QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

These materials are being furnished to you because the Board is soliciting your proxy to vote at the annual meeting, and at any postponements or adjournments of the annual meeting. This proxy statement describes the matters on which you, as a shareholder, are entitled to vote. It also provides information that is intended to assist you in making an informed vote on the proposals described in this proxy statement.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own at the annual meeting. If you are a shareholder of record, you can designate a proxy by completing and submitting a proxy card. By completing and submitting a proxy card, which identifies the persons authorized to act as your proxy, you are giving each of those persons authority to vote your shares as you have instructed. If your shares are held by a broker, bank, trustee or other nominee (i.e., in street name), you may instead receive a voting instruction form. By completing and submitting a voting instruction form, you are giving your broker, bank, trustee or other nominee authority to vote your shares as you have instructed. We strongly encourage you to instruct your broker or other nominee how you wish to vote. By voting via proxy, each shareholder is able to cast his or her vote without having to attend the annual meeting in person.

Why did I receive more than one proxy card or voting instruction form?

You will receive multiple proxy cards or voting instruction forms if you hold your shares in different ways (e.g., trusts, custodial accounts, joint tenancy) or in multiple accounts. It is important that you complete, sign, date and return each proxy card or voting instruction form you receive, or vote using the Internet or by telephone as described in the instructions included with your proxy card(s), voting instruction form(s) or in the Notice of Internet Availability of Proxy Materials.

Why didn't I receive paper copies of the proxy materials?

The Company is furnishing proxy materials to our shareholders via the Internet instead of mailing printed copies of those materials, as permitted by rules adopted by the U.S. Securities and Exchange Commission (SEC). This option allows the Company to provide our shareholders with information they need, while reducing our use of natural resources, and cutting back on potentially unwanted materials in our shareholders' mail boxes.

If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the notice. The Notice of Internet Availability of Proxy Materials provides instructions on how you may access and review the proxy materials on the Internet.

What is the record date and what does it mean?

The Board established February 25, 2019 as the record date for the annual meeting. Shareholders who own shares of the Company's common stock at the close of business on the record date are entitled to notice of and to vote at the annual meeting or any postponements or adjournments of the annual meeting.

How many shares are entitled to vote at the annual meeting?

As of the close of business on the record date, there were 15,901,416 shares of our common stock outstanding and entitled to vote at the annual meeting. Each share of common stock is entitled to one vote on each proposal to properly come before the meeting.

What is the difference between a shareholder of record and a beneficial owner?

Most of our shareholders hold their shares beneficially through a broker, bank, trustee or other nominee rather than of record directly in their own name with Computershare Inc., our transfer agent. As summarized below, there are some differences in the way to vote shares held of record and those owned beneficially.

If your shares are registered directly in your name with our transfer agent, you are considered the shareholder of record of those shares, and proxy materials are being sent directly to you. As a shareholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders or to vote in person at the annual meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and proxy materials are being forwarded to you by your broker or other nominee who is considered the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker or other nominee on how to vote and you are also invited to attend the annual meeting. However, because you are not the shareholder of record, you may not vote those shares in person at the annual meeting unless you have a proxy, executed in your favor, from the holder of record of your shares. Your broker or other nominee has enclosed a voting instruction form for you to use in directing your broker or other nominee as to how to vote your shares.

How many votes must be present to hold the annual meeting?

We must have a quorum to conduct the annual meeting. A quorum is a majority of the voting power of the shares entitled to vote at the meeting, present in person or by proxy. Properly signed proxies that are marked abstain are known as abstentions. Shares that are held in street name and not voted on one or more of the items before the annual meeting, but are otherwise voted on at least one item, are known as broker nonvotes. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares represented and entitled to be voted. Broker non-votes, however, are not counted as shares entitled to be voted with respect to the matter on which the broker has expressly not voted.

Who will count the votes?

A representative from Computershare Inc. will determine if a quorum is present, tabulate the votes and serve as the Company's inspector of election at the annual meeting.

What vote is required to approve each proposal?

Proposal 1: Election of directors. In order to be elected, a director nominee must receive the affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote and represented in person or by proxy at the annual meeting. Shareholders do not have a right to cumulate their votes for the election of directors. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the same effect as a vote against Proposal 1. Broker non-votes will not be counted as represented and entitled to vote and will therefore have no impact on the election of director nominees.

Proposal 2: Ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2019. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to ratify the appointment of our independent registered public accounting firm for 2019. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the same effect as a vote against Proposal 2.

Proposal 3: Advisory vote on executive compensation. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to approve, on an advisory basis, the Company's executive compensation. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the effect of a vote against Proposal 3. Broker non-votes will not be counted as represented and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Any other matter that properly comes before the meeting will require the approval of the affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the annual meeting.

How do I vote my shares?

You can vote your shares in one of the following manners:

- by using the Internet;
- by telephone;
- by mail; or
- by attending the annual meeting and voting in person.

If you are a shareholder of record, please refer to the specific instructions set forth in the Notice of Internet Availability of Proxy Materials or, if you received your proxy materials by mail, on the proxy card(s).

If you are a beneficial owner of shares held in street name, your broker, bank, trustee or other nominee will provide you with instructions for voting your shares.

Can I change my vote after I vote by mail, by telephone or using the Internet?

Yes, if you are a shareholder of record, you can change your vote in any one of the following ways:

- send a written notice to the Corporate Secretary of the Company at 1000 Abernathy Road NE, Building 400, Suite 1700, Atlanta, Georgia 30328 stating that you revoke your proxy, so long as it is received prior to the annual meeting;
- if you received your proxy materials by mail, sign and mail a proxy card bearing a later date, so long as it is received prior to the annual meeting;
- vote again by using the Internet or by telephone; or
- attend the annual meeting and vote in person.

Your mere presence at the annual meeting will not revoke your proxy. You must take affirmative action in order to revoke your proxy.

If you are a beneficial owner of shares held in street name, you must contact your broker, bank, trustee or other nominee in order to revoke your proxy.

How will my proxy be voted?

If you are a shareholder of record and you complete, sign, date and return your proxy card(s), or vote by using the Internet or by telephone, your shares will be voted in accordance with your instructions. If you sign and date your proxy card(s), but do not indicate how you want to vote, your shares will be voted in accordance with the Board's recommendation.

If you are a beneficial owner, your broker or other nominee will vote your shares with respect to Proposals 1 and 3 **only** if you instruct your broker or other nominee how to vote. If you do not provide your broker or other nominee with instructions, your broker or other nominee will not be authorized to vote your shares with respect to Proposals 1 and 3. Your broker or other nominee may, but is not required to, vote your shares with respect to Proposal 2 if you do not instruct your broker or other nominee how to vote.

What are the Board's recommendations on how I should vote my shares?

The Board unanimously recommends that you vote your shares as follows:

Proposal 1—**FOR** the election of the eight director nominees named in this proxy statement to serve for a one-year term expiring at the 2020 annual meeting of shareholders and until their successors are elected and qualified.

Proposal 2—**FOR** the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2019.

Proposal 3—**FOR** the approval, on an advisory basis, of the Company's executive compensation.

What do I need to do if I plan to attend the meeting in person?

If you plan to attend the annual meeting in person, you must provide proof of your ownership of our common stock and a form of personal identification for admission to the meeting. If you hold shares in street name and you also wish to be able to vote at the meeting, you must also obtain a proxy, executed in your favor, from your broker or other nominee. All current shareholders are invited to attend the meeting, even if you did not hold shares on the record date.

Who is bearing the cost of this proxy solicitation and how is the solicitation effected?

We will bear the cost of soliciting proxies, including expenses in connection with preparing and distributing this proxy statement. Our directors, officers and employees may solicit proxies on our behalf in person or by mail or telephone and no additional compensation will be paid for such solicitation. We have engaged Innisfree M&A Incorporated to assist us in the solicitation of proxies. We expect to pay Innisfree approximately \$10,000 for these services, plus expenses. In addition, we will reimburse banks, brokers and other custodians, nominees and fiduciaries for expenses incurred in forwarding proxy materials to beneficial owners of our stock and obtaining their proxies.

Section 16(a) Beneficial Ownership Reporting Compliance

Under the U.S. securities laws, the Company's directors, executive officers and beneficial owners of more than 10% of our common stock are required to report their initial ownership of shares and any subsequent changes in that ownership to the SEC and the New York Stock Exchange (NYSE). Due dates for the reports are specified by those laws, and the Company is required to disclose in this proxy statement any failure in the past year to file by the required dates. Based solely upon our review of the copies of such forms received by us or written representations that no other forms were required from reporting persons, we believe that all such reports were submitted on a timely basis during 2018.

PROPOSAL 1 – ELECTION OF DIRECTORS

At the 2019 annual meeting of shareholders, the eight nominees named in this proxy statement are standing for re-election as directors of the Company for a one-year term. Liza K. Landsman, a current director of the Company, is not standing for re-election, and the Board has reduced its size to eight members effective as of the date of the 2019 annual meeting. Proxies for the 2019 annual meeting cannot be voted for greater than the number of director nominees named in this proxy statement.

