MANAGEMENT INFORMATION CIRCULAR

(all information as at April 25, 2018 unless otherwise indicated)

FORWARD-LOOKING INFORMATION

This management information circular (the “Circular”) contains “forward-looking information” within the meaning of applicable Canadian securities legislation. Forward-looking information may include, but is not limited to, statements with respect to the future management of Sierra Metals Inc. (the “Corporation”), the future business of the Corporation, and activities, events or developments that management expects or anticipates will occur or may occur in the future. Often, but not always, forward-looking information can be identified by the use of words such as “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “believes”, or variations (including negative variations) of such words and phrases, or statements that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. Forward-looking information is based on the reasonable assumptions, estimates, analysis and opinions of management made in light of its experience and perception of trends, current conditions and expected developments, as well as other factors that management believes to be relevant and reasonable at the date that such statements are made. Forward-looking information involves known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of the Corporation, as applicable, to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Although the Corporation has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in the forward-looking information, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking information contained herein is made as of the date of this Circular and, other than as required by securities law, the Corporation disclaims any obligation to update any forward-looking information, whether as a result of new information, future events or results or otherwise unless so required by applicable securities laws. There can be no assurance that the forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information.

SOLICITATION OF PROXIES

This Circular is provided in connection with the solicitation of proxies by the management of the Corporation for use at the annual general meeting of shareholders of the Corporation (the “Meeting”) to be held on May 30, 2018, at the time and place and for the purposes set forth in the accompanying notice of meeting (the “Notice of Meeting”), or at any adjournment(s) or postponement(s) thereof. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited in person or by telephone or facsimile by employees of the Corporation. The cost of solicitation will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Form of Proxy are officers of the Corporation. **A shareholder of the Corporation wishing to appoint some other person (who need not be a shareholder) to represent him, her or it at the Meeting may do so by inserting such person’s name in the blank space provided in the Form of Proxy and depositing the duly completed Form of Proxy at the registered office of the Corporation or the Corporation’s registrar and transfer agent indicated on the enclosed envelope not less than 48 hours prior to the Meeting or adjournment(s) or postponement(s) thereof (exclusive of Saturdays, Sundays and holidays).**

Any proxy given may be revoked by instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his, her or its attorney authorized in writing, and deposited either at the registered office of the Corporation or its registrar and transfer agent at any time prior to 48 hours (excluding Saturdays, Sundays and holidays) preceding the Meeting or any adjournment(s) or postponement(s) thereof or in any other manner permitted by law. The shareholder may choose to attend the Meeting or any adjournment(s) or postponement(s) thereof in person and exercise his or her voting rights.

The Form of Proxy must be signed and dated by the shareholder or by his, her or its attorney in writing, or, if the shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer. Persons signing as executors, administrators, trustees or in any other representative capacity should so indicate and give their full title as such. If a shareholder does not deliver a Form of Proxy to the Corporation's registrar and transfer agent by 9:30 a.m. (local time in Toronto) on Monday, May 28, 2018 (or before 48 hours, excluding Saturdays, Sundays and holidays before any adjournment(s) or postponement(s) of the Meeting at which the proxy is to be used) then the shareholder will not be entitled to vote at the Meeting by proxy.

In this Circular, unless otherwise indicated, all dollar amounts "\$" are expressed in US dollars. Unless otherwise stated, the information contained in this Circular is as of April 25, 2018.

EXERCISE OF DISCRETION BY PROXY

A shareholder forwarding the enclosed Form of Proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. The persons named in the enclosed Form of Proxy will vote the shares in respect of which they are appointed in accordance with the directions, if any, of the shareholders appointing them. **In the absence of such directions, such shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this Circular. The enclosed Form of Proxy confers discretionary authority upon the persons named therein with respect to any amendment or variation to matters identified in the Notice of Meeting and to any other matter which may properly come before the Meeting.** At the time of printing this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting. However, in either case, the persons named in the Form of Proxy will vote according to their best judgment.

NON-REGISTERED SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders as a substantial number of shareholders do not hold common shares of the Corporation ("Common Shares") in their own name. Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person (a "Non-Registered Holder") are registered either: (i) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the Common Shares, such as securities dealers or brokers, banks, trust companies, and trusts or other financial institutions; or (ii) in the name of a clearing agency of which the Intermediary is a participant. In accordance with National Instrument 54-101 of the Canadian Securities Administrators, entitled "*Communication with Beneficial Owners of Securities of a Reporting Issuer*" ("NI 54-101"), the Corporation has distributed copies of the Notice of Meeting and Circular (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders, unless a Non-Registered Holder has waived the right to receive them, and often use a service corporation for this purpose. Non-Registered Holders will either:

- (a) be provided with a computerized form (often called a "voting instruction form") which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service corporation, will constitute voting instructions which the Intermediary must follow. In order for the applicable computerized form to validly constitute a voting instruction form, the Non-Registered Holder must properly complete and sign the form and submit it to the Intermediary or its service corporation in accordance with the instructions of the Intermediary or

service corporation. In certain cases, the Non-Registered Holder may provide such voting instructions to the Intermediary or its service corporation through the Internet or through a toll-free telephone number; or

- (b) be given a proxy form which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the proxy form and submit it to Computershare Investor Services Inc. (Attention: Proxy Department), 100 University Ave., 8th Floor, Toronto, Ontario, M5J 2Y1.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Holder who receives a voting instruction form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should print his or her own name, or that of such other person, on the voting instruction form and return it to the Intermediary or its service corporation. Should a Non-Registered Holder who receives a proxy form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons set out in the proxy form and insert the name of the Non-Registered Holder or such other person in the blank space provided and submit it to Computershare Investor Services Inc. at the address set out above. **In all cases, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when, where and by what means the voting instruction form or proxy form must be delivered.** A Non-Registered Holder may revoke voting instructions which have been given to an Intermediary at any time by written notice to the Intermediary.

