

## **FOR IMMEDIATE RELEASE**

### **Veritiv to Present High Performance Building Service Offerings at Durabilys 2016**

**MISSISSAUGA, ONT (March 18, 2016)** – The Facility Solutions segment of Veritiv Corporation (NYSE: VRTV) will present its High Performance Building service offerings at Durabilys 2016 to be held March 23-24, 2016, at the Montreal Congress Center.

Conference attendees are encouraged to visit Veritiv representatives in **Booth 320** to learn more about the company's integrated facility solutions products and service offerings. Veritiv's [High Performance Building Advisors](#) – an elite team of ISSA® CIMS and LEED® green cleaning certified professionals – help customers across North America improve building marketability and sustainability, and increase worker productivity by applying Green Cleaning principles across all types of facilities.

Veritiv will also be featuring [WANDA](#), an interactive touchscreen device that improves customer service and streamlines cleaning operations. It is an easy to use, wall mounted touchscreen that gives patrons a voice, tracks supplies and holds employees accountable. When a customer sends a request for cleaning, the appropriate staff is immediately notified and can quickly respond.

In addition, Veritiv will be highlighting the company's exclusive [Green Gauge™](#) sustainability reporting tool, which provides insights into green cleaning programs by analyzing paper, liner, chemical, and skincare purchases against LEED O+M standards. This information is displayed in a report that can easily transfer to LEED® Online™. Green Gauge even identifies items that might have more sustainable alternatives.

Durabilys 2016 is a one of a kind event, featuring more than 100 diverse exhibiting companies, showcasing a vast array of products and services for the green building industry. Exhibitors with expertise covering the entire spectrum of sustainable building are present. During the two-day event, attendees learn, network, and participate in one of the greenest and most sustainable conferences in Canada.
