Kinross Gold Corporation and Crown Resources Corporation Execute Acquisition Agreement

Toronto, Ontario, and Denver, Colorado, November 20, 2003... Kinross Gold Corporation (TSX-K; NYSE-KGC) ("Kinross") and Crown Resources Corporation (OTCBB-CRCE) ("Crown") are pleased to announce that the two companies have executed a definitive acquisition agreement (the "Agreement") whereby Kinross will acquire Crown and its 100%-owned Buckhorn Mountain gold deposit located in north central Washington State, USA, approximately 67 kilometres by road from Kinross' Kettle River gold milling facility.

Under the terms of the Agreement, shareholders of Crown will receive 0.2911 shares of Kinross for each share of Crown. Assuming all of Crown's warrants, options and convertible debentures are converted, a total of approximately 13.1 million common shares of Kinross will be issued upon the completion of the transaction. The transaction is subject to regulatory approvals, a minimum two-thirds approval at a special meeting of Crown shareholders and other customary closing conditions. Prior to the completion of the acquisition, Crown will dividend to its shareholders its approximate 38.7% equity interest in Solitario Resources Corporation (TSX-SLR).

The Buckhorn Mountain gold deposit is a high-grade skarn gold deposit located 240 kilometres northwest of Spokane, Washington. In late 2002 and early 2003, Crown completed a 41-hole infill diamond drilling program and has engaged SRK Consulting to update its reserve and mineralized material estimates incorporating the data from the drilling program.

In addition to signing the Agreement, Kinross, through its wholly-owned subsidiary, Echo Bay Minerals Company, and Crown signed a toll milling agreement, that allows the Buckhorn Mountain ores to be milled at Kinross' Kettle River gold milling facility. The focus of these efforts is to provide flexibility with permitting and design of a high-grade underground mine that minimizes surface disturbance and environmental impacts while providing significant economic benefits to the state and local communities.
