TENNANT COMPANY PROXY STATEMENT

Why did I receive these proxy materials?

Tennant Company ("we," "us," "our," "the Company"), on behalf of our Board of Directors, is supplying this Proxy Statement in order to obtain your Proxy vote, in the event you are not able to attend the Annual Meeting of Shareholders.

The Annual Meeting will be held at the Golden Valley Country Club, 7001 Golden Valley Road, Golden Valley, Minnesota, on Thursday, May 3, 2007 at 10:30 a.m. Central Daylight Time.

This Notice of Annual Meeting of Shareholders, Proxy Statement and Proxy Card are being mailed to shareholders on or about March 19, 2007.

What is a Proxy?

The Proxy serves as a ballot for elections to our Board of Directors, as well as listing information about any other items to be discussed and voted on at the Annual Meeting. It allows an authorized agent to act on your behalf in the event you are unable to attend the Annual Meeting in person.

Who is entitled to vote?

You may vote if you owned shares of our Common Stock as of the close of business on March 5, 2007. As of March 5, 2007, there were 18,832,583 shares of Common Stock outstanding, each entitled to one vote.

On April 26, 2006, our Board of Directors declared a two-for-one common stock split effective July 26, 2006. As a result of the stock split, shareholders of record received one additional common share for every share held at the close of business on July 12, 2006. Share and per share data in this Proxy Statement have been retroactively adjusted to reflect the stock split.

How do I vote?

You may vote in one of four ways:

1. *By Mail*

Be sure to mark, sign and date your Proxy Card and return it in the postage-paid envelope provided, or return it to Tennant Company, c/o Shareowner ServicesSM, PO Box 64873, St. Paul, MN 55164-0873.

2. *By Phone*

You may call 1-800-560-1965 by using any touch-tone phone, 24 hours a day, 7 days a week, until 12:00 p.m. (CDT) on May 2, 2007. Have your Proxy Card in hand when calling. You will need to provide the last four digits of your social security number to verify your identity. Follow the voice prompts to cast your vote.

3. *By Internet*

You may access the website at <http://www.eproxy.com/tnc/> to cast your vote 24 hours a day, 7 days a week, until 12:00 p.m. (CDT) on

digits of your social security number available to verify your identity. Follow the instructions provided to obtain your records and create an electronic ballot.

4. In person at the Annual Meeting

All shareholders may vote in person at the Annual Meeting. Paper ballots will be available for voting at the meeting.

Shareholders who hold their shares beneficially in street name, through a broker or bank, may be able to vote by telephone or the Internet as well as by mail. You should follow the instructions received from your broker or bank to vote your shares.

How is my Proxy voted?

Shares represented by Proxy will be voted in the following manner:

- As specified by the Proxy, or
- Where no specification is given, all nominations and proposals will be voted FOR all proposals in this Proxy Statement.

Why should I vote?

Your vote is important! It ensures that your ownership interests are represented even if you are unable to attend the Annual Meeting in person. A promptly voted Proxy will save us additional solicitation expense.

Can I change my Proxy vote even after it is submitted?

Proxies may be revoked at any time before being voted at the Annual Meeting. The Proxy may be revoked only by use of the following methods:

- Sending written notice of revocation to the address listed on page 3 of this Proxy Statement
- Revoking in person at the Annual Meeting
- Delivering a later dated Proxy to an officer of the Company

Personal attendance and voting in person will not revoke a written Proxy.

How many votes are needed to hold the Annual Meeting?

The meeting can take place when holders of a majority of the outstanding common stock, either in person or by Proxy, are present at the meeting. This is known as a quorum. Abstentions and broker non-votes will be counted as present when determining whether a quorum exists.

How many votes are needed to elect directors?

As established by Minnesota Statute 302A.215, the affirmative vote of a plurality of outstanding shares present and entitled to vote is required to elect each director nominated. The director nominees with the most votes will be elected. If you (or a broker), either in person or by Proxy, withhold or do not give authority to vote for a director, you will not be considered present or entitled to vote on the election of directors.

How many votes are needed to ratify KPMG as the independent registered public accounting firm for our Company?

The affirmative vote of the holders of a majority of outstanding shares present and entitled to vote is required to ratify the appointment of KPMG as our independent registered accounting firm.

How many votes are needed to approve our 2007 Stock Incentive Plan?

The affirmative vote of the holders of a majority of the outstanding shares present and entitled to vote is required for approval of the 2007 Stock Incentive Plan. For this purpose, a shareholder voting through a Proxy who abstains with respect to approval of the plan is considered to be present and entitled to vote on the approval of the plan at the Annual Meeting, and is in effect a negative vote. Under New York Stock Exchange rules, the votes cast on this proposal must exceed fifty percent of all

shares entitled to vote. Accordingly, a shareholder who does not give authority to a Proxy to vote, including a broker non-vote, on the approval of the plan shall have the effect of a negative vote.

What other matters will be decided at the Annual Meeting?

As of the date this Proxy Statement went to press, we are not aware of any other matters to be acted upon at the Annual Meeting, other than the items already listed.

If other matters are properly raised for consideration at the Annual Meeting, the Proxies designated by our Board of Directors will have the authority to vote on such matters in accordance with their discretion.

Who will pay the cost of this Proxy solicitation?

Solicitation will be principally sent by mail. Expenses for the solicitation of Proxies will be paid for by us. Officers or employees of our Company may also solicit Proxies personally, by telephone, or special letter from some shareholders. Brokerage houses and other custodians, nominees and fiduciaries will be reimbursed by us for expenses to send Proxy materials to their principals. To assist us in soliciting Proxies for the Annual Meeting, we have retained Morrow & Co., Inc. for a total fee not to exceed \$8,000 plus out-of-pocket expenses.

Board Attendance

During 2006, our Board of Directors met on eight occasions. All incumbent directors, other than Jeffrey Balagna who attended 71% of Board and Committee meetings for which he serves as a director, attended more than 75% of Board and respective Committee meetings of which they serve. The standing committees of the Board are the Audit, Compensation, Governance and Executive Committees.

Board Committees
Audit Committee

The Audit Committee is comprised of Pamela K. Knous (Chair), Jeffrey A. Balagna, David Mathieson, Edwin L. Russell, Stephen G. Shank and Frank L. Sims. The Audit Committee operates under a written charter adopted by our Board of Directors, which was most recently amended on December 19, 2006. The primary functions of the Audit Committee are to oversee:

- The integrity of our financial statements,
- Our compliance with legal and regulatory requirements,
- The independent registered public accounting firm's qualifications, independence and performance,
- The performance of our internal audit function, and
- Our system of internal controls over financial reporting.

The Audit Committee is to meet no less than four times throughout the year, and in 2006 met on ten occasions.

The Board of Directors utilizes the listing standards of the New York Stock Exchange to determine whether the Audit Committee members possess the requisite financial literacy to serve on the Committee. They must also meet the criteria of independence under the New York Stock Exchange listing standards as well as those of the Securities Exchange Act of 1934. The members must be free of any relationship that would interfere with their exercise of independent judgment. The Board of Directors has determined that all Audit Committee members are financially literate and independent.

At least one member of the Audit Committee must have accounting or related financial management expertise as required by New York Stock Exchange rules. The Audit Committee endeavors to have at all times a member who qualifies as an "audit committee financial expert" as defined by the Securities and Exchange Commission. Our Board of Directors has determined that Ms. Knous and Mr. Mathieson satisfy the requirements of an "audit committee financial expert" and that their expertise has been acquired through training and relevant experience.

Compensation Committee

The Compensation Committee is comprised of James T. Hale (Chair), William F. Austen, Edwin L. Russell, Frank L. Sims and Steven A. Sonnenberg. The Compensation Committee operates under a written charter adopted by our Board of Directors, which was most recently amended on December 19, 2006. The primary functions of the Compensation Committee are to assist us in maximizing shareholder value by ensuring that executive officers are compensated in accordance with our philosophy, objectives and policies. Specifically, the Compensation Committee assists us in defining a total compensation policy that:

- Supports our overall strategy and objectives,
- Attracts and retains key executives,
- Links total compensation to financial performance and the attainment of strategic objectives, and
- Provides competitive total compensation opportunities at a reasonable cost while enhancing shareholder value creation.

The Committee makes decisions on compensation of our key executives and evaluates their compensation against performance goals and objectives. The Committee also recommends pay levels for Board members including retainers, fees, benefits and perquisites for vote by the full Board. Given the inherent conflict of directors setting their own pay levels, these recommendations will be reviewed by third parties such as our human resources department or outside consultants.

The Compensation Committee is to meet no less than two times throughout the year, and in 2006 met on five occasions.

Our Board of Directors appoints members to the Compensation Committee who meet the criteria of independence under New York Stock Exchange listing standards, the Internal Revenue Code and the Securities Exchange Act of 1934. The Compensation Committee members must also be free of any relationship that would interfere with their exercise of independent judgment. Our Board of Directors has determined that all Compensation Committee members are independent as required by applicable rules and regulations.

The Compensation Committee has the authority to engage outside compensation consultants. In January 2006, the Compensation Committee retained Towers Perrin as its independent compensation consultant to provide market data and information on competitive practices to the Compensation Committee as it made decisions on certain matters related to executive officer and non-employee director compensation. This relationship continued throughout 2006 with representatives of Towers Perrin attending three of the Compensation Committee meetings during the year.

In 2006, Towers Perrin was asked to provide information to the Compensation Committee on topics including (1) base salaries for executive officers including new hires; (2) performance goals and award

levels for executive officers under the Company's Short-Term Incentive Plan; (3) individual grant levels for the 2006 Short-Term Incentive Plan for executive officers; (4) performance goals and award levels for executive officers under the Company's Long-Term Incentive Plan performance cycle beginning in 2006; (5) individual grant levels for the 2006 Long-Term Incentive Plan for the executive officers; and (6) levels of compensation for the non-employee directors including retainer amounts, meeting fees and equity grants. The Committee used the information provided by Towers Perrin as input to its decisions in these matters.

Governance Committee

The Governance Committee is comprised of Stephen G. Shank (Chair), James T. Hale and Pamela K. Knous. The Governance Committee operates under a written charter adopted by our Board of Directors. The primary purpose of the Governance Committee is to:

- Assist the Board in identifying individuals qualified to become Board members,
- Determine the composition of the Board and its committees,
- Lead the Board in its annual review of the Board's performance, and
- Develop and recommend to the Board our Corporate Governance Principles.

The Governance Committee met on four occasions during 2006.

The Governance Committee members must meet the criteria of independence under New York Stock Exchange listing standards, and also be free of any relationship that would interfere with their exercise of independent judgment. Our Board of Directors has determined that all Governance Committee members meet the standards set forth.

Executive Committee

The Executive Committee is comprised of Stephen G. Shank (Chair), William F. Austen, Jeffrey A. Balagna, James T. Hale, Pamela K. Knous, David Mathieson, Edwin L. Russell, Frank L. Sims and Steven A. Sonnenberg. The Executive Committee operates under a written charter adopted by the Board of Directors. The primary purpose of the Executive Committee is to review such matters and take such actions as are appropriate to be reviewed or taken by all of the non-employee directors of the Board, including the annual review of the CEO's performance and the review and approval of our management succession plan.

The Executive Committee is to meet no less than four times throughout the year, and in 2006 met on six occasions.

The Executive Committee is composed of all non-employee Board members who meet the criteria of independence under New York Stock Exchange listing standards, and who also are free of any relationship that would interfere with their exercise of independent judgment. Mr. Shank, who serves as Chair of the Executive Committee, presides at all such meetings. The Board of Directors has determined that all Executive Committee members meet the standards set forth.

Committee Charters and Other Governance Documents

Each of the committees of our Board of Directors has a written charter that sets forth the committee's purpose and responsibilities. All of the charters are available on the Company's website at www.tennantco.com, by going to "About," selecting "Investor Relations" and then clicking on "Corporate Governance." We have also adopted Corporate Governance Principles and a Business Ethics Guide, both of which are also available on our website. We will provide printed copies of our charters, Corporate Governance Principles or Business Ethics Guide upon request to Investor Relations, Tennant Company, P.O. Box 1452, Minneapolis, MN 55440-1452.

Committee Member Appointment and Director Independence

Audit, Compensation, Executive and Governance Committee Appointment

Our Board appoints members of its committees annually upon recommendation of the Governance Committee after taking into account the desires, experiences and expertise of individual directors, the recommendations of the CEO, and the benefits of rotating committee membership.

