Financial Community Presentation

September 24, 2026

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

Certain statements contained in this presentation constitute “forward-looking statements” within the meaning of federal securities laws. These forward-looking statements are based upon management’s current expectations, predictions, estimates, assumptions and beliefs concerning future events and conditions and may relate to, among other things, anticipated future performance (including sales and earnings), expected growth, and future business plans. Any statement that is not historical in nature is a forward-looking statement and may be identified by the use of words and phrases such as “anticipate,” “aspire,” “believe,” “could,” “estimate,” “expect,” “goal,” “intend,” “may,” “plan,” “potential,” “project,” “seek,” “should,” “strive,” “target,” “will,” or “would” or the negative thereof or comparable terminology.

Readers are cautioned not to place undue reliance on any forward-looking statements. Forward-looking statements are necessarily subject to risks, uncertainties and other factors, many of which are outside our control, that could cause actual results to differ materially from such statements and from our historical results, performance and experience. These risks, uncertainties and other factors include such things as: general business and economic conditions in the United States and worldwide; inflation rates, interest rates, unemployment rates, labor costs, healthcare costs, recessionary conditions, geopolitical conditions, terrorist activity, armed conflicts and wars, public health crises, pandemics, outbreaks of disease and supply chain disruptions; shifts in consumer behavior driven by economic downturns in cyclical segments of the economy; shortages and increases in the cost of raw materials and energy; catastrophic events, adverse weather conditions and natural disasters (including those that may be related to climate change); disruptions to our information technology systems, including due to digitization efforts or cybersecurity incidents; our ability to attract, retain, develop and progress a qualified global workforce; the loss of any of our largest customers; increased competition or failure to keep pace with developments in key competitive areas of our business; our ability to successfully integrate past and future acquisitions into our existing operations; risks and uncertainties associated with our expansion into and our operations in South America, Asia, Europe and other foreign markets; policy changes affecting international trade, including import/export restrictions and tariffs; our ability to achieve our strategies or expectations relating to sustainability considerations, including as a result of evolving legal, regulatory and other standards, processes and assumptions, the pace of scientific and technological developments, increased costs, the availability of requisite suppliers, energy sources, or financing and changes in carbon markets and carbon accounting rules; damage to our business, reputation, image or brands due to negative publicity; the infringement or loss of our intellectual property rights or the theft or unauthorized use of our trade secrets or other confidential business information; a weakening of global credit markets or changes to our credit ratings; our ability to generate cash to service our indebtedness; fluctuations in foreign currency exchange rates and changing monetary policies; our ability to comply with a variety of complex U.S. and non-U.S. laws, rules and regulations; increases in tax rates, or changes in tax laws or regulations; our ability to comply with numerous, complex and increasingly stringent domestic and foreign health, safety and environmental laws, regulations and requirements; our liability related to environmental investigation and remediation activities at some of our currently- and formerly-owned sites; the nature, cost, quantity and outcome of pending and future litigation, including lead pigment and lead-based paint litigation; and the other risk factors discussed in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025 and our other reports filed with the SEC.

Readers are cautioned that it is not possible to predict or identify all of the risks, uncertainties and other factors that may affect future results and that the above list should not be considered a complete list. Any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as otherwise required by law.

INDUSTRY DATA: This presentation also contains estimates and other statistical data made by independent parties and by the Company relating to market size and growth and other data about the Company’s industry and estimated total and addressable markets. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. We have not independently verified this market data. While we are not aware of any misstatements regarding any industry or similar data presented herein, such data involve risks and uncertainties and are subject to change based on various factors, including those described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025 and our other reports filed with the SEC. In addition, projections, assumptions and estimates of the Company’s future performance and the future performance of the markets in which the Company operates are necessarily subject to a high degree of uncertainty and risk.

Safety Grabber

Fire & Emergency Evacuation

Our building provides a state-of-the-art fire detection, alarm and suppression system.

Should the fire alarm be activated,
**immediately leave the area by using the
nearest stairwell to exit the building.
Do not use the elevators.**

Devaluation of the Argentine peso	–	–	–	.16	–	–
Adjusted diluted net income per share	\$ 8.19	\$ 8.15	\$ 8.73	\$ 10.35	\$ 11.33	\$ 11.43

(1) The tax effect is calculated based on the statutory rate and the nature of the item, unless otherwise noted.

