

Applying for Unemployment benefits: State of Texas

Many Signet team members affected by the COVID-19 pandemic may be filing for unemployment benefits for the first time. The information below can help make the application process easier.

We recommend team members start filing beginning April 6th.

Follow instructions in the "How to Apply" tutorial link below

One Week "waiting period" and "work search" requirements have been lifted for many states.

Read all correspondence and reply to any requests for information by the deadlines provided.

We recommend filing your application within the first week of your furlough