Director Independence

Our Board of Directors uses criteria established by the New York Stock Exchange and the Securities and Exchange Commission to determine Director independence. The Governance Committee reviews relevant information no less than annually to determine whether the Board members meet the applicable criteria. Our Board of Directors has determined that Mr. Austen, Mr. Balagna, Mr. Hale, Ms. Knous, Mr. Mathieson, Mr. Russell, Mr. Shank, Mr. Sims and Mr. Sonnenberg are independent based on the standards set forth.

The only relationships that exist between our directors and our Company or management are ordinary course of business commercial transactions involving the purchase and sale of products and services by companies that employ certain of our directors. These transactions were considered by our Board of Directors. With respect to Ms. Knous, the Board of Directors considered the fact that she is an executive officer of SUPERVALU, a company that purchased \$452,581 in goods and services from us in 2006. With respect to Mr. Sims, the Board of Directors considered the fact that he is an executive officer of Cargill, Incorporated, a company that purchased \$331,123 in goods and services from us in 2006. Certain of our non-employee directors are affiliated with other entities that have business relationships with us involving the purchase or sale of products and services by us; however, the amounts involved were less than \$120,000 in 2006.

Based on the relevant facts and circumstances, the Board of Directors has determined that none of these relationships constitutes a material relationship with the Company. The sales do not present a potential conflict of interest or interfere with the independent judgment exercised by the directors.

Nominations for the Board of Directors

The Governance Committee of the Board of Directors is responsible for recommending nominees for election to the Board of Directors. As required by our Corporate Governance Principles, this committee is responsible for reviewing with our Board, on an annual basis, the requisite skills and characteristics of individual members. The Committee must also balance the composition of the Board of Directors as a whole with the needs of our Company. The Governance Committee reviews all director nominees and recommends to the Board of Directors those persons whose attributes it believes are most beneficial to our Company.

The Committee's assessment of each director nominee takes into consideration the needs of the Board, the ability to effectively represent the shareholders and stakeholders generally, as well as the following attributes:

- Experience
- Diversity
- Integrity
- Skills
- Competence
- Dedication

The Committee also considers our Corporate Governance Principles, which include consideration of the following factors when considering director nominees:

- The size of the Board
- Directors with job changes
- Director terms
- Other board service
- Retirement
- Independence matters

The Board retained Spencer Stuart, an independent executive search firm, to assist in the identification and evaluation of qualified director candidates. As a result of this search, the Board of Directors elected David Mathieson and William F. Austen as additional members of our Board of Directors, upon recommendation of the Governance Committee. Mr. Mathieson and Mr. Austen were identified as candidates by the search firm.

The Governance Committee will consider director candidates recommended by shareholders. Shareholder recommendations must be accompanied by a sufficiently detailed description of the candidate's background and qualifications. The Committee will evaluate the candidate using the same

above-mentioned criteria. Shareholders should write to the Chair of the Governance Committee at our principal executive office, as listed on page 3, to recommend a qualified candidate.

If a shareholder wishes to nominate a director other than a person nominated by the Board of Directors, under our Restated Articles of Incorporation a shareholder of record must submit to our secretary a written request that a person's name be placed in nomination. This request must be received not less than 75 days prior to the date fixed for the meeting, along with the written consent of the proposed nominee to serve as a director.

Communication with the Board of Directors

All interested parties, including shareholders, may communicate with the independent members of the Board of Directors by writing to the Chair of the Executive Committee at:

ATTN: General Counsel, Mail Drop #29
Tennant Company
701 North Lilac Drive
Minneapolis, MN 55422

All of the communications will be delivered to the General Counsel who will forward communications to the appropriate member(s) of the Board of Directors to address the matter.

Director Compensation for 2006

Non-employee directors are compensated with an annual cash retainer of \$25,000, meeting fees of \$1,000 per meeting, 1,500 shares of restricted stock and 2,000 stock options. Committee chairs receive an additional cash stipend of \$5,000, except for the Audit Committee chair, who receives a \$10,000 stipend. Fees earned may be paid in cash or elected to be deferred. With the exception of meeting fees, all other compensation paid to our directors is pro-rated for partial years of board service. All directors operate under this compensation arrangement.

Each Board Year commences on the date of the annual meeting of shareholders in such year. We have hired an outside compensation consultant, Towers Perrin, to review our director compensation package. As a result of the Compensation Committee's review at its December 2006 meeting, the Compensation Committee approved a \$5,000 increase to the annual cash retainer for the 2007 Board Year.

ITEM 1 – ELECTION OF DIRECTORS

Our Restated Articles of Incorporation state that directors are elected for staggered three-year terms, with approximately one-third of the directors elected each year.

At the Annual Meeting, four directors are to be elected. If elected, each will serve a three-year term to expire at the time of the Annual Meeting in 2010, and in each case, until their successors are elected and have qualified. Each nominee has expressed his or her willingness to serve. In the event that any of the nominees is not a candidate at the Annual Meeting, it is the intention of the named Proxies on the enclosed Proxy Card to vote in favor of the remaining named nominees, and to vote for a substitute nominee selected by the Governance Committee.

Our Board of Directors, upon recommendation of the Governance Committee, has designated William F. Austen, James T. Hale, H. Chris Killingstad, and Pamela K. Knous as nominees for election at the 2007 Annual Meeting to serve a three-year term expiring in 2010.

Our Board of Directors, upon recommendation of the Governance Committee, recommends a vote FOR each of the director nominees.

EXECUTIVE COMPENSATION INFORMATION

Compensation Discussion and Analysis

Compensation Objectives

Our overall objective is to align executive compensation with the short- and long-term goals of our Company and our shareholders. Accordingly, we tie both short- and long-term compensation programs to executive performance against pre-defined goals and shareholder returns. In addition, we seek to offer a program that provides a comprehensive compensation package that is competitive with those of similarly-sized U.S. durable goods manufacturing companies. Our compensation programs take into account that an executive's actual compensation level may be greater or less than average competitive levels based on our annual and long-term financial performance against pre-established goals, the

individual's performance against financial goals and his or her individual objectives set at the beginning of the year and the individual's scope of responsibilities.

Specifically, our compensation programs are designed to:

- Create a relationship between pay and performance by providing a strong link between our short- and long-term goals and executive compensation,
- Attract and retain high-caliber key executives who can achieve long-term success for our Company,
- Motivate executives to achieve our goals by placing a significant portion of pay at risk, and
- Align the interests of executives with those of our shareholders by providing a significant portion of compensation in stock-based awards.

We structure our programs, where possible, to qualify for exemptions from the deduction limitations under the Internal Revenue Code §162(m). Certain of our compensation programs qualify for exemption from the deduction limitations of this section. Our Compensation Committee retains the authority to authorize the payment of compensation that may not be deductible if it believes such payments would be in the best interests of the Company and our shareholders. As set forth in the Summary Compensation Table, in fiscal 2006 a small portion of Mr. Killingstad's compensation exceeded the one million dollar deductibility limit.

Compensation Determination Process

We set target total compensation levels, including base salary, target short- and long-term incentives and equity awards, using two external data inputs, applied in this order:

- A survey analysis that is based on general industry pay levels but is regressed for size and further adjusted downward to reflect industry pay differences, followed by
- A review of the compensation levels of our Compensation Comparator group. This group consists of similar-sized durable goods manufacturing companies, many of which compete with us in one or more of our primary businesses or compete with us for management talent.

For 2006, our Compensation Comparator group consists of the following:

Actuant Corporation	Martin Marietta Materials Inc.
Arctic Cat Inc.	Milacron Inc.
CUNO Incorporated	Modine Manufacturing Company
Donaldson Company, Inc.	MTS Systems Corporation
Gardner Denver, Inc.	Nordson Corporation
General Binding Corporation	Polaris Industries, Inc.
Gorman-Rupp Company	Regal-Beloit Corporation
Graco Inc.	Robbins & Myers, Inc.
H.B. Fuller Company	Stewart & Stevenson, LLC
IDEX Corporation	Toro Company
Katy Industries Inc.	Winnebago Industries, Inc.

The data are collected and analyzed by an outside compensation consultant. The analysis is reviewed with the Compensation Committee annually and used to help update base salary and incentive targets and to grant equity awards. In general, we attempt to target total compensation levels at or around the 50th percentile of our marketplace, reflecting our desire to pay on average what our competitors pay for comparable talent. In addition to applying a regression analysis to our survey data, commencing in 2007 we are applying a regression analysis based on our revenues as compared to the revenues of other companies in the Compensation Comparator group and adjusting our target compensation levels accordingly. Our compensation programs also take into account that an executive's actual compensation level may be greater or less than average competitive levels based on our annual and long-term financial performance against pre-established goals, the individual's performance against financial goals and his or her individual objectives set at the beginning of the year and the individual's scope of responsibilities.

Compensation Elements

We seek to achieve these objectives using the following elements of compensation:

Annual Compensation

Base Salary

On an annual basis our Compensation Committee determines base salaries for executive officers. We use base salaries to provide competitive compensation to attract and retain talented executives. The Compensation Committee considers the following factors in setting annual base salaries:

- The individual's experience and scope of responsibility,
- The individual's level of performance,

- Any promotions resulting in increases in responsibility, and
- Competitive salaries within the market, drawing on data from our compensation survey analysis and our Compensation Comparator group (our compensation survey analysis and Compensation Comparator group are described above under Compensation Determination Process).

The Compensation Committee determines our Chief Executive Officer's annual base salary in consultation with an outside consultant, after completing an evaluation of his performance with the full Board of Directors. Taking into consideration recommendations by our Chief Executive Officer and the outside consultant, the Compensation Committee also determines the annual base salary of the other executive officers.

During fiscal year 2006, the Compensation Committee increased Mr. Killingstad's annual base salary from \$450,000 to \$475,000 effective March 1, 2006. The Compensation Committee took into consideration Mr. Killingstad's overall performance against his individual objectives and competitive

market data in determining the amount of Mr. Killingstad's base salary. Other executives' salaries were adjusted based on similar criteria.

Short-Term Incentives

Through the Short-Term Incentive Plan (STIP), Tennant reinforces the following objectives: long-term decision-making; leveraging capital investments; tying incentives to the business performance; and successfully meeting annual individual objectives. Participants in our STIP can earn annual awards based on the financial performance of their business units and/or our Company and by achieving their predetermined individual objectives.

- **Financial Performance** We use business unit and company-wide "Economic Profit" (EP) to measure performance against financial goals. We believe that this metric provides the appropriate balance between income statement and balance sheet management. "Economic Profit" is defined as the Company's net operating profit after taxes less a charge for net assets used in the business. The primary factors that affect Economic Profit include: operating profit (net sales less cost of sales, research & development expenses, and selling and administration expenses), tax rates, and a capital charge on net assets (including assets and liabilities such as inventories, receivables, property, plant and equipment, accounts payable and accrued expenses). For 2006, the company-wide goal for 100% payout was \$2.1 million EP growth as compared to 2005. For 2007, the company-wide goal for 100% payout is \$3.6 million EP growth as compared to 2006.
- **Individual Objectives** Each STIP participant will have annual objectives set prior to the start of the calendar year. These objectives will typically be critical to helping Tennant achieve its immediate profit and/or long-term strategic goals. At the end of the year, an individual performance factor, ranging from 0 to 115%, will be determined based on the individual's success in meeting these objectives. This individual performance factor is then applied to the individual's bonus, as calculated by the financial performance.

The CEO's individual objectives are identified in consultation with the Board and may be qualitative as well as quantitative. All other executive officers' individual objectives and individual performance factors are identified in consultation with our Chief Executive Officer and the Vice President, Administration.

At times, the Compensation Committee will approve adjustments to our strategic goals for those situations where we make a significant investment in our business that may decrease our short-term financial performance but is believed will yield significant returns over time (e.g., acquisitions, major market expansions, significant plant rationalizations). When we make these adjustments, the investment is included in our capital base on a go forward basis and therefore raises our performance requirement in future years.

Targets are stated as a percentage of annual base salary, with the percentage based on an executive officer's level within our Company and competitive data from our compensation survey analysis and our Compensation Comparator group. Actual cash awards can range from 0% to 200% of target. Total awards, including equity awards, are uncapped. Payouts under the STIP are determined as follows:

- For years in which the financial and individual performance yields payouts in excess of 200% of target, amounts in excess of 200% are paid in restricted shares that vest 50% per year over two years.
- For years in which financial performance yields payouts below 25% of target but where the individual performance exceeds 90% of the objective, payouts up to 25% of target can be made so long as the total payout to all participants does not exceed 25% of net operating profit before taxes.