Each director nominee will be elected if he or she receives more “FOR” votes than “AGAINST” votes. Each nominee elected as a director will continue in office until the 2020 annual meeting of shareholders and until his or her successor has been duly elected and qualified or until his or her earlier resignation or removal.

The Nominating and Governance Committee of the Board of Directors is responsible for making recommendations to the Board concerning nominees for election as directors and nominees for Board vacancies. When assessing a director candidate’s qualifications, the Nominating and Governance Committee will consider the candidate’s independence, skills, current and previous occupations, other board memberships and professional experiences in the context of the needs of the Board. The Nominating and Governance Committee has adopted Director Qualification Criteria and Independence Standards, which, in general, require that director candidates have ample experience and a proven record of professional success, leadership and the highest level of personal and professional ethics, integrity and values. The Nominating and Governance Committee seeks qualified candidates with diverse backgrounds including, but not limited to, such factors as race, gender and ethnicity. Our Corporate Governance Guidelines provide that the Nominating and Governance Committee will consider director candidates recommended by shareholders, provided such recommendations comply with the process set forth in our bylaws. In assessing such candidates, the Nominating and Governance Committee will consider the same criteria described above. See our Corporate Governance Guidelines and our Director Qualification Criteria and Independence Standards, which may be viewed in the governance section of our website at <http://ir.veritivcorp.com>, for additional information on the selection of director candidates.

Each nominee named in this proxy statement has consented to being named in this proxy statement and to serve if elected. If any nominee becomes unable to serve, proxies will be voted for the election of such other person as the Board may designate, unless the Board chooses to reduce the number of director seats. However, the Company has no reason to believe that any nominee will be unable to serve.

The following are descriptions of the business and public company director experience of our director nominees, including their current principal positions, terms of office, and ages as of March 1, 2019. We have been advised that there are no family relationships among any of our executive officers and directors.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” EACH OF THE NOMINEES NAMED IN THIS PROXY STATEMENT FOR ELECTION TO THE BOARD

CORPORATE GOVERNANCE

Corporate Governance Principles

Our business is managed under the direction of our Board of Directors pursuant to the Delaware General Corporation Law and our bylaws. The Board has responsibility for establishing broad corporate policies and for the overall performance of our Company. The Board is kept advised of company business through regular written reports and analyses and discussions with the Chairman and CEO and other executive officers, by reviewing materials provided to them and by participating in Board and committee meetings.

The Board has adopted policies and procedures designed to ensure effective governance of the Company. Our corporate governance materials, including our Corporate Governance Guidelines, the charters of each of the standing committees of the Board and our Code of Business Conduct and Ethics, may be viewed in the governance section of our website at <http://ir.veritivcorp.com>. We intend to include on our website information about any amendments to, or waivers from, a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller in accordance with SEC rules.

The Nominating and Governance Committee periodically reviews our Corporate Governance Guidelines and reassesses the adequacy of such guidelines and proposes changes as warranted for approval by the Board.

Director Independence

The Company requires that a majority of its directors be independent as defined by the Director Qualification Criteria and Independence Standards adopted by the Board and the rules of the NYSE and the SEC. The Board makes a determination as to the independence of each director upon such director's initial appointment and thereafter on an annual basis. The Board has determined that each of the current members of the Board, except for Mary A. Laschinger, has no material relationship with the Company and satisfies all the criteria for being independent members of our Board within the meaning of the Director Qualification Criteria and Independence Standards and the rules of the NYSE and the SEC.

Board Composition and Leadership Structure

The Board currently consists of nine directors, eight of whom are standing for re-election at the annual meeting. With the departure of Ms. Landsman at the end of her current term, the Board has decided to reduce the size of the Board to eight directors effective as of the date of the 2019 annual meeting. Our charter and bylaws provide that the Board may increase or decrease the size of the Board and fill any vacancies. Our Corporate Governance Guidelines provide that a director must retire effective December 31 of the year in which the director attains the age of 75; however, the Board, in its discretion, may decide to recommend a retiring director for an additional year of service.

Ms. Laschinger serves as the Chairman of the Board and CEO of the Company. Our Board has concluded that combining the roles of CEO and Chairman of the Board is the most effective leadership structure for the Company at the present time as it promotes unified leadership and direction for the Company, allowing for a single, clear focus for management to execute the Company's strategic and business plans. In coming to this conclusion, the independent directors

considered Ms. Laschinger's vast experience within the Company's industry that affords her a broad and uniquely well-informed perspective on the Company's business, as well as substantial insight into the trends and opportunities that may affect the Company's future. The combination of the Chairman and CEO roles is balanced by a supermajority of our Board being comprised of independent directors, as well as the election of a Presiding Director by our independent directors. As discussed further below, the Presiding Director is responsible for providing leadership to our Board when circumstances arise in which the joint role of the Chairman and CEO may be, or may be perceived to be, in conflict and chairing those Board sessions that are attended only by independent directors. Our Board believes that having a Presiding Director as part of its leadership structure promotes greater management accountability and ensures that directors have an independent contact on matters of concern to them.

Board Meetings, Executive Sessions and Presiding Director

During 2018, the Board met six times and each director attended at least 75% of the total number of Board meetings and of the meetings of the standing committees on which he or she then served. Our independent directors meet at regularly scheduled executive sessions at least semiannually without management representatives or non-independent directors present. Executive sessions generally coincide with regularly scheduled meetings of the Board. As provided in the Company's Corporate Governance Guidelines, executive sessions are chaired by the Presiding Director.

The responsibilities of the Presiding Director include:

- in consultation with the Nominating and Governance Committee, determining a schedule and agenda for regular executive sessions attended by independent directors without management participation and presiding over such sessions;
- convening meetings of independent directors;
- in consultation with the Compensation and Leadership Development Committee, organizing the process pursuant to which the independent directors shall evaluate the performance of the Chairman and CEO;
- coordinating, developing agenda items, moderating and maintaining a record of all meetings of independent directors;
- consulting with the Chairman and CEO regarding agenda items and other logistics for Board meetings;
- serving as a liaison between non-management directors and the Chairman and CEO and other leadership team members, particularly with respect to sensitive matters; and
- participating in the director recruitment process along with the Chairman and CEO and the Nominating and Governance Committee.

The Presiding Director is also available to receive direct communications from shareholders through Board approved procedures and may periodically, as directed by our Board, be asked to speak for the Company or perform other responsibilities.

Annual Meeting Attendance

Our Corporate Governance Guidelines provide that members of the Board are expected to attend annual shareholders meetings and all but one of the directors attended the 2018 annual shareholders meeting.

Board Committees

The standing committees of the Board are the Audit and Finance Committee, the Compensation and Leadership Development Committee and the Nominating and Governance Committee. Communications with the Board

Interested parties who wish to communicate with members of the Board as a group, with non-employee or independent directors as a group, or with any individual directors, including with the Presiding Director, may do so by writing to Board Members c/o Corporate Secretary, Veritiv Corporation, 1000 Abernathy Road NE, Building 400, Suite 1700, Atlanta, Georgia 30328. The directors have requested that the Corporate Secretary act as their agent in processing any communications received. All communications that relate to matters that are within the scope of responsibilities of the Board and its committees will be forwarded to the appropriate directors. Communications relating to matters within the responsibility of one of the committees of the Board will be forwarded to the chair of the appropriate committee. Communications relating to ordinary business matters are not within the scope of the Board's responsibility and will be forwarded to the appropriate officer at the Company. Solicitations, advertising materials, and frivolous or inappropriate communications will not be forwarded.

Related Person Transaction Policy

The Board recognizes that transactions with Related Persons (as defined below) present a potential for conflict of interest (or the perception of a conflict) and, together with the Company's senior management, the Board has enforced the conflict of interest provisions set forth in the Company's Code of Business Conduct and Ethics. All employees and members of the Board are subject to the Company's Code of Business Conduct and Ethics. Additionally, we have adopted a written policy regarding review and approval or ratification of related party transactions by the Audit and Finance Committee (Related Person Transaction Policy). The Related Person Transaction Policy is posted in the governance section of the Company's website at <http://ir.veritivcorp.com>. The Company's Related

Person Transaction Policy defines a Related Person as any person who is, or at any time since the beginning of our last fiscal year was:

- a director or executive officer of the Company or a nominee to become a director of the Company;
- any person who is known to the Company to be the beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of more than 5% of the Company's common stock; and
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner.

For purposes of the Related Person Transaction Policy, a Related Person Transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$120,000, and in which any Related Person had, has or will have a direct or indirect material interest.

The Board has considered certain types of potential Related Person Transactions and preapproved them as not presenting material conflicts of interest. These transactions include (i) compensation paid to directors and executive officers that has been approved by the Board or the Compensation and Leadership Development Committee; (ii) transactions with another company in which the Related Person's interest derives solely from his or her service as a director of the other company that is a party to the transaction; (iii) transactions with another company in which the Related Person's interest derives solely from his or her direct or indirect ownership of less than 10% of the equity interest in another person (other than a general partnership interest) who is a party to the transaction; (iv) transactions where the Related Person's interest arises solely from the ownership of Company common stock and all holders of such common stock receive the same benefit on a pro rata basis (e.g., dividends); and (v) any transaction where the rates or charges are determined by competitive bids.

