Ingersoll Rand to Present at Electrical Products Group Conference

Hamilton, Bermuda, May 14, 2009 - Ingersoll-Rand Company Limited (NYSE:IR) announced today that Herbert L. Henkel, chairman and chief executive officer of Ingersoll Rand, will discuss the company's long-term strategy, starting at 1:15 p.m., EDT, Monday, May 18, at the Electrical Products Group (EPG) of New York's Annual Conference in Longboat Key, Fla.

The presentation will be accessible via live webcast on the Ingersoll Rand web site at http://www.ingersollrand.com and on the EPG Conference web site at http://www.corporate-ir.net/ireye/confLobby.zhtml?ticker=IR&item_id=2171905. An archive of the presentation slides will be available through Monday, June 1, on the Ingersoll Rand web site.

This news release includes "forward-looking statements," which are any statements that are not historical facts. These forward-looking statements are based on our current expectations and there can be no assurance that such expectations will prove to be correct. Forward-looking statements are subject to changes in circumstances, risks and uncertainties, which may cause actual results, performance or achievements to differ materially from anticipated results, performance or achievements. Information about factors that could cause such differences can be found in our Form 10-Q for the quarter ended March 31, 2009 and in our other SEC filings. General U.S. and international economic and political conditions, the outcome of litigation and governmental proceedings, changes in government regulations and tax laws and our proposed reorganization from Bermuda to Ireland are examples of factors, among others, that could cause actual results to differ materially from those anticipated in the forward-looking statements. These forward-looking statements are based on our current expectations and we assume no obligation to update these forward-looking statements. Investors are cautioned not to place undue reliance on these forward-looking statements.

Ingersoll Rand is a global diversified industrial firm providing products, services and solutions to enhance the quality and comfort of air in homes and buildings, transport and protect food and perishables, secure homes and commercial properties, and enhance industrial productivity and efficiency.