The Corporation will not pay for an intermediary to deliver Meeting Materials and voting instruction forms to objecting beneficial owners ("OBOs"). OBOs have objected to their intermediary disclosing ownership information about themselves to the Corporation. Accordingly, OBOs will not receive the Meeting Materials unless their intermediary assumes the costs of delivery. The Corporation is not relying on the "notice-and-access" delivery procedures outlined in NI 54-101 to distribute copies of the Meeting Materials.

APPROVAL OF MATTERS

The Form of Proxy forwarded to holders of Common Shares affords the shareholder the opportunity to specify the manner in which the proxy nominees are to vote with respect to any specific item by checking the appropriate space in order to indicate whether the Common Shares registered in the shareholder's name shall be: (i) voted for or withheld from voting for the directors named in this Circular; and (ii) voted for or withheld from voting for the appointment of auditors and authorizing the Board of Directors of the Corporation (the "Board") to fix their remuneration. In order to approve a motion proposed at the Meeting, a majority of greater than one-half of the votes cast will be required for the ordinary resolution unless the motion requires a special resolution (of which management is not currently aware), in which case a majority of not less than two thirds of the votes cast will be required. In the event a motion proposed at the Meeting (of which management is not currently aware) requires disinterested shareholder approval, Common Shares held by shareholders of the Corporation who are interested parties will be excluded from the count of votes cast on such motion.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as disclosed herein, the Corporation is not aware of any of the directors, nominees, officers or other insiders of the Corporation or any associate or affiliate of any of these persons, having any material interest in the matters to be acted upon at the Meeting, by way of beneficial ownership of securities or otherwise.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed in this Circular, to the best of the Corporation's knowledge, since the commencement of the Corporation's most recently completed financial year, no informed person of the Corporation, proposed nominee for director or any associate or affiliate of an informed person or proposed nominee, had any material

interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries. For the purposes of this Circular, an “informed person” of the Corporation means: (a) a director or executive officer of the Corporation; (b) a director or executive officer of a person or Corporation that is itself an informed person or subsidiary of the Corporation; (c) any person or Corporation who beneficially owns, directly or indirectly, voting securities of the Corporation or who exercises control or direction over voting securities of the Corporation or a combination of both carrying more than 10% of the voting rights other than voting securities held by the person or Corporation as underwriter in the course of a distribution; and (d) the Corporation itself, if and for so long as it has purchased, redeemed or otherwise acquired any of its Common Shares.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The directors of the Corporation have fixed April 25, 2018, at the close of business, as the record date for the determination of the shareholders entitled to receive notice of the Meeting and to vote thereat. All holders of at least one Common Share of the Corporation as of that date will have the right to vote at the Meeting.

As of April 25, 2018, 163,427,335 Common Shares were issued and outstanding, each giving the right to one vote on all matters to be acted upon at the Meeting. All such holders of record of Common Shares on the record date are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Corporation’s registrar and transfer agent, Computershare Investor Services Inc., within the time specified in the attached Notice of Meeting, to attend and to vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and officers of the Corporation, the only persons, firms or corporations who own, as of April 25, 2018, directly or indirectly, or exercise control or direction over voting securities of the Corporation carrying more than 10% of the voting rights attached to any class of voting securities of the Corporation, are as follows:

Shareholder Name	Number of Common Shares	Percentage of Issued and Outstanding Shares
Arias Resource Capital Fund L.P.*	52,721,964	32.3%
Arias Resource Capital Fund II L.P.*	29,565,907	18.1%
Arias Resource Capital Fund II (Mexico) L.P.*	1,677,731	1%
(the above funds are collectively referred to as the “ARC Funds”)		
Arias Resource Capital Management LP (“ARCM”)	467,471	0.3%
BlackRock, Inc.	16,360,977	10.0%

* The respective general partner of each of the ARC Funds retains the power to make investment and voting decisions in respect of the securities beneficially owned by the ARC Funds, which includes the Common Shares. Mr. J. Alberto Arias (Chairman and a director of the Corporation) is the sole director of each of the general partners of the ARC Funds and indirectly controls ARCM. As such, Mr. Arias may be deemed to have share voting and dispositive power with respect to the Common Shares beneficially owned by the ARC Funds; however, he disclaims any beneficial ownership of any such securities, except to the extent of his pecuniary interest therein. Please see “Annual Meeting Business - Election of Directors – J. Alberto Arias”, below.

Because the ARC Funds and ARCM own, in the aggregate, more than 50% of the Corporation’s Common Shares, the Corporation is considered a “controlled company” under the rules of the NYSE American Stock Exchange LLC and, as such, is exempt from certain governance rules of that Exchange.

ANNUAL MEETING BUSINESS

Election of Directors

The articles of the Corporation provide that the Board shall consist of a minimum of one and a maximum of 15 directors. Pursuant to By-Law No. 1 of the Corporation, the number of directors, within such limits, shall be determined from time to time by the Board. The Board has resolved to fix the number of directors to be elected at the Meeting at seven (7), and the shareholders of the Corporation will be called upon to elect such seven (7) directors, all of whom currently serve on the Board. Subject to the by-laws of the Corporation, directors who are elected will remain in office until the next annual meeting of shareholders or until a successor has been duly elected or appointed.

The Toronto Stock Exchange (the “TSX”) requires listed companies to adopt a majority voting policy with respect to uncontested elections of directors unless it is otherwise exempt. A majority voting policy generally provides that a director who has received a majority of withhold votes must tender his or her resignation immediately after the meeting, to be effective upon acceptance of the Board. Listed companies that are “majority controlled” are exempt from this policy. The Corporation is majority controlled since the ARC Funds collectively own, together with ARCM, the majority of the issued and outstanding Common Shares. Furthermore, the Corporation’s Chairman, J. Alberto Arias, is the director of each of the general partners of the ARC Funds and indirectly controls ARCM. As such, Mr. Arias may be deemed to have share voting and dispositive power with respect to the Common Shares beneficially owned by the ARC Funds; however, he disclaims any beneficial ownership of any such securities, except to the extent of his pecuniary interest therein. The Corporation is relying on this majority-controlled exemption and has not adopted a majority voting policy.