Pursuant to the terms of the Related Person Transaction Policy, any Related Person Transaction is required to be reported to the General Counsel, who will then determine whether it should be submitted to our Audit and Finance Committee for consideration (or if it is not practicable or desirable for the Company to wait until the next regularly scheduled Audit and Finance Committee meeting, to the Chair of the Audit and Finance Committee). The Audit and Finance Committee, or where submitted to the Chair of the Audit and Finance Committee, the Chair, must then review and decide whether to approve any Related Person Transaction. The Audit and Finance Committee (or the Chair) shall approve only those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company. When applicable, the Chair of the Audit and Finance Committee shall report to the Audit and Finance Committee at its next meeting any approval under the policy pursuant to the Chair's delegated authority. There were no Related Person Transactions from January 1, 2018 through the date of this proxy statement.

Board Role in Risk Oversight

Management is responsible for identifying and prioritizing enterprise risks facing the Company. The Board, in turn, is responsible for ensuring that material risks are managed appropriately. The Board

and its committees regularly review material strategic, operational, financial, compensation and compliance risks with management.

The Audit and Finance Committee is responsible for discussing our overall risk assessment and risk management practices, as set forth in the Audit and Finance Committee charter. The Audit and Finance Committee also performs a central oversight role with respect to financial and compliance risks, and periodically reports on its findings to the full Board. In addition, the Audit and Finance Committee is responsible for assessing risk, including internal control over financial reporting, related to our capital structure and significant financial exposures, and regularly evaluates financial risks associated with such programs.

The Compensation and Leadership Development Committee oversees risk management as it relates to our compensation plans, policies and practices in connection with structuring our executive compensation programs and reviewing our incentive compensation programs for other employees and has reviewed with management whether our compensation programs may create incentives for our employees to take excessive or inappropriate risks which could have a material adverse effect on us.

The Nominating and Governance Committee oversees risks related to our governance structure and processes, including whether they are successful in preventing illegal or improper liability-creating conduct.

AUDIT AND FINANCE COMMITTEE REPORT

The Audit and Finance Committee of the Board of Directors serves as the representative of the Board for general oversight of our financial accounting and reporting practices, systems of internal control, audit process, and monitoring compliance with laws and regulations and standards of business conduct. The Board has adopted a written charter for the Audit and Finance Committee. Management has responsibility for preparing our financial statements as well as for our financial reporting process. Deloitte & Touche LLP (Deloitte), acting as independent accountant, is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles in the United States.

In connection with its oversight function, the Audit and Finance Committee is directly responsible for the appointment, retention and termination, evaluation and compensation of the Company's independent registered public accounting firm, and such firm reports directly to the Audit and Finance Committee. In selecting Deloitte to serve as our independent registered public accounting firm for 2019, the Audit and Finance Committee considered a number of factors, including:

- Deloitte's performance during 2018 and in previous years, including the quality of Deloitte's services, the sufficiency of Deloitte's resources and the quality of the Audit and Finance Committee's ongoing discussions with Deloitte, including the professional resolution of accounting and financial reporting matters with Deloitte's national office;
- the professional qualifications of Deloitte, the lead audit partner and other key engagement partners;
- Deloitte's independence program and its processes for maintaining its independence;
- Deloitte's tenure as the Company's independent registered public accounting firm and the depth of its understanding of our business, accounting policies and practices and internal control over financial reporting;
- the appropriateness of Deloitte's fees for audit and non-audit services (on both an absolute basis and as compared to its peer firms);
- consideration of Deloitte's known legal risks and significant proceedings that may impair their ability to perform our annual audit; and
- the results of management's and the Audit and Finance Committee's annual evaluations of the qualifications, performance and independence of Deloitte.

Additionally, when the audit engagement partner is due to rotate off the Company's audit team following five years of service, the Audit and Finance Committee is involved in the selection of the audit engagement partner.

In this context, the Audit and Finance Committee hereby reports as follows:

- (1) The Audit and Finance Committee has reviewed and discussed the audited financial statements for fiscal year 2018 with management.

(2) The Audit and Finance Committee has discussed with Deloitte the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC.

(3) The Audit and Finance Committee has received the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit and Finance Committee concerning independence and has discussed with Deloitte its independence.

(4) Based on the review and discussion referred to in paragraphs (1) through (3) above, the Audit and Finance Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2018, for filing with the SEC.

This Audit and Finance Committee Report shall not be deemed to be "filed" with the SEC or subject to Section 18 of the Exchange Act.

PROPOSAL 2 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit and Finance Committee, pursuant to its charter, has appointed Deloitte as our independent registered public accounting firm for 2019. Deloitte has served in this capacity since 2013.

While the Audit and Finance Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Audit and Finance Committee and our Board are requesting, as a matter of good corporate governance, that the shareholders ratify the appointment of Deloitte as our independent registered public accounting firm. The Audit and Finance Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if the shareholders do not ratify the appointment, the Audit and Finance Committee may investigate the reasons for shareholder rejection and may consider whether to retain Deloitte or to appoint another independent registered public accounting firm. Furthermore, even if the appointment is ratified, the Audit and Finance Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our shareholders or the Company.

A formal statement by representatives of Deloitte is not planned for the annual meeting. However, Deloitte representatives are expected to be present at the meeting and available to respond to appropriate questions.

OUR BOARD OF DIRECTORS AND THE AUDIT AND FINANCE COMMITTEE UNANIMOUSLY RECOMMEND A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019

COMPENSATION PROGRAM DESCRIPTION

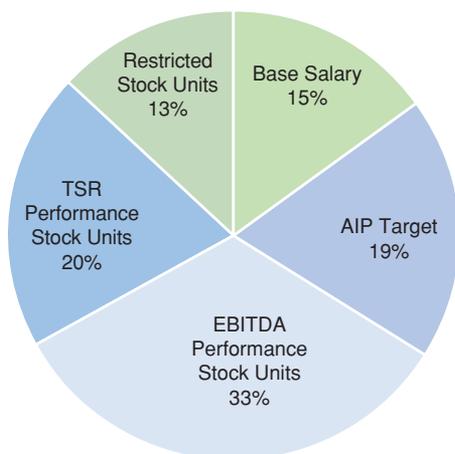

What We Pay and Why: Elements of Compensation

Our executive compensation program has three elements: base salary, annual bonus and long-term incentive.

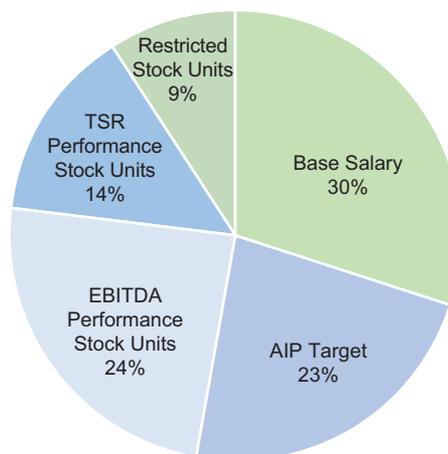

The majority of our target compensation is performance-based. Performance-vested equity awards comprise the largest component of both the CEO's and the NEOs' target compensation.

Veritiv CEO Target Compensation Mix

Veritiv NEO Target Compensation Mix

The Veritiv Journey

Formation (2014). Veritiv commenced operations as a new public company on July 1, 2014 following the spin-off of International Paper Company's xpedx business and subsequent merger with UWW Holdings, Inc. (Unisource). The merger created a North American market-leading distributor better able to serve our customers and provide growth opportunities for suppliers.

Integration (2015-2018). Combining two organizations with different cultures and operating platforms required us to build foundational capabilities and consolidate our systems and footprint, while focusing on value creation by recognizing synergies and developing strategies for each segment (Packaging, Facility Solutions, Print and Publishing). 2018 was a year of critical achievements in our ongoing journey to integrate two companies, invest in growth businesses and build a broader service platform to better serve our customers and their evolving needs.

- We substantially completed a large multi-year information systems integration to better manage and measure data.
- We onboarded a Chief Commercial Officer, to drive customer focus and growth through leading strategy and marketing.

Moving forward: Optimization (2018+). The wind down of our multi-year integration positions as well as we shift focus to the optimization elements of our long-term strategy, which began last year with the Print business model changes. In this phase, we are focusing on improving revenue trends, margins and cash flow, reducing costs, and driving growth. The evolution of our pay programs reflects this focus. For example, for 2018, we introduced free cash flow as a metric in our annual incentive award to focus on working capital improvement.

Unique Compensation Challenges

Our evolution brings some unique challenges from an executive compensation perspective.

- **Higher stock price volatility due to shareholder base.** We became a public company nearly five years ago and our stock is relatively closely held and thinly traded; these factors

result in greater volatility in our stock price impacting the value of our long-term incentive (LTI) compensation.