For 2006, a decrease in EP would have yielded zero payout based on financial performance. A positive EP improvement over the prior year's performance would result in a minimum payout at 45%. A positive EP improvement of \$2.1 million would result in a payout at 100% of target based

on financial performance, and a positive EP improvement of \$5.9 million would result in a payout at 200% based on financial performance. Other amounts would be interpolated. Based on EP improvement of \$5.3 million for 2006 as compared to 2005, our executive officers in North America earned payouts at 185% of target. For 2006, Mr. Lenders has 50% of his target bonus based on the EP improvement of our European operation, which will pay out at 200% of target. The resulting annual performance, before Mr. Lenders' individual factor is applied, is 192.5%, which is the average of company-wide and European payout percentages.

For 2007, a decrease in EP would yield zero payout based on financial performance. A positive EP improvement over the prior year's result would result in a minimum payout at 5%. A positive EP improvement of \$3.6 million would result in a payout at 100% of target based on financial performance, and a positive EP improvement of \$7.4 million would result in a payout at 200% based on financial performance. Other amounts would be interpolated.

Certain participants are permitted to defer all or a portion of their STIP cash incentive payment into deferred stock units having a fair market value as of the date of conversion of 120% of the amount deferred. These stock units, and any accrued dividends, are typically paid, in stock and cash, three years following the year in which the award was earned. A participant who terminates prior to such date for reasons other than death, disability, or retirement, receives only the base number of units (equal to 100% of the amount deferred on the date of conversion) in stock and cash. A participant who terminates prior to such date for death, disability, or retirement, receives the base number of units and a pro-rata portion of the 20% premium units and any accrued dividends in stock and cash.

The 2006 STIP target award for our Chief Executive Officer was set at 70% of annual base salary. The 2006 STIP target award for the remaining named executives ranged from 25% to 45% of annual base salary. Actual awards were calculated by first determining the amount driven by the Company and business unit performance and then by applying a factor ranging from 0 to 115% to such amount based on the individual's success in meeting his or her predetermined strategic objectives. Awards for the named executive officers (excluding the Chief Executive Officer) ranged from 46% to 83% of annual base salary. The award for the Chief Executive Officer was 129% of his annual base salary based on performance well in excess of target.

Perquisites

In lieu of executive perquisites, we provide an annual grant of restricted stock, as described below under Equity Awards. This practice supports our goal of increasing executive share ownership and reduces administrative expenses associated with perquisite programs. The value of such restricted stock awards for named executive officers in 2006 ranged from \$12,000 to \$25,000.

In geographies where prevailing market practices provide, some executive officers may receive use of a company automobile. In 2006, Mr. Lenders was the only named executive officer to receive a company automobile.

Special One-Time Payments

From time to time, as recommended by the Compensation Committee, the Board of Directors approves Special One-Time Payments in the form of either Hiring Bonuses when hiring executives or Performance Recognition Bonuses to reward executives for success in driving special, one-time projects. In 2006, we granted a discretionary bonus of \$15,000 to Patrick O'Neill for his efforts during the transition from Anthony Brausen to Thomas Paulson as Chief Financial Officer.

Long-Term Compensation

We believe that enabling our executive officers to develop and maintain a significant long-term ownership of the Company stock through our stock-based plans aligns the interests of our executive officers with our shareholders' long-term interests by creating a direct link between executive pay and shareholder return.

We offer several ways in which executives receive and maintain ownership of Company stock. During 2006, the Compensation Committee granted stock-based awards pursuant to the STIP,

Long-Term Incentive Plan, restricted stock and stock option programs. The awards made under these plans are settled in shares from our equity compensation plans.

Long-Term Incentive Plan

Our Long-Term Incentive Plan (LTIP) is a rolling three-year program designed to provide executive officers with a direct financial incentive that is paid 30% in cash and 70% in common stock upon achievement of our three-year Economic Profit improvement goals. Target awards and performance goals are set annually, resulting in three plans running concurrently.

- Economic Profit improvement goals take several factors into account. Among other things, we consider (i) the financial goals of the annual operating and long range strategic plans, both of which are set by management and reviewed and approved by the Board of Directors; (ii) analyst and First Call estimates for our earnings per share growth and comparable estimates for our comparator group; and (iii) the cost of capital to run our Company. For the 2006 LTIP, the three-year (2006-2008) EP improvement goal for 100% payout is \$6.3 million. For the 2007 LTIP, the three-year (2007-2009) EP improvement goal for 100% payout is \$7.8 million.
- Target award levels are established using competitive data from our compensation survey analysis and our Compensation Comparator group, taking into account the above analysis.
- Actual award levels are based on performance and range from 0 to 200% of the share and cash target incentive.

- As with the STIP, the Compensation Committee, at times, will approve adjustments to our strategic goals for those situations where we make a significant investment in our business that may decrease our short-term financial performance but is believed will yield significant returns over time. When we make these adjustments, the investment is included in our capital base on a go forward basis which raises our performance requirement in future years.

For the 2004 LTIP awards, performance was based on our Economic Profit improvement goals for the fiscal year period from 2004 through 2006.

- Negative EP change over the three year period (2004-2006) would have yielded no payout based on financial performance. A positive EP improvement of \$7.5 million over the performance period was required for a payout at 100% of target, and a positive EP improvement of \$15.0 million would yield a payout at 200% of target based on financial performance. All other amounts would have been interpolated. Based on EP improvement of \$14.6 million from 2004 through 2006, our executive officers earned payouts at 195% of target.

For the 2005 LTIP awards, performance will be based on our Economic Profit improvement goals for the fiscal year period from 2005 through 2007.

- Negative EP change over the three year period (2005-2007) would yield no payout based on financial performance. A positive EP improvement over the performance period would result in a minimum payout of 28.6%. A positive EP improvement of \$7.5 million is required for a payout at 100% of target, and a positive EP improvement of \$18.0 million is required for a payout at 200% of target based on financial performance. All other amounts would be interpolated.

For the 2006 LTIP awards, performance will be based on our Economic Profit improvement goals for the fiscal year period from 2006 through 2008.

- Negative EP change over the three year period (2006-2008) would yield no payout based on financial performance. A positive EP improvement over the performance period would result in a minimum payout of 32%. A positive EP improvement of \$6.3 million is required

for a payout at 100% of target, and a positive EP improvement of \$15.6 million is required for a payout at 200% of target based on financial performance. All other amounts would be interpolated.

For the 2007 LTIP awards, performance will be based on our Economic Profit improvement goals for the fiscal year period from 2007 through 2009.

- Negative EP change over the three year period (2007-2009) would yield no payout based on financial performance. A positive EP improvement over the performance period would result in a minimum payout of 16%. A positive EP improvement of \$7.8 million is required for a payout at 100% of target, and a positive EP improvement of \$17.1 million is required for a payout at 200% of target based on financial performance. All other amounts would be interpolated.

The Compensation Committee reserves the right to exercise negative discretion to reduce the amount of, or eliminate, an LTIP award that otherwise would be payable. Such determinations, except in the case of the LTIP award for the Chief Executive Officer, are made after considering the recommendations of the Chief Executive Officer. The Board may also impose additional performance measures or modify performance measures applicable to participants except in the case where the action would result in the loss of an otherwise available exemption under §162(m) of the Internal Revenue Code, if the Compensation Committee determines that the performance measures have become unsuitable as a result of certain events.

Equity Awards

We also provide restricted stock and stock option awards. The purpose of these awards is typically to attract new executives, to reward achievement of specific, pre-defined goals, or to replace perquisites while aligning our executives with shareholders' interest by providing a portion of compensation in equity.

- **Restricted stock awards** generally have time-based restrictions, lifting after one or two years. These are granted as described above and in instances where the STIP award exceeds 200% of target.
- **Stock option awards** generally have a 10-year term and a graded three-year vesting schedule. Options granted prior to 2005 had, for certain participants, a one-time reload option upon exercise during the term. This feature, when triggered by an executive officer's exercise of the original grant, results in a new stock option grant with the same terms and conditions of the grant being exercised but with an exercise price tied to the exercise date. Options granted in 2005 and thereafter do not contain reload features. We have not granted options with reload features since March 1, 2004.
- **Deferred stock units** as explained above under the STIP discussion.

- **Other Awards** In 2005, our CEO received 40,000 performance units in connection with his promotion to CEO. The performance shares will be earned if we achieve specified total shareholder return objectives, which take into account stock price appreciation and dividend payments, measured during the third, fourth and fifth years following Mr. Killingstad's appointment as CEO. If the objective is achieved by November 30, 2008, Mr. Killingstad will earn all of the shares under the award. If the objective for such year is not achieved, but the objective specified for November 30, 2009 is achieved, Mr. Killingstad will earn 26,666 shares. If the objective for November 30, 2009 is not achieved, but the objective for November 30, 2010 is achieved, Mr. Killingstad will earn 13,334 shares. The Committee chose shareholder return as the metric for driving this award in order to further align Mr. Killingstad's interest with that of the shareholders.

Other Plans, Agreements and Special Payments

Executives may also receive payments through various other agreements and plans or in the event of special circumstances. These agreements and plans are typically required in the competitive environment to attract and retain talent.

18

Retirement Plans

Executive officers are generally eligible to participate in the pension and welfare benefit programs that we sponsor, including the following qualified retirement plans:

Tennant Company Profit Sharing and Employee Stock Ownership Plan ("Profit Sharing Plan") This plan is available to all eligible employees, as defined by the plan, and allows for the pre-tax elective deferrals and a Company matching contribution of up to 3% of eligible compensation. Our matching contributions are made in the form of common stock delivered through our Employee Stock Ownership Plan. In addition, the plan allows contributions by us based on our annual Economic Profit results.

Tennant Company Pension Plan This plan is a non-contributory defined benefit retirement plan that covers only those executives who were active participants in the Pension Plan on December 31, 2000 and who elected to continue participation under the Pension Plan sponsored by the Company. This plan was frozen and closed to new employees as of December 31, 2000.

Non-Qualified Deferred Compensation

In addition to tax-qualified retirement benefits provided under the plans referenced above, our executive-level employees are eligible for supplemental non-qualified pension benefits under the *Tennant Company Executive Non-Qualified Deferred Compensation Plan*. The intention of the plan is to provide participating individuals with benefits that would otherwise be available to them under the Company's tax-qualified plans but for the application of limitations on benefits to highly-compensated employees imposed by the Internal Revenue Code of 1986. The plan is unfunded, meaning our obligation to make payments under the plan is unsecured. Specifically, this plan permits the following:

Defined Contribution Features

- Certain management and executive employees may defer income on a pre-tax basis in excess of the deferral amounts allowed under our tax-qualified *Profit Sharing Plan*. This income deferral feature is also available to Board members for deferral of retainer and meeting fees.
- Participating management and executive employees may receive discretionary Company contributions under this plan in the form of excess profit sharing and matching contributions not available to them under the *Profit Sharing Plan*.

Defined Benefit Feature

- A defined benefit portion of the plan is intended to provide benefits not otherwise available to participants in the frozen tax-qualified *Tennant Company Pension Plan*.

Participants' accounts are fully vested at all times except that a participant forfeits all Company discretionary matching contributions and profit sharing contributions in the event of termination for cause. Pursuant to this plan, "cause" means: (i) the participant's gross negligence, fraud, disloyalty, dishonesty or willful violation of any law or significant policy, to the extent committed in connection with the position; or (ii) the participant's failure to substantially perform (for reasons other than disability) the duties reasonably assigned or appropriate to his or her position. In each case, the participant's behavior must have resulted in a material adverse effect on the Company or an affiliate.

The plan came into existence on January 1, 2003 when the Company merged the *Tennant Company Excess Benefit Plan* into the *Tennant Company Deferred Compensation Plan*. The plan was amended at the same time to account for changes to Internal Revenue Code §409A which governs non-qualified deferral plans, and was most recently amended on December 8, 2006. For these reasons, the plan accommodates different benefit commencement dates depending on when amounts were deferred or contributed and which account within the Plan was selected by the employee. Benefits attributable to amounts contributed or deferred after January 1, 2003 and allocated to Account A, commence distribution within an administratively feasible time following the participant's termination date. Benefits attributable to amounts deferred by a participant after January 1, 2003 and allocated to Account B, commence distribution on the date specified by the participant in the participant's Deferral

19

Election Agreement. Such distribution may not be earlier than two years following the beginning of the plan year in which the deferrals first began, unless the participant terminates, in which case distribution may occur within an administratively practicable period following termination.