Notes:

- (1) The information as to the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised, by the directors, not being within the knowledge of the Corporation, has been obtained from the System for Electronic Disclosure by Insiders.

- (2) Held by the ARC Funds and ARCM. Mr. Arias is the sole director of each of the general partners of the ARC Funds and indirectly controls ARCM. Please see “Voting Securities and Principal Holders of Voting Securities”, above.

With the exception of Jose Vizquerra Benavides, who was appointed by the Board on November 7, 2017, all of the persons whose names are mentioned above have previously been elected directors of the Corporation at a shareholders’ meeting for which a proxy circular was issued.

Except where authority to vote on the election of directors is to the contrary, the persons named in the Form of Proxy accompanying this Circular intend to vote FOR the election of the nominees whose names are set forth above.

Management is not presently aware, and has no reason to believe, that any of the nominees will be unwilling to serve as a director if elected, but in the event that, prior to the Meeting, any vacancies occur in the slate of nominees submitted herewith, the enclosed Form of Proxy confers discretionary authority upon the persons named therein to vote for the election of any other eligible person designated by the Board, unless instructions have been given to refrain from voting with respect to the election of directors.

Orders, Penalties and Bankruptcies

Except as disclosed hereunder, to the knowledge of the Corporation, none of the foregoing nominees for election as a director:

- (a) is, or within the last ten years has been, a director, chief executive officer (“CEO”) or chief financial officer (“CFO”) of any corporation that:
 - (i) was the subject of a cease trade or similar order, or an order that denied such corporation access to any exemption under applicable securities legislation for a period of more than 30 consecutive days (an “Order”), while that person was acting in that capacity;
 - (ii) was subject to an Order that was issued, after the nominee ceased to be a director, chief executive officer or chief financial officer, and which occurred while that person was acting in the capacity as a director, chief executive officer or chief financial officer; or
- (b) is, or within the last ten years has been, a director or executive officer of any company that, while that person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within the last ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his assets.

In May 2009 and May 2011, management cease trade orders applicable to the directors and officers of the Corporation and related companies were issued for late filing of the financial statements.

To the knowledge of the Corporation, none of the foregoing nominees for election as director has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

Appointment of Auditors

Management proposes the appointment of PricewaterhouseCoopers LLP, Chartered Accountants, as auditors of the Corporation. Their mandate will continue until the close of the next annual meeting or until their successors are appointed. The directors will be authorized to fix the remuneration of the auditors.

Unless instructions are given to the contrary, the persons named in the Form of Proxy accompanying this Circular intend to vote FOR the appointment of PricewaterhouseCoopers LLP as auditors of the Corporation and to authorize the Board to fix their remuneration.

Executive Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The fundamental goal of the Corporation is to create value for its shareholders and foster well-managed growth of the Corporation. Compensation plays an important role in achieving short and long-term business objectives and in serving this goal. The Corporation’s compensation program is designed to:

- (a) align the interests of executive officers with those of the shareholders in order to maximize long-term shareholder value;
- (b) link executive compensation to the performance of the Corporation and its strategic plan;
- (c) compensate executive officers at a level that ensures the Corporation is able to attract, motivate and retain highly qualified individuals with exceptional skills; and
- (d) evaluate executive performance on the basis of the Corporation’s overall performance, achievements and success in building long-term shareholder value.

To attain these goals, the Board has established a Compensation Committee (the “Compensation Committee”), which is responsible for ensuring that the Corporation has an appropriate plan for executive compensation and for making recommendations to the Board with respect to the compensation of the Corporation’s executive officers. More specifically, the responsibilities of the Compensation Committee, as set out in its mandate, include:

- (a) review and approve compensation packages, including goals and objectives against which bonuses are assessed, of the Corporation’s CEO and his direct reports;
- (b) review and recommend to the Board for approval all annual cash bonuses and restricted share unit (“RSU”) allocations;
- (c) review the compensation practices and policies of the Corporation to ensure that they are competitive and that they provide appropriate motivation for corporate performance and increased shareholder value and make recommendations to the Board regarding same;
- (d) periodically survey the executive compensation practices of other comparable companies and report back to the Board;
- (e) annually review and evaluate the implications of the risks associated with the Corporation’s compensation policies and practices and, if necessary, identify practices that can be used to identify and mitigate such policies and practices that could encourage inappropriate or excessive risk taking;
- (f) oversee the administration of the Corporation’s compensation programs, including any incentive compensation plans and equity-based plans, and the nature of the compensation provided under such programs to ensure that all management compensation programs are linked to meaningful and measurable performance targets;

- (g) make recommendations to the Board regarding the adoption, amendment or termination of compensation programs and the formal approval of the adoption, amendment and termination of compensation programs of the Corporation, including for greater certainty, ensuring that if any equity-based compensation plan is subject to shareholder approval, that such approval is sought;
- (h) establish, if deemed necessary by the Compensation Committee, and recommend to the Board share ownership guidelines for senior executives of the Corporation and policies (including pre-approval requirements) for the number and type of boards of directors that senior executives may join (except for boards of directors that senior executives are asked by the Corporation to join in connection with their employment);
- (i) at least annually, review and make recommendations to the Board with respect to compensation of directors, the Chairman and those acting as committee chairs to, among other things, ensure their compensation appropriately reflects the responsibilities they are assuming;
- (j) annually review and make recommendations to the Board regarding the Corporation's director's and officer's liability insurance policies;
- (k) review and recommend to the Board for approval the annual report on executive compensation required to be prepared under applicable corporate and securities legislation, regulation and rules including the disclosure concerning members of the Compensation Committee and settle the reports required to be made by the Compensation Committee in any document required to be filed with a regulatory authority and/or distributed to shareholders; and
- (l) at the request of the Board, investigate and report on such other matters as it considers necessary or appropriate in the circumstances.