- **Limited number of pay and performance comparators.** We are evolving to a company focused on packaging solutions, which currently creates challenges in finding companies that are good comparators for us – both for compensation benchmarking and for the relative Total Shareholder Return (TSR) metric used in our LTI program.
- **Our focus has been on building a new company rather than short-term financial results.** Our journey of integrating two companies primarily focused on print, an industry in structural decline, into a new public company and evolving to a packaging solutions business has significant change management and systems and people integration challenges that are not reflected in our financial results.
- **Our ability to set long-term goals has been limited.** As a relatively new company, our ability to predict long-term financial performance has been limited, which is why we tie the majority of our incentives to annual performance. As we continue to mature, we are assessing the feasibility of including additional multi-year performance measures in our incentive programs.

SHAREHOLDER ENGAGEMENT AND 2018 SAY ON PAY VOTE

At our 2018 Annual Meeting of Shareholders, 74.9% of the votes cast were voted in favor of our executive compensation program. These vote results were lower than the support our say on pay proposals have historically received and we wanted to better understand and address our shareholders’ concerns. In April 2018 and January 2019, we invited our top ten shareholders, representing more than 70% of our shareholder base, to participate in discussions regarding executive compensation and governance issues to hear their views on the program design and disclosure.

<i>What we heard</i>	<i>What we did</i>
Requests for more detail around our compensation programs and practices generally and greater transparency into some of our compensation payment and award decisions.	We expanded descriptions of our programs and explained in greater detail how discretionary adjustments and awards tie to company strategy, business goals and financial performance.
Executives should not receive multi-year guaranteed bonuses.	We avoided multi-year guaranteed bonuses for executive officer level hires.
Annual and long-term incentive metrics should be differentiated.	We added free cash flow as a metric to the annual incentive program for 2018 (and kept it for 2019).
Include greater transparency into special award decisions.	We limited use of special awards and described the rationale for the awards that were made (two special LTI awards made in January 2018 and sign-on awards as part of Mr. Abbate’s offer).

OUR NAMED EXECUTIVE OFFICERS

In January 2019, we simplified our organization structure to drive optimization and growth, increase focus on packaging solutions and facilitate succession planning. These changes are designed to clarify decision authority and drive accountability. These changes to some of our Named Executive

Officers (NEOs) are described in this narrative and will be shown in the tables in next year's proxy. Shown below are our NEOs and their current titles.

Name	Current Position
Mary A. Laschinger	Chairman and Chief Executive Officer
Stephen J. Smith	SVP and Chief Financial Officer
Thomas S. Lazzaro	SVP, Sales
Daniel J. Watkoske	SVP, Print
Salvatore A. Abbate	SVP, Chief Commercial Officer

Base Salary

We provide base salary, a fixed element in our compensation program, to attract and retain talent. The Compensation and Leadership Development Committee (Committee) determines a base salary for each executive officer based on the scope and complexity of the role, internal relativity, external competitiveness, input from the Committee's independent compensation consultant and individual performance.

The Committee did not increase the salary for our Chairman and Chief Executive Officer (CEO) in 2018. Our other NEOs, with the exception of Mr. Abbate who joined the company in April 2018, received nominal increases in the range of 2% - 2.5% during the regular merit process. Shown below are NEO base salaries for 2018.

Executive	2018 Base Salary
Ms. Laschinger	\$1,025,000
Mr. Smith	\$575,025
Mr. Lazzaro	\$563,750
Mr. Watkoske	\$472,781
Mr. Abbate	\$460,000

The Committee increased base salaries for Mr. Watkoske and Mr. Abbate to \$560,000 for 2019 based on an increase in their responsibilities and informed by compensation benchmarking of similar roles at comparable companies. In the new organization structure implemented in 2019, Mr. Watkoske plays a critical role in leading our Print business, in an industry in structural decline, to optimize cash to fuel growth in our Packaging and other businesses. Mr. Abbate has taken on a broader role, assuming responsibility for our Packaging and Facility Solutions segments, in addition to his current responsibilities for strategy, marketing, sales operations and pricing. We will disclose the compensation impact of these changes in the executive compensation tables in next year's proxy. Mr. Smith and Mr. Lazzaro will receive salary increases of 3% and 2%, respectively, in the regular merit process; these increases will be effective July 1, 2019.

Annual Incentive Program

Our Annual Incentive Program (AIP) provides awards based on individual and company performance. We believe earnings and healthy working capital are key drivers in creating long-term shareholder value. For this reason, our AIP motivates executives to focus on optimizing profitable

revenue, reducing costs and maximizing efficiency of resources. We use adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) and Free Cash Flow to measure earnings and working capital improvement.

- We define Adjusted EBITDA as earnings before interest, income taxes, depreciation and amortization and other adjustments as may be permitted in determining the Company’s “Consolidated EBITDA” pursuant to the Company’s asset based lending facility.
- We define Free Cash Flow as net cash flow from / used for operating activities adjusted for capital expenditures, changes in bank overdrafts, cash payments relating to other adjustments as may be permitted in determining the Company’s “Consolidated EBITDA” pursuant to the Company’s asset based lending facility and adjustments for any extraordinary items as determined by the Committee.

AIP Financial Goal Setting

Each year, the Committee sets Company performance goals to fund the AIP bonus pool. The Committee sets target goals for Adjusted EBITDA and Free Cash Flow at the beginning of the year based on input from management regarding our expected performance in the upcoming year.

Financial Metric	Weighting	2018 Goals		
		Threshold (25% Target)	Target	Maximum (200% Target)
Adjusted EBITDA	75%	\$158 Million	\$192 Million	\$211 Million
Free Cash Flow	25%	\$30 Million	\$65 Million	\$100 Million

AIP Calculation

Our 2015 Annual Incentive Plan governs our AIP. The Committee may adjust an award up or down to reflect the Committee’s assessment of each NEO’s performance, contributions to our performance for the year and achievements in areas that are not as readily quantifiable (such as integration results).

We calculated our 2018 AIP awards as shown below:

$$\begin{array}{ccccccc}
 \text{Base Salary} & \times & \text{AIP Bonus \%} & \times & \text{Company Performance} & +/\text{-} & \text{Adjustment for Individual Performance} & = & \text{AIP Bonus}
 \end{array}$$

AIP Award Targets

Each year, the Committee determines an AIP target for each executive officer based on the scope and complexity of the role, internal relativity, external competitiveness and input from the Committee's consultant. Shown below are 2018 AIP target opportunities for each of our NEOs.

NEO	2018 Base Salary	AIP Target (%)	AIP Target (\$)
Ms. Laschinger	\$1,025,000	130%	\$1,332,500
Mr. Smith	\$575,025	85%	\$488,800
Mr. Lazzaro	\$563,750	75%	\$422,800
Mr. Watkoske	\$472,781	70%	\$331,000
Mr. Abbate	\$460,000	70%	\$322,000

Mr. Abbate joined Veritiv on April 16, 2018; his annual AIP target is shown above. Mr. Abbate's AIP payout for 2018 will be prorated based on his service with the Company in 2018.

2018 Company Performance

Our actual overall AIP funding based on Adjusted EBITDA and Free Cash Flow performance for 2018 was 65%.

Financial Metric	2018 Target (Equates to 100% AIP Funding)	2018 Actual	Weighting	AIP Funding
Adjusted EBITDA	\$192M	\$185	75%	86%
Free Cash Flow	\$65M	(\$44M)	25%	0%
Company Performance Factor				65%

Individual Performance Adjustment and Actual Payouts

The Committee retains the ability to exercise discretion to modify individual award payments to differentiate for individual performance. The Committee made individual performance adjustments for Ms. Laschinger and Messrs. Smith and Lazzaro based on our below target financial results. A performance adjustment was made for Mr. Watkoske, which resulted in a 20% increase to his calculated AIP to recognize the critical role he played in driving the print business model changes and optimization benefits realized in 2018. In addition, as part of his employment offer, Mr. Abbate received a \$100,000 cash payment paid at the same time as the AIP payment, which we describe in

the section entitled “Offer Letter” below. Shown below are actual 2018 AIP payouts for each of our NEOs.

NEO	Target	Company Performance Factor	Calculated Amount	Individual Performance Adjustment	Payout (\$)
Ms. Laschinger	\$1,332,500	65%	\$866,125	90%	\$779,513
Mr. Smith	\$488,800	65%	\$317,720	85%	\$270,062
Mr. Lazzaro	\$422,800	65%	\$274,820	95%	\$261,079
Mr. Watkoske	\$331,000	65%	\$215,150	120%	\$258,180
Mr. Abbate	\$229,370	65%	\$149,091	100%	\$149,091

Updates for 2019

The Committee increased AIP targets for Mr. Watkoske and Mr. Abbate to 75% of salary for 2019 based on an increase in their responsibilities and informed by compensation benchmarking of similar roles at comparable companies. As described above, Mr. Watkoske plays a critical role in leading our Print business to optimize cash to fuel growth in our Packaging and other businesses. Mr. Abbate has taken on a broader role, assuming responsibility for our Packaging and Facility Solutions segments, in addition to his current responsibilities for strategy, marketing, sales operations and pricing. We will disclose the compensation impact of these changes in the executive compensation tables in next year’s proxy.