Benefits attributable to deferrals made after January 1, 2003, Company contributions, and gains and losses credited thereon, are payable in either a lump sum or over a ten-year period in quarterly installments. Benefits attributable to deferrals made prior to January 1, 2003 are payable in accordance with the participant's Deferral Election Agreement which was executed prior to January 1, 2003.

COMPENSATION POLICIES

Granting of Options

The Compensation Committee considers and approves any option grants for executive officers at its meeting each February, other than option grants for new hires, or in connection with promotions, which are approved by the Compensation Committee at or shortly before the grant. Under our plans, the exercise price of stock options is based on the fair market value on the date of grant. Our plans define fair market value as the closing price of our common stock on the preceding trading day.

Stock Ownership Guidelines

To align our executive officers' interests with our shareholders' interests, the Compensation Committee expects our executive officers to acquire significant equity ownership. We adopted these guidelines in 1993 and revised them most recently in 2004. The current guidelines require that within five years of service in a named executive role, each executive must have achieved an equity ownership level equal to a specified multiple of his or her base salary.

The minimum equity ownership levels are five times annual base salary for our Chief Executive Officer and one times annual base salary for our Vice Presidents. Ownership levels are calculated based on the estimated after-tax value of restricted and unrestricted shares, deferred stock units, shares held under our benefit plans and potential gains from vested and unvested options.

The Compensation Committee is satisfied with the progress made by our executive officers in 2006 toward achievement of these ownership goals.

Executive officers who have held executive positions with us for five years or more have achieved their goals. Newer executive officers are on pace for achieving their ownership targets well within the five year range.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised entirely of independent, outside directors. No employee of our Company serves on the Compensation Committee. The Compensation Committee members have no interlocking relationships as defined by the SEC.

Compensation Committee Report

The Compensation Committee has discussed and reviewed the Compensation Discussion and Analysis with management. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Tennant Company Pension Plan

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of our Company. The Plan is open to employees hired on or before December 31, 2000 who met the Plan's participation requirements on or before that date and who elected to remain in the Plan after December 31, 2000. No employees hired on or after January 1, 2001 are eligible to participate in this plan.

Under the Pension Plan, the normal retirement benefit is calculated as the participant's years of credited service up to 30 years, times the difference between: (a) 1.4% of the participant's five-year final average pay excluding bonus, overtime or other special forms of remuneration, and (b) 0.609% of the participant's three-year final average W-2 compensation, or social security covered compensation, if less. Participants may retire with an unreduced benefit at age 65, or, if earlier, when the sum of their age and service is equal to or greater than 85. Optional forms of benefit may be elected that are actuarially equivalent to the normal form of benefit. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2007 to any individual is \$180,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Plan formula by ERISA or the terms of the Plan are covered under the Tennant Company Excess Benefit Plan.

Tennant Company Excess Benefit Plan

The Tennant Company Excess Benefit Plan is a component of the Tennant Company Executive Deferred Compensation Plan that provides additional retirement benefits for selected highly compensated

employees participating in the Tennant Company Pension Plan. Employees participating in the Excess Benefit Plan will receive a retirement benefit equal to the additional benefits which would have been provided under the Pension Plan if (a) the limitations imposed by Sections 401(a) (17) and 415 of the Internal Revenue Code were not applicable, and (b) management bonuses were included in certified earnings for the year in which they were earned, and (c) compensation deferred under the terms of the Executive Deferred Compensation Plan were included in certified earnings for the plan year in which such amounts would have been paid in the absence of the deferral.

Non-Qualified Deferred Compensation for 2006

Three elements of total compensation may be deferred: base salary, STIP payouts, and LTIP payouts. Our named executive officers may elect to defer 0-25% of their 2006 base salary, 0-100% of their 2006 STIP payout, and 0-100% of their LTIP payout.

The interest rate for 2006 Non-Qualified Deferred Compensation was 5.57%. This amount was calculated based on the 10-year bond rating as of November 8, 2005, with one percentage point being added to yield the interest rate of 5.57%.

Mr. Brausen elected to withdraw a portion of his Non-Qualified Deferred Compensation upon his resignation from our Company.

Potential Payments upon Termination or Change-in-Control

We are a party to agreements with certain of our executive officers that together establish the terms of the employment relationship between us and the executive, the terms under which that relationship may be ended, and the rights and obligations of the parties after the employment relationship ends. Collectively these agreements are referred to as the "Executive Agreements," and consist of an Executive Employment Agreement and a Management Agreement. Mr. O'Neill is the only named executive officer who has not been a party to an Executive Agreement.

The Executive Agreements address various termination of employment scenarios, including an executive's involuntary termination without cause, an executive's voluntary termination for good reason, and an executive's death or disability. No severance payments are made to executives who are terminated for cause. An executive agrees under the Executive Agreements not to compete with us during employment or for a period of 12 months after employment ends, not to disclose our confidential information during or after employment for as long as the information retains its confidential nature, and not to solicit our employees or customers for a period of 12 months after employment ends. Severance payments as described below under the Executive Agreements are conditioned on an executive remaining in compliance with these requirements, including an obligation to inform us of any potentially competitive activities during the 12 month post-employment period, and signing a release of

claims in favor of the Company. The Executive Agreements also provide that severance payments under those agreements will be reduced by the amount of any other severance compensation an executive is eligible to receive from us under any other agreement or plan of ours providing compensation in the event of involuntary termination.

As described below, our equity-based incentive plans and the award agreements under those plans also call for compensation to be provided under certain circumstances in connection with an executive officer's termination of employment or a change in control of the Company.

Executive Employment Agreement

The Executive Employment Agreement describes the rights and obligations of the Company and the executive in connection with the executive's separation from employment in situations other than following or in connection with a Change in Control. Under the Executive Employment Agreement:

27

- Upon any termination of employment, an executive will receive any earned but unpaid base salary, vacation pay, and STIP payments for the preceding year.
- Upon a termination due to death or disability, an executive (or beneficiary) will also receive base salary through the last day of the calendar month in which the termination occurs.
- Upon termination by us without cause or by the executive for good reason, the executive is entitled to receive (i) an amount equal to one year's base salary, (ii) an amount equal to the executive's full-year STIP award that would have been payable for the year of termination if all performance targets had been met and the executive had been employed for the full year, and (iii) continued Company contributions to medical/dental coverage and group insurance coverage for up to 12 months. The timing of the payment of certain of these amounts depends on the nature of the termination:
 - If a termination without cause occurs, the executive is paid his or her base salary in accordance with our regular payroll practices for a period of twelve consecutive months following the date of termination. The executive's STIP payment is made at the normal payment date and the life insurance premiums will be paid in a lump sum as soon as practicable after the termination date. However, to the extent the total of such payments would exceed the amount that would otherwise cause it to be considered a deferral of compensation under §409A of the Internal Revenue Code, payment of the excess will not be made earlier than the first day of the seventh month after termination.
 - If a termination for good reason occurs, an executive is paid one-half of his or her annual base salary amount on the first day of the seventh month following the termination date and the remaining one-half over six months in accordance with our regular payroll practice. The executive's STIP payment is made the later of the normal payment date and the first day of the seventh month following the termination date. The life insurance premiums will be paid in a lump sum on the first day of the seventh month following the termination date.

For purposes of the Executive Employment Agreement, "cause" means (i) a material breach of the agreement and such breach is not remedied within thirty days after receiving written notice from us; (ii) an executive's dishonest act or acts intended to result in gain or personal enrichment at our expense; (iii) an executive's persistent and willful failure to perform his or her duties that constitutes gross neglect and is not remedied within ninety days of receipt of written notice from us; or (iv) an executive's indictment or conviction for a felony if the underlying acts are substantially detrimental to us or our reputation.

For purposes of the Executive Employment Agreement, "good reason" means (i) our material breach of the agreement and such breach is not remedied within thirty days of our receipt of written notice, or (ii) we assign the executive duties and responsibilities that are substantially inconsistent with, or materially diminish the executive's position, and such assignment was made other than for cause or on account of disability.

Management Agreement

Recognizing the need to retain executives in our service if there is a possible change in control, and in order to facilitate an orderly transition in the event of an actual change in control, the Management Agreement provides for severance compensation if an executive is terminated under certain circumstances after or in connection with a change in control. Under the Management Agreement:

- If within three years of a change in control an executive is involuntarily terminated without cause or terminates his or her employment for good reason, then change in control severance compensation consists of: (i) an amount equal to three times the executive's average annual taxable compensation from us during the executive's five taxable years preceding the change in control, minus \$1.00; (ii) a pro-rata payment of the executive's short-term incentive plan award for the year of termination, assuming all performance targets were met; and (iii) continued Company contributions to the cost of medical/dental coverage and group life insurance coverage for up to three years following the change in control.

28

- If an executive voluntarily terminates employment without good reason during the thirteenth month after a change in control, then change in control severance compensation consists of: (i) an amount equal to the executive's average annual taxable compensation from us during the executive's five taxable years preceding the change in control, minus \$1.00; and (ii) continued Company contributions to the cost of medical/dental coverage and group life insurance coverage for up to twelve months following the executive's termination date.
- If an executive is involuntarily terminated or terminates his or her employment for good reason prior to an event that would otherwise constitute a change in control, such termination is in connection with or in anticipation of a change in control, and a change in control ultimately occurs, then change in control severance compensation will be payable consistent with the first bullet point above.
- If an executive's employment is terminated due to death or disability and the executive is not otherwise entitled to payments or benefits under either of the first two bullet points above, the executive (or beneficiary) will receive base salary paid through the end of the month in which termination occurs.

For purposes of the Management Agreement, "cause" is defined more narrowly than under the Executive Employment Agreement, and means: (i) an executive's persistent and willful failure to perform his or her duties that constitutes gross neglect and is not remedied within ninety days of receipt of written notice from us; or (ii) an executive's indictment or conviction for a felony if the underlying acts are substantially detrimental to us or our reputation.

For purposes of the Management Agreement, "good reason" is defined more broadly than under the Executive Employment Agreement, and includes the following in addition to the factors cited in the Executive Employment Agreement: (i) the executive is not given substantially equivalent or greater title, duties, responsibilities, authority, salary or other remuneration and fringe benefits as compared to his or her status or remuneration before the change in control; (ii) we fail to obtain assumption of the Management Agreement by any successor; (iii) we require the executive to relocate to any place other than a location within twenty-five miles of the location at which the executive performed duties immediately prior to the change in control, or (iv) we require that the executive travel on Company business to a substantially greater degree than required immediately prior to the change in control.

For purposes of the Management Agreement, "change in control" means: (i) a majority of our directors are individuals who were not appointed by our Board to fill vacancies on the Board and were not supported by our Board for election by our shareholders; (ii) 35% or more of our common stock or of the voting power of our securities generally is acquired or beneficially owned by an individual, entity or group (subject to certain exceptions for certain affiliates and employee benefit plans); (iii) we consummate a merger with or into another entity, unless the surviving entity is more than 50% owned by our shareholders prior to the merger in substantially the same proportions, and no individual, entity or group beneficially owns more than 35% of the surviving entity; (iv) we consummate an exchange of our voting securities for cash, securities or other property, unless our shareholders receive in the exchange voting securities of a parent corporation that is more than 50% owned by our shareholders prior to the exchange in substantially the same proportions; (v) we consummate a sale or other disposition of all or substantially all of our assets; (vi) our shareholders approve a definitive plan to liquidate or dissolve the Company; (vii) we enter into an agreement relating to a change in control as described in clauses (i) through (v) above and such change in control ultimately occurs; or (viii) a tender or exchange offer or proxy contest is commenced that ultimately results in a change in control described in clauses (i) or (ii) above.

Change in control severance compensation under the Management Agreement, as well as any other compensation under other plans or agreements that is contingent upon a change in control, may be reduced to the extent necessary to avoid excise taxation to the executive and non-deductibility to the Company under federal income tax laws applicable to "parachute payments."

Change in control severance payments under the Management Agreement are generally payable in a lump sum at the start of the seventh month following the termination of employment, except to the

extent that earlier payment would not cause them to be considered a deferral of compensation under §409A of the Internal Revenue Code.

Our equity incentive plans allow for acceleration of stock options upon an executive's death, disability or retirement. Upon death or disability, options generally become exercisable in full, and may be exercised at any time, or from time to time, within five years of the executive's date of death or date of termination due to disability. Upon retirement, options generally become exercisable in full and may be exercised within three months of the date of termination due to the executive's retirement, or any such longer period as the committee administering the plan may permit. For purposes of our equity compensation plans, "retirement" is generally defined as termination on or after age 55, provided that the executive has been employed by us or our affiliates for at least ten years, or termination of employment on or after age 62, provided, under certain plans, that the executive has given us at least six months prior written notice of such termination.

