

Veritiv to Showcase Facility Solutions at 2014 BSCAI Convention

11/4/2014

ATLANTA and LOVELAND, Ohio – Veritiv Corporation (NYSE: VRTV) will showcase facility solutions for building service contractors at the 2014 Building Service Contractors Association International (BSCAI) annual convention, November 6-8, at the Hilton Orlando in Orlando, FL. Veritiv was formed in July 2014 following the merger of xpedx and Unisource Worldwide.

The BSCAI convention offers building service contractors opportunities to network with colleagues and vendors in the industry, learn from industry experts, and experience first-hand the latest offerings in facility solutions. Representatives from Veritiv's Facility Solutions group will be available in the Florida Foyer at Table 24 between educational sessions to discuss how Veritiv can shape success for building service contractors through its eBusiness platform, sustainable product purchase reports, equipment service programs, and more.

“Veritiv’s understanding of the particular challenges faced by building service contractors combined with our industry expertise can provide this group with a distinct advantage in the market,” said Joe Myers, Senior Vice President Facility Solutions, Strategy and Commercial Excellence, for Veritiv. “We offer a range of products that help contractors and their customers meet their goals, including our eBusiness platform, which helps users manage supplies more effectively; and our sustainable product purchase reports, which support green building certification efforts,” Myers added.

Founded in 1965, the Building Service Contractors Association International serves a wide cross-section of building service contractors, from public companies to family-owned firms and represents a worldwide network of contractors across North America and 15 countries worldwide.

About Veritiv

Veritiv Corporation (NYSE: VRTV), with corporate offices in Atlanta and Loveland, Ohio, is a North American leader in business-to-business distribution solutions. Serving customers across virtually every industry, Veritiv provides print, packaging, facility and logistics solutions that help shape the success of its customers. Established in 2014, following the merger of International Paper Company’s xpedx division and Unisource Worldwide, the company employs approximately 9,500 team members across more than 170 distribution centers throughout the U.S., Mexico and Canada.