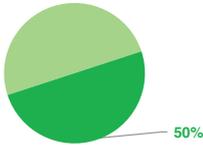

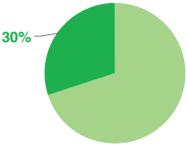

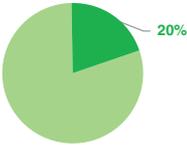

Long-Term Incentive Program

Our long-term incentive (LTI) program rewards NEOs for creating sustained shareholder value, encourages ownership of Veritiv common stock, drives strong financial results and helps retain and motivate executives by aligning their interests with those of our shareholders.

Performance stock units (PSUs) comprise 80 percent of our NEOs long-term incentives. Time-vested RSUs comprise the remaining 20 percent. PSUs vest based on Adjusted EBITDA results and Total Shareholder Return (TSR) relative to a peer group of companies as well as continued service. We grant all awards under the Veritiv Corporation 2014 Omnibus Incentive Plan.

Our NEOs received the same mix of PSUs and RSUs with the same performance terms and other conditions as other equity-eligible U.S. grantees. Dividends are not paid or accrued on unvested, unearned or unpaid RSUs or PSUs.

2018 LTI Award Overview for NEOs

	Adjusted EBITDA PSUs	Relative TSR PSUs	RSUs
LTI Mix			
Performance measurements	Adjusted EBITDA results over 2018, 2019 and 2020	TSR relative to a peer group of companies over 2018, 2018 - 2019 and 2018 - 2020	Not Applicable

Objective	Motivate and reward for achievement of financial results	Motivate and reward for relative outperformance	Encourage ownership and retention

LTI Award Targets

We determine LTI target opportunities by the scope and complexity of the role, internal relativity, external competitiveness and input from the Committee's consultant as discussed above. Shown below are the 2018 annual LTI targets and grant values for each of our NEOs.

NEO	Base Salary on Grant Date	LTI Target (%)	LTI Target (\$)
Ms. Laschinger	\$1,025,000	450%	\$4,612,500
Mr. Smith	\$563,750	200%	\$1,127,500
Mr. Lazzaro	\$550,000	175%	\$962,500
Mr. Watkoske	\$461,250	120%	\$553,500
Mr. Abbate	\$460,000	120%	\$552,000

Company Performance – Adjusted EBITDA

We deliver fifty percent of the grant value in PSUs that are earned based on the Company's Adjusted EBITDA performance as well as continued service. For the 2018 Adjusted EBITDA PSUs, we will measure Adjusted EBITDA performance over three one-year periods (calendar years 2018, 2019 and 2020) with performance goals set annually. We choose to use annual performance periods because, as a relatively new company, our ability to set long-term goals is limited. We chose to use Adjusted EBITDA in both the short- and long-term incentives because we use Adjusted EBITDA to run our business, it is part of our culture and our leaders understand it and talk about it. One-third of each award is earned for each annual performance period, with ultimate vesting and payout of earned shares following the end of the full three-year performance period.

Company Performance – Relative TSR

We deliver thirty percent of the grant value in PSUs that are earned based on the Company's TSR relative to peers and continued service. For the 2018 Relative TSR PSUs, we will measure Relative TSR using overlapping one-, two- and three-year cumulative periods, beginning January 1, 2018 and ending December 31, 2018, 2019 and 2020, respectively, with ultimate vesting and payout of earned shares following the end of the full three-year performance period. We target the median TSR performance of the comparator group. Historically, our TSR-based awards have been forfeited or earned below target due to below-median TSR; as such, we believe that this target is both challenging and appropriate for us as we continue to mature as a company. The payout scale based on Veritiv's relative TSR ranking compared to the TSR Performance Peer Group is shown below.

Veritiv TSR Ranking vs. TSR Performance Peer Group

Ranking vs. Peers	% of Target Earned
90 th Percentile or higher	200%
70 th Percentile	150%
50 th Percentile	100%
25 th Percentile	50%
< 25 th Percentile	0%

The TSR Performance Peer Group for the 2018 TSR PSU grants was comprised of the publicly traded companies shown below. Each of these companies has at least \$300 million in revenues and is in an industry that is impacted by the same economic factors and trends as Veritiv.

Additional Awards Made in 2018

To retain two key executives and ensure continuity of leadership as the Company moved into the optimization phase of our long-term strategy, the Committee made special equity awards to Mr. Lazzaro and Mr. Watkoske. These RSU grants were made on January 1, 2018, vest 50% on each of the second and third anniversaries of the grant date and will be paid in stock. We show these awards in the Summary Compensation Table and the Grants of Plan-Based Awards Table.

- Mr. Lazzaro received a grant of RSUs with a grant value of \$1,500,000 for the critical role he played in driving the integration and synergy capture in the areas of warehouse consolidation, warehouse management system integration, supply chain restructuring, sales commission restructuring and his role in executing on our long-term strategy and driving growth.
- Mr. Watkoske received a grant of RSUs with a grant value of \$1,000,000 for his dual role during 2018 of leading both the Print segment and the Veritiv Services business and his leadership in driving significant cost optimization benefits in the Print business model changes.

Mr. Abbate received a sign-on grant of RSUs with a value of \$500,000 on July 1, 2018 pursuant to his employment offer, which we describe in the section entitled “Offer Letter” below.

Vesting of 2016 LTI Awards

The number of shares delivered to our executives (in February 2019) that resulted from our company performance was 79% of the units granted on January 1, 2016. The value delivered to our executives upon vesting is based on both company performance and our stock price. Using an assumed stock price of \$33.00, the value delivered to our executives in 2019 would be approximately 72% of the value of the LTI grant on January 1, 2016.

Shown below is our performance against Adjusted EBITDA and relative TSR goals for the LTI grant made on January 1, 2016 (paid in 2019) for each of the completed cycles in the performance period.

Updates for 2019

Our NEOs also received an annual grant on January 1, 2019, which we will show in the executive compensation tables in next year's proxy. The Committee increased LTI targets for Mr. Watkoske and Mr. Abbate for 2019 to 140% of salary based on an increase in their responsibilities and informed by compensation benchmarking of similar roles at comparable companies. As stated previously, Mr. Watkoske plays a critical role in the new organization structure in driving our Print business for cash optimization to fuel our growth in Packaging, which requires unique leadership in an industry in structural decline. Mr. Abbate has taken on a broader role, assuming responsibility for our Packaging and Facility Solutions segments, in addition to his current responsibilities for strategy, marketing, sales operations and pricing.

OTHER COMPENSATION AND BENEFIT PROGRAMS

Retirement Plans

Our NEOs participate in the Veritiv Retirement Savings Plan (401(k) Plan), which is the same retirement program provided to our salaried non-union employees. The 401(k) Plan allows eligible participants to contribute up to legal limits and provides a Company matching contribution of 100% on the first 3% of pay contributed plus 50% on the next 2% of pay contributed. We do not maintain any defined benefit plans for our NEOs.

Non-qualified Deferred Compensation Plans

Our NEOs may elect to participate in the Veritiv Deferred Compensation Savings Plan (Deferred Compensation Plan) for eligible participants. Under the Deferred Compensation Plan, participants may elect to defer up to 85% of their base salary or commissions and up to 85% of their annual incentive bonus. None of our NEOs has elected to participate in the Deferred Compensation Plan.

Benefits

We provide market-based health and wellness programs designed to attract and retain talent, and to protect our employees against financial catastrophes that result from illness, disability and death. Our NEOs participate in the same benefit programs as our salaried non-union employees. These benefits include medical, dental, life and disability insurance coverage.

Severance

We maintain an Executive Severance Plan for our NEOs and approximately 25 executives other than the CEO (who is covered by her employment agreement). We adopted the Executive Severance Plan to provide some certainty of compensation in the event of a separation of employment. The certainty afforded by severance compensation fosters a long-term perspective and permits executives to focus on executing our strategy and enhancing sustainable shareholder value without undue concern or distraction.

We design our severance policies to be market competitive and to aid in attracting and retaining experienced executives. We believe the protection they provide, including the level of severance payments and post-termination benefits, is appropriate in terms of fostering long-term value enhancing performance, and within the range of competitive practice, thereby facilitating recruitment and retention of key talent.

In line with competitive practices, an executive is entitled to enhanced severance payments and benefits should the executive's employment be terminated without cause or if certain senior executives were to terminate for good reason in each case either six months prior to or within two years after a change in control. The Executive Severance Plan provides for salary and limited benefit continuation in the event of a Company-initiated termination of employment without cause or a termination initiated by certain senior executives based on good reason. In the event of a qualifying termination of employment not in connection with a change in control, the NEOs would receive base salary for 18 months and a pro-rata AIP bonus based on actual company and individual performance for the year. In the event of a qualifying termination of employment in connection with a change in control, the NEOs would receive two times the sum of his or her base salary plus AIP target and a pro-rata AIP bonus based on actual company and individual performance for the year.

Under the Executive Severance Plan, we may cease payments to an executive if he or she violates restrictive covenants (including non-competition, non-solicitation of customers or employees, and non-disclosure of confidential information).

We also have change in control provisions in our equity award agreements that apply equally to all plan participants and provide a "double trigger" change in control provision. We do not provide a tax gross-up for any change in control situation.

