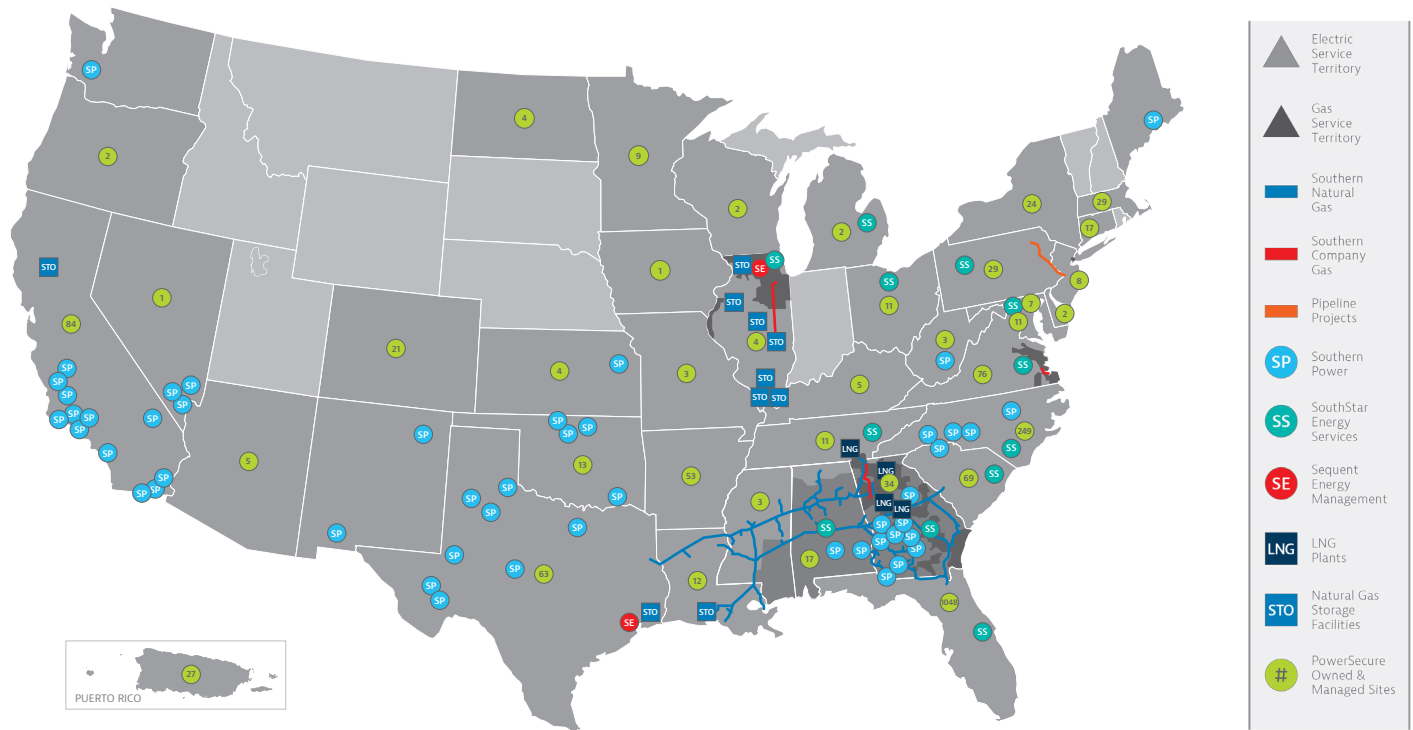

Since 2007, we have reduced GHG emissions 44% by transitioning our electric generation mix to include more natural gas, renewables, and nuclear energy sources. Our goal is to reach a 50% reduction in GHG emissions by 2030 and net zero operations by 2050.

Research and Development

- Industry leader in conducting robust research, development and deployment of new, innovative energy technologies.
- Greenhouse gas emissions reduction is a major focus of the company's research and development organization, which has a historic record of technology advancement that goes back to the 1960s.

Building the future of energy

Southern Company System

See “Our Subsidiaries” for details on operations in each state. southerncompany.com/about-us/our-business/service-territory

Major Subsidiaries

Alabama Power	1.5 million electric utility customers
Georgia Power	2.6 million electric utility customers
Mississippi Power	188,000 electric utility customers
Southern Power	11,920 MW of wholesale solar, wind, natural gas and clean alternative technologies in 13 states
PowerSecure	A national leader in distributed infrastructure technologies doing business nationwide
Southern Nuclear	An innovative leader among the nation’s nuclear energy industry
Southern Linc	Wireless communications service

Southern Company Gas
4.3 million natural gas distribution customers in four state-regulated, wholesale and retail energy businesses and gas storage facilities across the U.S.

- Atlanta Gas Light (GA)
- Chattanooga Gas (TN)
- Nicor Gas (IL)
- Virginia Natural Gas (VA)