Composition of the Compensation Committee

The Compensation Committee is currently composed of the following members of the Board: J. Alberto Arias (Chair), Steven Dean and Philip Renaud. Both Mr. Dean and Mr. Renaud are considered independent for the purposes of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”). Mr. Arias is not considered to be independent because he indirectly controls ARCM, the investment manager to the ARC Funds, the principal and majority shareholders of the Corporation

All of the current members of the Compensation Committee have significant experience with public companies and ongoing resource sector involvement. Each member of the Compensation Committee has extensive experience and managerial skills that enable them to make decisions on the suitability of the Corporation's compensation philosophy and practices. Please see “*Annual Meeting Business - Election of Directors*”. The Board is satisfied that the composition of the Compensation Committee ensures an objective process for determining compensation.

When the Compensation Committee considers it necessary or advisable, it may retain, at the Corporation's expense, outside consultants or advisors to assist or advise the Compensation Committee on any matter within its mandate. The Compensation Committee has the sole authority to retain and to terminate such consultants or advisors. During the financial year ended December 31, 2017, no third party advisors were engaged by the Corporation.

How We Make Compensation Decisions

Executive officers are compensated in a manner consistent with their respective contributions to the overall benefit of the Corporation. The Compensation Committee assesses individual performance of the Corporation's executive officers and makes recommendations regarding their compensation to the Board.

Based on these recommendations, the Board makes decisions concerning the nature and scope of the compensation to be paid to the Corporation's executive officers. The Compensation Committee bases its recommendations to the Board on its compensation philosophy, market analysis of compensation paid for similar positions by similar companies, and the Committee's assessment of individual performance based on key performance indicators ("KPIs"), used to measure annual and long-term incentive pay for executive officers. Some examples of KPIs used by the Corporation are: Health, Safety and Environment; Development/Exploration Growth; Budget Cost Controls; Management Effectiveness; Financial Management; Share Price Performance; and Return on Capital Employed. The KPIs are reviewed by the Compensation Committee on an annual basis and revised as needed.

The Corporation's total compensation package is made up of three main elements: (1) base salary or consulting fees, (2) cash bonuses and (3) equity incentives, thereby balancing short term incentives, such as cash bonuses, with long-term incentives, such as RSU grants with staggered vesting periods. The base salary or consulting fees are competitive and not subject to performance risk. The Board has determined that there are no identified risks arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

The Compensation Committee generally meets annually to deal with compensation issues, or more frequently as needed to address specific issues in respect of executive compensation. The Compensation Committee works with the CEO to evaluate the performance and set the compensation for the other NEOs, including proposed salary adjustments, cash bonuses and equity incentive awards.

Although the Board has delegated certain oversight responsibilities to the Compensation Committee, it retains final authority over the compensation program and process including approval of material amendments to, or adoption of, new equity-based compensation plans and the review and approval of the Compensation Committee's recommendations regarding executive compensation.

Pursuant to the Corporation's insider trading policy, the Corporation's directors and NEOs (and certain other insiders of the Corporation) are prohibited from engaging in the short selling of, or trading in puts, calls or options in respect of the securities of the Corporation; and in the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities as compensation or held, directly or indirectly by them.

Elements of Total Compensation

Base Salary or Consulting Fees

Base salaries or consulting fees are paid in cash as a fixed amount of compensation for performing day-to-day responsibilities. The base salaries or consulting fees of the Corporation's executive officers are determined through negotiation of each executive officer's employment/consulting agreement, with future increases set after considering the target median of the market, prevailing industry demand and performance factors.

For more information on NEOs base salaries or consulting fees, please see the section in this Circular entitled "*Executive Compensation - Termination and Change of Control Benefits of NEOs*".

Cash Bonuses

Cash bonus awards are earned for achieving short-term goals and other strategic objectives based on a variety of factors, including the individual's performance and contributions, improvements in job proficiency, retention risks and concerns, succession requirements and compensation changes in the market.

For more information regarding cash bonus awards issued to NEOs during the fiscal year ended December 31, 2017, please see "*Summary Compensation Table*", below.

Equity Incentives

RSU Plan

At the Corporation's annual and special meeting of shareholders held on June 29, 2012 (the "2012 AGM"), the shareholders approved the adoption of a Restricted Share Unit Plan (the "2012 RSU Plan"). The 2012 RSU Plan was designed to enhance the ability of the Corporation to attract and retain qualified individuals to serve as executives, key employees, consultants and directors (collectively, the "Eligible Participants") and to promote the alignment of interests between such Eligible Participants on the one hand, and the shareholders of the Corporation on the other hand. In connection with the Corporation's graduation from the TSX-V and the listing of its Common Shares on the TSX as of July 8, 2013, the shareholders of the Corporation approved an amended and restated Restricted Share Unit Plan on June 12, 2014 (the "2014 RSU Plan"), which incorporated minor, primarily housekeeping changes to the 2012 RSU Plan in order to comply with the rules and policies of the TSX. The Corporation's 2014 RSU Plan was further amended and approved by shareholders on June 10, 2015 (the "2015 RSU Plan") increasing the Common Shares reserved for issuance under the 2014 RSU Plan from 5,000,000 to 8,000,000, and again on June 14, 2017 (the "2017 RSU Plan"), changing the maximum number of Common Shares reserved for issuance from a fixed 8,000,000 Common Shares to a rolling 5% of the issued and outstanding Common Shares.

As at December 31, 2017, the Corporation had 1,316,313 outstanding RSUs under the 2017 RSU Plan convertible for approximately 0.8% of the then issued and outstanding Common Shares.

The Corporation's annual "burn rate" for RSUs granted under the 2017 RSU Plan, calculated as described in Section 613(p) of the TSX Company Manual with respect to the number of issued and outstanding shares (total number of RSUs issued in a fiscal year, divided by the weighted average number of outstanding Common Shares for that year) was 0.8% in fiscal 2015, 0.8% in fiscal 2016 and 0.7% in fiscal 2017.

Long-term incentives in the form of RSUs are intended to align the interests of Eligible Participants with those of the Corporation's shareholders, to provide a long-term incentive that rewards these parties for their contribution to the creation of shareholder value, and to reduce the cash compensation the Corporation would otherwise have to pay. Generally, grants of RSUs are made on an annual basis. In granting RSUs, the Compensation Committee considers a number of factors, including the dilutive effect of RSUs on existing shareholders, individual and corporate performance factors, the Compensation Committee's evaluation of each officer's ability to influence the long-term success of the Corporation, retention considerations and performance motivation. The Compensation Committee also considers each executive's existing stock option / RSU position when granting additional RSUs.

