Kinross’ strong operating results are driven by solid and consistent performance from a targeted portfolio of mines and development projects located in three core regions: the Americas, West Africa and Russia.

Diversified Portfolio of Mines and Projects

Nearly 60% of estimated 2019 gold equivalent production from mines located in the Americas

Projects and Exploration

Portfolio of development projects and future opportunities progressing well.

**Tasiast Expansion:**
- Commissioning of Phase One was completed in 2018 and performance continues to exceed expectations.
- Targeting the second half of 2019 to complete evaluation of lower cost alternatives to increase throughput.

**Round Mountain Phase W:**
- Expected to extend mining to 2027 at one of our top performing operations.
- Phase W is proceeding on schedule and on budget, and commissioning of the processing circuit has now commenced, ahead of schedule.
- Phase W ore is now being placed on the new heap leach pad, which was completed in Q1 2019.

**Bald Mountain Vantage Complex:**
- Expected to initiate production in south area of large Bald Mountain property.
- Vantage Complex is well advanced and commissioning of the processing circuit commenced as scheduled at the end of Q1 2019.

**Fort Knox Gilmore:**
- Low-cost brownfields project expected to extend mine life to 2030, with mining activities going to 2027.
- Initial construction activities are proceeding well, stripping expected to commence in Q3 2019, and first ore expected in early 2020.

**Russia Region:**
- Development of Dvoinoye Zone 1 proceeding as planned.
- Strong 2018 exploration results extended mine life by one year.

**Chile:**
- Continuing to evaluate the potential for a return to long-term production in Chile.
- Completed Lobo-Marte scoping study shows encouraging results for production commencing after the La Coipa Restart mine life, where a feasibility study is on schedule to be completed in Q3 2019.

**Exploration:**
- Continued focus on brownfield opportunities, and prioritizing exploration drilling at Kupol-Dvoinoye, Chirano, and Bald Mountain.
Kinross Gold offers a compelling investment opportunity as a senior gold producer with an excellent operational track record, strong balance sheet, an attractive suite of development projects and a commitment to responsible mining.
