Investing in African Mining Indaba
Cape Town, South Africa
February 5, 2018
All statements, other than statements of historical fact, contained or incorporated by reference in or made in giving this presentation and responses to questions, including but not limited to any information as to the future performance of Kinross, constitute “forward looking statements” within the meaning of applicable securities laws, including the provisions of the Securities Act (Ontario) and the provisions for “safe harbor” under the United States Private Securities Litigation Reform Act of 1995 and are based on expectations, estimates and projections as of the date of this presentation. Forward-looking statements contained in this presentation include those statements on slides with, and statements made under, the headings “Tasiast Mill Expansion”, “Developing a World-Class Mine”, and include, without limitation, statements with respect to mine life extensions, costs and timing of development activities, future production, production costs of sales, all-in sustaining cost and capital expenditures, continuous improvement and other cost savings opportunities, as well as references to other possible events including, without limitation, possible events; opportunities; statements with respect to possible events or opportunities; estimates (including, without limitation, gold / mineral resources, gold / mineral reserves and mine life) and the realization of such estimates; future development, mining activities, production and growth, including but not limited to cost and timing; success of exploration or development of operations; the results of any studies including, without limitation, feasibility studies; the future price of gold and silver; currency fluctuations; expected capital requirements; government regulation; and environmental risks. The words “assumption”, “budget”, “encouraging”, “enhancing”, “estimate”, “expect”, “feasibility”, “focus”, “forward”, “future”, “goal”, “indicate”, “on track”, “opportunity”, “phased”, “plan”, “positive”, “potential”, “prospective”, “progressing”, “project”, “risk”, or “study”, or variations of or similar such words and phrases or statements that certain actions, events or results may, can, could, would, should, might, indicates, or will be taken, and similar expressions identify forward looking statements. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by Kinross as of the date of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Many of these uncertainties and contingencies can affect, and could cause, Kinross’ actual results to differ materially from those expressed or implied in any forward looking statements made by, or on behalf of, Kinross. Statements representing management's financial and other outlook have been prepared solely for purposes of expressing their current views regarding the Company's financial and other outlook and may not be appropriate for any other purpose. There can be no assurance that forward looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. All of the forward looking statements made in this presentation are qualified by these cautionary statements, and those made in our filings with the securities regulators of Canada and the U.S., including but not limited to those cautionary statements made in the “Risk Factors” section of our most recently filed Annual Information Form, the “Risk Analysis” section of our FYE 2016 and Q2 2017 Management’s Discussion and Analysis, and the “Cautionary Statement on Forward-Looking Information” in our news release dated September 18, 2017, to which readers are referred and which are incorporated by reference in this presentation, all of which qualify any and all forward-looking statements made in this presentation. These factors are not intended to represent a complete list of the factors that could affect Kinross. Kinross disclaims any intention or obligation to update or revise any forward-looking statements or to explain any material difference between subsequent actual events and such forward-looking statements, except to the extent required by applicable law.

Other information
Where we say “we”, “us”, “our”, the “Company”, or “Kinross” in this presentation, we mean Kinross Gold Corporation and/or one or more or all of its subsidiaries, as may be applicable.

The technical information about the Company's mineral properties contained in this presentation has been prepared under the supervision of Mr. John Sims, an officer of the Company who is a “qualified person” within the meaning of National Instrument 43-101.

Cautionary Statement on Forward-Looking Information
Kinross is a Global Mining Company

Diverse portfolio of operations

2017E production 2.5 to 2.7Moz.

Approximately 9,000 employees worldwide

For more information regarding Kinross’ production outlook for 2017, please refer to the news releases dated February 13, 2017 and August 2, 2017, both available on our website at www.kinross.com
### STRONG TRACK RECORD

- **On Track**
- **Consistently Meeting or Outperforming Targets**
West Africa Region

Production from two mines expected to contribute approximately 17% of our 2017E production

Chirano
Ghana

Tasiast
Mauritania

For more information regarding Kinross’ production outlook for 2017, please refer to the news releases dated February 13, 2017 and August 2, 2017, both available on our website at www.kinross.com
Mauritania: A Mining-Friendly Jurisdiction

Well-developed, competitive mining law

Mining is a **major** export industry

Kinross has **successfully** operated in Mauritania **since 2010**

Efficient & mutually collaborative regulatory environment
Located ~300km north of **Nouakchott**, Mauritania’s capital

One of the **best safety records** among Kinross sites

Continuous improvement efforts resulting in **strong performance and reduced costs**
Recent operating and processing enhancements have **positively benefitted** both Phase One and Phase Two expansion projects.

### Operational Improvements Enhancing Future Value

(i) Excludes processing costs associated with the dump leach.

(ii) 30k t/d scenario. Estimated average for the period 2020-2030.
TASIAST MILL EXPANSION

Realizing the potential of a world-class orebody

PHASE ONE: OPTIMIZES FRONT-END OF PROCESS FACILITY

Gyratory crusher → Ore stockpile → Oversized SAG mill → Existing ball mills → Leaching → Refining
TASIAST MILL EXPANSION

Realizing the potential of a world-class orebody

PHASE TWO: INCREMENTAL CAPACITY AT BACK END

Gyratory crusher → Ore stockpile → Oversized SAG mill → New, larger ball mill → Additional leaching capacity → Thickening
TASIAST PHASE ONE
Leverages existing mill infrastructure to increase throughput to 12,000 t/d from 8,000 t/d

Project is progressing well:
on schedule & on budget

Expected to reach full production towards end of Q2 2018
TASIAST PHASE TWO

Expected to transform Tasiast into a world-class operation

Phase Two offers a rare combination of production scale, low costs and relatively low execution risk

Expected to begin commercial production in Q3 2020
TASIAST PHASE TWO
Annual production estimates

Significant producer
with a mine life that extends to 2029

Production expected to average 812,000 gold ounces over the first 5 years
80km of prospective strike

Significant Exploration Potential
90% of Kinross Employees at Tasiast are Mauritanian

More than 3,200 Mauritanians now working at Tasiast

Investing in training and development programs

~$10 million committed to support local capacity building

~$20 million in training for our local employees
Over **300 Mauritanian** companies supply ~80% of our services

**$190 million** of spending with in-country suppliers in 2017
Community Relationships
Built strong relationships through respect and transparency

Direct support to communities to improve health care and foster economic development

Major tax contributor: expect to deliver an estimated $900 million in tax revenue over the two-phase expansion’s life of mine (2018-2029)*

* Using a $1,200/oz gold price assumption
Improvements at the existing operation 
**enhancing future value**

Expansion projects expected to transform 
Tasiast into a 
**large, low-cost producer**

Highly prospective district with significant 
**exploration potential**

Mining-friendly jurisdiction with a 
**supportive host government**
