

Q3 2022 EARNINGS PRESENTATION

November 8, 2022

Forward-looking statements

From time to time, Home Capital Group Inc. makes written and verbal forward-looking statements. These are included in the Annual Report, periodic reports to shareholders, regulatory filings, press releases, Company presentations and other Company communications. Forward-looking statements are made in connection with business objectives and targets, Company strategies, operations, anticipated financial results and the outlook for the Company, its industry, and the Canadian economy. These statements regarding expected future performance are “financial outlooks” within the meaning of National Instrument 51-102. Please see the risk factors, which are set forth in detail in the Risk Management section of the 2022 Third Quarter Report, as well as the Company’s other publicly filed information, which is available on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com, for the material factors that could cause the Company’s actual results to differ materially from these statements. These risk factors are material risk factors a reader should consider, and include credit risk, liquidity and funding risk, structural interest rate risk, operational risk, investment risk, strategic risk, reputational risk, compliance risk and capital adequacy risk along with additional risk factors that may affect future results. Forward-looking statements can be found in the Report to the Shareholders and the Outlook section in the 2022 Third Quarter Report. Forward-looking statements are typically identified by words such as “will,” “believe,” “expect,” “anticipate,” “intend,” “should,” “estimate,” “plan,” “forecast,” “may,” and “could” or other similar expressions.

By their very nature, these statements require the Company to make assumptions and are subject to inherent risks and uncertainty, general and specific, which may cause actual results to differ materially from the expectations expressed in the forward-looking statements. These risks and uncertainties include, but are not limited to, the impacts of the COVID-19 pandemic and government responses to it, global capital market activity, changes in government monetary and economic policies, changes in interest rates, inflation levels and general economic conditions, legislative and regulatory developments, climate change, competition and technological change. The preceding list is not exhaustive of possible factors.

These and other factors should be considered carefully and readers are cautioned not to place undue reliance on these forward-looking statements. The Company presents forward-looking statements to assist shareholders in understanding the Company’s assumptions and expectations about the future that are relevant in management’s setting of performance goals, strategic priorities and outlook. The Company presents its outlook to assist shareholders in understanding management’s expectations on how the future will impact the financial performance of the Company. These forward-looking statements may not be appropriate for other purposes. The Company does not undertake to update any forward-looking statements, whether written or verbal, that may be made from time to time by it or on its behalf, except as required by securities laws.

Endnotes

1. **Pre-tax, pre-provision income** is a non-GAAP measure. It is not calculated in accordance with generally accepted accounting principles (GAAP), is not defined by GAAP, and does not have a standardized meaning and as a result may not be comparable to similar financial measures disclosed by other companies. The amount is calculated by removing provision for credit losses from income before income taxes as reported on the consolidated statements of income. Pre-tax, pre-provision income is used to assess the Company's earnings without the impact of credit losses, which are influenced by the cyclical nature of the credit cycle.
2. “-” represents less than one basis point.
