2017 Annual General Meeting of Shareholders
All statements, other than statements of historical fact, contained or incorporated by reference in or made in giving this presentation and responses to questions, including but not limited to any information as to the future performance of Kinross, constitute “forward looking statements” within the meaning of applicable securities laws, including the provisions of the Securities Act (Ontario) and the provisions for “safe harbor” under the United States Private Securities Litigation Reform Act of 1995 and are based on expectations, estimates and projections as of the date of this presentation. Forward-looking statements contained in this presentation include those statements on slides with, and statements made under, the headings “2017 Priorities” and “Building Momentum for the Future”, and include without limitation statements with respect to our guidance for production, production costs of sales, all-in sustaining cost and capital expenditures, continuous improvement and other cost savings opportunities, as well as references to other possible events include, without limitation, possible events; opportunities; statements with respect to possible events or opportunities; estimates (including, without limitation, gold / mineral resources, gold / mineral reserves and mine life) and the realization of such estimates; future development, mining activities, production and growth, including but not limited to cost and timing; success of exploration or development of operations; the completion and results of any studies including, without limitation, feasibility studies; the closing of the Cerro Casale divestment and the timing thereof; the future price of gold and silver; currency fluctuations; expected capital requirements; government regulation; and environmental risks. The words “2017E”, “2018E”, “2020E”, “ahead”, “budget”, “estimate”, “expect”, “explore”, “feasibility”, “focus”, “forward”, “future”, “growth”, “guidance”, “intend”, “momentum”, “on track”, “opportunity”, “optimize”, “outlook”, “phased”, “plan”, “positioned”, “possible”, “potential”, “priority”, “project”, “risk”, “study”, “target”, “tracking”, “upside” or “view”, or variations of or similar such words and phrases or statements that certain actions, events or results may, can, could, would, should, might, indicates, or will be taken, and similar expressions identify forward looking statements. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by Kinross as of the date of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Statements representing management’s financial and other outlook have been prepared solely for purposes of expressing their current views regarding the Company’s financial and other outlook and may not be appropriate for any other purpose. Many of these uncertainties and contingencies can affect, and could cause, Kinross’ actual results to differ materially from those expressed or implied in any forward looking statements made by, or on behalf of, Kinross. There can be no assurance that forward looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. All of the forward looking statements made in this presentation are qualified by these cautionary statements, and those made in our filings with the securities regulators of Canada and the U.S., including but not limited to those cautionary statements made in the “Risk Factors” section of our most recently filed Annual Information Form, the “Risk Analysis” section of our FYE 2016 and Q1 2017 Management’s Discussion and Analysis, and the “Cautionary Statement on Forward-Looking Information” in our news release dated May 2, 2017, to which readers are referred and which are incorporated by reference in this presentation, all of which qualify any and all forward-looking statements made in this presentation. These factors are not intended to represent a complete list of the factors that could affect Kinross. Kinross disclaims any intention or obligation to update or revise any forward-looking statements or to explain any material difference between subsequent actual events and such forward-looking statements, except to the extent required by applicable law.

**Other information**

Where we say “we”, “us”, “our”, the “Company”, or “Kinross” in this presentation, we mean Kinross Gold Corporation and/or one or more or all of its subsidiaries, as may be applicable.

The technical information about the Company’s mineral properties contained in this presentation has been prepared under the supervision of Mr. John Sims, an officer of the Company who is a “qualified person” within the meaning of National Instrument 43-101.

Endnotes

(i) For more information regarding Kinross’ production, cost, overhead expense and capital expenditures outlook for 2017, please refer to the news release dated February 15, 2017 which is available on our website at www.kinross.com. Kinross’ outlook for 2017 represents forward-looking information and users are cautioned that actual results may vary. Please refer to the Cautionary Statement on Forward-Looking Information on slide 2 of this presentation and in our news release dated February 15, 2017, available on our website at www.kinross.com.

(ii) Attributable production cost of sales per gold equivalent ounce sold and per gold ounce sold on a by-product basis, all-in sustaining cost per gold equivalent ounce sold, adjusted net earnings attributable to common shareholders, and adjusted operating cash flow numbers are non-GAAP financial measures. For more information and reconciliations of these non-GAAP measures for the three months ended March 31, 2017, please refer to the news release dated May 2, 2017, under the heading “Reconciliation of non-GAAP financial measures,” available on our website at www.kinross.com.

(iii) Cash balance and liquidity figures are as at March 31, 2017, adjusted to reflect the $260 million cash consideration for the sale of Kinross’ 25% interest in Cerro Casale announced March 28, 2017.

(iv) Mineral reserves and mineral resources are estimates. For more information regarding Kinross’ 2016 mineral reserve and mineral resource estimates, please refer to our Annual Mineral Reserve and Mineral Resource Statement as at December 31, 2016 contained in our news release dated February 15, 2017, which is available on our website at www.kinross.com.
