Semi-Annual True-up Adjustment

*Petition of Virginia Electric and Power Company,
For a financing order authorizing the issuance of deferred fuel cost bonds
pursuant to Va. Code § 56-249.6:1
Case No. PUR-2023-00112*

Dear Mr. Logan:

Pursuant to the Virginia State Corporation Commission's ("Commission") November 3, 2023 Order in Case No. PUR-2023-00112 (the "Financing Order"), Virginia Electric and Power Company ("Dominion Energy Virginia" or the "Company") as Servicer of the deferred fuel cost bonds ("Deferred Fuel Cost Bonds") has filed a request for an adjustment to the deferred fuel cost charges ("Deferred Fuel Cost Charges"). This adjustment is intended to satisfy the requirements of Va. Code § 56-249.6:1 A 2 d, and the Financing Order by ensuring that the Deferred Fuel Cost Charges will recover amounts sufficient to timely provide for payments of debt service and other required amounts in connection with the Deferred Fuel Cost Bonds. Per the Financing Order, the Company will file at least semi-annually (and at least quarterly beginning 12 months prior to the last scheduled payment date of the latest maturing tranche of Deferred Fuel Cost Bonds) a letter in this docket for Commission review, as described in Va. Code § 56-249.6:1 A 2 d and in the form attached thereto ("True-up Adjustment Letter" or "TUAL"). The Deferred Fuel Cost Bonds were issued on February 14, 2024. Dominion Energy Virginia filed its first True-Up Adjustment letter on May 15, 2024, and filed its most recent Semi-Annual True-Up Adjustment on December 15, 2025.

Ordering Paragraph 11 of the Financing Order describes how such True-Up Adjustment Letters are to be handled:

Upon the filing of a TUAL made pursuant to this Financing Order, the Commission shall either administratively approve the requested true-up calculation in writing or inform the servicer of any mathematical or clerical errors in its calculation within 30 days following the servicer's true-up filing. Notification and correction

of any mathematical or clerical errors shall be made so that the true-up is implemented within 30 days of the servicer's filing of a TUAL and no potential modification to correct an error in a TUAL shall delay its effective date and any correction or modification which could not be made prior to the effective date shall be made in the next TUAL. Upon administrative approval or the passage of 30 days without notification of a mathematical or clerical error, no further action of the Commission will be required prior to implementation of the true-up.

Attached is the Deferred Fuel Cost Charge True-up Mechanism Form and accompanying Exhibits A – F reflecting the change in the Deferred Fuel Cost Charges. In addition, attached is the new tariff sheet to reflect the updated tariff for the Deferred Fuel Cost Charges in both clean and redline versions.

Per the Company's request in its True-Up Adjustment Letter and in accordance with the Financing Order, the proposed adjustments to the Deferred Fuel Cost Charges will be effective on August 1, 2026.

Respectfully submitted,

/s/ Elaine S. Ryan