Set out below is a summary of the principal terms and conditions of the 2017 RSU Plan.

1. The 2017 RSU Plan is administered by the Compensation Committee. Subject to the terms of the 2017 RSU Plan, the Compensation Committee may recommend Eligible Participants to receive awards, the types of awards, the terms and conditions of awards and may interpret the provisions of the 2017 RSU Plan.
2. The RSUs are non-transferable and non-assignable other than by will or the laws of succession.
3. The 2017 RSU Plan enables the Board to grant awards of RSUs to Eligible Participants (an Eligible Participant who is granted RSUs pursuant to the 2017 RSU Plan is referred to as a "Participant"). RSUs are akin to "phantom stock" that tracks the value of the underlying Common Shares but does not entitle the Participant to the actual underlying Common Shares until such RSUs vest. Upon vesting, the RSUs are converted on a one-for-one basis into Common Shares. The Board, after considering the recommendation of the Compensation Committee, also has the discretion to stipulate the length of time for vesting and to determine various performance objectives based on certain business criteria as a pre-condition to an RSU vesting.

4. RSUs shall be granted to Participants at no cost in consideration for past service or as a performance reward. Upon vesting of the RSUs and upon all the conditions of the grant of RSUs being satisfied, the Corporation shall issue Common Shares to the Participant. A Participant is not required to pay any fee to receive Common Shares upon vesting.
5. Under the 2017 RSU Plan, the maximum number of Common Shares available for issuance upon the vesting of RSUs is 5% of the number of the issued and outstanding Common Shares at the time of grant. If any RSUs shall expire, cancel or terminate for any reason in accordance with the terms of the 2017 RSU Plan, or be vested or exercised, Common Shares subject thereto shall again be available for the purpose of the 2017 RSU Plan. The maximum number of shares issuable under all security-based compensation arrangements, including the 2017 RSU Plan and the Stock Option Plan (as defined herein), shall, in no circumstances, exceed 10% of the issued and outstanding Common Shares, and the maximum number of shares issuable to any one Participant under all security-based compensation arrangements, shall not exceed 5% of the issued and outstanding Common Shares at the date of the grant.
6. The following insider participation limits shall apply:
 - (a) the number of Common Shares issuable to Insiders, at any time, pursuant to the 2017 RSU Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis); and
 - (b) the number of Common Shares issued to Insiders, within a one-year period, pursuant to the 2017 RSU Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis).
7. For the settlement of RSUs which are not subject to performance vesting conditions, each Participant who continues to be a Participant on a vesting date shall receive within five trading days following the vesting date (each, a "Payout Date") from the Corporation either: (i) one Common Share for each such vested RSU; or (ii) a lump-sum cash amount equal to the number of such vested RSUs multiplied by the volume weighted average trading price for the Common Shares on the TSX for the five trading days on which the Common Shares traded (the "RSU Share Market Price") immediately preceding the Payout Date, in both cases net of any applicable withholdings in a manner determined by the Corporation. Subject to the foregoing, the decision as to mode of payment shall be made by the Board in its sole discretion, and a payment of Common Shares or cash, as the case may be, shall not create any obligation for the Board to make a similar payment to any other Participant.
8. RSUs subject to performance vesting conditions shall be settled as follows: following the end of a financial year, the "Settlement Date" shall be the date on which the Board approves the audited annual financial statements of the Corporation for such financial year. No later than 60 days after the Settlement Date, the Corporation shall pay to a Participant, provided that a termination, other than by reason of death or long-term disability, of such Participant has not occurred prior to the Settlement Date, for all RSUs held by such Participant which have vested at the end of such financial year, either: (i) one Common Share for each such vested RSU, or (ii) a lump-sum cash amount equal to the number of such vested RSUs multiplied by the RSU Share Market Price immediately preceding the Settlement Date, in both cases net of any applicable withholdings in a manner determined by the Corporation. Subject to the foregoing, the decision as to mode of payment shall be made by the Board in its sole discretion, and a payment of Common Shares or cash, as the case may be, shall not create any obligation for the Board to make a similar payment to any other Participant.
9. Upon the termination of a Participant's employment or service with the Corporation (other than due to death or long-term disability), any RSUs held by such Participant that have not vested, shall lapse and be cancelled. Upon such cancellation of the RSUs, the Participant shall have no further rights with respect to such an award. In the event of a Participant's death or long-term disability, all outstanding unvested RSUs of such Participant shall immediately vest.

10. The Board may, subject to applicable legislation and regulatory requirements, amend certain provisions of the 2017 RSU Plan without shareholder approval. For example, the Board may make: (a) amendments of a “housekeeping” nature such as amending for the purpose of addressing any ambiguity, error or omission in the 2017 RSU Plan, or to correct or supplement any provision of the 2017 RSU Plan that is inconsistent with any other provision of the 2017 RSU Plan; (b) amendments necessary to comply with the provisions of applicable laws; (c) amendments necessary in order for RSUs to qualify for favourable treatment under applicable taxation laws; (d) amendments respecting administration of the 2017 RSU Plan; (e) amendments to the vesting provisions of the 2017 RSU Plan or any RSU; (f) amendments to defined terms in the 2017 RSU Plan; (g) amendments to the settlement provisions of the 2017 RSU Plan or relating to any RSU; (h) amendments necessary to suspend or terminate the 2017 RSU Plan; and (i) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law.
11. Shareholder approval will be required for the following types of amendments: (a) amendments to the number of Common Shares issuable under the 2017 RSU Plan, including an increase to a maximum percentage or number of Common Shares; (b) any amendment which increases the number of RSUs that may be issued, or the number of Shares that may be issued or paid upon settlement of RSUs to a Participant who is an Insider; and (c) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

Stock Option Plan

The Corporation’s Amended and Restated Stock Option Plan (the “Stock Option Plan”) was approved by shareholders on June 12, 2014. Pursuant to the requirements of the TSX, the Corporation must obtain shareholder approval of unallocated options, rights or entitlements under its equity compensation plans every three years if they do not have a fixed maximum of issuable securities. As such, at the Corporation’s annual and special meeting held on June 14, 2017, the shareholders approved an ordinary resolution approving unallocated options under the Stock Option Plan.