The plans generally allow for a pro-rata portion of any performance shares to be paid out upon an executive's death, disability or retirement. The payment is based on the extent to which achievement of performance targets were satisfied at the end of the performance period and pro-rated for length of employment within the performance period.

A pro-rata share of restricted stock is generally payable upon the executive's death, disability or retirement. The executive, or his or her successor, shall be entitled to the number of shares of restricted stock under outstanding awards, pro-rated for the portion of the term of the awards during which the executive was employed. All restrictions are lifted with respect to such pro-rated shares.

Assuming that a termination event or change in control occurred on December 31, 2006, the total compensation payable to each named executive officer who was employed by us on such date is:

The form of Management Agreement signed by Mr. Lenders, as well as certain of our equity stock incentive plans, have definitions that differ slightly from our existing form of Management Agreement, including slight variations in the definition of a "change in control." For example, the form of Management Agreement signed by Mr. Lenders and certain of our prior equity incentive plans provide that a "change in control" occurs upon a change in ownership of 30% of the voting power of our securities, whereas our current agreements are triggered by a change in ownership of 35% of the voting power of our securities. As a result, the triggering events under our equity incentive plans or Mr. Lenders' Management Agreement may occur under slightly different circumstances than under our current form of Management Agreement.

ITEM 3 – APPROVAL OF 2007 STOCK INCENTIVE PLAN

Introduction

Our Board of Directors, upon recommendation of the Compensation Committee of the Board, approved the Tennant Company 2007 Stock

Incentive Plan (the "2007 Plan") to be effective upon shareholder approval at the Annual Meeting. Upon obtaining shareholder approval of the 2007 Plan, we will cease grants of future awards under our 1999 Stock Incentive Plan (the "1999 Plan"), except as provided below, the Non-Employee Director Stock Option Plan and the Restricted Stock Plan for Non-Employee Directors.

We are adopting the 2007 Plan as a continuing step toward aggregating our equity compensation programs into one plan to reduce the complexity of our equity compensation programs. In 2006, our shareholders approved the amendment and restatement of our 1999 Stock Incentive Plan, which consolidated all of the equity compensation plans for our employees into one plan. The 2007 Plan will further consolidate our plans by also providing for equity awards to our non-employee directors.

The 2007 Plan is similar to our prior 1999 Plan, although it contains certain new or revised terms, including:

- Full value share awards, such as restricted stock and performance units, will count as 2.2 shares against the 1.5 million shares of our Common Stock reserved for issuance under the 2007 Plan.

31

- Repricing of options and stock appreciation rights is prohibited without shareholder approval.
- Restricted stock awards and stock options issued to employees must have a minimum vesting period of three years, except in limited exceptions.
- Awards will generally terminate immediately if a participant's employment is terminated for cause.
- The definition of a "change of control" has been modified to conform to the definition in our executive employment and management agreements. Among other changes, this revised definition provides that a change of control does not occur immediately upon shareholder approval of certain business combination transactions, but rather only occurs if the transaction is consummated.
- Shares tendered to us or retained by us in settlement of an Award may not become available for issuance under the Plan because we have prohibited liberal share counting provisions.

Consistent with our prior equity compensation plans, the 2007 Plan continues to provide the following terms:

- All awards must be issued at fair market value; as a result, the 2007 Plan prohibits discounted awards.
- Our Compensation Committee, consisting of independent directors, administers the 2007 Plan.

In addition, the 2007 Plan is designed to meet the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), regarding deductibility of executive compensation, and we are seeking approval from shareholders of the performance measures set forth in the 2007 Plan.

Our Compensation Committee and Board of Directors believe that stock-based compensation programs are a key element in achieving our continued financial and operational success. Our compensation programs have been designed to motivate key personnel to produce a superior shareholder return.

As described below, we have not granted options with reload features since 2004 and have no plans to grant options with reload features in the future.

Summary of the 2007 Plan

The 2007 Plan will be effective when approved by our shareholders at the Annual Meeting.

A copy of the 2007 Plan is attached to this Proxy Statement as Appendix A, and this discussion is qualified in its entirety by reference to the full text of the 2007 Plan.

Purpose of the 2007 Plan

The purpose of the 2007 Plan is to promote the interests of our Company and our shareholders by providing key personnel of our Company and our affiliates with an opportunity to acquire a proprietary interest in our Company and reward them for achieving a high level of corporate performance and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of our Company and our affiliates. In addition, the opportunity to acquire a proprietary interest in our Company will aid in attracting and retaining key personnel of outstanding ability. The 2007 Plan is also intended to provide the non-employee directors serving on our Board of Directors with an opportunity to acquire a proprietary interest in our Company, to compensate these non-employee directors for their contributions to our Company and to aid in attracting and retaining non-employee directors.

Administration

The 2007 Plan is administered by our Compensation Committee (the "Committee"). The Committee has the authority to establish, amend and waive rules relating to the 2007 Plan and to determine the timing and identity of participants, the amount of any awards and other terms and conditions of awards. The Committee may delegate its responsibilities under the 2007 Plan to members of our management or to others with respect to the selection and grants of awards to employees who are not deemed to be officers, directors or 10% shareholders of our Company under applicable Federal securities laws.

The regulations under Section 162(m) of the Internal Revenue Code of 1986 (the "Code") require that the directors who serve as members of the Committee must be "outside directors." The 2007 Plan provides that directors serving on the Committee may be "outside directors" within the meaning of Section 162(m). This limitation would exclude from the Committee directors who are (i) current employees of our Company or an affiliate, (ii) former employees of our Company or an affiliate receiving compensation for past services, other than benefits under a tax-qualified pension option plan, (iii) current and former officers of our Company or an affiliate, (iv) directors currently receiving direct or indirect remuneration from our Company or an affiliate in any capacity, other than as a director, and (v) any other person who is not otherwise considered an "outside director" for purposes of Section 162(m). The definition of an "outside director" under Section 162(m) is generally narrower than the definition of a "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934.

Eligibility

All employees of our Company and our affiliates are eligible to receive awards under the 2007 Plan. We currently have approximately 2,600 employees. Awards other than incentive stock options (see "Types of Awards" below) also may be awarded by the Committee to individuals who are not employees but who provide services to us or our affiliates in the capacity of a non-employee director or an independent contractor.

Number of Shares Available for Issuance under 2007 Plan

The total number of shares of our Common Stock available for distribution under the 2007 Plan is 1,500,000, subject to adjustment for future stock splits, stock dividends and similar changes in the our capitalization. We have used a fungible share pool design for the 2007 Plan. As a result, all shares subject to stock options and stock appreciation rights will count as one share against the pool of authorized shares, whereas all other awards, such as restricted stock and performance units, count as two and two-tenths shares against the pool of authorized shares. Any shares of our Common Stock subject to an award under the 2007 Plan that expires unexercised, that is forfeited, terminated or canceled, that is settled in cash, for which the terms and conditions of the Award are not met or otherwise does not result in the issuance of shares of Common Stock, may again be used for an award under the 2007 Plan; provided that the gross number of shares with respect to which a stock appreciation right has been exercised may not again be awarded under the plan if such exercise is settled in shares.

No participant may receive (i) any combination of stock options and stock appreciation rights relating to more than 50,000 shares in the aggregate or (ii) performance units relating to more than 100,000, in any year under the 2007 Plan.

The closing sale price of a share of our Common Stock on the New York Stock Exchange on March 1, 2007 was \$30.30 per share.

Types of Awards

The types of awards that may be granted under the 2007 Plan include incentive and non-qualified stock options, stock appreciation rights, restricted stock, performance units, and other stock-based awards. Subject to certain restrictions applicable to incentive stock options, awards will be exercisable by the recipients at such times as are determined by the Committee, but in no event may the term of an award be longer than ten years after the date of grant.

In addition to the general characteristics of all of the awards described in this proxy statement, the basic characteristics of awards that may be granted under the 2007 Plan are as follows:

Incentive and Non-Qualified Stock Options. Both incentive and non-qualified stock options may be granted to recipients at such exercise prices as the Committee may determine but not less than 100% of their fair market value (as defined in the 2007 Plan) as of the date the option is granted. We determine fair market value of our Common Stock based on the closing price of our stock on the New York Stock Exchange on the day preceding the date of grant; however, if the grant of an option occurs after the close of market, then we use the closing price of our stock on that day. Stock options may be granted and exercised at such times as the Committee may determine, except that, unless applicable federal tax laws are modified, the aggregate fair market value of the shares our Common Stock with respect to which incentive stock options may first become exercisable in any calendar year for any employee may not exceed \$100,000 under the 2007 Plan or any other plan we have in effect. Additional restrictions apply to an incentive stock option granted to an individual who beneficially owns more than 10% of the combined voting power of all classes of our stock.

The purchase price payable upon exercise of options may be paid in cash, or, if the Committee permits, by reducing the number of shares delivered to the participant or by delivering stock already owned by the participant (where the fair market value of the shares withheld or delivered on the date of exercise is equal to the option price of the stock being purchased), or in a combination of cash and such stock, unless otherwise provided in the related agreement. The participants may also simultaneously exercise options and sell the stock purchased upon such exercise pursuant to brokerage or similar relationships and use the sale proceeds to pay the purchase price.

Stock Appreciation Rights. The value of a stock appreciation right granted to a recipient is determined by the appreciation in our Common Stock, subject to any limitations upon the amount or percentage of total appreciation that the Committee may determine at the time the right is granted. The recipient receives all or a portion of the amount by which the fair market value of a specified number of shares, as of the date the stock appreciation right is exercised, exceeds a price specified by the Committee at the time the right is granted. The price specified by the Committee must be at least 100% of the fair market value of the specified number of shares of our Common Stock to which the right relates determined as of the date the stock appreciation right is granted. A stock appreciation right may be granted in connection with a previously or contemporaneously granted option, or independent of any option.

Performance Units. Performance units entitle the recipient to payment in amounts determined by the Committee based upon the achievement of specified performance targets during a specified term. With respect to recipients who are "covered employees" under Section 162(m) of the Code, such performance targets will consist of one or any combination of two or more of earnings or earnings per share before income tax (profit before taxes), net earnings or net earnings per share (profits after taxes), economic profit, inventory, total or net operating asset turnover, operating income, total shareholder return, return on equity and pre-tax and pre-interest expense return on average invested capital, each of which may be expressed on a current value basis, or a growth rate or relative to a designated peer group or index of comparable companies, and any such targets may relate to one or any combination of two or more of corporate, group, unit, division, affiliate, or individual performance.

Payments with respect to stock appreciation rights and performance units may be paid, as determined by the Committee, in cash, shares of our Common Stock, or a combination of cash and shares, and payments with respect to performance units may also be paid in deferred stock units providing for deferred payments of cash and shares. The Committee may require or permit participants to defer the issuance of shares or the settlement of awards in cash under such rules and procedures as it may establish under the 2007 Plan.

Restricted Stock and Other Stock-Based Awards. Our Common Stock granted to recipients may contain such restrictions as the Committee may determine, including provisions requiring forfeiture and imposing restrictions upon stock transfer. Awards of restricted stock may, in the discretion of the Committee, provide the participant with dividends and voting rights prior to vesting. No award of restricted stock may vest earlier than three years from the date of grant, except where the Committee

approves a shorter vesting period in the case of an award to attract a new executive, an issuance of restricted stock in exchange for other compensation or other limited circumstances described in the 2007 Plan. The Committee may also from time to time grant awards of unrestricted stock or other stock-based awards such as awards denominated in stock units, securities convertible into stock, and phantom securities.

No Future Grants of Reload Options. Certain options previously issued under our prior plans provide for the issuance of “reload” options pursuant to which, subject to the terms and conditions established by the Committee and any applicable requirements of Exchange Act Rule 16b-3 or any other applicable law, the participant will, either automatically or subject to subsequent Committee approval, be granted a new option when the payment of the exercise price of the original option, or the payment of tax withholdings, is made through the delivery to us of shares held by such participant. The reload option will be a fully vested option to purchase the number of shares provided as consideration for the exercise price and in payment of taxes in connection with the exercise of the original option, will have a per share exercise price equal to the fair market value of a share as of the date of exercise of the original option, and will otherwise have terms and conditions as contained in the original option. Reload options do not increase the net equity position of a participant and an option grant may only be reloaded once. We have not granted options with reload features since March 1, 2004, and we do not intend to grant options with reload features in the future. In order to honor our contractual obligation to issue a reload option upon a qualifying exercise of the outstanding options with reload features, the 1999 Plan will remain available for such grants.