More information of change in control arrangements is provided in the section entitled "Potential Payments to Named Executive Officers Upon Termination or Change in Control" below.

EMPLOYMENT AGREEMENT

With the exception of Ms. Laschinger, we do not have employment agreements with any of the NEOs.

Ms. Laschinger entered into an employment agreement in January 2014 governing the terms and conditions of her employment as the Company's Chief Executive Officer (the Initial Employment Agreement). On December 29, 2017, in order to maintain continuity of leadership for an extended period, focus Ms. Laschinger on succession planning and anticipate future market pay movement, Ms. Laschinger and the Company entered into an amended and restated employment agreement (the Employment Agreement). Among other things, the Employment Agreement extends the term of Ms. Laschinger's employment with the Company and provides for the treatment of outstanding equity incentive awards upon her retirement.

The term of the Initial Employment Agreement was five years beginning on July 1, 2014. The term of the Employment Agreement began on January 1, 2018 and ends on December 31, 2021, with automatic one-year extensions after the stated term unless either party elects to terminate the Employment Agreement. The Employment Agreement, and Ms. Laschinger's employment with the Company, may terminate earlier, subject to any applicable severance payments provided for in the Employment Agreement and described in the section entitled "Potential Payments to Named Executive Officers Upon Termination or Change in Control".

The Employment Agreement provides that Ms. Laschinger will receive an annual base salary of at least \$1 million and will be eligible for an annual cash incentive bonus with a target-based opportunity of at least 130% of her base salary, earned based on performance, which could result in no payout if the Company does not meet its pre-determined goals. In addition, the Employment Agreement provides for annual long-term incentive grants with an annual grant value of 450% of her base salary, with pro rata vesting upon a qualifying termination of employment and full vesting upon a qualifying termination of employment after a change in control as detailed in the Employment Agreement. Further, if Ms. Laschinger terminates her employment due to a bona fide retirement after a successful implementation of a chief executive officer succession plan, any outstanding equity grants awarded to her six months or more prior to her retirement will become fully vested and the performance goals applicable to any pending performance periods will be deemed to have been achieved at the greater of the actual level of performance or the target level of performance. Finally, the Employment Agreement provides that Ms. Laschinger is eligible to participate in employee benefit plans offered to the broader employee population.

The Employment Agreement also contains restrictive covenants against Ms. Laschinger competing with the Company, soliciting customers or employees of the Company, interfering with the Company's relationships with any vendors, joint venturers or licensors and disparaging the Company, in each case during her employment with the Company and for the two-year period following her termination of employment with the Company for any reason as well as covenants prohibiting Ms. Laschinger from disclosing confidential information relating to the Company and protecting the Company's intellectual property rights.

OFFER LETTER

Mr. Abbate joined the Company on April 16, 2018. His offer letter dated February 15, 2018 (Offer Letter) provides for a cash sign-on bonus of \$950,000, payable in three installments: \$350,000 upon hire (which was paid in April 2018), \$350,000 (which was paid in January 2019) and \$250,000 (to be paid in January 2020), provided he remains employed with us. The Offer Letter also provides for a sign-on equity grant of \$500,000 delivered in stock-settled RSUs (in addition to his 2018 annual

equity grant of \$552,000). One-half of the RSUs vest on July 1, 2020 (the second anniversary of the grant date), 25% vests on July 1, 2021 (the third anniversary of the grant date) and the remaining 25% vests on July 1, 2022 (the fourth anniversary of the grant date), provided he remains employed with us. In addition, the Offer Letter provides for a \$100,000 cash payment, paid at the time the 2018 AIP bonuses are paid (March 15, 2019) as well as Company paid temporary housing and commuting expenses for a limited time period.

In the event of his death or involuntary not-for-cause separation of employment with us, the Offer Letter entitles Mr. Abbate to payment of the any unpaid installments of his cash sign-on bonus and the vesting of one-half of his sign-on equity grant, which would otherwise vest on July 1, 2020.

We believe the Offer Letter provisions were necessary in order to compensate Mr. Abbate for compensation he was forfeiting by leaving his former employer. We designed the payout schedules for the sign-on equity grant and cash bonus to provide a retention benefit to the Company.

OUR COMPENSATION PHILOSOPHY AND APPROACH

Compensation Philosophy

Our goal is to foster an environment of collaboration, enthusiasm and drive, with a passion for success and an expectation to win, to enable us to create a successful company that meets our commitments to shareholders, customers and employees.

Our priorities are to:

- Meet our financial commitments.
- Deliver operational excellence.
- Focus on our customers.
- Develop our team members.

Our compensation philosophy supports our goal and our priorities by:

- Being competitive with similar companies to attract and retain key talent and outstanding leaders.
- Aligning the interests of our executive officers and other senior leaders with the interests of our shareholders.
- Ensuring line-of-sight to key performance measures and financial results to align senior leaders with our long-term vision and growth.
- Rewarding employees based on performance and their individual contributions that support our success.
- Motivating employees to strive to exceed performance targets by providing creative solutions and tools to fuel our growth.
- Being cost-effective and affordable.

Compensation Process

The Board evaluates the CEO's performance. The Committee reviews, evaluates and recommends to the Board any changes to the CEO's compensation, including base salary, annual incentive and long-term incentive compensation.

For other executive officers (including the NEOs), our CEO considers performance and makes individual recommendations to the Committee on base salary, annual incentive and long-term incentive compensation. The Committee reviews, discusses, modifies and approves, as appropriate, these compensation recommendations.

In making these compensation decisions, the Committee considers input from the Committee's independent compensation consultant and uses several resources and tools, including competitive market information.

Compensation Benchmarking

Compensation levels are not based solely on peer comparisons or benchmarking. Marketplace information is one of several factors considered in establishing and assessing the reasonableness of compensation. Other factors considered include the scope and complexity of the role, internal relativity and an incumbent's experience and contributions.

Our primary source for executive talent is general industry; we do not look solely at distribution or packaging companies for talent. General industry also is the likely destination for our executive talent when they leave the Company. For these reasons, we benchmark compensation for our NEOs using survey data of general industry companies with revenues of \$3 to \$25 billion (approximately one-third to three times Veritiv's revenues), excluding financial, utility, restaurant and retail. We use statistical regression analysis to derive market compensation values for a company of our size.

To provide additional data for NEO positions, the Committee, with support from its independent compensation consultant, identifies a core group of companies that are:

- In similar industries to where Veritiv competes.
- Reasonably comparable in revenues (approximately one-third to three times Veritiv's revenues).
- Traded in the U.S. on a major exchange.

Role of the Committee's Compensation Consultant

The Committee has retained Meridian Compensation Partners, LLC, (Meridian) as its independent compensation consultant. Meridian provides research, data analyses and design expertise in developing compensation programs for executives and incentive programs for eligible employees and keeps the Committee apprised of regulatory developments and market trends related to executive compensation practices.

In 2018, Meridian consultants attended regular meetings of the Committee at the Committee's request, were available to participate in executive sessions and communicated directly with the Committee without management present.

At least annually, the Committee assesses Meridian's independence, taking into consideration several relevant factors, including the factors specified in the NYSE listing standards. In addition, Meridian annually provides the Committee with confirmation of its independent status. The Committee believes that Meridian has been independent throughout its service and there is no conflict of interest between Meridian and the Committee or the Company.

COMPENSATION PRACTICES AND POLICIES

Risk Considerations

The Committee reviews the risks and rewards associated with our compensation programs. The programs are designed with features including capped incentive payouts, multiple performance measures and financial goals set at the corporate level that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk-taking over the short-term and the long-term.

Management and the Committee regularly evaluate the risks involved with our compensation programs and do not believe any of our compensation programs create risks that are reasonably likely to have a material adverse impact.

Best Practices

The Committee regularly reviews best practices in governance and executive compensation and revises policies and practices as appropriate. Our current compensation practices and policies incorporate and reflect the following:

Shareholder Engagement

- Welcome and initiate direct engagement with shareholders
- Programs designed to align with shareholder interests

Upon a Change in Control

- No excise tax gross-ups
- Require double trigger vesting for change in control related cash severance payments and stock award vestings

Perquisites Not a Part of Our Executive Total Compensation Program

- No tax gross-ups except for limited expenses relating to relocation
- Provide reasonable post-employment severance provisions
- No pension or supplemental executive retirement programs (except frozen legacy plans and certain union plans that do not apply to our NEOs)

Balanced Use of Performance Metrics to Align Pay and Performance

- Added Free Cash Flow as a metric in the AIP
- Use three-year relative TSR in LTI program

Compensation Recovery (Clawback Policy)

- Permit the recapture of both annual and long-term incentive compensation in the event of a material negative restatement

Stock Ownership and Other Requirements

- Robust stock ownership guidelines for directors and vice presidents and above
- Prohibition against hedging transactions or short sales by directors, officers and employees
- Restrictions on pledging of company stock by directors, officers and employees

Independent Compensation Consultant

- Employ an independent compensation consultant to review and advise the Committee on executive compensation
- Prohibit this consultant from performing any other services for Veritiv

- Regularly review the independence of any outside advisors as a component of the Committee's charter

Executive Stock Ownership Guidelines

We designed our executive stock ownership guidelines to align our executives' long-term financial interests with those of our shareholders. The ownership guidelines, which cover approximately 30 executives, are as follows:

Level	Value of Common Stock to be Owned*
Chief Executive Officer	5 times salary
Senior Vice Presidents	3 times salary
Vice Presidents	1 times salary
* Shares are valued based on the closing price of common stock on the last trading day in the calendar year.	

