Taco Bell Securitization Entities:

The Securitization Transaction and the exclusion of the Taco Bell Securitization Entities from the Restricted Group had the following pro forma impact on the financial and operating data of the Restricted Group and the Taco Bell Division of the Restricted Group in comparison to the corresponding data of YUM and the Taco Bell Division:

Units

- A total of 6,323 and 6,161 U.S. Taco Bell franchise units were excluded from the Restricted Group as of June 30, 2020 and 2019, respectively, as the Restricted Group no longer receives franchise fees from these restaurants.

Franchise and Property Revenues

- Franchise and property revenues of \$133 million and \$141 million were excluded from the Restricted Group for the quarters ended June 30, 2020 and 2019, respectively, due to the exclusion of the franchise fees paid by all U.S. Taco Bell franchise restaurants as a result of the Securitization Transaction.
- Franchise and property revenues of \$263 million and \$268 million were excluded from the Restricted Group for the years to date ended June 30, 2020 and 2019, respectively, due to the exclusion of the franchise fees paid by all U.S. Taco Bell franchise restaurants as a result of the Securitization Transaction.

Company Restaurant Expenses

- The Restricted Group includes \$10 million and \$11 million of additional company restaurant expenses for the quarters ended June 30, 2020 and 2019, respectively, due to the payment of royalty fees of 5.5% of annual sales to the Taco Bell Securitization Entities by all U.S. Company-owned Taco Bell restaurants (which are part of the Restricted Group).
- The Restricted Group includes \$21 million and \$22 million of additional company restaurant expenses for the years to date ended June 30, 2020 and 2019, respectively, due to the payment of royalty fees of 5.5% of annual sales to the Taco Bell Securitization Entities by all U.S. Company-owned Taco Bell restaurants (which are part of the Restricted Group).

G&A Expenses

- Management fees of \$32 million and \$29 million for the quarters ended June 30, 2020 and 2019, respectively, were paid by the Taco Bell Securitization Entities to Taco Bell Corp. as manager of the Taco Bell Securitization Entities, and were recorded as a reduction of G&A expenses for the Restricted Group. On an annual basis, these management fees are equal to the sum of a base fee of \$35 million (subject to 2% per annum escalation, compounded annually) plus 15.1% of total securitization cash revenue paid to the Taco Bell Securitization Entities by U.S. company stores and U.S. franchisees for the year.
- Management fees of \$63 million and \$59 million for the years to date ended June 30, 2020 and 2019, respectively, were paid by the Taco Bell Securitization Entities to Taco Bell Corp. as manager of the Taco Bell Securitization Entities, and were recorded as a reduction of G&A expenses for the Restricted Group. On an annual basis, these management fees are equal to the sum of a base fee of \$35 million (subject to 2% per annum escalation, compounded annually) plus 15.1% of total securitization cash revenue paid to the Taco Bell Securitization Entities by U.S. company stores and U.S. franchisees for the year.

Consequently, the overall operating margins of the Restricted Group are negatively impacted due to the exclusion of franchise and license fees from U.S. Taco Bell franchised restaurants and our obligation to pay franchise fees on U.S. Taco Bell Company-owned restaurants to the Taco Bell Securitization Entities, with no corresponding reduction of Restricted Group expenses (other than a partial offset by the management fee paid to the Restricted Group by the Taco Bell Securitization Entities as reimbursement for a portion of G&A expenses).

Habit Burger Grill:

On March 18, 2020, YUM! Brands, Inc. completed the acquisition of all of the issued and outstanding common shares of The Habit Restaurants, Inc., which owns the restaurant concept The Habit Burger Grill. The Habit Entities are not included in the Restricted Group. The exclusion of the Habit Entities from the Restricted Group had the following pro forma impact on the financial and operating data of the Restricted Group in comparison to the corresponding data of YUM.

- Company sales of \$104 million and \$113 million were excluded from the Restricted Group for the quarter and year to date ended June 30, 2020, respectively.
- Franchise and property revenues of \$1 million were excluded from the Restricted Group for the quarter and year to date ended June 30, 2020.
- Company restaurant expenses of \$101 million and \$111 million were excluded from the Restricted Group for the quarter and year to date ended June 30, 2020, respectively.
- G&A expenses of \$10 million and \$11 million were excluded from the Restricted Group for the quarter and year to date ended June 30, 2020, respectively.
- A goodwill impairment charge of \$139 million recorded to Other (income) expense was excluded from the Restricted Group for the year to date ended June 30, 2020.
- A total of 247 company units and 30 franchise units were excluded from the Restricted Group as of June 30, 2020.

Parent Entity Expenses:

Amounts transferred to or on behalf of Yum! Brands, Inc. as Parent Entity Expenses (as defined in the Indentures) or operating costs and expenses incurred in the ordinary course of business (as permitted by the Credit Agreement) are excluded from G&A expenses of the Restricted Group. G&A expenses of the Restricted Group were reduced for such costs by \$1 million for each of the quarters ended June 30, 2020 and 2019, and \$5 million and \$4 million for the years to date ended June 30, 2020 and 2019, respectively.

Company Sales. The quarterly and year to date decreases in Company sales were driven by same-store sales declines of 9% and 5% for the quarter and year to date, respectively, and refranchising partially offset by net new unit growth.

Restaurant Margin Percentage. The quarterly and year to date increases in restaurant margin percentage were driven by the favorable impact of higher guest check, lower restaurant operating costs such as labor costs and repairs and maintenance due to dining room closures due to COVID-19, partially offset by transaction declines and a COVID-19 related bonus for restaurant employees in the quarter ended June 30, 2020.

G&A Expenses. The quarterly decrease in G&A was driven by higher management fees paid by the Taco Bell Securitization Entities, lower travel related costs and lower expenses related to our incentive compensation program partially offset by higher expenses related to our deferred compensation program.

The year to date decrease in G&A was driven by higher management fees paid by the Taco Bell Securitization Entities, lower travel related costs and lower expenses related to our deferred and incentive compensation programs.

Operating Profit. The quarterly increase in Operating Profit was driven by lower G&A expenses and lower franchise and property expenses, partially offset by same-store sales declines.

Additional Information Related to Restricted Group:

The Novel Coronavirus (COVID-19) Global Pandemic

In late 2019, COVID-19 was first detected. In March 2020, the World Health Organization declared COVID-19 a global pandemic, and governmental authorities around the world implemented measures to reduce the spread of COVID-19, including restrictions on travel outside the home or other limitations on business and other activities and encouraging social distancing. As a result of COVID-19, we and our franchisees have experienced significant store closures and instances of reduced store-level operations, including reduced operating hours and dining-room closures. Recently, COVID-19 cases have been increasing in the U.S. and certain other regions of the world, which has resulted in some governmental authorities re-imposing restrictions on business and other activities that were previously lifted or reduced. The impacts of COVID-19 significantly impacted our results in the quarter and year to date ended June 30, 2020.

Adoption of Topic 326

In June 2016, the Financial Accounting Standards Board (“FASB”) issued a standard that requires measurement and recognition of expected versus incurred credit losses for financial assets held. As required, we adopted this standard on January 1, 2020. The impact on the Restricted Group Operating Profit was not significant.

Refer to Note 1 of the Form 10-Q for the quarter ended June 30, 2020 for further discussion.