Acceleration of Awards, Lapse of Restrictions

The Committee may accelerate vesting requirements, performance periods, and the expiration of the applicable term or restrictions, and adjust performance targets and payments, upon such terms and conditions as are set forth in the participant’s agreement, or otherwise in the Committee’s discretion, which may include, without limitation, acceleration resulting from a “change of control” or a “fundamental change” (as those terms are defined in the 2007 Plan), or the participant’s death, disability, or retirement.

Duration, Adjustments, Modifications, Terminations

The 2007 Plan provides that all awards are subject to agreements containing the terms and conditions of the awards. Such agreements will be entered into by the recipients of the awards and the Company on or after the time the awards are granted and are subject to amendment, including unilateral amendment by the Committee, unless such amendments are determined by the Committee to be materially adverse to the participant and are not required as a matter of law. No amendment shall reduce the exercise price of, or “reprice,” any outstanding award, without shareholder approval.

The 2007 Plan will remain in effect until the tenth anniversary of its effectiveness, which will occur upon shareholder approval, or such earlier date on which the 2007 Plan is terminated. The 2007 Plan also gives the Board the right to amend, modify, terminate or suspend the Plan, except that amendments to the Plan are subject to shareholder approval if needed to comply with the New York Stock Exchange listing rules.

In the event of a “fundamental change,” recapitalizations, stock dividends, stock splits, or other relevant changes, the Committee has the discretion to adjust the number and type of shares available for awards or the number and type of shares and amount of cash subject to outstanding awards, the option exercise price of outstanding options, and outstanding awards of performance units and payments with regard thereto. Adjustments in performance targets and payments on performance units are also permitted upon the occurrence of such events as may be specified in the related agreements, which may include a “change of control.” Under the 2007 Plan, the Committee may cancel outstanding options and stock appreciation rights generally in exchange for cash payments to the recipients in the event of a “fundamental change” (defined as certain dissolutions, liquidations, mergers, consolidations, statutory share exchanges, or other similar events involving the Company).

Federal Tax Considerations

The following summary sets forth the tax events generally expected for United States citizens under current United States federal income tax laws in connection with awards under the 2007 Plan.

Incentive Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time an incentive stock option is granted under the 2007 Plan. If certain statutory employment and holding period conditions are satisfied before the recipient disposes of shares acquired pursuant to the exercise of such an option, then no taxable income will result upon the exercise of such option, and we will not be entitled to any deduction in connection with such exercise. Upon disposition of the shares after expiration of the statutory holding periods, any gain or loss realized by a recipient will be a long-term capital gain or loss. We will not be entitled to a deduction with respect to a disposition of the shares by a recipient after the expiration of the statutory holding periods.

Except in the event of death, if shares acquired by a recipient upon the exercise of an incentive stock option are disposed of by such recipient before the expiration of the statutory holding periods (a “disqualifying disposition”), such recipient will be considered to have realized as compensation, taxable as ordinary income in the year of disposition, an amount, not exceeding the gain realized on such disposition, equal to the difference between the exercise price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction at the same time and in the same amount as the recipient is deemed to have realized ordinary income. Any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. Such capital gain or loss will be long-term or short-term based upon how long the shares were held. If the recipient pays the option price with shares that were originally acquired pursuant to the exercise of an incentive stock option and the statutory holding periods for such shares have not been met, the recipient will be treated as having made a disqualifying disposition of such shares, and the tax consequence of such disqualifying disposition will be as described above.

The foregoing discussion applies only for regular tax purposes. For alternative minimum tax purposes, an incentive stock option will be treated as if it were a non-qualified stock option, the tax consequences of which are discussed below.

Non-Qualified Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time a non-qualified stock option is granted under the 2007 Plan. At the time of exercise of a non-qualified stock option, the recipient will realize ordinary income, and we will be entitled to a deduction, equal to the excess of the fair market value of the stock on the date of exercise over the option price. Upon disposition of the shares, any additional gain or loss realized by the recipient will be taxed as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

Stock Appreciation Rights and Performance Units. Generally: (a) the recipient will not realize income upon the grant of a stock appreciation right or performance unit award; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, in the year cash or shares of Common Stock are delivered to the recipient upon exercise of a stock appreciation right or in payment of the performance unit award; and (c) the amount of such ordinary income and deduction will be the amount of cash received plus the fair market value of the shares of Common Stock received on the date of issuance. The federal income tax consequences of a disposition of unrestricted shares received by the recipient upon exercise of a stock appreciation right or in payment of a performance unit award are the same as described below with respect to a disposition of unrestricted shares.

Restricted and Unrestricted Stock. Unless the recipient files an election to be taxed under Section 83(b) of the Code: (a) the recipient will not realize income upon the grant of restricted stock; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, when the restrictions have been removed or expire; and (c) the amount of such ordinary income and deduction will be the fair market value of the restricted stock on the date the restrictions are removed or expire. If the recipient files an election to be taxed under Section 83(b) of the Code, the tax consequences to the recipient will be determined as of the date of the grant of the restricted stock rather than as of the date of the removal or expiration of the restrictions.

With respect to awards of unrestricted stock: (a) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction upon the grant of the unrestricted stock and (b) the amount of such ordinary income and deduction will be the fair market value of such unrestricted stock on the date of grant.

When the recipient disposes of restricted or unrestricted stock, the difference between the amount received upon such disposition and the fair market value of such shares on the date the recipient realizes ordinary income will be treated as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

Withholding. The 2007 Plan permits us to withhold from awards an amount sufficient to cover any required withholding taxes. In lieu of cash, the Committee may permit a participant to cover withholding obligations through a reduction in the number of shares to be delivered to such participant or by delivery of shares already owned by the participant.

The Board of Directors recommends a vote FOR approval of the 2007 Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934 requires that our directors and executive officers file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Directors and executive officers are required by Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of copies of these forms furnished to us, and written representations from the directors and executive officers, all Section 16(a) filing requirements were met for the year ending December 31, 2006, except for:

- Forms 4 for Mr. Balagna, Mr. Hale, Ms. Knous, Mr. Russell, Mr. Shank, Mr. Sims and Mr. Sonnenberg relating to restricted stock granted on May 4, 2006, were filed on May 25, 2006.

Related Person Transaction Approval Policy

In February 2007, our Board of Directors adopted a written related person transaction approval policy, which sets forth our Company's policies and procedures for the review, approval or ratification of certain related person transactions. Our policy applies to any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which our Company or an executive is a participant and in which a related person has a direct or indirect interest, but exempts the following:

- Payment of compensation by our Company to a related person for the related person's service to our Company in the capacity or capacities that give rise to the person's status as a "related person" (provided such compensation was approved by the Board of Directors or a committee of the Board of Directors, if such approval was required);
- Transactions available to all employees or all shareholders of our Company on the same terms; and
- Transactions, which when aggregated with the amount of all other transactions between the related person and our Company, involve less than \$120,000 in a fiscal year.

Our Board of Directors must approve any related person transaction subject to this policy before commencement of the related person transaction or, if the transaction is not identified prior to its commencement, the transaction must be submitted to our Board of Directors for ratification. The Board will analyze the following factors, in addition to any other factors the committee deems appropriate, in determining whether to approve a related person transaction:

- Whether the terms are fair to our Company;
- Whether the transaction is material to our Company;
- The role the related person has played in arranging the related person transaction;
- The structure of the related person transaction; and
- The interests of all related persons in the related person transaction.

The Board may, in its sole discretion, approve or deny any related person transaction. Approval of a related person transaction may be conditioned upon our Company and the related person taking such precautionary actions as the Board deems appropriate.

Tennant Company 2007 Stock Incentive Plan

1. Purpose. The purpose of the Tennant Company 2007 Stock Incentive Plan (the "Plan") is to promote the interests of the Company and its shareholders by providing key personnel of the Company and its Affiliates with an opportunity to acquire a proprietary interest in the Company and reward them for achieving a high level of corporate performance and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of the Company and its Affiliates. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. The Plan is also intended to provide Non-Employee Directors with an opportunity to acquire a proprietary interest in the Company, to compensate Non-Employee Directors for their contribution to the Company and to aid in attracting and retaining Non-Employee Directors.

The Committee shall have exclusive power to (i) make Awards, (ii) determine when and to whom Awards will be granted, the form of each Award, the amount of each Award, and any other terms or conditions of each Award consistent with the Plan, and (iii) determine whether, to what extent and under what circumstances, Awards may be settled, paid or exercised in cash, Shares or other Awards, or other property, or canceled, forfeited or suspended. A-5

If any provision of the Plan or of any Award would otherwise frustrate or conflict with the intent expressed in this Section 3.1(d), that provision to the extent possible shall be interpreted and deemed amended in the manner determined by the Committee so as to avoid the conflict. To the extent of any remaining irreconcilable conflict with this intent, the provision shall be deemed void as applicable to Insiders to the extent permitted by law and in the manner deemed advisable by the Committee.

Each person who is or shall have been a member of the Committee, or of the Board, and any other person to whom the Committee delegates authority under the Plan, shall be indemnified and held harmless by the Company, to the extent permitted by law, against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act, made in good faith, under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit or proceeding against such person, provided such person shall give the Company an opportunity, at the Company's expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person or persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

The Shares issued under the Plan may come from authorized and unissued shares or shares purchased in the open market.

A-6

(iv) where two or more types of Awards (all of which are payable in Shares) are granted to a Participant in tandem with each other, such that the exercise of one type of Award with respect to a number of Shares cancels at least an equal number of Shares of the other, each such joint Award shall be deemed to be the equivalent of the maximum number of Shares available under the largest single Award.

(e) Notwithstanding anything to the contrary contained herein, (i) Shares tendered in payment of an Option shall not be added to the total number of Shares available for grant under the Plan, (ii) Shares withheld by the Company to satisfy any tax withholding obligation shall not be added to the total number of Shares available for grant under the Plan, (iii) Shares that are repurchased by the Company with Option proceeds shall not be added to the total number of Shares available for grant under the Plan and (iv) all Shares covered by a Stock Appreciation Right, to the extent that it is exercised and settled in Shares, and whether or not Shares are actually issued to the Participant upon exercise of the Stock Appreciation Right, shall be considered issued under the Plan.

(f) No fractional Shares may be issued under the Plan; however, cash shall be paid in lieu of any fractional Share in settlement of an Award.

(g) The maximum number of Shares that may be issued pursuant to Options intended to be Incentive Stock Options shall be 1,500,000 (subject to adjustment pursuant to Section 16).

5. Eligibility. Participation in the Plan shall be limited to (i) Employees, (ii) individuals who are not Employees but who provide services to the Company or an Affiliate, including services provided in the capacity of a consultant, advisor or director, such as a Non-Employee Director and (iii) any individual the Company desires to induce to become an Employee or Non-Employee Director, provided that any such grant shall be contingent upon such individual becoming an Employee or Non-Employee Director, as the case may be. The granting of Awards is solely at the discretion of the Committee, except that Incentive Stock Options may only be granted to Employees. References herein to "employed," "employment" or similar terms (except "Employee") shall include the providing of services in any capacity or as a director. Neither the transfer of employment of a Participant between any of the Company or its Affiliates, nor a leave of absence granted to such Participant and approved by the Committee, nor any change in status from an Employee to a consultant of the Company shall be deemed a termination of employment for purposes of the Plan.

6. General Terms of Awards.

6.1 Amount of Award. Each Award shall be evidenced by a written or electronic Agreement setting forth the terms and conditions that apply to such Award. Each Agreement shall set forth the number of Shares of Restricted Stock, Stock or Performance Units subject to the Agreement, or the number of Shares to which the Option subject to the Agreement applies or with respect to which payment upon the exercise of the Stock Appreciation Right subject to the Agreement is to be determined, as the case may be, together with such other terms and conditions applicable to the Award (and not inconsistent with the Plan) as determined by the Committee acting in its sole discretion, which may include conditions on vesting, exercisability, lapsing of restrictions or payment that are tied to Performance Measures.