The Stock Option Plan is intended to attract, retain and motivate key service providers of the Corporation and its subsidiaries. The Board may from time to time grant to employees, officers, directors and consultants of the Corporation, or any subsidiary thereof, stock options to acquire Common Shares. The options are not assignable or transferable. At no time shall the period during which an option is exercisable exceed five years. Subject to provisions in the Stock Option Plan, which govern the issuance of options to persons performing investor relations activities, the options granted pursuant to the Stock Option Plan have a vesting period of two years as follows: (a) one-third on the day of the grant; (b) an additional one third after one year; and (c) the balance after two years. In no circumstances shall the exercise price of the options granted pursuant to the Stock Option Plan be lower than the Market Price (as defined hereinafter) of the Common Shares at the date of the grant of the options. The aggregate number of Common Shares that may be issued by the Corporation under the Stock Option Plan and the 2017 RSU Plan shall, in no circumstances, exceed 10% of the issued and outstanding Common Shares. As at December 31, 2017, the Corporation had no issued and outstanding options.

The Corporation's annual "burn rate" for stock options granted under the Stock Option Plan, calculated as described in Section 613(p) of the TSX Company Manual with respect to the number of issued and outstanding shares (total number of stock options issued in a fiscal year, divided by the weighted average number of outstanding Common Shares for that year) was 0% in each of fiscal 2015, 2016 and 2017.

Set out below is a summary of the principal terms and conditions of the Stock Option Plan:

1. The Stock Option Plan is administered by the Board. Subject to the terms of the Stock Option Plan, the Board may grant options, determine the number of Common Shares covered by each option, determine the exercise price of each option, determine the time(s) when options will be granted or exercisable, determine if the Common Shares which are issuable on the exercise of an option will be subject to any restrictions upon the exercise of such option, and prescribe the form of the instruments relating to the grant, exercise and other terms of the options. In the event that no specific determination is made by the

Board with respect to any of the following matters, each option shall, subject to any other specific provisions of the Stock Option Plan, contain the following terms and conditions:

- a) the term during which an option shall be exercisable shall be 5 years from the date the option is granted to the optionee; and
 - b) the optionee may exercise the option at any time or times during the term of the option.
2. The options granted under the Stock Option Plan are not assignable except to certain permitted assigns, including a spouse, trustee acting on behalf of the optionee or a holding entity. The options may be exercised on a cumulative basis over their option term, vesting according to the vesting schedule set out in the option agreement pursuant to which the options were granted. In the event that the expiry of an option occurs during a blackout period imposed by management or the Board in accordance with the Corporation's insider trading policy, the expiry date of such option shall be deemed to be amended to that date which is ten business days following the end of such blackout period (the "Blackout Period Extension").
 3. The aggregate number of Common Shares issuable upon the exercise of all options granted under the Stock Option Plan and under all other share compensation arrangements shall not exceed 10% of the issued and outstanding Common Shares as at the date of grant of each option under the Stock Option Plan. If any option granted hereunder shall expire, terminate for any reason in accordance with the terms of the Stock Option Plan or be exercised, Common Shares subject thereto shall again be available for the purpose of the Stock Option Plan.
 4. The option price of any option shall be in no circumstances lower than the Market Price on the date of which the grant of the option is approved by the Board. For clarity, the "Market Price" is defined in the Stock Option Plan as the closing sale price of the Common Shares on the TSX on the trading day prior to the applicable date.
 5. Any optionee may elect to effect a cashless exercise of any or all of such optionee's right under an option. In connection with any such cashless exercise, the optionee shall be entitled to receive, without any cash payment (other than the taxes required to be paid in connection with the exercise which must be paid by the optionee to the Corporation in cash at the time of exercise), such number of whole Common Shares (rounded down to the nearest whole number) obtained pursuant to the following formula:

$$x = \frac{[a(b - c)]}{b}$$

where

x = the number of whole Common Shares to be issued

a = the number of Common Shares under option

b = the Market Price of the Common Shares on the date of the cashless exercise

c = the Option Price (as defined in the Stock Option Plan) of the option

In connection with any such cashless exercise, the full number of Common Shares issuable (item (a) in the formula) shall be considered to have been issued for the purposes of the reduction in the number of Common Shares which may be issued under the Stock Option Plan.

6. No options shall be granted to any optionee if the total number of Common Shares issuable to such optionee under the Stock Option Plan, together with any Common Shares issuable to such optionee under

any other share compensation arrangement, would exceed 5% of the issued and outstanding Common Shares at the date of grant.

