

## **Navistar Says NYSE Moves to Delist Company from Exchange; Trading Suspension Set for Feb. 14; Appeal Planned**

WARRENVILLE, Ill., Feb 06, 2007 (BUSINESS WIRE) -- Navistar International Corporation (NYSE: NAV) said today that the New York Stock Exchange has informed the company that it plans to proceed with its previously announced delisting of the company from the exchange and will suspend trading in company stock at the end of trading on February 13 as part of the procedure.

The New York Stock Exchange action is a result of the company's December 15 announcement that it will complete the restatement of its 2005 financial statements after February 1, 2007. The company said it anticipates being quoted on the Pink Sheet Electronic Quotation Service as soon as the exchange suspends trading. The company said it will appeal the decision.

"While we are disappointed with the exchange's ruling and plan to appeal, we continue to remain focused on our principal mission of creating value for our shareholders and that includes turning in strong operating results in our current fiscal year," said Daniel C. Ustian, Navistar chairman, president and chief executive officer.

Bill Caton, the company's Executive Vice President and Chief Financial Officer said, "We are committed to accurate financial statements and we will continue to devote the necessary time and resources to achieve that goal. We have made significant progress on completing the restatement of our financial statements while at the same time strengthening accounting processes throughout the company. Wherever we are listed, we are committed to continued communications with our shareholders."

Navistar International Corporation (NYSE: NAV) is the parent company of International Truck and Engine Corporation. The company produces International(R) brand commercial trucks, mid-range diesel engines and IC brand school buses, Workhorse brand chassis for motor homes and step vans, and is a private label designer and manufacturer of diesel engines for the pickup truck, van and SUV markets. Navistar is also a provider of truck and diesel engine parts. A wholly owned subsidiary offers financing services.