6.2 Vesting and Term. Each Agreement, other than those relating solely to Awards of Shares without restrictions, shall set forth the Term of the Award and any applicable Performance Period, but in no event shall the Term of an Award be longer than ten years after the date of grant. The Committee may provide for such vesting conditions as the Committee, in its sole discretion, may determine, provided that (i) no Award of Options or Stock Appreciation Rights may vest in full earlier than three years from the date of grant, (ii) the

restrictions or conditions on an Award of Restricted Stock may not lapse in their entirety earlier than three years from the date of grant and (iii) the Performance Cycle of a Performance Unit or other Award subject to Performance Measures may not be shorter than one year, except, in each of clauses (i) – (iii) above, in the case of (a) a shorter vesting period specifically approved by the Committee to attract a key executive to join the Company, (b) upon a Change of Control if so provided by the Committee, (c) death, Disability or

A-7

Retirement as provided in Section 6.4 or as otherwise provided by the Committee, (d) restricted stock issued in exchange for other compensation as approved by the Committee, (e) a substitute Award granted pursuant to Section 19, and (f) Awards issued to Non-Employee Directors. Acceleration of the vesting or exercisability of the Award, upon such terms and conditions as shall be set forth in the Agreement, which may, but need not, include, without limitation, acceleration in the event of the Participant's death, Disability or Retirement or the occurrence of a Change of Control or a Fundamental Change. Acceleration of the Performance Period of Performance Units shall be subject to Section 11.2.

6.3 Transferability. Except as provided in this Section, during the lifetime of a Participant to whom an Award is granted, only that Participant (or that Participant's Successor) may exercise an Option or Stock Appreciation Right, or receive payment with respect to Performance Units or any other Award. No Award may be sold, assigned, transferred, exchanged or otherwise encumbered other than to a Successor in the event of a Participant's death or pursuant to a qualified domestic relations order as defined in the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or the rules thereunder; any attempted transfer in violation of this Section 6.3 shall be of no effect. Notwithstanding the immediately preceding sentence, the Committee, in an Agreement or otherwise at its discretion, may provide that the Award (other than Incentive Stock Options) may be transferable, to the extent permitted by law, to a Transferee if the Participant does not receive any consideration for the transfer. Any Award held by a Transferee shall continue to be subject to the same terms and conditions that were applicable to that Award immediately before the transfer thereof to the Transferee. For purposes of any provision of the Plan relating to notice to a Participant or to acceleration or termination of an Award upon the death, Disability or termination of employment of a Participant the references to "Participant" shall mean the original grantee of an Award and not any Transferee.

6.4 Termination of Employment. Except as otherwise determined by the Committee or provided by the Committee in an Agreement, in case of a Participant's termination of employment with the Company and all of its Affiliates, the following provisions shall apply:

(a) Options and Stock Appreciation Rights

(i) **Death or Disability.** If a Participant who has been granted an Option or Stock Appreciation Rights shall die or if a Participant's employment terminates because of Disability before such Option or Stock Appreciation Rights have expired, the Option or Stock Appreciation Rights shall become exercisable in full, and may be exercised by the Participant's Successor at any time, or from time to time, within one year after the date of the Participant's death or termination or employment due to Disability.

(ii) **Retirement.** If a Participant's employment terminates because of Retirement, the Option or Stock Appreciation Rights shall become exercisable in full, and the Participant may exercise his or her Options or Stock Appreciation Rights at any time, or from time to time, within three months after the date of such termination if such termination results from the Participant's Retirement; provided that if the Participant has provided the Company with six months prior written notice of the Participant's intention to Retire, and if there are no special payments made by the Company as a retirement incentive or inducement, then the Options or Stock Appreciation Rights may be exercised at any time within five years after the Participant's employment by the Company terminates due to Retirement.

(iii) **Cause.** If a Participant's employment is terminated for Cause, the Award shall terminate immediately upon such termination for Cause.

(iv) **Reasons other than Death, Disability, Retirement or Cause.** If a Participant's employment terminates for any reason other than death, Disability, Retirement or Cause, the unexercisable portion of any Award held by such Participant shall terminate at the date of termination of employment and any portion of such Award that was exercisable immediately prior to such termination shall remain exercisable for three months after termination of the Participant's employment. If the Participant is a Non-Employee Director,

A-8

the Option or Stock Appreciation Right shall remain exercisable until the expiration of the Term after such Non-Employee Director ceases to be a director of the Company but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to such Non-Employee Director ceasing to be a director.

(v) Notwithstanding the foregoing Sections 6.4(a)(i), (ii), (iii) and (iv), in no event shall an Option or a Stock Appreciation Right be exercisable after the expiration of the Term of such Award. Any Option or Stock Appreciation Right that is not exercised within the periods set forth in Sections 6.4 (i), (ii), (iii) and (iv), except as otherwise provided by the Committee in the applicable Agreement, shall terminate as of the end of the periods described in such Sections.

(b) **Performance Units.** If a Participant's employment with the Company or any of its Affiliates terminates during a Performance Period because of death, Disability or Retirement, or under other circumstances provided by the Committee in its discretion in the applicable Agreement or otherwise, the Participant shall be entitled to a payment of Performance Units at the end of the Performance Period based upon the extent to which achievement of Performance Measures was satisfied at the end of such period (as determined at the end of the Performance Period) and prorated for the portion of the Performance Period during which the Participant was employed by the Company or any Affiliate. Except as provided in this Section 6.4(b) or in the applicable Agreement, if a Participant's employment terminates with the Company and all of its Affiliates during a Performance Period, then such Participant shall not be entitled to any payment with respect to that Performance Period.

(c) **Restricted Stock Awards.** In case of a Participant's death, Disability or Retirement, the Participant shall be entitled to receive a number of Shares of Restricted Stock under outstanding Awards that has been prorated for the portion of the Term of the Awards during which the Participant was employed by the Company and its Affiliates, and, with respect to such Shares, all restrictions shall lapse. Any Shares of Restricted Stock as to which restrictions do not lapse under the preceding sentence shall terminate at the date of the Participant's termination of employment and such Shares of Restricted Stock shall be forfeited to the Company.

6.5 Rights as Shareholder. Each Agreement shall provide that a Participant shall have no rights as a shareholder with respect to any securities covered by an Award unless and until the date the Participant becomes the holder of record of the Stock, if any, to which the Award relates.

6.6 Performance-Based Awards. Any Award may be granted as a performance-based Award if the Committee establishes one or more Performance Measures upon which vesting, the lapse of restrictions or settlement in cash or Shares is contingent. With respect to any Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the Committee shall establish and administer Performance Measures in the manner described in Section 162(m) of the Code and the then current regulations of the Secretary of the Treasury.

7. Restricted Stock Awards.

(a) An Award of Restricted Stock under the Plan shall consist of Shares subject to restrictions on transfer and conditions of forfeiture, which restrictions and conditions shall be included in the applicable Agreement. The Committee may provide for the lapse or waiver of any such restrictions or conditions based on such factors or criteria as the Committee, in its sole discretion, may determine.

(b) Except as otherwise provided in the applicable Agreement, the Shares subject to the Award of Restricted Stock shall be issued in the name of the Participant and each Stock certificate issued with respect to an Award of Restricted Stock shall either be deposited with the Company or its designee, together with an assignment separate from the certificate, in blank, signed by the Participant, or the Stock certificate or book-entry shall bear such legends with respect to the restricted nature of the Restricted Stock evidenced thereby as shall be provided for in the applicable Agreement.

A-9

(c) Upon the lapse of the restrictions and conditions, unrestricted Shares shall be issued to the Participant or a Successor or Transferee.

(d) A Participant or a Transferee with a Restricted Stock Award shall have all the other rights of a shareholder including, but not limited to, the right to receive dividends and the right to vote the Shares of Restricted Stock.

8. Other Awards. The Committee may from time to time grant Stock and other Awards under the Plan including, without limitation, those Awards pursuant to which Shares are or may in the future be acquired, Awards denominated in Stock units, securities convertible into Stock and phantom securities. The Committee, in its sole discretion, shall determine the terms and conditions of such Awards provided that such Awards shall not be inconsistent with the terms and purposes of the Plan. The Committee may, at its sole discretion, direct the Company to issue Shares subject to restrictive legends and/or stop transfer instructions that are consistent with the terms and conditions of the Award to which the Shares relate.

9. Stock Options.

9.1 Terms of All Options.

(a) An Option shall be granted pursuant to an Agreement as either an Incentive Stock Option or a Non-Statutory Stock Option. The purchase price of each Share subject to an Option shall be determined by the Committee and set forth in the Agreement, but shall not be less than the Fair Market Value of a Share as of the date the Option is granted (except as provided in Section 19).

(b) The purchase price of the Shares with respect to which an Option is exercised shall be payable in full at the time of exercise, provided that to the extent permitted by law, the Agreement may permit a Participant to simultaneously exercise Options and sell the Shares thereby acquired pursuant to a brokerage or similar relationship and use the proceeds from the sale as payment of the purchase price of the Shares. The purchase price may be paid in cash or, if the Committee so permits, through a reduction of the number of Shares delivered to the Participant upon exercise of the Option or delivery or tender to the Company of Shares (by actual delivery or attestation) held by such Participant (in each case, such Shares having a Fair Market Value as of the date the Option is exercised equal to the purchase price of the Shares being purchased pursuant to the Option), or a combination thereof, unless otherwise provided in the Agreement, provided that no fractional Shares will be issued or accepted. A Participant exercising an Option shall not be permitted to pay any portion of the purchase price with Shares if, in the opinion of the Committee, payment in such manner could have adverse financial accounting consequences for the Company.

(c) Each Option shall be exercisable in whole or in part on the terms provided in the Agreement. In no event shall any Option be exercisable at any time after the expiration of its Term. When an Option is no longer exercisable, it shall be deemed to have lapsed or terminated.

(d) No Participant may receive any combination of Options and Stock Appreciation Rights relating to more than 50,000 Shares in the aggregate pursuant to Awards in any year under this Plan.

9.2 Incentive Stock Options. In addition to the other terms and conditions applicable to all Options:

(a) the aggregate Fair Market Value (determined as of the date the Option is granted) of the Shares with respect to which Incentive Stock Options held by an individual first become exercisable in any calendar year (under the Plan and all other incentive stock option plans of the Company and its Affiliates) shall not exceed \$100,000 (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option, and to the extent an Option or Options granted to a Participant exceed this limit the Option or Options shall be treated as a Non-Statutory Stock Option;

A-10

(b) an Incentive Stock Option shall not be exercisable more than 10 years after the date of grant (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option;

(c) an Incentive Stock Option shall not be exercisable more than one year after termination of the Participant's employment with the Company and its Affiliates if the Participant's employment with the Company and its Affiliates terminates because of the Participant's death or Disability or more than three months after termination of the Participant's employment if the Participant's employment terminates for any reason other than death or Disability;

(d) the Agreement covering an Incentive Stock Option shall contain such other terms and provisions that the Committee determines necessary to qualify this Option as an Incentive Stock Option; and

(e) notwithstanding any other provision of the Plan to the contrary, no Participant may receive an Incentive Stock Option under the Plan if, at the time the Award is granted, the Participant owns (after application of the rules contained in Code Section 424(d), or its successor provision), Shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Subsidiaries, unless (i) the option price for that Incentive Stock Option is at least 110% of the Fair Market Value of the Shares subject to that Incentive Stock Option on the date of grant and (ii) that Option is not exercisable after the date five years from the date that Incentive Stock Option is granted.

10. Stock Appreciation Rights. An Award of a Stock Appreciation Right shall entitle the Participant (or a Successor or Transferee), subject to terms and conditions determined by the Committee, to receive upon exercise of the Stock Appreciation Right all or a portion of the excess of (i) the Fair Market Value of a specified number of Shares as of the date of exercise of the Stock Appreciation Right over (ii) a specified price that shall not be less than 100% of the Fair Market Value of such Shares as of the date of grant of the Stock Appreciation Right. A Stock Appreciation Right may be granted in connection with part or all of, in addition to, or completely independent of an Option or any other Award under the Plan. If issued in connection with a previously or contemporaneously granted Option, the Committee may impose a condition that exercise of a Stock Appreciation Right cancels a pro rata portion of the Option with which it is connected and vice versa. Each Stock Appreciation Right may be exercisable in whole or in part on the terms provided in the Agreement. No Stock Appreciation Right shall be exercisable at any time after the expiration of its Term. When a Stock Appreciation Right is no longer exercisable, it shall be deemed to have lapsed or terminated. Upon exercise of a Stock Appreciation Right, payment to the Participant or a Successor or Transferee shall be made at such time or times as shall be provided in the Agreement in the form of cash, Shares or a combination of cash and Shares as determined by the Committee. The Agreement may provide for a limitation upon the amount or percentage of the total appreciation on which payment (whether in cash and/or Shares) may be made in the event of the exercise of a Stock Appreciation Right. No Participant may receive any combination of Options and Stock Appreciation Rights relating to more than 50,000 Shares in the aggregate pursuant to Awards in any year under this Plan.