(2) Valspar acquisition-related amortization expense is excluded from diluted net income per share due to its significance as a result of the purchase price assigned to finite-lived intangible assets at the date of acquisition and the related impact on underlying business performance and trends. While these intangible assets contribute to the Company's revenue generation, the related revenue is not excluded. Acquisition-related amortization expense, which is included within Selling, general and administrative expenses, consists of the amortization of intangible assets related to the Valspar acquisition. These intangible assets are primarily customer relationships and intellectual property and are being amortized over their remaining useful lives.

Reconciliation of Non-GAAP Financial Measures: Adjusted Operating Profit and Adjusted Operating Margin

(\$ in millions)	2018	2019	2020	2021	2022	2023	2024	2025
Operating profit ⁽¹⁾	\$ 2,066.7	\$ 2,448.4	\$ 2,891.3	\$ 2,660.7	\$ 2,993.5	\$ 3,692.7	\$ 3,773.0	\$ 3,820.5
Acquisition-related amortization expense ⁽²⁾	326.7	307.5	304.5	294.0	276.3	266.1	260.1	258.3
Integration costs ⁽³⁾	150.6	70.5	—	—	—	—	—	—
Brazil indirect tax credit	—	(1.5)	—	—	—	—	—	—
Severance and other restructuring expenses	—	—	—	—	46.9	15.3	—	95.8
Adjusted operating profit	\$ 2,544.0	\$ 2,824.9	\$ 3,195.8	\$ 2,954.7	\$ 3,316.7	\$ 3,974.1	\$ 4,033.1	\$ 4,174.6
Adjusted operating margin	14.5%	15.8%	17.4%	14.8%	15.0%	17.2%	17.5%	17.7%
Net sales for adjusted operating margin calculation	\$ 17,534.5	\$ 17,900.8	\$ 18,361.7	\$ 19,944.6	\$ 22,148.9	\$ 23,051.9	\$ 23,098.5	\$ 23,574.3

(1) Operating profit is defined as Gross profit less Selling, general and administrative expenses, excluding amortization expense.

(2) Valspar acquisition-related amortization expense is excluded from operating profit due to its significance as a result of the purchase price assigned to finite-lived intangible assets at the date of acquisition and the related impact on underlying business performance and trends. While these intangible assets contribute to the Company's revenue generation, the related revenue is not excluded. Acquisition-related amortization expense, which is included within Selling, general and administrative expenses, consists of the amortization of intangible assets related to the Valspar acquisition. These intangible assets are primarily customer relationships and intellectual property and are being amortized over their remaining useful lives.

(3) Integration costs related to the Valspar acquisition consist primarily of professional service expenses, salaries and other employee-related expenses dedicated directly to the integration effort, and severance expense. These costs are included in Selling, general and administrative and other expenses and Cost of goods sold.

Reconciliation of Non-GAAP Financial Measures: PCG Adjusted Segment Profit and Adjusted Segment Margin

(\$ in millions)	2018	2025
Segment profit ⁽¹⁾	\$ 452.1	\$ 942.7
Acquisition-related amortization expense ⁽²⁾	215.8	196.3
Severance and other restructuring expenses	–	17.9
Trademark impairment	–	17.8
Adjusted segment profit	\$ 667.9	\$ 1,174.7
Adjusted segment margin	12.9%	17.3%
Net sales for adjusted segment margin calculation	\$ 5,166.4	\$ 6,795.2

(1) Segment profit represents the segment's profit before tax.

(2) Valspar acquisition-related amortization expense is excluded from segment profit due to its significance as a result of the purchase price assigned to finite-lived intangible assets at the date of acquisition and the related impact on underlying business performance and trends. While these intangible assets contribute to the Company's revenue generation, the related revenue is not excluded. Acquisition-related amortization expense, which is included within Selling, general and administrative expenses, consists of the amortization of intangible assets related to the Valspar acquisition. These intangible assets are primarily customer relationships and intellectual property and are being amortized over their remaining useful lives.
