

## **FOR IMMEDIATE RELEASE**

### **Veritiv to Present High Performance Building Service Offerings at National Facilities Maintenance and Technology Conference and Expo**

**ATLANTA (March 11, 2016)** – The Facility Solutions segment of Veritiv Corporation (NYSE: VRTV) will present its High Performance Building service offerings at the 2016 National Facilities Maintenance and Technology Conference and Exposition (NFMT) to be held March 22-24, 2016, at the Baltimore Convention Center in Baltimore, MD.

Conference attendees are encouraged to visit Veritiv representatives in **Booth 2608** to learn more about the company's integrated facility solutions products and service offerings. Veritiv's [High Performance Building Advisors](#) – an elite team of ISSA® CIMS and LEED® green cleaning certified professionals – helps customers across North America improve building marketability and sustainability, and increase worker productivity by applying Green Cleaning principles across all types of facilities.

Veritiv will also be featuring [WANDA](#), an interactive touchscreen device that improves customer service and streamlines cleaning operations. It is an easy to use, wall mounted touchscreen that gives patrons a voice, tracks supplies and holds employees accountable. When a customer sends a request for cleaning, the appropriate staff is immediately notified and can quickly respond.

In addition, Veritiv will be highlighting the company's exclusive [Green Gauge™](#) sustainability reporting tool that provides insights into green cleaning programs by analyzing paper, liner, chemical, and skincare purchases against LEED O+M standards. This information is displayed in a report that can easily transfer to LEED® Online™. Green Gauge even identifies items that might have more sustainable alternatives.

NFMT is a trade show and educational conference for facility professionals responsible for the management, operations, maintenance, renovation, and construction of non-residential buildings. The goal of the event is to bring free education, networking, and product discovery to facilities professionals nationwide.
