## NEWS RELEASE

# Kinross and Red Back complete business combination

**Toronto, Canada, September 17, 2010** – Kinross Gold Corporation (TSX: K, NYSE: KGC) and Red Back Mining Inc. (TSX: RBI) are pleased to announce the completion of their previously announced plan of arrangement (the “Arrangement”).

“Kinross will be a growth leader among senior gold producers,” said Kinross President and CEO Tye Burt. “We expect production to grow from the current combined forecast of 2.6 – 2.7 million gold equivalent ounces in 2010 to 4.5 – 4.9 million gold equivalent ounces in 2015, based on the new production expected from Kinross’ existing suite of growth projects, combined with the significantly expanded production expected from the Tasiast mine.”

Pursuant to the Arrangement, Kinross has acquired all of the issued and outstanding common shares of Red Back that it did not previously own in a transaction valued at approximately US\$7.1 billion. In accordance with the Arrangement, former Red Back shareholders are entitled to receive 1.778 Kinross common shares plus 0.11 of a Kinross common share purchase warrant for each common share of Red Back. Each whole warrant is exercisable for a period of four years at an exercise price of US\$21.30 per Kinross common share. Outstanding options to acquire Red Back shares have been converted into options to acquire Kinross common shares, adjusted in accordance with the same ratio. The Red Back common shares are expected to be delisted from the TSX on or about September 22, 2010. The Kinross common shares and common share purchase warrants issued under the Arrangement are expected to be listed and trading on the TSX on the same date.