7. No options shall be granted to any optionee that is a non-employee director if such grant could result, at any time, in (i) the aggregate number of Common Shares issuable to non-employee directors under the Stock Option Plan, or any other security based compensation arrangement of the Corporation, exceeding 1% of the issued and outstanding Common Shares; or (ii) an annual grant per non-employee director exceeding a grant value of \$100,000, which value shall be reasonably determined by the Board.
8. The following insider participation limits shall apply:
 - (a) the number of Common Shares issuable to insiders, at any time, pursuant to the Stock Option Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis); and
 - (b) the number of Common Shares issued to insiders, within a one-year period, pursuant to the Stock Option Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis).
9. Subject to certain sections of the Stock Option Plan and to any express resolution passed by the Board with respect to an option, an option and all rights to purchase Common Shares pursuant thereto shall expire and terminate immediately upon the optionee who holds such option ceasing to be an Eligible Participant. However, if, before the expiry of an option, an optionee ceases to be an Eligible Participant for any reason other than resignation or termination for “cause” of employment, or resignation or failure to be re-elected as a director or if the optionee dies (each being an “Event of Termination”), options that are entitled to be exercised may generally be exercised until the earlier of (i) six months (or one year in the event of death) from the date of the applicable Event of Termination, or (ii) the expiry date of the option (and, subject to the Board’s sole discretion, a further option may be exercised to purchase up to the number of Common Shares that could otherwise have been purchased had the Event of Termination not occurred).
10. Subject to applicable regulatory requirements and except as provided therein, the Board may, in its sole and absolute discretion and without shareholder approval, amend, suspend, terminate or discontinue the Stock Option Plan and may amend the terms and conditions of options granted pursuant to the Stock Option Plan. Provided, however, that if the Board wishes to increase the maximum percentage or extend the term of the option or reduce the option price of options granted under the Stock Option Plan, shareholder approval will be required.
11. Without limiting the generality of the foregoing, the Board may make the following amendments to the Stock Option Plan without obtaining shareholder approval: (a) amendments to the terms and conditions of the Stock Option Plan necessary to ensure that the Stock Option Plan complies with the applicable regulatory requirements; (b) amendments to the provisions of the Stock Option Plan respecting administration of the Stock Option Plan and eligibility for participation in the Stock Option Plan; (c) amendments to the provisions of the Stock Option Plan respecting the terms and conditions on which options may be granted pursuant to the Stock Option Plan, including the provisions relating to the term of the option and the vesting schedule; and (d) amendments to the Stock Option Plan that are of a “housekeeping” nature.
12. However, the Board may not, without the approval of the Corporation’s shareholders, make amendments with respect to the following: (a) an increase to the Stock Option Plan maximum or the number of securities issuable under the Stock Option Plan; (b) amendment provisions granting additional powers to the Board to amend the Stock Option Plan or entitlements thereunder; (c) an amendment to the option price of an option (if such shareholder approval is required by the stock exchange on which the Common Shares are listed); (d) a reduction in the option price of an option or cancellation and reissue of options or other entitlements; (e) an extension to the term of options (other than in connection with a Blackout Period Extension); (f) amendments to Eligible Participants that may permit the introduction or re-

introduction of non-employee directors on a discretionary basis or amendments that increase limits previously imposed on non-employee director participation; (g) any amendment which would permit options granted under the Stock Option Plan to be transferable or assignable other than current permitted assigns and for normal estate settlement purposes; (h) changes to Insider participation limits; and (i) amendments to the Stock Option Plan amendment provisions.

 - (2) As at December 31, 2017, Mr. Gonzales had served as CEO of the Corporation for a period of 8 months. Pursuant to the Gonzales Agreement, if he had been terminated without Cause on that date, he would have received 50% of the Gonzales Base Salary.

The Corporation and its subsidiaries have no other contracts, agreements, plans or arrangements that provide for payments to a Named Executive Officer at, following, or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, change in control of the Corporation, or change in a Named Executive Officer’s responsibilities.

Performance Graph

The following graph compares the total cumulative shareholder return over the past five fiscal years for \$100 invested in Common Shares from January 1, 2013 to December 31, 2017 with the cumulative total return of the S&P / TSX Global Mining Index, assuming where relevant the reinvestment of dividends. The performance of the Common Shares set out below does not necessarily reflect future price performance.

	1-Jan-13	31-Dec-13	31-Dec-14	31-Dec-15	31-Dec-16	31-Dec-17
Sierra Metals Inc.	\$ 100.00	89.96	66.93	42.97	85.11	122.71
S&P/TSX Global Mining Index	\$ 100.00	82.29	71.96	53.32	77.02	90.44

The global economy has seen an improvement since the downturns between 2013 and 2015, which negatively impacted the financial markets and commodity prices and resulted in a significant drop in share price for exploration companies as well as precious and base metal producers such as the Corporation. In 2016 and 2017, the global economy and commodity prices have stabilized. In addition, share prices for many precious and base exploration and production companies have stabilized and improved. Accordingly, in many cases, share price performance is not a true indicator of performance and growth. The Corporation has experienced significant and steady growth in its business and operations over the past five years, evolving from a junior polymetallic producer and explorer to its current position as a mid-tier polymetallic producer with three operating mines.

As noted above, a number of factors and performance elements are taken into account when determining compensation for the Named Executive Officers, including the development and growth of the Corporation’s operations. Although total cumulative shareholder return is one performance measure reviewed, it is not a significant consideration in executive compensation deliberations. As a result, a direct correlation between total cumulative shareholder return over a given period and executive compensation levels is not anticipated.

Board Meetings

The independent directors do not, at this time, hold separate meetings at which management is not in attendance. The Board facilitates open and candid discussion among its independent directors by encouraging such members to have discussions with the Board members who are not independent directors.

The Corporation held six Board meetings, four Audit Committee, one Corporate Governance Committee meeting, two Nomination Committee meetings and two Compensation Committee meetings during the year ended December 31, 2017. Due to the various global locations of the Corporation's directors, Board members often attend via telephone conference call. Due to travel and business conflicts, Douglas Cater was unable to attend one Board meeting, Steven Dean was unable to attend one Board meeting, and Dionisio Romero was unable to attend two Board meetings. All other directors attended all of the meetings referenced above.

Board Advisers and Observers

Under the Observer Agreement, Mr. Perellón is not to take an active role in any Board meeting such as by moving any motion, voting on any matter or actively seeking to influence the actions of the Board.

Position Descriptions

The Board has not adopted written position descriptions for the Chairman of the Board or the Chairman of each Board committee, on the basis that the role of the Chairman of the Board, J. Alberto Arias, and the role of the Chairman of each Committee, is well understood by all of the directors. The Board also has not adopted a written position description for the President and CEO, Igor Gonzales, on the basis that his role and responsibilities are set out in his employment agreement and are well understood by Mr. Gonzales and the other directors.

Orientation and Continuing Education

The Board does not have a formal orientation and education program for new directors. New Board members are invited to visit the sites of the Corporation’s operations in order to enhance their understanding of the Corporation. In addition, management ensures that new Board members receive the appropriate written materials to fully apprise him or her of the duties and responsibilities of a director pursuant to applicable law and policy. Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Corporation’s business will be necessary and relevant to each new director.