11. Performance Units.

11.1 Initial Award.

(a) An Award of Performance Units under the Plan shall entitle the Participant or a Successor or Transferee to future payments of cash, Shares, DSUs or a combination thereof, as determined by the Committee, based upon the achievement of specified levels of one or more Performance Measures. The Agreement may establish that a portion of a Participant's Award will be paid for performance that exceeds the minimum target but falls below the maximum target applicable to the Award. The Agreement shall also provide for the timing of the payment.

(b) Following the conclusion or acceleration of each Performance Period, the Committee shall determine the extent to which (i) Performance Measures have been attained, (ii) any

A-11

other terms and conditions with respect to an Award relating to the Performance Period have been satisfied and (iii) payment is due with respect to an Award of Performance Units.

(c) No Participant may receive Performance Units (or Shares, cash or DSUs in payment therefor) relating to more than 100,000 Shares pursuant to Awards of Performance Shares in any year under this Plan.

11.2 Acceleration and Adjustment. The Agreement may permit an acceleration of the Performance Period and an adjustment of Performance Measures and payments with respect to some or all of the Performance Units awarded to a Participant, upon the occurrence of certain events, which may, but need not include, without limitation, a Change of Control, a Fundamental Change, a recapitalization, a change in the accounting practices of the Company, a change in the Participant's title or employment responsibilities, the Participant's death, Disability or Retirement or, with respect to payments in Shares with respect to Performance Units, a reclassification, stock dividend, stock split or stock combination as provided in Section 16. The Agreement also may provide for a limitation on the value of an Award of Performance Units that a Participant may receive.

12. Effective Date and Duration of the Plan.

12.1 Effective Date. The Plan shall become effective on the date the Plan is approved by the requisite vote of shareholders at the 2007 Annual Meeting of Shareholders or any adjournment thereof.

12.2 Duration of the Plan. The Plan shall remain in effect until all Stock subject to it shall be distributed, all Awards have expired or lapsed, the Plan is terminated pursuant to Section 15, or the tenth anniversary of the date of shareholder approval of the Plan, whichever occurs first (the "Termination Date"); provided, however, that Awards made before the Termination Date may be exercised, vested or otherwise effectuated beyond the Termination Date unless limited in the Agreement or otherwise. The date and time of approval by the Committee of the granting of an Award shall be considered the date and time at which the Award is made or granted, unless the approval specifies an alternative grant date that is later than the date and time of approval.

13. Plan Does Not Affect Employment Status.

(a) Status as an eligible Employee shall not be construed as a commitment that any Award will be made under the Plan to that eligible Employee or to eligible Employees generally.

(b) Nothing in the Plan or in any Agreement or related documents shall confer upon any Employee or Participant any right to continue in the employment of the Company or any Affiliate or constitute any contract of employment or affect any right that the Company or any Affiliate may have to change such person's compensation, other benefits, job responsibilities, or title, or to terminate the employment of such person with or without cause.

14. Tax Withholding. The Company shall have the right to withhold from any cash payment under the Plan to a Participant or other person (including a Successor or a Transferee) an amount sufficient to cover any required withholding taxes. The Company shall have the right to require a Participant or other person receiving Shares under the Plan to pay the Company a cash amount sufficient to cover any required withholding taxes before actual receipt of those Shares. In lieu of all or any part of a cash payment from a person receiving Shares under the Plan, the Committee may permit the individual to cover all or any part of the required withholdings through a reduction in the number of Shares delivered or a delivery or tender to the Company of Shares held by the Participant or other person, in each case valued in the same manner as used in computing the withholding taxes under applicable laws.

15. Amendment, Modification and Termination of the Plan and Agreements.

(a) Except as limited in (b) below, (i) the Board may at any time and from time to time terminate, suspend or modify the Plan and (ii) the Committee may at any time alter or amend any or all Agreements under the Plan to the extent permitted by law. Notwithstanding the

A-12

foregoing, the Company shall submit any amendment of the Plan for shareholder approval if the rules of the New York Stock Exchange or other applicable laws or regulations require shareholder approval of such amendment.

(b) No termination, suspension, or modification of the Plan will materially and adversely affect any right acquired by any Participant or Successor or Transferee under an Award granted before the date of termination, suspension, or modification, unless otherwise agreed to by the Participant in the Agreement or otherwise, or required as a matter of law; but it will be conclusively presumed that any adjustment for changes in capitalization provided for in Sections 11.2 or 16 does not adversely affect these rights. Except as provided in Section 16, in no event may any Option or Stock Appreciation Right granted under the Plan be amended to decrease the exercise price or strike price thereof, as the case may be, or be cancelled in conjunction with the grant of any new Option or Stock Appreciation Right with a lower exercise price or strike price, as the case may be, or otherwise be subject to any action that would be treated, for accounting purposes or under the rules of the New York Stock Exchange, as a "repricing" of such Option or Stock Appreciation Right, unless such amendment, cancellation or action is approved by the Company's shareholders in accordance with the rules of the New York Stock Exchange.

16. Adjustment for Changes in Capitalization. In the event of any equity restructuring (within the meaning of Statement of Financial Accounting Standards No. 123 (revised 2004), referred to as "FAS 123R") that causes the per Share value of Shares to change, such as a stock dividend or stock split, the Committee shall cause there to be made an equitable adjustment to the number and kind of Shares or other securities issued or reserved for issuance pursuant to the Plan and to outstanding Awards (including but not limited to the number and kind of Shares to which such Awards are subject, and the exercise or strike price of such Awards) to the extent such other Awards would not otherwise automatically adjust in the equity restructuring; provided, in each case, that with respect to Incentive Stock Options, no such adjustment shall be authorized to the extent that such adjustment would cause such Incentive Stock Options to violate Section 422(b) of the Code or any successor provision; provided further, that no such adjustment shall be authorized under this Section to the extent that such adjustment would cause an Award to be subject to adverse tax consequences under Section 409A of the Code. In the event of any other change in corporate capitalization,

which may include a merger, consolidation, any reorganization (whether or not such reorganization comes within the definition of such term in Section 368 of the Code), or any partial or complete liquidation of the Company to the extent such events do not constitute equity restructurings or business combinations within the meaning of FAS 123R, such equitable adjustments described in the foregoing sentence may be made as determined to be appropriate and equitable by the Committee to prevent dilution or enlargement of rights. In either case, any such adjustment shall be conclusive and binding for all purposes of the Plan. Unless otherwise determined by the Committee, the number of Shares subject to an Award shall always be a whole number. In no event shall an outstanding Award be amended for the sole purpose of decreasing the exercise or strike price thereof, except in accordance with Section 15(b) of the Plan.

17. Fundamental Change. In the event of a proposed Fundamental Change, the Committee may, but shall not be obligated to:

(a) if the Fundamental Change is a merger or consolidation or statutory share exchange, make appropriate provision for the protection of the outstanding Options and Stock Appreciation Rights by the substitution of options, stock appreciation rights and appropriate voting common stock of the corporation surviving any merger or consolidation or, if appropriate, the parent corporation of the Company or such surviving corporation; or

(b) at least ten days before the occurrence of the Fundamental Change, declare, and provide written notice to each holder of an Option or Stock Appreciation Right of the declaration, that each outstanding Option and Stock Appreciation Right, whether or not then exercisable, shall be canceled at the time of, or immediately before the occurrence of the Fundamental Change in exchange for payment to each holder of an Option or Stock Appreciation Right, within ten days after the Fundamental Change, of cash equal to (i) for each Share covered by the canceled Option, the amount, if any, by which the Fair Market

A-13

Value (as defined in this Section) per Share exceeds the exercise price per Share covered by such Option or (ii) for each Stock Appreciation Right, the price determined pursuant to Section 10, except that Fair Market Value of the Shares as of the date of exercise of the Stock Appreciation Right, as used in clause (i) of Section 10, shall be deemed to mean Fair Market Value for each Share with respect to which the Stock Appreciation Right is determined in the manner hereinafter referred to in this Section. At the time of the declaration provided for in the immediately preceding sentence, each Stock Appreciation Right and each Option shall immediately become exercisable in full and each person holding an Option or a Stock Appreciation Right shall have the right, during the period preceding the time of cancellation of the Option or Stock Appreciation Right, to exercise the Option as to all or any part of the Shares covered thereby or the Stock Appreciation Right in whole or in part, as the case may be. In the event of a declaration pursuant to Section 17(b), each outstanding Option and Stock Appreciation Right granted pursuant to the Plan that shall not have been exercised before the Fundamental Change shall be canceled at the time of, or immediately before, the Fundamental Change, as provided in the declaration. Notwithstanding the foregoing, no person holding an Option or a Stock Appreciation Right shall be entitled to the payment provided for in this Section 17(b) if such Option or Stock Appreciation Right shall have terminated, expired or been cancelled. For purposes of this Section only, "Fair Market Value" per Share means the cash plus the fair market value, as determined in good faith by the Committee, of the non-cash consideration to be received per Share by the shareholders of the Company upon the occurrence of the Fundamental Change.

18. Dividends and Dividend Equivalents. An Award may, if so determined by the Committee, provide the Participant with the right to receive dividend payments or dividend equivalent payments with respect to Shares subject to the Award (both before and after the Shares subject to the Award are earned, vested or acquired), which payments may be either made currently or credited to an account for the Participant, and may be settled in cash or Shares, as determined by the Committee. Any such settlements, and any such crediting of dividends or dividend equivalents or reinvestment in Shares, may be subject to such conditions, restrictions and contingencies as the Committee shall establish, including the reinvestment of such credited amounts in Share equivalents.

19. Corporate Mergers, Acquisitions, Etc. The Committee may also grant Options, Stock Appreciation Rights, Restricted Stock or other Awards under the Plan in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, restricted stock or other award granted, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to which the Company or a Subsidiary is a party. The terms and conditions of the substitute Awards may vary from the terms and conditions set forth in the Plan to the extent as the Board at the time of the grant may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

20. Unfunded Plan. The Plan shall be unfunded and the Company shall not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Affiliates, the Committee, nor the Board of Directors shall be deemed to be a trustee of any amounts to be paid under the Plan nor shall anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Affiliates, and a Participant or Successor or Transferee. To the extent any person acquires a right to receive an Award under the Plan, this right shall be no greater than the right of an unsecured general creditor of the Company.

21. Limits of Liability.

(a) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement.

(b) Except as may be required by law, neither the Company nor any member of the Board of Directors or of the Committee, nor any other person participating (including

participation pursuant to a delegation of authority under Section 3.1(b) of the Plan) in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

22. Compliance with Applicable Legal Requirements. No Shares distributable pursuant to the Plan shall be issued and delivered unless the issuance of the Shares complies with all applicable legal requirements including, without limitation, compliance with the provisions of applicable state securities laws, the Securities Act of 1933, as amended and in effect from time to time or any successor statute, the Exchange Act and the requirements of the exchanges on which the Company's Shares may, at the time, be listed.

23. Deferrals and Settlements. The Committee may require or permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under such rules and procedures as it may establish under the Plan. It may also provide that deferred settlements include the payment or crediting of interest on the deferral amounts.

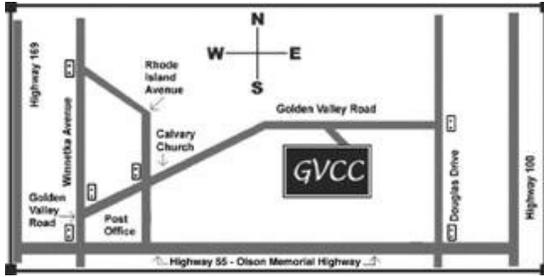

24. Other Benefit and Compensation Programs. Payments and other benefits received by a Participant under an Award made pursuant to the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay laws of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or an Affiliate unless expressly so provided by such other plan, contract or arrangement, or unless the Committee expressly determines that an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive cash compensation.

25. Beneficiary Upon Participant's Death. To the extent that the transfer of a Participant's Award at death is permitted by this Plan or under an Agreement, (i) a Participant's Award shall be transferable to the beneficiary, if any, designated on forms prescribed by and filed with the Committee and (ii) upon the death of the Participant, such beneficiary shall succeed to the rights of the Participant to the extent permitted by law and this Plan. If no such designation of a beneficiary has been made, the Participant's legal representative shall succeed to the Awards, which shall be transferable by will or pursuant to laws of descent and distribution to the extent permitted by this Plan or under an Agreement.

26. Requirements of Law.

(a) To the extent that federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the laws of the State of Minnesota without regard to its conflicts-of-law principles and shall be construed accordingly.

(b) If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not effect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