Our executives must each hold 50% of the net after-tax award shares (upon the vesting of full value shares) until he or she has achieved compliance with the stock ownership guidelines. The holding requirement does not apply to shares purchased outright or acquired other than by way of an equity grant. We monitor compliance with stock ownership guidelines and report out to the Committee annually.

We count shares owned outright (either purchased or vested), unvested restricted stock, deferred stock and share-equivalent vehicles (including earned performance shares from completed performance periods).

Restrictive Covenants

Our executives, including our NEOs, are required to execute agreements containing restrictive covenants. These agreements bind the executive to confidentiality, non-competition, non-disclosure and non-solicitation provisions.

Clawback Policy (Compensation Recovery)

Our clawback policy allows us to recapture certain incentive compensation paid to executive officers under certain circumstances. Our clawback policy allows the Committee (in its discretion and to the extent legally permitted) to require the return, repayment or forfeiture of any annual or long-term incentive payment or award made or granted to any current or former executive officer during the 12-month period following the filing with the SEC of financial statements that are later the subject of a material negative restatement if, among other things, the payment or award was predicated upon achieving certain financial results that were subsequently the subject of the restatement and the Committee determines that the executive officer engaged in intentional misconduct that caused the need for the restatement. Additionally, if the Committee determines that the executive officer engaged in intentional misconduct that caused the material negative restatement, the Committee may require the return or repayment of any profits realized by such executive officer on the sale of Veritiv securities received pursuant to any such award granted during such 12-month period.

In addition, our long-term incentive award agreements provide for clawback of awards in the event of misconduct, as determined by management. Misconduct includes any act detrimental to our business or reputation, any act determined to be a deliberate disregard of our rules or policies, or any violation of any confidentiality, non-solicitation or non-competition restriction applicable to the grantee.

Trading Controls and Anti-Hedging, Short Sale and Pledging Policies

In accordance with our insider trading policy, directors, officers (including the NEOs) and certain other designated employees are required to pre-clear with our General Counsel any transactions in Company securities, including purchases, sales, gifts, grants and those involving derivatives. Generally, we permit trading only during announced trading windows. Regardless of whether there is an open trading window, we prohibit trading while in possession of material nonpublic information relating to the Company.

In addition, we prohibit our directors, officers (including our NEOs) and employees from entering into hedging or monetization transactions, such as zero-cost collars and forward sale contracts, that involve the establishment of a short position in the Company's securities, as well as other short sale transactions and transactions in puts, calls and other derivative securities. We also advise our directors, officers (including our NEOs) and employees to exercise caution when pledging Company securities.

Our insider trading policy also restricts transactions by family members residing with the covered person and others living in his or her household, other family members whose transactions in Company securities are directed by the covered person or are subject to his or her influence or control, and legal entities over which the covered person has discretionary control.

Tax Implications of Compensation

The Committee considers the tax and accounting implications of compensation, but they are not the only factors considered. In some cases, other important considerations, including our ability to attract, retain and motivate highly qualified executives, outweigh tax or accounting considerations.

Under Section 162(m) of the Internal Revenue Code, compensation paid to any person who is or was the Chief Executive Officer, the Chief Financial Officer or among the three other highest paid executive officers of the Company in excess of \$1 million for any year is generally not deductible for United States income tax purposes, with certain exceptions for agreements that were in effect as of November 2, 2017, including agreements that provided for the payment of performance-based compensation and met certain other requirements. The Committee recognizes the need to retain flexibility to make compensation decisions that may result in the payment of compensation that is not deductible and accordingly reserves the authority to approve potentially non-deductible compensation when deemed appropriate.

Compensation and Leadership Development Committee Report

The Compensation and Leadership Development Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation and Leadership Development Committee recommended to the Board of Directors that the Compensation Discussion

and Analysis be included in this proxy and incorporated by reference into the Annual Report on Form 10-K for the year ended December 31, 2018.

Grants of Plan-Based Awards for Fiscal 2018

During 2018, the Committee granted RSUs and PSUs to our NEOs. The Committee also approved the annual cash incentive opportunities for our NEOs under the 2018 AIP. - (1) Represents the grant date fair value calculated in accordance with FASB ASC Topic 718. Refer to Notes 1 and 16 to the Consolidated Financial Statements for the fiscal year ended December 31, 2018 included in our Annual Report on Form 10-K. The grant date fair value of the RSU and PSU awards will likely vary from the actual value the NEO receives. The actual value the NEO receives for the RSU grants will depend on the price of the Company's common stock on the vesting date. The actual value the NEO receives for the PSU grants will depend on the number of units earned and the price of the Company's common stock when the units vest.
- (2) Represents possible payouts for annual performance cash awards made in 2018 (and paid in March 2019) under the 2018 AIP for each NEO. The AIP is an annual cash incentive opportunity and thus, these awards are earned in the year of grant. See the column captioned "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table for the actual payout amounts related to the 2018 AIP. See also "Compensation Discussion and Analysis—Annual Incentive Program" for additional information about the AIP.

Outstanding Equity Awards at Fiscal Year-End

The following equity awards granted to our NEOs were outstanding as of the end of fiscal 2018:

Restricted Stock Units. On January 1, 2016, January 1, 2017 and January 1, 2018, each NEO (other than Mr. Abbate) received a grant of RSUs. The awards will vest in full on the third anniversary of the grant date, assuming continued employment. In addition, on May 25, 2017, Mr. Smith received a grant of RSUs that vest on the first, second, third and fourth anniversaries of the grant date, assuming continued employment. On January 1, 2018, Messrs. Lazzaro and Watkoske received a grant of RSUs that vest on the second and third anniversaries of the grant date, assuming continued employment. On July 1, 2018, Mr. Abbate received two grants of RSUs (a 2018 annual grant that will vest in full on the third anniversary of the grant date and a one-time sign on grant that vests on the second, third and fourth anniversaries of the grant date, in both cases, assuming continued employment). Dividends are not paid on unvested awards. If vested, the awards are paid in shares of common stock following the end of the vesting period.

Performance Share Units. On January 1, 2016, January 1, 2017 and January 1, 2018, each NEO other than of Mr. Abbate received a grant of PSUs. On July 1, 2018, Mr. Abbate received a grant of PSUs. A portion of these awards (62.5%) vest based on annual Adjusted EBITDA performance during the three-year vesting period and the remaining portion (37.5%) vest based on the Company's TSR performance relative to the TSR Performance Peer Group for the performance periods during the three-year vesting period. Dividends are not paid on unvested awards. The ultimate value of the awards will depend on the number of shares earned and the price of the Company's common stock at the time awards vest. None of our NEOs participate in any pension plan, supplemental executive retirement plan or non-qualified deferred compensation plan.

Potential Payments to Named Executive Officers Upon Termination or Change in Control

Potential Payments to the CEO Upon Termination or Change in Control

The separation provisions for Ms. Laschinger provided in her Employment Agreement include the following:

- In the event Ms. Laschinger's employment with the Company is terminated due to her death or disability, by the Company for cause or by Ms. Laschinger without good reason, the Company will pay all accrued benefits (as defined in the Employment Agreement) and payment of long-term incentive awards as provided in the Employment Agreement and respective equity award agreements.
- In the event Ms. Laschinger's employment with the Company is terminated by the Company without cause (including for non-extension of the Employment Agreement beyond the stated term) or by Ms. Laschinger for good reason, in addition to the accrued benefits, the Company will pay a pro-rata bonus for the year in which the termination occurs, additional cash compensation equal to two times Ms. Laschinger's then-current base salary and target bonus, partial reimbursement of COBRA continuation coverage as provided in the Employment Agreement and payment of long-term incentive awards as provided in the Employment Agreement and respective equity award agreements.
- In the event Ms. Laschinger's employment with the Company is terminated due to retirement, defined as age 60 or older with five or more years of service ("Retirement"), in addition to the accrued benefits, the Company will pay a pro-rata bonus for the year in which the termination occurs and payment of long-term incentive awards as provided in the Employment Agreement and respective equity award agreements.
- In the event Ms. Laschinger's employment with the Company is terminated due to Retirement following the successful implementation of a chief executive officer succession plan, in addition to the accrued benefits, the Company will pay a prorated bonus for the year in which the Retirement occurs, and any outstanding equity grants awarded to her six months or more prior to her Retirement will become fully vested and the performance goals applicable to any pending performance periods will be deemed to have been achieved at the greater of the actual level of performance or the target level of performance. Ms. Laschinger is not currently eligible for retirement so a retirement column is not included in the chart below.
- "Good reason" is defined in the Employment Agreement as: the assignment of duties inconsistent with the CEO position or an adverse alteration in the nature or status of her responsibilities; a diminution in salary or target bonus, or failure to pay any compensation or benefits due; a relocation of the primary work location by more than 50 miles from the metropolitan area of Atlanta, Georgia; the failure to appoint or reappoint Ms. Laschinger as Chairman of the Board; in the event the UWWH Stockholder or Bain Capital acquires a majority of the shares of the Company and if thereafter they replace more than two directors whose appointment is not a replacement of a director previously appointed; or any material failure by the Company to satisfy its obligations under Sections 1 through 6 of the Employment Agreement.