Ethical Business Conduct

The Board expects management to operate the business of the Corporation in a manner that enhances shareholder value and is consistent with the highest level of integrity. Accordingly, the Board has adopted a Code of Business Conduct & Ethics to assist all employees, officers, directors, agents and contractors of the Corporation to maintain the highest standards of ethical conduct in corporate affairs. In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest. A copy of the Code of Business Conduct & Ethics is available on the Corporation’s website at www.sierrametals.com.

Nomination Committee

The Board has a Nomination Committee chaired by J. Alberto Arias, which also currently includes Douglas Cater and Igor Gonzales. The overall purpose of the Nomination Committee is to assist the Board in establishing the process for identifying, recruiting and/or providing ongoing development for directors and senior management of the Corporation. The Nomination Committee considers the size of the Board each year when it determines the number of directors to recommend to shareholders for election at the annual meeting of shareholders, taking into account the number of directors required to carry out the Board's duties effectively and to maintain a diversity of view and experience. In that regard, the Nomination Committee considers what competencies and skills the directors as a group should possess and what competencies and skills each existing director possesses in connection with the nomination or appointment of individuals as director of the Corporation.

Compensation Committee

The Compensation Committee is comprised of three Board members: J. Alberto Arias (Chair), Steven Dean and Philip Renaud, the majority of whom are independent directors. The overall purpose of the Compensation Committee is to assist the Board in fulfilling its oversight responsibilities in relation to compensation by developing, monitoring and assessing the Corporation's approach to the compensation of its directors, senior management and employees. For more detailed information regarding the Compensation Committee and its responsibilities, please see the section entitled "*Executive Compensation - Executive Compensation Discussion and Analysis*", above.

Corporate Governance Committee

The Corporation's Corporate Governance Committee is comprised of three Board Members, Steven Dean (Chair), Philip Renaud and Douglas Cater, all of whom are independent directors. The overall purpose of the HSET Committee is to assist the Board in its oversight responsibilities relating to the Corporation's establishment of health, safety and environmental policies for its mining operations and to review their appropriateness on an ongoing basis to reflect the Corporation's commitment to the health and safety of workers at its sites; and the Corporation's commitment to environmental stewardship, public responsibility, social progress and economic growth. The HSET Committee also is charged with the responsibility for reviewing the technical aspects of the Corporation's exploration, development, permitting, construction and mining programs and, in the HSET Committee's discretion, make recommendations to the Board for consideration.

Corporate Strategy Committee

The Corporate Strategy Committee is comprised of three Board members: J. Alberto Arias (Chair), Steven Dean and Philip Renaud, and is responsible for the establishment of formal procedures and routines to facilitate Board involvement in strategic matters.

Audit Committee

The Audit Committee is comprised of three Board members: Douglas Cater (Chair), Philip Renaud and Jose Vizquerra Benavides, all of whom are independent directors. All members of the Audit Committee meet the financial literacy requirements of National Instrument 52-110 – *Audit Committees* ("NI 52-110"). The primary function of the Audit Committee is to assist the Board in fulfilling its financial reporting and controls

responsibilities to the shareholders of the Corporation and the investment community. The external auditors will report directly to the Audit Committee. The Audit Committee's primary duties and responsibilities are:

- overseeing the integrity of the Corporation's financial statements and reviewing the financial reports and other financial information provided by the Corporation to any governmental body or to the public;

The AIF Audit Committee Disclosure is incorporated by reference into, and forms an integral part of, this Circular. The AIF is available on SEDAR at www.sedar.com. The Corporation will, upon request at 79 Wellington Street West, Suite 2100, P.O. Box 157, Toronto, ON M5K 1H1, Attention Corporate Secretary, promptly provide a copy of the AIF free of charge to any securityholder of the Corporation.

Other Board Committees

The Board does not have any standing committees other than those disclosed above.

Assessments

The role of the Chairman of the Board, in consultation with the independent directors, includes overseeing the effective functioning of the Board, which includes a periodic review of the effectiveness of the Board as a whole and of the composition of the Board. To date, given the small size of the Board and the frequency at which its meetings are held, the Board has not found it necessary to institute any formal process in order to satisfy itself that the Board, its committees and its individual directors are performing effectively.

Director Term Limited and Other Mechanisms of Term Renewal

The Corporation has not adopted director term limits for directors on the Board, as it may arbitrarily require the premature retirement of skilled and valuable directors. The Board believes that it can achieve the desired goal of Board renewal through its current processes of annually reviewing the appropriate experience, skills and characteristics of the existing and any proposed directors, with regard to the appropriate size of the Board and diversity, gender, age, expertise and experience (industry, professional and public service), on the recommendation of the Nominating Committee. The Chairman, along with the independent directors, has been tasked with overseeing the effective functioning of the Board, which includes a periodic review of the effectiveness of the Board as a whole and of the composition of the Board.

Representation of Women on Board and Executive Officer Positions

The following is a summary of the Corporation's approach to the representation of women on the Board and in executive officer positions as required by NI 58-101 and as guided by CSA Multilateral Staff Notice 58-309 - *Staff Review of Women on Boards and in Executive Officer Positions - Compliance with NI 58-101 Disclosure of Corporate Governance Practices*.

The Board does not have a written policy on the identification and nomination of female candidates for the Board or for appointment of officers, nor does it have a target for the number of women in these roles.

Currently, none (0%) of the directors on the Board are female. Prior to her resignation effective April 12, 2015, Audra Walsh was President, CEO and a director of the Corporation from July 2014. The Board will consider the level of female representation when determining candidates for nomination to the Board. However, the Board does not believe that specific targets or quotas for female candidates are necessary or practical as it strives to ensure that Board members, regardless of gender, possess the appropriate talents, skills, character and experience, including financial and risk management experience to oversee the Corporation's business.

Currently, female representation in management of the Corporation includes the Corporate Secretary, which represents approximately 13% of the management team. Assessments of candidates for executive and senior management positions include education, experience and qualifications to seek the most qualified individuals, regardless of gender. However, consistent with past practice, the Board will continue to consider diversification, including female representation, as it reviews future Board and management changes.
