

ARC Facilities Voted Best Software By Facility Executives Two Years in a Row

1/31/2019

26th Annual Facility Executive Magazine Readers' Choice Award Goes to ARC for Excellence in FM Software and Automation

SAN RAMON, CA / ACCESSWIRE / January 31, 2019 / For the second consecutive year ARC Document Solutions (**NYSE: ARC**) has won "Best Facilities Software" in the FM Software and Automation category of the Facility Executive Magazine 2019 Readers' Choice Awards.

"To have facility executives vote for our software a second time is an honor and an accomplishment," said Brian Bailard, EVP of ARC Facilities, a unit of ARC Document Solutions. "These awards validate the quality and value of the products and services we provide to our customers."

The annual Facility Executive Magazine Awards recognizes leading products, services, and solutions available to facilities management professionals. Facilities executives were asked to cast their votes for companies they most preferred doing business with during 2018, based on each company's aesthetics, reliability, value, and customer service.