The Company has termination and change in control provisions in its equity award agreements. These provisions apply equally to all plan participants and provide a "double trigger" change in control provision. We do not provide a tax gross-up for any change in control situation.

The chart below provides disclosure regarding the benefits that would have been provided to Ms. Laschinger had any of the events referenced below occurred on December 31, 2018, the last day of our most recently completed fiscal year.

- (1) Ms. Laschinger must be employed on the date the bonus is paid in March 2019 except in the event of a company-initiated termination not-for-cause, termination for good reason, change in control or termination due to disability or death.
- (2) In the event Ms. Laschinger's employment is terminated due to disability, death, company-initiated termination not-for-cause or terminated by Ms. Laschinger for good reason (each a "qualifying termination"), Ms. Laschinger is entitled to payment of the awards, pro-rated for the period of her continuous employment during the period from the grant date through the termination date and the value of the performance share units is calculated based on actual Company performance following the end of the performance period. In the event of a qualifying termination following a change in control, Ms. Laschinger is deemed to have satisfied 100% of any continued employment requirement and the value of the performance share units is calculated based on actual Company performance. The LTI award values in the table are shown at actual performance achievement for 2016, 2017 and 2018 and at target (100%) performance achievement for future periods. The values of the LTI awards are calculated using the closing price of the Company's common stock on December 31, 2018 (the last trading day of fiscal 2018), which was \$24.97.
- (3) Includes the projected value of payment of medical premiums under COBRA continuation as provided in the employment agreement.

Potential Payments to the Other NEOs Upon Termination or Change in Control

For the NEOs other than Ms. Laschinger, benefits due upon a separation of employment are provided by the Executive Severance Plan, which was adopted by the Company in March 2015. In addition, the Company has termination and change in control provisions in its equity award agreements. These provisions apply equally to all plan participants and provide a "double trigger" change in control provision. We do not provide a tax gross-up for any change in control situation.

In general, the Executive Severance Plan provides separation pay and benefits to covered participants (including the NEOs other than Ms. Laschinger) in the event the employee is involuntarily terminated without cause. If provided, the separation pay and benefits available are generally contingent upon the Company receiving a general release of claims from the employee. In the event the Company terminates an NEO's employment not-for-cause, the Company will pay 18 months' base salary and medical coverage continuation. If the termination date occurs on or after July 1 of the year in which the termination occurs, the NEO is entitled to receive a pro-rata bonus for that year. In addition, Messrs. Smith, Lazzaro and Watkoske, having been employed by Veritiv on

the effective date of the Executive Severance Plan, are entitled to receive a pro-rata portion of unvested Long-Term Incentive Awards.

In the event of an NEO's death, the NEO's beneficiary would be entitled to immediate vesting at target of a portion of unvested Long-Term Incentive Awards pro-rated for service and, in the event the death occurred on or after July 1, the beneficiary would be entitled to receive a pro-rata bonus for the year in which the termination occurs.

In the event of an NEO's disability, the NEO would be entitled to vesting of a portion of unvested Long-Term Incentive Awards pro-rated for service and based on actual Company performance and, in the event the death occurred on or after July 1, the NEO would be entitled to receive a pro-rata bonus for the year in which the termination occurs.

In the event of an NEO's retirement, defined as age 60 or older with five or more years of service, the NEO would be entitled to vesting of a portion of unvested Long-Term Incentive Awards pro-rated for service and based on actual Company performance and a pro-rata bonus for the year in which the retirement occurs. None of the NEOs are eligible for retirement as of the end of the 2018 fiscal year, so a Retirement column is not included in the charts below.

In the event of an employment termination, including a termination for "good reason," within twenty-four months following, or within six months prior to, a change in control, the Executive Severance Plan provides that the NEOs would be entitled to two times the NEO's base salary plus target AIP bonus. In addition, the NEO is entitled to a pro-rata AIP bonus calculated at target (100%) performance and medical coverage for eighteen months. A "change in control" is defined in the Executive Severance Plan and the 2014 Omnibus Incentive Plan to include consummation of certain mergers, the acquisition of more than 50% of the combined voting power of the Company's voting securities, the sale of all or substantially all of the Company's assets, shareholder approval of a complete liquidation or dissolution, and a change in the majority of the Board. Termination for "good reason" under the Executive Severance Plan includes a relocation of an NEO's primary work location exceeding fifty miles from the current location, material diminution in authority, duties or responsibilities or material reduction in salary, target bonus or material failure to satisfy obligations under an NEO's offer letter. In addition, the NEO is entitled to vesting of the Long-Term Incentive Awards without pro-rata for actual service and based on actual company performance for completed periods and target (100% company performance) for future periods in the event of a qualifying employment termination following a change in control.

In addition to the benefits described above, Mr. Abbate's offer letter provides for the following in the event of his death or involuntary not-for-cause separation of employment with the Company: payment of any unpaid installments of his cash sign-on bonus and the vesting of one-half of his sign-on equity grant, which would otherwise vest on July 1, 2020.

The charts below provide disclosure regarding the benefits that would have been provided to Messrs. Smith, Lazzaro, Watkoske and Abbate had any of the events referenced below occurred on December 31, 2018, the last day of our most recently completed fiscal year.

Compensation Committee Interlocks and Insider Participation

During 2018, no Company executive officer or director was a member of the board of directors of any other company where the relationship would be construed to constitute a committee interlock within the meaning of the rules of the SEC.

CEO Pay Ratio

Pursuant to SEC rules adopted according to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is required to disclose the ratio of its median employee's annual total compensation to the annual total compensation of its principal executive officer. The Company's principal executive officer is Mary A. Laschinger, Chairman of the Board and Chief Executive Officer.

Ms. Laschinger had 2018 annual total compensation of \$6,832,008 as reflected in the Summary Compensation Table included in this proxy. Our median employee's annual total compensation for 2018 was \$62,022. As a result, we estimate that Ms. Laschinger's 2018 annual total compensation was approximately 110 times that of our median employee.

As permitted by SEC rules, we used the same median employee for our pay ratio calculation this year as we used for the calculation included in last year's proxy. In determining the median employee last year, a listing was prepared of all employees in the United States, Canada and Mexico as of October 1, 2017 with the exception of Ms. Laschinger. This list includes approximately 8,600 employees including approximately 7,100 employees in the United States, 1,000 employees in Canada and 500 employees in Mexico. Employees in the following countries were excluded from the list: one employee in Austria, six employees in Belgium, 84 employees in China, three employees in Germany, four employees in Malaysia and three employees in the United Kingdom. In addition, approximately 240 employees of All American Containers, which was acquired in 2017, were excluded from the list. Total cash compensation paid from January 1, 2017 to October 1, 2017 was gathered for each employee. Total cash compensation for employees in Canada and Mexico were converted to U.S. dollars using the currency exchange rates of 0.78 for Canadian dollars and 0.055 for Mexican pesos. The median amount was selected from the list.

We calculated the median employee's 2018 compensation as it would appear in the Summary Compensation Table and compared that amount to Ms. Laschinger's 2018 compensation as it appears in the Summary Compensation Table. The pay ratio disclosed is a reasonable estimate calculated in a manner consistent with the applicable SEC disclosure rules.

Householding of Proxy Materials

We are taking advantage of the SEC's householding rules to reduce the delivery cost of materials. Under such rules, only one Notice of Internet Availability of Proxy Materials or, if you have requested paper copies, only one set of proxy materials is delivered to multiple shareholders sharing an address unless we have received contrary instructions from one or more of the shareholders. If you are a shareholder sharing an address and wish to receive a separate Notice of Internet Availability of Proxy Materials or copy of our proxy materials, you may so request by contacting the Corporate Secretary of Veritiv Corporation at (770) 391-8200 or by mail to 1000 Abernathy Road NE, Building 400, Suite 1700, Atlanta, Georgia 30328. A separate copy will be promptly provided following receipt of your request, and you will receive separate materials in the future. If you currently share an address with another shareholder but are nonetheless receiving separate copies of the materials, you may request delivery of a single copy in the future by contacting the Corporate Secretary at the contact information shown above.

Other Matters

We do not know of any matters to be brought before the meeting except as indicated in this notice. However, if any other matters properly come before the meeting for action, it is intended that the persons authorized under solicited proxies may vote or act thereon in accordance with his or her own judgment.

Whether or not you plan to attend the annual meeting, it is important that your shares are represented at the annual meeting. Accordingly, we urge you to vote your shares by one of the prescribed methods as soon as possible. Thank you for your prompt attention to this important shareholder responsibility.
